#### READY TO WIN THE PENNANT,

Omaha's Team Comes Home for a Month's Steady Playing.

KANSAS CITY OPENS HERE TODAY.

No Western Games Played Yesterday -New York and Chicago Have a Great Batting Game-Other Sports.

The Omalia team reached home yesterday, and this afternoon will collide with the champion Kansas City Blues at McCormick park. All the men are in excellent trim and eager to inaugurate a series of victories this afternoon that will once more place them where they belong, at the top of the list. With this end in view the Lambs will enter the conflict, and if they are disappointed it will only be for the reason that the Cowboys put up the better game. But they are confident, and as confidence is half the battle, look out for another boost toward the flag.

The Cowboys come in their full strength and in better condition than they have been yet this season, and it goes without saying that they are able to make it interesting for for any club in the circuit. The old familiar faces of Steams, Smith, Manning, Hoover, Carpenter, Gunson, Pears, Conway, Swartzel. Foster and Wilson will be seen for the first time here this season, and Jack Pickett, the much talked of short-stop, will once again tret around in his old pasture at short. It will be a great game, and a big crowd should turn out and welcome the Lambs home. Following are the positions of the two teams as they will appear this after-

Beatrice Has a Club Now.

BEATRICE, Neb., June 15 .- | Special to THE BEE. | Beatrice is at last enjoying the dizzy honor of evolving a baseball club. There is a strong sentiment here favoring baseball, but the disastrous experience, financially speaking, of the Garlands, Beatrice's famous club of two years ago, scared prospective stockholders a little too seriously to warrant stockholders a little too seriously to warrant the precarious experiment of grub-staking mother like enterprise. A plexed nine was, however, gathered, among them two or three of the old Garlands, and the boys give fair promise of doing some very good ball playing yet before the season is over. A. T. Lewis, proprietor of one of the local cigar shops, conceived the project of chaperoning the new club, and contingent upon the club taking the name of the "licatrice Mints" Lewis agreed to outfit the Mints with all the necessary parapharnalia. The project is a go, and now Beatrice is again in her glory, or was until a lively little club slipped over here from the town of Topias and beat the Mints in their first gamunder the new regime. The Mints are still on their mettle and are practicing diligently with a view to overthrowing all comers who may have the temerity to enter the basebal arena with them. The club is booked for two games this week, one with the Tecumseh club and one with the Barneston club.

Tenny the General Favorite, While Tea Tray Has Many Backers.

New York, June 15 .- Tomorrow the spring meeting of the Coney Island jockey club will begin and from present indications it prom-

ises to surpass all of its predecessors. With the opening day comes the eighth running of the Suberban handicap, a race which has for some time past been the main topic amony horseinen. Those who are announced as possible starters appear to be so evenly matched that the result is no easy matter

A conspicuous feature of the great race A conspicious feature of the great race will be the absence of Salvator, who last year best everything before him. This also abould add much uncertainty to the race, for while his victories last year especially in the Suburon, were gained by close margins, they were decisive enough.

Charley Mitchell Supercedes Madden as the Australian's Second.

New Your, June 15. Charley Mitchell the English pugilist, appears to have the faculty of getting into bad odor every time he comes to America. His present visit is no exception to the rule. It is a fact that Billy Midden, the well arown manager, was instrumental in oringing Slavin to this counstrumental in orthogong Stavin. to this country and arranged to manage Stavin. Yesterday the fact was developed that Slavin had been induced to throw Madden overboard. The rupture of the relations between Madden and Slavin occurred yesterday at Mrs. O'Brien's Coney Island hotel, where Slavin is training for his mill with Kilrain. Madden reached the hotel vesterday just as the porireached the hotel yesterday just as the pugilist was starting out for a walk, and the manager was received in a chilly manner. Slavin offered the tips of his fingers in greeting. Mitchell was there and, as it appears, he was selected to do the talking. Madden, he was selected to do the talking. Midden, who as manager, expected to second Slavin on the night of the battle, asked Mitchell where his tickets were. The Englishman replied that he had only four, but added: "You can go over with some of us." "Some of us." echoed Madden. "Why, who is going to second Slavin!"

"I am," coolly replied Mitchell. "It's this way," continued Mitchell. "Pease, Slavin's backer, has written from England advising

Stavin is superstitious and has decided to take his backer's advice. But after the match he is perfectly willing to have you act as his mana-

ger again. Madden was white with indignation when Mitchell had concluded and proceeded to do some loud talking. Mitchell responded in w tones, and was evidently trying to pacify adden. Slavin was told of the incident. Madden. Slavin was told of the incident, but it did not appear to disturb him. He is fit to fight now and will do little work after today. After doing his regular work he weighed exactly 189 pounds resterday.

#### KING MURDER TRIAL.

Cross-Examination of the Accused

Continued. Mannais, Tenn., June 15.-The crossexamination of the accused, Colonel King, in the Poston murder trial was continued today. The witness said he received money from Mrs. Pillow only in liquidation of indebted ness to him. He had never had a final settlement with Mrs. Pillow, who still owed him large sums of money. Witness declared that Mrs. Pillow and her son-in-law, Mr. Shields of Birmingham, had entered into a conspiracy to defraud him out of his estate, to blacken his character and to take his life. Witness thought it necessary to prepare himself and be ready for any emergency. Witness denied that he sent a message to T. P. Chambers, an associate counsel in the King-Pillow sult, to the effect that he would kill him If he did not withdraw certain charges made in the cross bill filed in the case.

On redirect examination it was brought Mrs. Pillow was to gain possession of the property deeded and willed to her. Witness had nothing to do with the filing of the divorce bill against his wife. Mrs. Pillow did it herself. D. H. Poston never disclarmed responsibility for the charges made in the cross bill against witness and his wife. In the cases appealed to the supreme court it was held that there was no proof of considcration and that witness was entitled to the property, the court deciding the case on its

Witness testified that there was nothing in the King-Pillow litigation that warranted the scandal complained of in the cross bill. Witness remembered with absolute certainty what transpired between himself and Mr. Poston at the time of the shooting. He had no more idea of meeting D. S. In the every county companies have been organized and work is actively going on. Probably the most extensive system of ditches will be constructed in Cheyenne county in the extreme northwestern corner of the state, where the B. & M. railroad company will invest \$100,000 in ditches and reservoirs. A company has been organized under the name of the South Fork irrigation and improvement company, with a paid up capital of \$100,000. The president of the commany is G. W. Holdrege, general manager of B. & M.; vice president, R. O. Phillips, secretary of the Lincoln land company, also a B. & M. corporation; secretary, A. L. Emerson of Cheyenne county. The company has an army of men and teams at work, and 120 miles of ditches, besides laterals, will be constructed in the county. It is expected that the system will irrigate 100,000 acres of land. Reservoirs will also be built at a cost of \$55,000 to hold surplus water ditches will be constructed in Chevenne built at a cost of \$55,000 to hold surplus water for use in an unusually dry season. The main ditch of this company commences near the Colorado line, twenty-miles west of the town of St. Francis. The ditch is 10 feet wide at the bottom, 18 feet at the top and 314

ime to turn water on the wheat should it be necessary. The Smith-Buck company in the same county has undertaken to construct thirty miles of ditches. The company has eight miles completed, and water flowing ready to turn on the corn this season. This ditch was commenced several years ago. It has irrigated the land of its owners only heretofore, but the new ditches to be built this season will supply the farmers also. B. F. Camp-bell will also construct a system of thirty

## AN AGREEMENT IMPOSSIBLE.

Chairman Finley Informed That the Alton Will Not Pay the Fine.

RATE WAR THOUGHT TO BE IMMINENT.

Figures on East-Bound Shipments Show That the Lake Lines Handied Twice the Amount of the Rail.

Curcago, June 15.- Chairman Finley and the management of the Alton cannot agree. This has been demonstrated every few days for about two months, but has never been so clearly set forth as it has in the opposing pronuncimentos of the two parties on the question of the Alton's liability under the agreement for refusing to restore passenger rates between Kansas City and St. Louis and St. Louis and Chicago. Mr. Finley has made a draft on the Alton for the amount of the fine imposed by him and sent it to the bank. The draft failed to receive the required enforsement and was not paid. Furthermore, the chairman has been curtly informed by the general manager of the Alton that the fine never will be paid, and that the Aiton has no intention of turning over to the Western Passenger association any portion of the revenue derived from the sale of its tickets at the reduced rates. This leaves the chairman with nothing further to do but to notify the other members of the association of the Alton's attitude and await their pleas-

But trouble is not so likely to grow out of this situation as it is out of Chairman Finley's latest decision, by which he authorizes the Atchison and other lines to establish summer tourist rates rom Kansas City to eastern points by issuing through tickets b way of Chicago at a rate equal to the sum of the locals by way of St. Louis. In doing this the chairman cooly replied to the Alton's threat by giving it a slap in the face.

The Alton urged that the equality could only be obtained by a reduction on the round rip rate between Kansas City and Chicago, and that the fact of the boycott, the sale of the through tickets to eastern points and reorn at reduced rates would place the Alton at a disadvantage, but the chairman saw fit to brush the argument aside, and he has been notified by the Alton people that as a measure of self-protection they will at once reduce the round trip rate between Kansas City and Chicago sufficiently to put their road on an equal footing with its competitors. Unless the other roads decline to avail themselves of the authority given them by Finley a rate war is limminent, for it cannot be doubted that Finley and the Alton people are equally determined to maintain their positions.

DOLAND WILL INVESTIGATE. Chairman Doland of the passenger department of the Central Traffic association called a meeting of the Buffalo lines to be held at his office Thursday. The object is to consider the complaints made by Chairman Finley of the manipulation of rates from Buffalo to St. Louis by way of Chicago. The sum of the locals between these points via Chicago is \$21.50. The through rate by the short line routes is \$19.50 and the lines have been selling circultous tickets at short lin This gives the scalper a margin of \$2 on each ticket with which to manipulate the market, and the game has been worked on lines between Chicago and St. Louis to the detriment of the Alton, which has no ticket connection with any of the Buffalo routes. EAST-BOUND SHIPMENTS.

East-bound shipments of freight from Chicago by the railroads last week aggregated 44.140 tons, an increase of 751 tons over those of the preceding week. During the same period this lake lines took eastward 88,616 tons, or more than double the amount secured by all the roads combined. The ship-Archison, Kam., June 15.—Special to The Ber. |-Irrigation will be given a thorough test in western Kansas this season. The tion aggregates 13,586 tons, against tons, against 12,434 for the week previous, an increase of last year, a decrease of 15,660 tons. Vanderbilt lines carried 45 per cent of the business, the Pennsylvania lines 29 per cent the Chicago & Grand Trunk 12 per cent and the Baltimore and Ohio 14 per cent,

THE BIG SIX IN SESSION. Arguments were heard today by the board of commissioners of the Western Traffic association on a proposition to advance the passenger rate from Missouri river points to Utan common points from \$47,50 to \$55. Another matter before the board is the establishment of rates on salt from points in Kansas to the Missouri river and Chicago.

Adjourned Meeting of the Supreme Council in Chicago.

CHICAGO, June 15 .- The adjourned meeting of the supreme council of Federated Railway Employes began in this city this afternoon members only remaining in session a few minutes, when an adjournment was taken until tomorrow to allow them to attend the funeral of Vice Grand Master Clury, one of the founders of the Switchmen's federation. Speaking of the meeting Secretary Snee-han said: "You may be assured that noth-ing further will be done with reference to the Northwestern matter. The switchmen had a right to resign if they wished to. The matter will be of great consequence to them, but to the general council it is a matter of small moment at this stage of the affair. Besides routing business the council will discuss changes in the constitution, and es pecially to prevent strikes by a part of the federation without allowing the suprem council an opportunity to act. It is likely also that two new orders will be admitted to the federation—one from Illinois and one from Iows. That will add 17,000 men to the
