THE PUBLIC WORK.

It is not necessary for THE BEE again to express its regret that bonds for public improvements will not be voted until November. We shall be obliged to wait and take our chances at a general election...

A Child is Born.

The third party having had its bearing, now comes the harder matter of bringing up a child for subscribers. The Indian politician, Gardiel Jack and John Morgan, visited the office Monday and subscribed for the Star...

Beats Hypnotism.

South Grass Valley was the scene of an exciting episode. A well known resident of that vicinity was caught in an intoxicated condition and was taken in charge by several parties, who wished to inebriate to the ground...

Literature in Journalism.

But the journal's purpose is not good literature and ought not to be. Literature must have good expression, and the journal is not after facts and thoughts. They say that Butler's 'Analogy' has no style...

THE TURKISH TRAIL ROBBER WRECKS THE TRAIN, stabs everything he can carry off and holds the passengers for a ransom. In this industry Turkey can give Missouri and Texas valuable points as to how it may be made most profitable.

AN OUTCAST MUST BE FORMED WITH HEADQUARTERS IN AKRON, O. This again calls up the fact that a coral food factory in Omaha would be a profitable investment whether it should go into the Ohio combine or remain independent.

WHAT WOULD AMERICANS THINK OF A TRIAL before the United States supreme court brought to settle a question of honor between poker players? What would become of a cabinet officer who should figure as banker in a private game of faro?

AFTER GETTING REMANDING OHIO MOST DISREPUTABLY and gouging the republicans out of all the congressional districts possible in half a dozen other states, the democratic howl over the proposed reappointment bill in Massachusetts whereby 11 of the 13 districts would have been republican is about as cheery a piece of political spouting as has yet been brought to public attention.

THE REGISTER OF DEEDS AND THE COUNTY COMMISSIONERS are again quarrelling. This time the copying of the indices is the bone of contention. In all these conflicts of authority the taxpayers pay the piper, while the warring officials dance.

OUR police force continues to keep up its hospital record. Sixty days were lost on account of sickness in May. In contrast with Chief Seavey's report to this effect is that of Chief Galligan of the fire department, who informed the board of fire and police commissioners that the firemen did not lose a single day.

THE prohibition sentiment of Iowa and the third party prohibitionist organization are by no means identical. The party numbers about fifteen hundred, most of whom will be at their convention. While the temperance question will be a paramount issue in the campaign, the distinctly total abstinence party will not cut much of a figure unless it is backed up by the literary and personal solicitation campaign which the New York Voice is organizing.

THE next congress will be a marked contrast to the last. It will do nothing but wrangle, it will create no new laws
