Lowe went to Waterlee Sunday and tried to induce Noyes the cider to settle for the \$30 and pay from besides for the expense he had been put to in coming to Waterloo. This Noves would not do, although he was willing to pay the \$20 provided Lowe would let the rest of his bill go. As they could not come to an agreement, Lowe filed an information in Justice Hammer's court and young Noyes was ar-rested. Deaf Mutes Who Graduated from the Iowa Institute in Convention.

WILL MAKE A PERMANENT ORGANIZATION.

Some Eright Thoughts on the Future of the Education of the Unfortunates Who Cannot Hear Anything.

The Hawkeye Atumni association convened yesterday in the chapel of the deaf and dumb institute. The organization is now in its ninth year, it having been started in Des Moines in 1882 with about twelve members. Since its founding it has increased its list of members until it now numbers in the neighborhood of 150.

In the morning a reception was held, the ommittee having things in charge being the following: J. W. Barrett, L. T. Pound, D. Rickabaugh, T. Boyle, W. H. Rothert, J. Quillen, Ollie Tracy, Agnes Jackson, R. Duer and Mrs. Rothert.

At 2 o'clock in the afternoon the convention proper was called to order by the president, F. C. Holloway. He introduced Rev. James H. Cloud, who opened the meeting with prayer, Superintendent Rothert, assisted by Prof. Gillespie, of the Nebruska institute, delivered an address of welcome. He offered the guests the freedom of the institute, and hoped the deliberation would be of such a character as to benefit the cause of the education of deaf mutes throughout the country. He gave a brief outline of the progress that has been made in the past few years in the line of education of mates, and prophesied that in a few years more methods would be put into practice that would enable mutes to converse with almost as much readiness as people who are in full possession

of their senses.

Mr. Matt McCook responded to the welcome, after which an interesting address was delivered by the president, Mr. Holloway. Prof. Marshall translated Mr. Holloway's remarks from deaf mute into English for the benefit of the visitors who were not acquainted with the sign language.

It was decided to organize on a firm bosis, and to fix the membership fee at \$2 for genand to fix the membership fee acceptor grathemen and \$1 for ladies.

Messrs. Zorbaugh, Hofstrater and Mrs.
Pound were appointed a committee to prepare a programme for today.

Traded Something for Nothing. L. A. Gray made a trade last Saturday evening which has since turned out to be rather more of a sell than a trade. He had had bargained with Mr. J. M. Paimer for the trade of some real estate, for which he was to receive three horses. The bargain was at last struck, and a man went to Vic Jennings' livery stable, where the horses were being kept, and asked him for them, saying that Gray had made a trade with Palmer for them. Jennings telephened Palmer, and was told that the trade was all right, and that Gray was contilled to

the horses. The man accordingly took them and was seen no mere.

Yesterday mirring Gray went to the stable to get his horses, and was amized to learn that a proxy had been there and the horses were nowhere to be had. A descrip-tion of the man who took upon himself the responsibility of calling for the horses has been furnished Gray, but so far he has not

"THE BEE" CLAM BUREAU

Pension, Indian Depredation, Land Patent and Other Claims to Be Prosecuted.

READ THE FOLLOWING CONDITIONS

All Claims Arising in Nebraska, Kansas, Iowa and South Dakota Will Be Handfell by The Bee Bureau.

About thirty days ago a new departure was inaugurated by the San Francisco Examiner, now the leading paper on the Pacific coast. Its proprietor, Mr. Hearst, son of the late Senator Hearst of California, who has a very large fortune at his command, conceived the idea of establishing a pureau of claims at Washington, manned by the ablest lawyers and specialists conversant with the routine work in the various departments and bureaus of the government. The object of Mr. Hearst in this undertaking is clearly set forth in the prospectus taken from the Examiner to be published in a later issue of The Bee

When the announcement of this new departure was made negotiations were at once entered into between Tue Ben and the proprietor of the Examiner to join hands and nutually share in the cuterprise. These arrangements have now been perfected and agreements entered into by which THEBEE be omes a co-worker of the Examiner in the territory where THE BEE enjoys so extensive subscription patronage. Under this arrangement all applications for

laims, either for pensions, Indian depredations, land or mining claims, patent or postal claims in the states of lowa, Kansas, South Dakota and Nebraska, will be taken in hand by THE BEE Bureau of Claims in Omaha and through it forwarded to headquarters at Washington where the Examiner bureau will prosecute them to a final and speedy con-The Bee takes pleasure in offering to ail

its patrons and particularly to subscribers to THE WEEKEY BEE, the services of this new bureau which, we have no doubt, will prove of great advantage to them, both in prose cuting new claims to a successful issue and in expediting all claims entrusted to Tun BEE bureau.

The Conditions. As a condition precedent to any person availing himself of the services of the bureau, The Bee will require that the applicant shall send in a subscription to THE OMAR WEEKLY BEE for a year. A remittance of \$1 will entitle the person sending it to one year's subscription and also a membership in the Claims Bureau association composed en-

tirely of subscribers to THE BEE. All persons now sunscribers of The WEEKLY BEE who will send us one new subscriber will be entitled to membership in the association in their own names and the new subscriber will also receive one certificate of membership besides his paper.

Subscribers of The Datty Bee, who send n subscriptions to the weekly will be entitled to the same privileges as those of THE WEEKLY BEE

No service will be undertaken for any peron who is not an actual subscriber of Tin

The Terms.

The terms under which claims will be prosecuted will depend entirely upon the amount of service rendered in each case. We can safely assure all patrons of the bureau that the charges will be very much lower than rates charged by the regular claims lawyers and claims agents at Washington. It goes without saying that the Examiner and THE BEE are in position conjointly to expedite business and do service at more liberal rates than any other medium for the prosecution of claims.

In the matter of fees and charges THE BEE desires only to clear expenses. The bureau is intended for the relief of the people from the rapacity of legal sharks. In many cases fees allowed attorneys are irrevocably fixed by law, and in such the question is decided. In other claims such a charge will be made as seems to cover the actual expenses involved

in collection We make no effort to solicit your patronage, as does the ordinary agen who seeks your claim for a financial consideration. Such is not our purpose. We offer to one and all the services of a well equipped bureau, where a claim of any nature can be sent, or information in regard thereto be obtained. If your claim is worthless or illegitimate you will be so notified without fear or favor. If the claim is gen uine it will receive prompt attention and efficient prosecution. If unsuccessful, no charge will be made; provided, however, that claimants must defray their own ex penses in the preparation of affidavits, depositions, and other evidence outside of Washington. We will furnish the necessary legal papers and bear the Washington expenses only in unsuccessful claims. When claims

are allowed, a reasonable fee will be charged to cover actual cost. All letters will be promptly answered and all information concerning form of applications for claims, terms, etc., will be given with as little delay as practicable. No letter will be answered unless the sender encloses requisite stamps for reply. No information concerning any particular claim will be imparted until the applicant has become a member of The Bee Claims Bureau associa

Of the weather having mislaid a package of hot waves intended for the latter part of May and early June, has caused a glut of summer underwear in the market. We've been relieving the market to the extent of a number of cases of popular priced shirts and drawers which we place on sale today at a trifle less than we have ever been able to sell the same grades of goods before. Of course we can't show as great a reduction on underwear as we occasionally do on a suit of clothes, but its just as big in proportion. Its about the underwear as a gentleman once remarked about a noted humorist: " 'There is'nt much difference between him and his undershirt, one is 'Bill Nye' and the other is 'Nigh' Bill." but the difference is there just the same.
