FORTUNE SMILED ON EDDIE,

Eiteljorg Permitted to Win a Game His Blundering Had Lost.

SIOUX CITY'S DEEP CAVE OF GLOOM.

Loose Playing Let the Lambs Have a Game That the Huskers Had Packed Away-Other Baseball.

Omaha, 5; Sloux City, 4. Milwaukee, 3; Lincoln,2. Kansas City, 15; Duluth, 1. Minneapolis, 7; Denver, 5.

ELL, that was what they call a Garrison nnish yesterday and no mistake,

Sioux City took the lead right from the start, increasing it at the half, and keeping Omaha in her dust until they rounded into the stretch, when Manager Dan began to use his spurs, and oh my! oh me! what a run it was down to

If the first day of July was a progustation of what's coming during the rest of the month, I can't see what use there is in that

other place. Still it was a beautiful day and a fine one for ball playing.

Heavy clouds, with tender tints tremblin along their edges, reared their gorgeous architecture along the northern horizon great, frowning, gloomy peaks, sturdy as the Andes loomed up one moment and crumble away the next, 'neath Eolus' mystic wand just as if within McCormick park it wasn' enough to boil a ham.

But it was, and instead of jumping in and giving us a gingery exhibition of the na tional sport both teams resembled a gang of Up to the ninth inning a pokier, more slov only and spiritless contest could not well b imagined, but this might be accounted for i measure by the fact that the Lambs were two runs behind. It makes a mighty big difference in a ball

game, you know, which side is winning.

For a change Manager Dan opened up by

striking out and the fans all said at once that

And then when Halligan and "Old Cy" followed with easy outs they thought so more

Just the reverse, Swartwood reached first by grace of Idiejag's erratic rotating. Then Strauss pushed one to Eddie, and what did Eddie do but pick it up as if it weighed a ton, and turning to fire Swart out at second, he knocked a panel out of the carriage gate and Swart kept right on to third, while Jakey pulled up at second. That was kind o' rough, wasn't it!

Van Dyke hoisted one skyward, and after it had settled in Halligan's capacious mau-leys, Swartwood ran home and Jakey took his place on third, coming in a moment later on Nicholson's single. That was a piece of work the crowd didn't

fancy very much, nevertheless they shouted when a moment later Donnelly, Shannon and Papa doubled up Nick and the big Austrian, who plays first for the Huskers, on the lat-ter's vicious grounder down to third. In the second Griffin, McCauley and Twitchell were retired as fast as they stepped up. Salebeck and Nicholson threw

out the first two to Morrissey, and Van Dyke made a pretty caten of Larry's fly. The visitors fared no better. Shiebock succumbed at first on a nice pickup and throw by Walsh, and Donnelly did the same

for Genius. Billy Earle got his base on balls, but was left on Dewald's fly to Griffin. Van Dyke's error saved the Professor's bacon in the third. He stole second but was put out trying to make third on Walsh's out. Eddie fouted to Earle.

For the visitors Swartwood was soaked with the ball, only to be retired on a good throw by Old Cy when he attempted to swipe second. Donnelly made a police stop of Strauss' hot one and Walsh and Papa took care of Van Dyke.
In the fourth the Lambs got their first

run, Shannon smacking her hard for third station, and scoring on Halligan's sacrifice. Sutcliffe and Griffin both perished at first. The Corn Huskers never saw first, and

For the Sioux in this inning Charlie Gennins ied off with a strike out, but Shannon allowed Earle's swift drive to get away from him and Dewald got in a scratch turee bag ger, which of course sent Billy across the rubber. On Swartwood's hit Dewald scored. and the outlook was gloomy indeed.

But those were the last runs Sioux City

Again in the sixth, after Eddie had retired on a fly, Manager Dan led off with a safe hit, and Halligan followed with another. Then Dan stole third and scored on Sutcliffe's sac-rifice. Griffin's out ended the fun. And then the score remained 4 to 2 up to

Sure defeat stared Omaha in the face. Gracious! Was Omaha to be beaten by such an aggregation! The spectators couldn't believe it, and looked at their score cards significantly, which showed Halligan, Sutcliffe and Griffin were to go to bat in the

They'll do something," was the thought in every mind then. And they did. Halligan got his base on balls, and the

grand stand was in an uproar as if by magic.
But a hush fell over the crowd when "Old Cy" popped one for Van Dyke; but the din broke out afresh as the Deacon lined her out safe, only to subside immediately as he failed in a daring attempt to stretch the hit into a double. Jakey Strauss, by a ciever throw to Genins, caught him within a step of the bag. But Papa jumped into the breach, and after two strikes had been called on bim, he caught one just right, and when it reached its journey's end, Halligan was on the beach You ought to have heard the shout at that,

The deadest kind of a game was awakened into a bristling live one.
"Can you do it, Larry!" screamed the frantic throng, as the Commodore faced

"I think so," he modestly replied.

And he thought right. The first ball was met fair and square and like a rifle shot it whizzed way out past Swartwood in center for two more sacks. McCauley's run tied the score.

And for a brief spell the circus in the rand stand and on the bleachers was worth the entrance fee. There is nothing more conducive of real

There is nothing more conducive of real genuine hilarity at a game of ball than a tied score in the final innings.

Donnelly made a heroic effort to emulate this good example, but he was only capable of lifting up a high one for Earl to capture. But those two runs were luck enough.

They couldn't beat us now, everybody knew, unless about four of the team fell dead.

The Corn Huskers were paralyzed, and ye after Genins and Earle had been retired. both Dewald and Swartwood made singles Then Jakey Strauss, who dislocated his neck

in a wild endeavor to hit her out of the lot, went out to Donnelly and the Lambs came in and clinched the game. It required ten innings, but that only added the excitement, Walsh flew out to Van Dyke, then Shiebock made a raw blunder of Eiteljorg's not grounder, and after Shannon's out at first, which put him on second, Halligan and Sut-

cliffe hit safe, and an unexpected victory was The Corn Huskers, humiliated and dis-

gusted, wout out in a hurry.

They will try it again this afternoon. The

OTHER WESTERN GAMES.

Colonel Vickery Gives Major General Rowe's Team the Razzle Dazzle. LINCOLN, Neb., July 1 .- | Special Telegram to THE BEE. |-One of the prettiest games ever witnessed in Lincoln was played today. Both the Farmers and Brewers were on their mettle and batted and fielded in an ideal manner. The victory Milwaukee over Lincoln is credited to an error of Flanagan, whereby Earle scored the winning run, although wild throws by Tomney and Jack Rowe, played a significant part in the defeat. Superb was the work done by the batteries of both the local and visiting teams. Campion of the Brewers, set the growd wild by sending the ball over the left field fence, the first time it has been done this season, and travelling leisurely over the four bases. It was this stroke that really won the game. Earl made the winning tally. He made a base hit, got to second on a fatal over the lineagent landed on third by tally. He made a base hit, got to second on a fatal error by Flanagan, landed on third by Campion's hit and scored on Grim's sacrifice

Duluth's Close Call. KANSAS CITY, Mo., July 1.-Duluth barely escaped another shutout today by bunching three hits in the sixth inning and securing an earned run. Kansas City batted Hart and Goodenough all over the lot, and put up a very pretty fielding game. The fielding of the visitors was very ragged. Pickett's all 'round work and the slugging of Foster, Stearns and Gunson were the features of the game, Score: MANGAG DIEV

McCoy Won the Fight. BURLINGTON, Ia., July 1 .- [Special Tele gram to THE BEE. |-The long talked of welterweight battle between Harry McCoy of this city, champion of the western states and Gypsie Gleason, champion of England, for \$500 a side, a \$1,000 purse and the championship of America, was fought on Twin island, nine miles south of the city, last night and resulted in a victory for McCoy in the sixth round. Fight was under revised Marquis of Queensbury rules, with four ounce gloves. Nearly three hundred sports went down in an old ferry boat to witness the mill, but came away heartily disgusted at the action of Gleason, who on the claim of a foul refused to go on with the fight after the sixth. His claim was not allowed by the referee and the fight was given to McCoy. Every effort was made to persuade Gleason to continue, and an extra purse was raised to induce him to continue, but to no avail.

Knocked Out by Billy Smith. SAN FRANCISCO, Cal., July 1.-Last night the Australian heavyweights, Billy Smith and Jack Slavin, fought before the Occi-dental club for a purse of \$1,150. SmRh was knocked out in the forty-eighth round.

MINES SHUT DOWN.

Between Three and Four Hundred Thrown Out of Work. St. Louis, July 1.-The Consolidated coal company's mines in the Collinsville coal district in Illinois closed down today, and between three and four hundred miners are thrown out of work. The shut-down is caused by the weekly payment law passed by the last legislature of Illinois going into effect today. The Consolidated company tried to force its employes to sign a yearly contract, which would result in the evasion of the weekly payment law, but they refused to sign and resolved to stay out until the con pany adopts the weekly payment system General Manager Simpson of the Consoli-dated denies that the company intends to fight the new law and says the men are out only for a day until a new contract can be signed, but a discrepancy exists between the statements of the company and its employes

Six Hundred and Fifty Out. CLEVELAND, O., July 1 .- Six hundred and fifty employes of the Union and Lake Erie rolling mill company went on a strike this morning. The trouble was caused by the adoption of anew scale by the Amalgamated association of iron and steel workers, which provides that the men shall work but nine

hours a day. Complicated the Strike. CHICAGO, July 1 .- The strike of the steve dores was complicated today at the western transit company's docks, the men on monthly pay going out in sympathy with the men who are asking an advance by the hour. At the other docks the situation is unchanged.

Quit Fecause the Scale Wasn't Signed BELVIDERE, N. J., July 1 .- The owners of the Delaware rolling mill at Phillipsburg refused to adopt the Amalgamated association scale recently adopted at Pittsburg, and the men quit work today.

Struck for Nine Hours. CLEVELAND, O., July 1.-Seven hundred coal miners in Jefferson county, Ohio, along the line of the Wheeling & Lake Eric road struck today for the nine hour day. There

has been no disturbance. Went Out Against a Reduction. LONDON, July 1 .- In spite of the reported settlement of differences and in spite of the orders of the shipbuilder's union several thousand Clyde iron men struck today against the proposed reduction in wages.

SUGAR TRUST INJUNCTION.

Failure of an Attempt to Stop Pay ment of a Dividend. NEW YORK, July 1 .- An injunction was asked and granted today to restrain the trustees of the sugar trust from paying its contemplated dividend. The plaintiff in the

case is said to be Mr. James A. Taylor.

It seems that the injunction is similar to the action of the man who locked his stable door after his horse had been stolen. Anyone passing by the office of the sugar company last night would have seen that the offices were all lighted. A busy force of clerks was at work drawing checks for the dividend, and the checks were all mailed to the stockholders last night. This done, the trustee silently stole away, and today it was said at the office of the company that they had all gone fishing. None of the officers of the com-pany were at their desks. Two fiery-eyed offi-cers were sitting patiently on the steps of the sugar building, waiting to find some one on whom to serve the papers, but the trustees came not to have the papers served. This is the first dividend paid by the company since its organization. The stockholders of the company who received their checks tais morning were in something of a quandary.

Those persons who had cashed their checks were somewhat disturbed in mind as to their right to do so in the face of the injunction.

Red Hot Race, Which Was the Object of Much Interest-Chicago Sees Some Good Going -Other Races.

SHEEPSHEAD BAY, N. Y., July 1.-Fully, fifteen thousand persons were present here today to witness the closing of the Coney Island Jockey club's spring meeting, and saw some as good racing as has been seen in the east this year.

The feature of the card was by all odds the Realization stakes for three-year-olds, at a mile and five furlongs, worth to the winner nearly \$40,000. Strathmeath, on the strength of his recent American derby victory at Chicago, was an overwhelming favorite, but after running in the front rank until the stretch was reached, was passed by both Potomac and Montana. These two had a battle royal during the last furlong, and by the most skillful and hardest kind of riding Hamilton landed Potomac a winner by the shortest of heads.

The other stake feature was the second half of the double event. His Highness, the winner of the first half, was a strong favorite, but at the end he had to give way to Victory, the second choice in the betting. Of the other races three were wou by favorites, while Ben Kinesbury heat the favorite Cheswhile Ben Kingsbury beat the favorite, Chesapeake, in the fifth.

apeake, in the fifth.

First race, for three-year-olds and upwards, a sweepstakes, one mile. Five starters: They came out of the chute with Ballston, 99 (2) to 1), three lengths in front of Strideaway, 99 (2 to 1), and Tulia Blackburn, 117 (3 to 1). Rico, 97 (30 to 1), Bermuda, 109 (0) to 10, next. This order was kept to the turn, when Strideaway took up the running. Tulia Blackburn led at the head of the stretch and won by three lengths, Strideaway beating Bermuda half a length. Time: 1:41 2-5.

Second race, the double event, second division, winner to receive \$4,900, straight course, about three-quarters of a mile. Six starters: Victory, 122 (1) to 5), won handliy by a length from His Highness, 121 (7 to 5), who beat Vestibule. 118 (2) to 1), three parts of a length. Time: 1:60 3-5.

Third race, for three-year-olds and upwards, seven furions. Ten starters: In a rattling

Third race, for three-year-olds and upwards, seven furlongs. Ten starters: In a rattling finish Arab. 116 (1) to 5), won by a length from Cynosure, 109 (8 to 1), who beat Kitty T., 102 (10 to 1), for the place. Time: -1.28-5.

Fourth race, the Realization stakes for three-year-olds, sweepstakes, \$1,000 added, the second to receive \$2,000, the third \$1,000, one, mile and five furlongs. Starters: Potomac, 1902 to 1). Montana, 107 to 10. Strathmeath, 116.7 to 1). Warpath. 114 (5) to 1). Hoodlum, 112 (7 to 10). Westchester, 118 (20 to 1).

They got away with Strathmeath. West.

They got away with Strathmeath, Westchester, Hoodium, Warpath and Montana in the order named. They ran in this order down the stretch and going by the stand, Strathmeath was leading by a neck from Hoodlum, with Westchester next, Warpath, then Montana and Potomac. There was no change until the back stretch was reached. when Westchester had enough and gave way

to Warpath, but otherwise there was no change. Warpath went up to Strathmeath, nearing the turn and the two raced neck and neck to the head of the stretch with Potomac close behind and Montana trailing. Potomac went to the front when they straightened out went to the front when they straightened out and was joined by Montana who came through on the inside. These two drew away from the others. The finish was a hot one, and amid tremendous cheering Potomac won by a rose from Montana, who beat Strathmeath four lengths. Time: 2:51.

Fifth race, one mile and a furlong. Five starters: Kingsbury, 108 (4 to 1), won by two lengths, while Chesapenk, 108 (1 to 2), beat Little Minch, 110 to to 1), a haif a length for the place. Time: 1:582-5.

Sixth race, a handleap, two miles on the turf. Five storters; Masterlode, 127 (1 to 2), won easily by half a length from St. Luke, 114 (2 to 1), who beat Come to Taw, 117 (2 to 1), three lengths for the place. Time: 3:36.

Splendid Bacing at Chicago. CHICAGO, July 1 .- Seven thousand race ers made the journey to Washington today to see seven well filled races decided. The weather was cool and pleasant and the track lightning fast. Favorite after favorite went down, and the bookmakers were in an exceedingly happy frame of mind when the day's sport was over. Asben was heavily backed to win the first race. Williams pun-ished the horse severely, but second place was the best he could get, Melody, the second choice, winning by a length.

Fifteen youngsters were named to start in the second race. Bullet was the favorite, but as good as 4 to 1 could always be had against him. The winner turned up in Unadilla, a 2 Los Angeles was installed favorite for the

handicap. She outclassed the field and won in a walk. Kismet, along shot, won the fourth and Homer second choice, the fifth race. De First race, purse 600, for maiden three-year

ARIZONA'S PHENOMENON. Water in the Great Salt Basin Still

on the Rise. SAN FRANCISCO, Cal., July 1.- Dispatches from Salton, Ariz., state the water in the great salt basin near there is still rising. Considerable apprehension was felt this morning over the safety of the road. Superintendent Mulvihill, who with two boatmen started last night to explore the lake in a small boat, says the shallow water makes the trip perilous, as the wind shifts the waters and is liable to leave the boat standing far from shore, while the soil is of a very treacherous nature and would preclude the possibility of wading ashore. The party

the possibility of wading ashore. The party has not yet returned.

The generally accepted idea is that the water comes from the Gulf of California. There is another theory that the water from Sait Luke in Utah, filters through the Great American desert, and following the general mountain trend across Nevada, passes under the Colored Liesest to the cooper. Those who the Colorado desert to the ocean. Those who have studied the question and are eminent in bydraulic engineering believe in this theory and it would not astonish them to find that it was the water from the Utah lake which is dumping into the Colorado desert.

There was an interesting christening scene on the lake shore yesterday. Mr Mulviniil had departed in his boat to explore the lake when the people gathered about the beach and, in honor of the first navigator of the lake, bestowed on the water the name of Lake Mulvihill.

A special from Redlands says the editor of a local paper has just returned from an iu-spection of the lake forming at Saiton in the Colorado deserts, and reports a lake at least twelve miles in width, which is near the western end of the water. He made over two miles into the water on a switch connecting the salt works with the Southern Pacific and from that point the water extends farther than the eye cau reach. Among the people of Salton the utmost variety of theories are held, but the fluding of salt water fish would indicate that

the water comes from the ocean.

The water is but two or three feet in depth and so strong does the wind blow that at times the water recedes nearly half a mile, and then the shifting winds will bring it back farther than before. This makes it impossible to determine except at long intervals whether the volume of water is increasing or not. The theory of the flood coming from a cloudburst is dispelled by the fact of the water continu ing to rise today when it should have been at high water mark several days before.

INSURED FOR FIVE MILLION. Why the Body of the Late James Mc

Henry Was Exhumed. LONDON, July 1 .- It is now said that the late Mr. James McHenry, the well known financier and old time Erie railroad litigant, whose body was exhumed on June 1 on the order of Home Secretary Matthews, was insured in England and the United States for more than \$5,000,000. The insurance companies suspect that Mr. McHenry committed suicide by poison, thus rendering void the insurance policies on his life. The body has been reinterred after being subjected to a careful post-mortem examination. The intestines, etc., remain in the possession of the officers of the home office. It was intended to conceal the exhumation until the result of the analysis of the contents and condition of the stomach was made known, and in fact the examination resulted in showing that Mr. McHenry's death was not caused by poison it is more than probable that the gov-ernment officers and others would have kept

the exhumation a secret.

Mr. McHenry's friends scout the idea of suicide and are indignant at the publicity which the affair has now attained. It is not expected that the analysis of the dead man's stomach will be completed before the end of the week. The names of the United States life insurance companies interested in the investigation now in progress are not men-

The probate of Mr. McHenry's will has been granted. The value of the personal estate, as far as at present ascertained, is sworn at £1,447. The testator empowers the executors to retain in their present state his they appear, but in the exercise of their dis retion to consult his friend. James Reilly of Now York. He bequeaths to Mr. Reilly Mrs. John Bellinger Cox and Miss Annie Beach one-quarter and the executors each one-eighth of his property, which is reported as worth £1,500,000.

MAKING TROUBLE FOR IOWANS.

Magnoketa Firm Charged With Im porting Contract Laborers. NEW YORK, July 1.-Frank C. Gayfor, young Englishman from Ipswich, accompanied by his pretty wife Gertrude, called at the barge office yesterday and declared to the chief labor inspector that they wished to lodge a complaint against Sexton, Comstock & Co. proprietors of a stock farm at Maquoketa, Is., for bringing them here under contract. Gayfor says he answered an advertise ment of Goff Sexton in an Ipswich paper asking for a stud groom, and got the job. He was to receive a \$20 a month, and his wife was to get \$2 a week for cook. Mr. Sexton gave them \$45 to pay their expenses to America. They arrived in Boston on February 15 and went to Maqueseta. Mrs. Gayfor worked as cook for Mr. Comstock and J. C. Murray, and Gayfor was employed as groom. He was kicked by a horse and his leg was broken. His employers promised not to withhold his wages for the time he lost because of his injury. They did withhold it however, he says, and would not pay him anything for work previously performed. Comstock and Murray brought Gayfor and his wife on here, but, as the couple say, would not pay their passage to Europe. Now the Gayfors are getting even. It costs \$1,000 o be convicted of importing contract la-

IMMIGRATION FIGURES.

Chief of the Bureau of Statistics Makes a Special Report.

WASHINGTON, July 1.-Immigration into the United States from 1820 to 1890 is the subject of a special report which has been prepared by Major Brock, chief of the bureau of statistics of the treasury department, and will soon be published. No official record was made of the influx of the foreign population before 1830, but the immigration from the close of the revolutionary war to that time is estimated at 225,000. Arrivals of im migrants from 1821 to 1890 have reached 15,641,688. The proportion of arrivals from Europe has increased from 68.89 per cent of the whole immigration in the decade from 1821 to 1830 to 91.67 per cent in the last decade from 1881 to 1890; Germany, 4,551,719; Ireland, 3,501,683; Engrand, 2,469,634; British North American pos-sessions, 1,029,683; Norway and Sweden, 943,330; Austria Hungary, 464,435; Italy, 414,513; France, 370,162, Russia and Poland 356,353; Scotland, 329,192; China, 292,578 Switzerland, 174,333; Denmark, 146,237; all

Switzerland, 174,333; Denmark, 146,237; all other countries, 606,006.

The only leading countries from which arrivals have failen off during the past ten years are France and China. The year of the largest immigratio... yet reported was that ended June 30, 1882, when arrivals were 788,992. The immigration from Italy to the United States was 15,401 for the fiscal year 1881, and has steadily increased until 1830, when it was 52,003, and the present year, ending June 30, 1891, when the total year, ending June 30, 1831, when the total for the ten months has reached 51,153, as against 34,310 for the corresponding months of 1890.

Immigration from Hungary, Russia and Poland also shows a rapid increase. Of the arrivals during the ten years from 1881 to 1890, 3,205,911, or 61.1 per cent were males and 2,040,702, or 38.9 per cent were females. The greatest proportion of females has come from Ireland. The smallest percentage of females was from Italy and Hungary. Classification of the character of immigra-

tion during the past decade shows that only 26,257 males were of professional classes, \$14,552 were skilled laborers, 1,833,325 were of miscellaneous occupations, 73,327 made no statement in regard to occupation, and 759, 450 were without occupation. Of the 2,040, 270 females, 1,724,454 were without occupa-

BALMACEDA A BARBARIAN. Stories of His Cruelty Confirmed by General Thomas Osborne.

Curcago, July 1 .- General Thomas Osborne, who recently returned to this city after a residence of many years in Chili, expresses the opinion that the stories of barbarous cruelty by President Balmaceda, as told in recent dispatches, are correct. "I know the man well and I can believe al-

most any story of cruelty that is told about

him. He is a man of such determination that he would rather perish than give an inch. will never make peace until He revolutionists concede everything, the and if they don't propose to do that the country will soon be devastated. He is far in advance of others of his race, as there is Anglo-Saxon blood in his veins. But there is enough of the Indian blood there to make him the most determined of men and at the same time one of the most cruel. He will take desperate chances now. If he were to falter his life would not inst twenty-four hours after he had demonstrated any weakness. It is necessary for him to be a perfect demon or he is certainly lost. Balceda realizes this, and with his 30,000 cutthroats in the army willing to obey him he knows his power. The rank and file of the Chilian army is made up from the most victous class in the republic. All the murderers, horsethieves, burglars and criminal classes of all kinds are soldiers. Frequently in the last few years murderers who had been sentenced to death were pardoned on the condition that they serve the remainder of their lives in the army. When the revolution started the prison doors were thrown open and the occupants forced into the service. This is the class of fighters Balmaceda has at mand. Balmaceda has turned all the churches of Chili into prisons. He has no respect for The majority of the men there are infidels; the women compose the religious element. It is easy to predict in one respect how the revolution will end. Disaster will be the result, no mutter what happens, but the revolutionists will never gain the favor and power they seek until Balmaceda is

The commissioner of pensions has received

The commissioner of punsions has received a number of dispatches from pension agents, giving the unexpended balance of pensions funds in their hands at the close of business fune 30, 1891. Many have not yet reported but the indications are that the bilance in the hands of the agents will reach \$1,000,00%. This, added to the amounts in the treasury unexpended, will make the sum of \$5,000,00%. Under the law the balance unexpended is turned into the treasury, which will increase the treasury balance by about \$5,000,000.

WILLIAMS AT AMSTERDAM.

German Emperor Receives a Very Cordial Greeting.

AMSTERDAM, July 1 .- The flotilla escorting he emperor of Germany and party arrived today, accompanied by the Dutch squadron inder Vice Apmirat De Jonfg. Upon landing at the dock here the emperor was received by the youthful queen, Wilhelmia, and by Queen Regent Emma. The queen and queen regent were surrounded by a brilliant gathering of cabinet ministers, army officers and municipal and other authorities. After the imposing ceremonies of the reception the imperial guests of Holland were escorted to the palace, where they will be entertained during their stay in the city. All the shipping in the harbor and main thoroughfares

are decorated.

A most picturesque incident was a grand military tattoo by an orchestra of nearly 1,000 men at 9 o'clock this evening in Dam square. The front of the palece was illuminated with electric lights. The monument in the center was buried in flowers and was transferred into a four jet fountain on the model of the Champ de Mars illuminated fountains at the universal exhibition. The emperor wit-nessed all this after a grand banquet at the paince. The great salon was magnificently decorated with the historical silver service and vases, including a huge center piece chased to represent the Dutch history at Nieuwport in 1600. Aquatic and other fetes were organized by citizens.

German Emperor's Visit to England. LONDON, July 1.-The prince and princess of Wales will not meet Emperor William on the occasion of his visit to England at Port Victory, as previously announced. The German emperor will be met on landing there by the duke of Connaught, the duke of Edinburg and the duke of Clarenco and Avondale, The prince and princess of Wales will await the arrival of his imperial majesty at Windsor castle.

It is somewhat humiliating to the British to have to note in this connection that there are not sufficient rooms in Windsor castle, large as it is, to accommodate the many royal guests who will meet and gather there to welcome the queen's German grandson and to at the same time accommodate the young emperor's suite. The result is that many of the visitors will have to be billeted at the hotels in the neighborhood of Windsor castle. The prince of Wales today had a long interview with the queen, who summoned the heir apparent to her presence for the purpose of discussing and settling a number of infinitely perplexing questions of court etiquette and precedence which have arisen on account of the approaching visit of the young em peror of Germany to his royal grandmother. Thus court circles, the circles of society and nearly all other circles are more or less stirred up and worried by Emperor William's coming, and thousands will not breathe freely until Germany's emperor has left this shore. German detectives, British detectives and extra police of all German detectives, kinds are already attending to the business.

The Shah of Persia

Though advanced in years, has hair of raven hue. Gray hairs are strictly prohibited in ats dominions, and hence the large shipments to that country of Ayer's Hair Vigor, by the use of which the Shah's subjects save not only their hair but their heads. Ayer's Hair Vigor restores the natural color of the hair. It should be on every toilet-table.

"Some time ago my hair began to fade and to fall out so badly that I thought I should be hald; but the use of Ayer's Hair Vigor has restored the original color and made my hair strong, abundant, and healthy. It does not fall out any more." — Addie Shaffer, 540 Race st., Cincinnati, Ohio.

"My hair (which had partly turned gray) was restored to its youthful color and beauty by the use of a few bottles of Ayer's Hair Vigor. I shall continue to use it, as there is no better dressing for the hair."
