"The university of Omaha" sounds well, looks well and is well.

Schweinfurth is no coward if he is an impostor. A Kansas City mob fails to make him flinch.

If Balmaceda comes no nearer hitting his enemies in land engagements than his three ships came to bombarding I believe he will never overthrow the rebellion.

Ex-Senator Henderson of Missouri is clearly out of politics, otherwise he would not speak of the "thrifless farmer leaning upon the government instead of his plow for support."

Kansas republicans will give themselves no further uneasiness about Chief Justice Horton. The president has selected another Kansas for the land claim court.

Roger Q. Mills is now very sorry he came out so flatterly for free trade. The pretty little sentiment which took so well in his speeches nearly two years ago is now a serious obstacle in the way from Texas to the speakership.

Lincoln is promised an extensive system of electric street railways. What Lincoln is promised she generally realizes.

It is reported that Minister Porter has been recalled from Rome in retaliation for the withdrawal of Baron Fava by the Italian government.

Baccarat and its incidental embarrassments appear in no wise to have affected the popularity of the prince of Wales or lessened his interest in sport.

The president has appointed General L. W. Colby of Nebraska as assistant attorney general to represent the government in case for Indian depositions claims.

A lodge of the Knights of Reciprocity has been organized in Hastings, the first of the order in the state.

Judge Gaslin has been on the bench for 16 years. He is eccentric and unpopular with the bar, but thus far no opponent has been found equal to his defeat.

A republican state convention in Ohio is generally a body of distinguished gentlemen. That of next week will contain among its delegates, Senator Sherman, Secretary Foster, ex-Governor Foraker, ex-Speaker Keifer, ex-Congressman Grosvenor and Thompson and others less noted but able.

Secretary Johnson of the state board of transportation is quite enthusiastic over the warehouse law.

STRENGTH OF THE NEW MOVEMENT.

A dispatch from New York gives an estimate of the approximate strength of the farmers' alliance and the organizations affiliated with it in the political movement of which the alliance is the head.

The whole affair is a mere incident. The Norfolk resolutions would have been passed if the white boys of the reform school had been engaged.

THE NEW LAND COURT JUDGES.

The president has announced the appointments of the judges of the new land court, and undoubtedly they will be satisfactory to the people of the sections most concerned in the judicial business for which the court was created.

THE WARD ASSESSMENT.

The fifth ward protest deserves more than a passing mention. A ruling of the county commissioners which enables a corporation to escape paying its proper pro rata of taxes is wrong in principle and ought to be wrong in law.

ENCOURAGING THE BAL CLUB.

The real estate exchange of Lincoln has passed unanimously the following resolutions:

POSTS DEAD IN BED.

Nola Nelson, a young Swede, was found dead in bed this morning at the boarding house kept by his sister at the northeast corner of Eighth and R streets.

PROTEST AGAINST THE FLOOD.

About 3 o'clock this morning Lincoln and vicinity were visited by one of the most damaging rains that has ever visited this section.

THE MAYOR'S POLICY.

THE BOARD'S DUTY.

"We must either reconvene the legislature and give the people the relief we have proposed or force the state board of transportation to do its duty."

THE PARK COMMISSION IN ITS DISCUSSIONS REGARDING A SYSTEM OF CITY PARKS MUST NOT FORGET THAT THESE PUBLIC BREATHING SPACES SHOULD BE WITHIN REACH OF THE POOR AS WELL AS THE RICH.

The park commission in its discussions regarding a system of city parks must not forget that these public breathing spaces should be within reach of the poor as well as the rich.

OPINION THAT THE COMPANY MAY BE COMPELLED IN SEVERAL INSTANCES TO LAY ITS MAINS UPON NORTH TWENTIETH AND OTHER STREETS IN ADVANCE OF THE PAVING OF SUCH STREETS.

The fact that the city does not need fire hydrants every 500 feet on such streets is reason enough for refusing to locate them there, but not reason enough to warrant the waterworks company to refuse the performance of its plain duty or to impose obstructions to public improvements.

INTERESTING SITUATION OF A MAN WITH TWO WIVES.

Lincoln, Neb., June 10.—[Special to THE BEE].—Just a year ago today George W. Hubbie was granted a divorce from his wife, Lucinda. Yesterday, however, the rejected wife brought action in the district court to have the divorce annulled.

NEBRASKA CITIZENS. HE COULD NOT CLOSURE THE SCHOOL IF HE WOULD AND COULD NOT TAKE THE PUPILS TO CARLSLE IF HE WERE SO DISPOSED.

The people of this state will also be more Indians than Pennsylvania, and the Genoa school gets more work out of its pupils in proportion to number than does Carlsle. It is a great mistake to suppose that only the east appreciates the problem of Indian civilization.
