THE Sheedy trial continues sensational; it is likewise expensive. WITH bright prospects for crops, delicacy and good prices, the calamity wailers of Cincinnati are really in hard luck to explain why they exist.

THE heavy rain in South Dakota and the fine prospects for crops in Nebraska and Kansas are the harshest strokes which have been struck at the third party movement.

THE democrats are hard up for an issue when they seek to make one out of the alleged refusal of the president to shake hands with a black woman named Mary Jones, at Portland, Ore.

HIGH life in the effete east has made Peffer and Simpson conservative, but the 800 jayhawkers who have not tasted its sweets are radical as ever.

THE Kansas City Times says: "Monuments are yet unbuild upon enduring marble to carry down the story that America honors her great dead."

A FINER appearing body of men than the State Business Men's association in session in this city is seldom if ever seen.

ACCORDING to the statements made by the state relief commission there has been a great deal of the worst phase of human nature presented to that organization by shameless individuals who pretended to be suffering.

IN the opinion of one of the leading bankers of Berlin, Russia cannot think of war for at least three years.

President Harrison strongly believes in the policy of re-establishing an American merchant marine.

WHEN ordinances come up on third reading at the council hereafter, it will be well to ascertain whether or not the drafts of laws presented for final action have any defective spots in them.

ROUGH ON THE COLONELS.

Iowa is about to enter upon an acrimonious temperance campaign. A movement is well under way for the repeal of the prohibitory law in that state, and the next five months promise to be inexcessibly hot and interesting on both sides.

The New York Voice, an able but wholly conscienceless sheet, proposes to manage the campaign from its New York office.

The long haired man and the short haired woman who made the working man from Koya Paha to Oketo in Nebraska during the late memorable campaign will probably resent this slight upon their presence and powers as an assault upon their pocketbooks.

THE marvelous growth of Omaha dates back only ten years. It received its impetus in 1851 with the establishment of waterworks, which was followed by the era of paving and the construction of a system of sewers.

THE question is can Omaha afford to pursue a penny wise and pound foolish policy by putting off the proposed bond election and postponing needed public improvements which would give employment to thousands of laboring men and put money in circulation at a time of stagnation brought about by last year's crop failure and other causes?

THE board of education has dropped the bars of the entrance into the public schools low enough to let incompetents leap over them, by passing a resolution allowing applicants for certificates who fail to secure the requisite standing a second trial upon those branches in which they fail.

THE speech made by President Harrison in Omaha has elicited more comment than any other he made on his trip, for the reason that it contained more politics than any other.

PARDONED BY THE GOVERNOR.

David Rogers Will Not Serve a Term in the Penitentiary.

Nebraska's Executive Addresses a Pointed but Polite Letter to His Excellency of Wyoming Regarding the Affair.

Lincoln, Neb., May 19.—[Special to The Bee.]—Governor Thayer this morning passed David Rogers of Pawnee county, who had been sentenced to the penitentiary for one year for shooting Ross Moore in the arm, and the affair made a rather affecting scene.

By the time the Douglas street hog-back is removed, the St. Mary's avenue hole is filled, the union depot is completed, the million dollar hotel is opened and the new postoffice is ready for business, Omaha will have 250,000 people at least.

THE OMAHA DAILY BEE, WEDNESDAY, MAY 20, 1891.

THE man or woman who lives 100 miles from Music, as Sidney Smith declared that he lived "twelve miles from a lemon," will hardly be tempted by what we have to say regarding some new and beautiful Pianos just received from the well known makers, C. C. Briggs & Co. of Boston.
