

THE PEOPLE'S INSTALLMENT HOUSE ON FIRE

The Expression Spread Throughout Omaha Saturday Afternoon, May 16th.

Like wildfire and thousands who stood in front of this great establishment and witnessed the fire appeared to be amazed and dumfounded when they saw thousands of dollars worth of merchandise being destroyed.

When the wreck was cleared away it was discovered that about \$7,500 worth of furniture etc., was a total loss, which the insurance companies were compelled to take and a greater portion of this was taken to the dump.

The balance of this stock was not a total loss, still remains and not a single piece was carted away. Briefly stated The People's Mammoth Installment House, retained what was worth keeping, and refused to accept that which was stored in the warehouse on Burt street, and which was afterwards sold as we considered it absolutely worthless. They made no bid for it, not considering it worth the storage. The Great Fire Sale which was started by the People's Mammoth Installment House, Saturday, May 30th and is now going on, and such an opportunity to buy Furniture, Carpets, Stoves &c., at almost one third, the actual cost has never occurred in this city before. Call at once for bargains. Those who come first get the best choice. We warn the public not to be misled by other advertisements.
