RELIGIOUS.

The new bishop of Litchfield, England, is he eleventh of seventeen children. And yet he has a snug little property. Archdeacon Farrar says Americans treat

their clergymen a great deal more hand-somely than the English do. Rev. John Jayne, an eloquent preacher of the Christian denomination in Cincinnati has

abandoned the pulpit for the stage. Bishop Walker's cathedral car, rolling

through North Dakota and disseminating the gospei by rail, is the latest revolution in religion The illness of the Rev. Charles Spurgeon threatens a universal loss. His death would be sincerely mourned in this country as well

as in England. Dr Nucholson makes the third Philadelphia pastor elected bishop in the last two years, the other men being Dr. Davies, who went to Michigan, and Dr. Nichois, now assistant oishop of California.

Seven years ago the Jows in Jerusalem were estimated at 19,000. The British consul thinks they have now increased to 40,000, while some local authorities believe that they reach 60,000.

The Rev. Mr. Cleveland withdrew from the Baston conference of the Baptist church because that body refused to permit him to make a defense of the Masonic order, which was strongly denounced by a fellow clergyman.

The Rev. Mr. Carswell has gone over his figures again and found that he has made no mistake in his prophecy that the world is coming to an end in 1901. The wise man, therefore, will date his note to fall due after January 1, 1902.

Last year the receipts of the Presbyterian foreign missions from the women and children exceeded the gifts from the churches. That is, there was received \$346, 780 from the churches and \$374,258 from the women's boards and the Sabbath schools.

The Itinerant club of South Dakota ministers, an association of the clergy who meet together annually for the presentation and discussion of religious and allied topics, has just closed a weekly session in Mitchell, S. D. The club will meet in the same place in June, 1892.

According to the Rev. C. E. Amaron, president of the French Protestant college al Springfield, Mass., there are now about 500, 000 French-Canadians in New England and New York and 1,000,000 in the United States, of whom 35,000 are protestants, the remain ler Roman Catholics. In 1804 there were twenty-five translations

of the scriptures in existence; since the formation of the British and Foreign bible society in that year \$10,000,000 has been ex-pended in the work of circulating the bible, and there are now nearly three hundred translations of the scriptures.

The Jewish population of the world, cording to statistics compiled by Prof. Dr. V. Jurascheck, is 7,404,250, distributed as fol-lows: Europe, 6,301,550; Asia, 294,000; Africa, 507,500; America, North and South, 255,900; America, North and South, 285,200; Australia, 13,500; New Zealand, 3,500. The number credited to the United States is 230,000.

Some one has reminded Bishop Coxe of Buffalo that the bible does not anywhere condemn bicycling by women, and the prelate has been obliged to admit that, so far as bicycles are concerned, the bible is behind the age-which reminds us of an occasion when ex-Chief Justice Drake of the court of claims, addressing a meeting of the Washington city presbytery against theater-going, and, asked where the bible condemned it, answered that, of course, theaters were not mentioned in the bible-a remark which brought up Rev. "Taiking about express robberies and the case hardened nerve of the men who do that sort of thing, I went through one experience that for fool luck beats the record. In fact, if the company had ever learned the full parliculars I'd have left its service long ago.

Thus spoke a man who has grown grey riding on the express car in different parts of America. Pressed, he continued :

Scarcely realizing what I was doing I laid the \$11,000 on ton of a box that stood beside the door, and stooped over my work, when the train stopped with a larch at the tank. Tally-Ho Party,

Friday evening the members of St. Philomena's cathedral choir were treated to a tally-ho ride. The party started at 7 p. m., drove to Council Bluffs, and with cornets and horns waked the echoes in the glens and business streets. A large throng had gathered at the park listening to the band concert.
