NEWS FROM COUNCIL BLUFFS.

Authorities Getting After the Union Pacific for Delinquent Taxes.

FORTY THOUSAND DOLLARS NOW BACK.

Matter Plainly Discussed by the Council and Board of Supervisors—Other Railroad Tax Matters Considered.

At the meeting of the city council Monday night it was decided that the council should meet with the board of supervisors yesterday afternoon for the purpose of coming to some conclusion with reference to the collection of the back taxes of the Union Pacific railway company.

When the hour for the meeting arrived the mayor and all the members of the city council were there, and the object of the meeting was stated by Mayor Macrae with a snap which indicated that they meant business.

They were after the scalp of the Union Pacific, and they didn't care who knew it. A few extracts were read from the old minutes of the city council, which included the proceedings on the evening a year and a half ago when the city attorney was authorized to settle the appeal suit in regard to taxes which was then pending in the supreme court.

The fact that the depot was just as near completion now as the night on which this resolution was passed was dwelt upon with considerable bitterness by the members of the city council, and it was the unanimous opinion that something ought to be done, but just what, was the question.

Representatives of various railroads were before the supervisors yesterday to confer with regard to the trouble which was stirred up last winter by the action of the supervisors in taking the assessment of a large amount of railroad property out of the hands of the state executive council and giving it to the local assessor, to whom it belongs.

The railroads are mightily interested in the outcome of the litigation. Tax Commissioner Whitney of the Northwestern, M. B. Walker of the Burlington, and W. S. Milligan, tax commissioner of the Milwaukee, registered their individual kicks yesterday, but were not willing to say further than they proposed to do about it.

Mr. Milligan even went so far as to admit that a row of his belonging to his company, located in Riddle's subdivision, had been wrongfully sent in to the executive council, and that the board had done right in having them assessed by the assessor. The taxes on the property in question amount to about \$1,200, and the county auditor is congratulating himself with the thought that if he accomplished nothing else by stirring up the animals, he would get \$1,200 from the enemy.

Out Her Rival. A cutting affray took place yesterday afternoon at 188 First street between Josie Hatcher and Agnes Belmont. The latter woman was arrested some time ago and spent about two weeks in the city jail. She was released Saturday night, but when she got out she found that the Belmont woman had cut her out, and was receiving attention from the local beaux.

Struck by a Derrick. John Conklin, who works at the North-western foundry, met with an accident yesterday morning. He was engaged in working a derrick at the round house when the handle suddenly slipped and in revolving struck him on the forehead, cutting a fearful gash. He was taken to the office of Dr. Thumwater where his injury was attended to. He will be laid up for several weeks as the result of his injury.

IT MAY BE HOT TO-MORROW AN EYE-OPENER.

This is the time of year when past experience has led us to expect hot weather. When every man you meet mops his intellectual brow and faintly gasps, "Is-it-h-o-t-e-n-o-u-g-h-f-o-r-y-o-u?" We've had this sort of weather once a year as far back as the oldest inhabitant can remember, and in all human probability we'll have the same sort for a number of years to come. The only way to get even is to

TAKE IT COOL.

Don't worry; stand off the ice man and buy your thin clothing of us. Our assortment of hot weather clothing is nearly double that of any former season, and just as the oyster season is opened with a can-opener, so will we open the torrid season with

pany, in which the plaintiff is suing for \$5,000 damages resulting from a fall while alighting from a motor. The ground for the continuance is that the Milwaukee registered their former manager of the line, has moved to Norfolk, Neb., and is therefore out of the jurisdiction of the court. He has had the full amount of the defendant's side of the case, and as he can not be compelled to be here at the present term of court, continuance is asked for.

The case of Schwenson against Piper was completed yesterday and submitted to the court, and the case of E. Stone against the city was taken up. The time was occupied until the hour of adjournment in getting a jury. The plaintiff sues for \$30,000 damages resulting from a change of grade in his property at the corner of Vine and Bryant streets.

Wanted in Omaha. Deputy Marshal Fowler arrested William Lukehart Monday night near the deaf and dumb institute. Lukehart is wanted at Omaha, Monona county, to answer to the charge of committing an assault on a girl about fifteen years old, the daughter of a neighbor of his. The girl had been visiting at his house, and when she went home Lukehart offered to go with her. They came to a desolate place and there Lukehart accomplished his designs. He was arrested, but escaped and was tracked by the officers to Council Bluffs. Sheriff E. D. Kittle of Monona county came to the Bluffs yesterday in response to a telegram notifying him of the capture and location of his man home with him to Omaha last night.

Independent Club. Last night the independent club got together to hear reports from the club gathering of the class at Cincinnati. It was the

first meeting in several days and the result was the loosening of stored oratory. T. B. Minnetonka had gone to the convention. He told all about it, and regretted that the representative working men did not materialize at Cincinnati. He thought they would get in line all right, though. He had not made a regular rip-sporter of an in a speech. He said the old parties were on an infernal toboggan slide, rushing with frightful speed toward eternal oblivion. But the infant born at Cincinnati is all right and able to hoe its own row.

T. C. Kolsey, J. H. Kinney and J. C. Kounsman also made speeches.

DID NOT PROVE SENSATIONAL. Initial Meeting of the Western Passenger Association Somewhat Tame.

Chicago, June 2.—The initial session of the regular meeting of the Western Passenger association developed no sensational features, although General Passenger Agent Charles of the Alton took occasion to give Chairman Finley a scolding. This was not an account of the penalty advanced against the Alton for refusing to advance the rates from Kansas City to St. Louis and from St. Louis to Chicago, but because the chairman held that the Alton could not be in the matter of the Alton took occasion to give Chairman Finley a scolding. This was not an account of the penalty advanced against the Alton for refusing to advance the rates from Kansas City to St. Louis and from St. Louis to Chicago, but because the chairman held that the Alton could not be in the matter of the Alton took occasion to give Chairman Finley a scolding.

There was a debate on the question of discontinuing the sale of unlimited tickets, resulting in some proposed amendments and the appointment of a committee, which is to report resolutions tomorrow.

It appears that the Alton is not the only road against which a fine had been assessed for failure to restore passenger rates from St. Louis and East St. Louis to Chicago. Chairman Finley has also imposed a fine on the Illinois Central of \$100 and the revenue from the sale of regular rate tickets. This makes the situation even more serious.

Two dollars in cash was found in the clothes he had on when found in Florence lake. He had on only his pants, shirt and hat. His coat, hat and vest have not been found.

Mrs. Gielow said she could think of no adequate cause that should have driven her husband to commit suicide. Their domestic relations were not unpleasant. Financial embarrassment was the only cause she could ascribe for suicide.

The deceased had resided in Omaha for about six years and for some time he was interested in the North Omaha clothing house, at 2412 Cuming street, but had recently opened a new shop of his own.

The remains will be shipped to Foad du Lac, Wis., for interment.

Dr. Couler made a post mortem examination last night upon the body. No marks of violence were found upon the body, and from all appearances death was caused by drowning.

Constipation poisons the blood; Dr. Witt's Little Early Risers cure Constipation. The cause removed the disease is gone.

President C. J. Hanks of the Arkansas division at the Capital theater, and Rev. S. O. Haines of New Jersey, founder of the Commercial Temperance league, and chaplain of the association, invoked the divine blessing. HERMAN GIELOW'S CORPSE. Body of a Well Known Tailor Found Floating in Florence Lake.

The doctor found in Florence lake Monday evening was identified yesterday afternoon as the remains of Herman A. Gielow of 2410 Charles street.

Mrs. Gielow appeared at the police station yesterday about noon and informed the officers that her husband had been absent from home since last Friday, and she was becoming somewhat alarmed about the matter. As soon as the coroner and Mr. Burket's undertaking wagon returned from Florence lake with the body, Mrs. Gielow was then informed that her husband had been found drowned and she visited the undertaker's rooms to see with her own eyes the unwelcome truth.

She said that Mr. Gielow left home last Friday morning to do some collecting and had never returned. She supposed that he had gone off somewhere with some friends to have a good time, and that he would be home safe and sound in a few days. He had been very despondent of late, however, over business and financial reverses. He had recently purchased a good lively stock and contracting interest in an established business. Will take some good city property. Johnston & Van Patton.
