DUNN'S REVIEW OF THE WEEK.

Orop Prospects Never More Uniform or Satis'actory Than at Present.

GENERAL CONFIDENCE IN THE FUTURE.

Trade in Breadstuffs not Especially Active-Slight Increase in Failures Over the Proceeding Seven Days.

New York, July 3 .- R. G. Dun & Co.'s

Weekly Review of Trade will say: Everything waits for the crops. It is, therefore, of the first importance that the crop prospects have never been more uniform and satisfactory at this season than they are now. In other respects the general outlook is in the main unchanged. While the volume of business represented by clearing house exchanges outside of New York is about 9 per cent less for the last week of June and about 10 per cent less for the month than last year, there is prevailing confidence in the speedy recovery and expansion of

Reports from interior cities show a fair but In many respects a waiting trade. There is a better demand for mill iron at Pittsburg, where the glass works are closed for the summer.

At Cleveland the dry goods, shoes, clothing and grocery trades are improved and manufactured iron is in good demand.

At Cincinnati the building and machinery lines are quite active, but at Detroit wool

moves slow, holders waiting for higher

At Chicago wheat receipts are five times Inst year's, receipts of wool nearly double, and a gain appears in butter and flour, but a loss of half in cured meats and dressed beef, of two-thirds in lard, of a quarter in corn and cheese and some decrease in oats, barley and rye. The dry goods trade equals last year's, with prompt payments, while trade in cloth-

ing and shoes much exceeds last year's.
At St. Louis trade improves slightly, staple groceries are active and confidence grows as the harvest answers estimates. At St. Paul a gratifying increase in the handling of cattle is noted, and strong confidence because of marked improvement in crop prospects there, at Milwaukee and at Omaha.

Trade is dull at Nashville, holding up fairly at Savannah, sluggish, but strengthening at Memphis as crop prospects there improve, and larger at Jacksonville, where vegetables are moving in large quantities. Trade is seasonably dull at New Orleans, t refined sugar is active, with large sales

of German granulated.
It is the duli season in iron, many mills having closed for the usual vacation, and while prices are generally a shade stronger than in May, a vague fear of the future checks purchases. Structural and plate iron are fairly active, but of rails no sales are noted and shipments for the half year are placed at 450,000 tons, against 775,000 last Coal has been advanced by dealers, but the

independent operators make no change. Tin is lower at \$20.40, and copper at \$12.87% for lake, with lead in moderate demand. Sales of wool at New York, Boston, Phila-delphia and Chicago for the year thus far aggregate 133,144,126 pounds, against 124,312, 059 last year, with some increase in domestic but a larger increase in foreign.

In dry goods the market is still waiting, and fine worsteds are held back. In dress goods the purchases of fine foreign qualities appear to equal last year's, while the lower foreign trades are shut out, but of other grades considerable quantities vet remain in the market which were purchased last year

Trade in breadstuffs has not been especially active, though wheat declined below \$1 per bushel, rising again a little within the past few days, and corn and cats are also slightly stronger and cotton is unchanged, notwithstanding improved crop prospects. The exports of domestic products from New York in June exceed last year's by about \$2,000,000 and the course of the market favors a heavy movement in brea istuffs.

During the past week the treasury has paid out only as much money as it has taken in, though discursements for July I have not been reckoned. The money markets appear on the whole a little less easy, though the rate on call here has ranged during the past week between 214 and 3 per cent. Somewhat more demand appears at Boston and there is a shade of stringency at Buffalo. The demand at Cleveland is active and the market is close, at Cincinmati strong at 7 per cent, at Detroit well supplied at 6, but with nothing for speculation at Chicago and a little easier at St. Louis. Stringency still appears at a few southern points, but at New Orleans the supply is very fair, though the market is firm The business failures occurring throughout the country during the last seven days number 237, as compared with a total of 234 last week. For the corresponding week of last year the figures were 160.

STOCKS AND BONDS.

NEW YORK, July 3 .- The day before a hotiday is never one of much activity at the New York stock exchange and today was no exception to the rule. The duliness and apathy which have become so marked of late were rather intensified by the absence of a large number of the regular attendants of the board, and outside of a few stocks which were moved entirely by manipulation there was nothing in the market calling for comment. The bank statement showed the effects of the outgo of gold for the last two weeks and the surplus reserve was reduced over \$2,000,000, but this and the further taking of \$1,600,000 in gold for export falled to have any depressing influence upon the market, as the manipulation today was the other way. A bear attack from Boston on New England knocked that stock off over 1 per cent in the face of the strength of the rest of the list, but the loss was not hold and the final decline of the stock was insignificant. The foreign houses were without orders, but Louisville, whose fluctuation it has been fashionable to attribute to foreign influence, was specially atrong, while St. Paul kept pace with it. The dissolution of the injunction restraining the Western national banks from paying the dividend checks of the American Sugar refinery did actually nelp that stock up. The strength displayed may, with truth, be ascribed in part to the announcement that the 4½ per cents would be extended, which was made public last night iate, but certainly more to the desire of the trading element to even up its contracts over the holiday. Except in the few stocks mentioned the business was entirely of a hand to mouth order and the movements without significance. The opening was made at slightly higher figures than the finals of last evening, which was followed by further small fractional gains in the entire list during the early trading, the only exception being the drop in New England. The upward movement made steady progress, without a single setback, throughout the day and the Grangers. Missouri Pacific, Sugar and specialties were proment for the advances made toward the close of business. The trading, however, was marked by no special feature of interest and the market finally closed duil but firm to strong at the best prices of the day. The final changes are all gains, and St. Paul, Louisville and Northern Pacific preferred are up 1%. Union Pacific a like amount, Southern Pacific 15, and Rock Island, Pacific Maii and Wabash preferred I per cent.

Railroad Londs displayed the usual duliness strong, while St. Paul kept pace with it. The

Wheeling & Lake Eric and Missouri Pacific I's and Rock Island, Pacific Mail and Wabash preferred I per cent.

Railroad tonds displayed the usual dullness and the tone of the trading was generally steady, but the advance in stocks had its effect toward the close, and some material advances were scored among the inactive issues. Richmond & Alienhany firsts rose 3 to 68, and Fulton elevated firsts, 2 to 92.

Government bonds were dull and steady. State bonds were dull and without feature. The Post says: It seems to be generally believed that yesterday's action of the cabinet offering an extension of the 44s at 2 per cent will result in an increase of bank circulation this winter of \$15, 00,000 or \$20,000,000. The bank presidents did, in fact, assure Secretary Foster at their recent New York conference that in case of such extension the city banks would come into the market and put the 44s as a basis for new circulation. Probably the banks would be quite willing to do this provided the 44s were in the market at reasonable price. But this is at least doubtful. Something more than \$22,000,000 of these bonds are already in the hands of the banks, all but about \$8,000,000 as security for outstanding bank noice. This leaves less than \$22,000,000 of these are held by foreigners who are likely in the existing interest in the other securities to be very glad to keep them. The trust companies who hold part of what remains may not be in a hurry to part with their holdings, and the supply in private hands is celatively small. An active and rising mar-

ket for general Investment securities would do more than anything else to force these bonds up on the market.

Chicago Live Stock Market. Chicago Live Storm Market.
Chicago, July 3.—[Special Telegram to The
Ber.]—There was a firmer market today for
all descriptions of cattle. Some kinds sold 23
625c higher, and the average gain was at
least 1960 c. Local buyers did not appear to
be particularly hungry for stock, tomorrow
being a holiday, but shippers had urgent orders to fill, and a few hundred head of desirable shipping steers were picked up early. ders to fill, and a few hundred head of desirable shipping steers were picked up early. The trade did not drag in any branch of the market and the yards were soon stripped. There were about six thousand head on sale, 2,500 were Texans. Sales of natives were generally at \$2,007.285 for cows and bulls, and at \$4,505.57 for shipping steers, though quotations ranged from \$1,506.1.59 for skeleton cows to \$4,256.55, for extrasteers. Texas cattle were quoted at \$1,506.50, with sales generally at \$2,506.3.50, an advance of 206.256. Sales of hogs were at \$4,506.4.85 for very common to strictly choice qualities. A few lots went below \$4.65 and there were less than half a dozen trades at better than \$4.80, the popular figures being \$1.6.64.75. These quotations show an advance on yesterday's closing prices of fully 5c and an advance on that day's opening figures of lice per 100 pounds. The demand was brisk, so brisk that aimost the entire supply was out of sellers' hands by 10 o'clock. Trading in rough mixed lots dragged a little, but nothing had to be carried over.

Cattle-Receipts.6.000 head; shipments.none:

New York, July 3.—Coffee—Options opened firm and unchanged to 30 points up, closing steady at 5625 points up. RAISED FUNDS TO MARRY ON. A Pittsburg Girl Steals Diamonds on

Her Wodding Day.
Perrsnung, Pa., July 3. -Miss Carrie Duff, the nineteen-pear-old Cniece of Levi Bird Duff, a well known Pittsburg citizen, was arrested upon the streets of this city yesterday for stealing \$2,000 worth of diamonds from one of Pittshiftrg's leading jewelers within the past forty-eight hours. When taken to the station house she so impreseed Inspector McAleese that he afterward said

"She was the boldest thief I ever came in contact with. She stood up and with a gesture of contempt, exclaimed: 'How dare you, sir, order my arrest in this manner! What have I done! I'll make you pay dearly for this. Levi Bird Duff is my uncle and I am a lady, sir."

With her was arrested John Cameron, ta we'l known young man, who is treasurer of the Metropolitan fishing club. Investigation revealed that Miss Duff and Mr. Cameron were to be married last night. Cameron was short in his accounts, and, furthermore, they needed money for wedding expenses and a wedding trip. Inspector McAleese said last wedding trip. Inspector McAleese said last might that after much persuasion and several hours' continuous effort he succeeded in getting the young woman's version of the story. She denied everything until the detectives produced pawn tickets showing where she had pawned the diamonds. Then she fainted. After she recovered she said Cameron had taken out a license yesterday to be married last night; that she told Cameron she would raise the money, and she had taken this method of starting to do it, that was all. Later her uncle appeared and had her released on his ball for \$1,000. Friends also went bail for Cameron for \$1,500 and both departed under bond, to appear in court next Thursday. There has never been anything against Cameron and ne is emphatic in his statement that he is innocent of any crime and also defends Miss Duff. The police think that she is more to blame than he and that she has deceived him. Last night they were married at the home of Mr. Cameron and drove merrily away in a closed carriage. The diamonds which the young woman appropriated consis-ted of four stones of special value. They were taken from the Briggs establishment, the stores of Sheafer & Lloyd and D. L. Reed & Co. The smart appearance of Miss Duff disarmed suspicion and gave her success. Her methods were those of the shop-lifter. She succeeded in taking up the dismonds from the tray when the clerk's atten-tion was momentarily attracted eisewhere. The theft was discovered at the Briggs establishment immediately upon her departure and her description was immediately given to the detective, who made the arrest within a

few moments upon the street.

At the pawn shops Miss Duff said that a mortgage was about being foreclosed on her house and that if by pawning her jewelry she could secure money to prevent it, she pro-posed doing so to selling anything. She re-alized about \$250 on the stones. At the various stores she gave different names, as she also did at the pawn shops. It is hinted that her family objected to the marriage.

Constipation poisons the blood: DeWitt's Little Early Risers cure Constipation. The causere moved the disease is gone.

HE GAVE A BACHELOR DINNER. Samuel Bell Loses a Wife Because He

1 ecame Litoxicated. New York, July 3 .- Mrs. Agnes North, a young and pretty widow, the daughter of Francis J. Oakes, a wealthy resident of the Steinway section of Long Island City, was to have been married Thursday to Samuel Bell. The wedding did not take place and the bond of love was forever severed, as Bell appeared late in an intoxicated condition and was ordered from the house by the father of the prospective bride. In anticipation of the event the family residence was decorated with flowers and exotic plants. The ceremony was to have been performed at 3 o'clock. There was a large gathering of the friends of the contracting parties. The bride was ready at the appointed time and the minister was in waiting, but the bridegroom had failed to appear. A messenger was sent

to his residence, but he was not at home. Mrs. North became nervous at the absence of Bell, and her father was both worried and indignant over his failure to appear. The minister and assembled guests began to get anxious and the unfortunate young woman's family had about decided to inform the guests of Mr. Bell's failure to be on hand when the missing bridegroom entered The person he met first was Mr. Oakes, who at once saw he was in no condition to act as a principal in a wedding, Mr. Oakes frowned with indignation and ordered him from the

Bell started in to argue the matter with his intended tather-in-law. The discussion was becoming heated and the guests who had crowded into the hallway were fearful that Mr. Oakes would throw the young man out, when there was a rustie of skirts on the stairs and Mrs. North appeared. Her eyes were wet with tears and there was a flush of were wet with tears and there was a flush of indignation upon her handsome face. Without a moment's hesitation she pointed a gloved hand toward the front door. "Leave the house," she commanded, "and never let me see you again.

Without demurring Bell followed her in-structions. As the door closed upon the form of her intended husband the woman swooned and had to be carried to her room.

Mr. Oakes has resided in Steinway about seven years. He is engaged in the manufac ture of dyes and has a large factory in Stein way. He has a wife and three daughters and one son named Frank, who is a member of the Columbia college boat crew. Mrs. North is the oldest of the girls and married her husband, Albert North, a resident of Harlem, a few years ago. He died a few months after the wedding. Mrs. North has been engaged to Bell, who is thirty years old, nearly three years. Friends account for Bell's condition

from his giving a bachelor dinner the night DeWitt's Little Early Risers: only pill to cure sick headache and regulate the bowels.

The Council Can Investigate. PHILADELPHIA, July 8.—The residing judge of the court of common pleas this morning handed down a decision upholding the authority of the city council to appoint a committee vested with power to subpoens witnesses and place them under oath before receiving their testimony. The decision of the court arose through a suit in equity brought against Yard, who refused to be sworn or to testify before the Keystone bank investigating committee. Yard has been in-dicted by the grand jury for criminal conspiracy with ex-Treasurer Bardsley to un-lawfully use public fonds.

"Excuse, me, George, but when I saw you a year ago your face was covered with pimples; it seems to be all right new." "Yes, sir, that's because I stuck to Ayer's Sarsaparilla, the greatest blood medicine in the world. I was never to well as I am now."

New Orleans Affair Again. New York, July 3.7-Il Progresso Italo Americano of New York, always well in formed in regard to Italian questions, pub lished in its issue yesterday the following dispatch:

BAR HARBOR, Me. July 2.-Marquis Imperiali arrived here this morning, bearing important communications from his government relative to the New Orleans incident. Notwithstanding the relapse which Mr. Blaine has experienced the Italian charge d'affaires hopes that he will be allowed to have a conference with the secretary of

Kansas Alliance Education. TOPEKA, Kan., July 3 .- The alliance lecturers adjourned here fast evening, after deciding to hold institutes for the education of their county lecturers and bring the features of the sub-treasury plainly before the people. These institutes will be after the plan of those held during the summer by public school teachers all over the country. As soon as the congressional lecturers return home they will call the county lecturers to-gether for a two days' session and give them proper instructions. The country lecturers will then return to their homes and call the

sub-alliance lecturers together for instruc-tion. It is the intention to have all the institutes in the state held during the months of July and August. There is in the state 30,000 alliances lecturers. State Lecturer Prather declared that if it was found after a careful discussion that a majority of the sub-alliacces in the state opposed the sub-treasury scheme it would be dropped.

DeWitt's Little Eurly Risers for the Liver MILITARY CHANGES.

The Three Divisions Abolished -- Kautz Assigned to Columbia.

Washington, July 3 .- Secretary Proctor

today signed an order abolishing the three

great military divisions of the United States,

These were the Atlantic, Pacific and Mis-

souri, commanded respectively by Generals Howard, Ruger and Miles. By today's order the departments remain intact. The purpose is to make the department commanders report directly to Major General Schofield, commanding the army, and the secretary of war, instead of as heretofore reporting to their division commanders. One of the features of the order is the assignment of General Kautz to command the department of Columbia, which he earn-estly desired to command as it was there his first military service was rendered and where he wishes to retire next year. The department of Columbia has been vacant some time, as has also been the de-partment of Dakota, vacated by General Ruger's assignment to the Pacific coast, and is now filled by General Merritt. Major Gen-eral Howard is assigned to the confinant of the department of the east with headquar ers at Governor's Island, New York Major General Miles is assigned to the com mand of the department of Missouri, which will embrace the states of Michigan, Wisconsin, Indiann, Illinois, Missouri, Kansas and Arkansas and Oklahoma and Indian territory, with headquarters at Chicago, Brigadier General Brooke is assigned to command the department of the Platte with headquarters at Omaha, and the state of Colorado is added to that department. Brigadier General Merritt is assigned to command the depart-ment of Dakota with headquarters at St. Paul. Brigadier General Stanley is assigned to command the department of Texas, with headquarters at San Antonio. Brigadier General Ruger is assigned to command the department of California, with headquarters at Los Angeles. Brigadier General Kautz is assigned to com mand the Department of Columbia, headquarters at Vancouver barrack, Washington. The officers assigned to command departments will report direct to the major

general commanding the army.

British Subjects Imprisoned, Washington, July 3.-The bureau of American republics furnishes the following: Valparaiso, Chili, newspapers received by the last mail give an account of a serious complication in which her Britanic majesty's consul general at Valparaiso has become involved. According to the statements put out from British sources the governor of the province, attended by two officials, presented himself at the British consulate and re quested that two of the consular clerks might be allowed to give testimony before the chief magistrate on a matter that had nothing to do with the consulate or its business Consent being given, the two clerks were hustled into a cab and driven to the public jail, where they were accused of complicity in the escape of the insurgent torpedo boat Guale and of conveying funds to that vessel in an envelope bearing the consular seal One of the consular clerks thus arrested was subsequently released, but his companion, at latest advices, was still in confinement, notwithstanding the protest of the consul general, backed by the British minister.

Caligraph writing machine is no longer a luxury, but has become a necessity.

The Cherokee Strip Troubles. WICHITA, Kan., July 3 .- Robert Ross, treasurer of the Cherokee nation, arrived here last night from Talequah and met ex-Congressman W. A. Phillips of Salma, who will accompany him to the Cherokee strip today and try to settle the trouble with the cattlemen. Ross says the stockmen will either have to pay him 50 cents a head for grazing or they will be rejected. In regard to the movement of United States sol diers to remove cattle from the strip, he said 'I understand soldiers are now marching toward the strip and there is a rumor that they intend to clear the country of every one but the Cherokees won't permit that, and any cattleman who pays for grazing can rest assured the Cherokee nation will protect thera.'

"I lost a crutch and found health at Excelsior Springs, 210."-Lawrence, Kan., Mrs. J. H. Carruth.

St. Louis Shoe Firm Fails. Sr. Louis, July 3 .- Joseph Bourne & Co. shoe dealers at Sixth and St. Charles streets, have filed confessions of judgment in the circuit court for \$87,000. The firm is composed of Joseph Bourne and Joseph Levy. With the exception of Lewis Heckt of Bos-on the persons who obtained judgment are catea in this city. Heekt got judgment for \$14,000. In May, 1890, Mr. Bourne made a statement to his eastern creditors, showing assets of \$232,000 and liabilities of \$114,000. since then the credit of the firm has been impaired by the disappearance of Joseph Levy, who left behind him heavy losses at cards. This, together with dull business, caused the

Paying Sugar Trust Dividend. NEW YORK, July 3 .- The Western Nationa bank was thronged by stockholders in the sugar trust, as word was received that the bank would resume the payment of the dividends which fell due yesterday. A dispatch from Poughkeepsie this morning stated that the injunction restraining the officers of the company from paying out the dividend had been vacated. The judge dissolved the in-junction, it is claimed, owing to faulty allegations in the papers.
