On July 8 and 9, on ten special through trains with Christian Endeavorers, in addition to regular through trains, the Chicago, St. Paul, Minneapolis & Omaha road has brought into Minneapolis over 3,500 people, and with those from local stations the number will ex ceed 5,000. In moving these people, representing nearly every state in the east, south and west, sixty-three Pullman and Wagner sleeping cars were in service, sixty-three coaches, chair and parlor cars, and their baggage required twenty-six baggage cars. This is the greatest movement of people for one special occasion ever made by any one line west of Chicago. There was not a delay in the movement of either regular or special trains. - Minneapolis Journal.

Members of the Douglas County Bar Eulogize a Departed Friend. Members of the Douglas county bar yester-

day paid a tribute to the memory of the late John C. Shea. The meeting which was held in the large court room at the court house was presided over by Judges Estelle and Ferguson and was attended by a large number of attorneys.

T. B. Minnahan, Warren, Switzler, W. S. T. B. Minnahan, Warren Switzler, W. S. Teeker, F. Brogan and R. A. L. Dick, the committee appointed to draft resolutions, presented the following, which were adopted and ordered spread upon the journal of the

court:

Resolved, That the bar of Douglas county has heard with sorrow and sincere regret of the recent death of Senator John C. Shea.

Resolved, That by his untimely removal death has taken from the individual members of his profession a universally esteemed gentleman and a gental and cultured gentleman. Resolved, That this bar as an association misses from its ranks one whose attainments, whose native ability and whose devotion to duty merited in an eminent degree the respect of his profession; chosen a senator from Douglas county, he was an honored member of the twenty-second session of the Nebraska legislature. During the most memorable and stirring session of the legislature of this state, he has proved of unusual strength of character, never losing his seif-possession, doing no unwise act, steaking no lil-considered word, he made with political friends and foes alike a record that remains a monument to his a record that remains a monument to his memory, an honor to his family and a pride to his constituents.

his constituents.

Resolved, That the bar tender the bereaved family a heart-feit sympathy in the profound sorrow, in the great misfortune they suffer by reason of the death of a husband so exemplars. plary.
Resolved. That these resolutions be spread upon the records of this court and a copy sent to the family of our dead friend and asso-

Judge Estelle spoke very feelingly and said that when he called a man a friend words were too feeble to express the mean-ing of the term. He had known John C. Shea from the time that he arrived in Omaha until his death. He gave Shea his first case and from that day until his death the gentle-men were on the most intimate terms. The judge regarded him as a brilliant young lawyer, a man of ability, a successful practi-tioner and a man who went upon the idea in criminal practice that it was better to dismiss a prosecution and make a good citizen than to prosecute and make a criminal.

T. J. Mahoney knew the deceased inti-mately, having been associated with him for a number of years. He had learned to love his character, which was so unassuming, generous, and of such unbending integrity. Shea was a man who hated things and not persons. He hated anything that was tinctured with corruption.

T. B. Minneban spoke in a feeling manner of the widow and five fatherless children. He suggested the idea of the members of the

bar making a contribution, to be presented as a gift upon the part of the association. Other speeches were made by Attorneys
Powers, Switzler, Gannon and Baldwin,
after which Judge Baldwin moved that out
of respect to the memory of the deceased,
the court adjourn for the day.
The medicar was adouted.

The motion was add A CARELESS GROCER.

He Filled a Coal Oil Can with Prime

Gasoline. A narrow escape from death and a serious conflagration occurred at the residence of W. W. Slabaugh, Forty-second and Chicago streets, Friday night. The family use oil for illuminating purposes, gas mains having not yet been laid to their house, and yesterday a new can of oil was ordered in a kerosine oil can, and the hanging lamp in the sittingroom and other lamps were filled full. Three persons had called in the evening and the lamps were lighted. The large hanging lamp burned for about ten minutes and began at once to flicker, and Mr. Slabaugh got up quickly and extinguished it, and no one dreamed of the danger that they had been in. Then Mrs. Slabaugh lighted another of the lamps filled with the new liquid, when its nction compelled her to blow it out. Finally on careful examination it was found to be

## THEY BURIED BIRKHAUSER.

Indignant Citizens Hold a Mock Funeral for the Public Works Chairman.

CAUSED BY SPAULDING STREET'S WRECK Miniature Park Constructed in the

Middle of the Street-Caustic

Speeches Made to Lugu-

brious Music.

The indignant and long suffering property owners in the vicinity of Thirtieth and Spaulding, rose up in their might last evening, and after denouncing in emphatic tones the dilatory tacties of the board of public works as a grand finale buried Citizen Birkhauser in effigy.

The trouble was brought about by the board of public works refusing to repair the damage done to Spaulding street by the late severe rains. Hundreds of yards of cedar blocks along this theroughfare were washed out and large portions of the wooden walks wrecked. At present there are huge excavations at the intersection of Thir-tieth and Spaulding, which are filled with foul and stagnant waters from which miasmatic vapors arise

The dwellers in the vicinity, growing tired of

this nuisance and detriment to public health

called on the board to repair the street, bu as usual their appeal for relief was unanswered. Last evening they concluded that as the board was not going to repair the street, they would utilize it for a public park. They had a miniture park built in the middle of the stagnant pool and hired men to sod it nicely. M. Barker superintended operations and Harry McCreary donated a let of roses and geraniums to decorate the mock park. During the progress of the work a brass band played patriotic airs, interspersed with a few lugubrious and heartrending funeral marches. H. Schuman then made a speech in which he said he had "invited the street commissioners to be present at the opening of our new pleasure grounds. Spaulding park," but owing to the pressure of business caused by the awarding of contracts for improvements they were compelled to decline. If the commissioners would not go to the street, the street would go to them, and he

ordered that rag fac similes of Birkhauser et al be consigned to ignominious graves in the new park. The band played a funeral dirge during the ceremony. After the interment Gus Schuman sat several kegs of beer outside the saloon and asked the crowd to drink to the prosperity of the new public improvement inaugurated in defiance of the board. Several caustic speeches were made by E.

Kreft, H. Schuman and M. Barker, scoring the board of public works.

After the inauguration services the crowd lolled about on the lumber qualling bumpers at the amber colored fluid donated so gener ously by H. Schuman, and listening to the dulcet strains of the Amateur cornet band. The crowd broke up about 10:30.

WYMAN AT THE HELM.

The Nebraska Fire Insurance Muddle Settled-Court Notes.

Receiver Wyman now has full swing in the matter of settling up the affairs of the Nebraska fire insurance company that went to the wall some months ago, Judge Wakeley made the order today by which the resignation of ex-Receiver Albright was accepted to date from June 24.

The report of Albright was accepted, and Wyman ordered to pay the following bills in-curred during Mr. Albright's reign: W. G. Albright, salary as receiver....... Mahoney, Minnehan & Smith, attorney

Arthur East, expert accountant H. B. Parshal, expert accountant.
M. B. Nash. cierk
E. D. Smythe, cierk
E. F. Farrel
D. P. Welpton

Judge Irvine has issued an order com-pelling I. S. Hascall to appear before him next Wednesday and show cause why he should be fined for contempt of court. In this matter, W. T. Wyman is forcelosing a mortgage on a house and lot, and seeks to recover the rents. In a lengthy afti davit he sets forth the statement that he is

prevented from doing so on account of the in-terference of Mr. Hascall.

Judge Wakeley handed down a decision in the case of Colby against Thomas. In this case Thomas was the owner of some city lots and left a deed made in blank in the bands of Colby, that he might sell the property. land was sold, Colby filling in the name o the purchaser. Thomas was not satisfied with the deal and brought suit to set the transfer aside. The court held that the title o real estate cannot pass by the execution of

Judges Doane, Irvine, Davis and Ferguson pent the day in hearing motions for new Judge Ferguson will sit in chambers next Wednesday to call the dismissal docket.

Judge Hopewell left for his home at Teka-Next Saturday Judge Estelle will leave for Eldorado, Kan., where he will rus-ticate for a couple of weeks. There is trouble in the firm of Richards &

The firm is composed of James Richards and G. I. Leveille, who, in March, 1888 formed a partnership for the purpose of carrying on a general contracting and building business. They erected the opera house at Kearney, a \$100,000 building; a \$70,000 court house at Red Oak, Ia.; a \$35,000 court house at Blair, and a score of buildings in this city. In fact they were successful and made

Everything went well until a few weeks ago, when Richards accused his partner of using firm funds for his private speculations. The upshot of the whole matter is that the two whole matter is that the two men have gone into court. Richards files a lengthy petition in which he accuses Leveille of spending the money for wine and other luxuries, besides building his own residence out of the firm's money. He asks that the partnership be dissolved. In order to carry out the latter proposition, John Hart has been appointed receiver. has been appointed receiver. Judge Irvine yesterday granted an injunc-tion restraining Dell Edwards from seiling a lot of goods taken from Oliver Maggard on a

UP TO WEHRER.

Superintendent James' Position May Be Secured by One Vote.

"The situation is just this," said a member of the board of education last night to a BEB reporter. "Wesshall elect Superintendent James again if Mr. Wehrer will vote for him. I think that Mr. Wehrer will vote for Mr. James, because in the first place he is fairly well pleased with Mr. James as a superintendent, and second, he is fully aware of the fact that the enemies of Mr. James in the board have been at tempting to drag him (Wehrer) into the Woolley jobbery and fasten upon much of the blame as possible f crookedness that has recently been un-

Another member of the board showed the reporter a letter from Prof. Fitzpatrick of Kansas City, in what that gentleman said has not a candidate for the position of uperintendent of the Omaha schools. H said he was a warm friend of Mr. James and did not wish to be so unprofessional as to contend for a position where a personal friend was interested. He was very well satisfied with his position in Kansas City and would make no effort to secure the election in Omaha.

Picked Up at the Park. The police officers at Hanscom park say that the facilities for furnishing drinking water are entirely inadequate when there is a large crowd. The small fountain near the and the well near the old park house furnishes but a slow method of supplying water for the thirsty throng. Several drinking fountains seem to be badly needed.

The large pelican that large pelican that Dr.

ler bought and placed in the upper lake passed in his checks the other day and floated to the shore as dead as a door

There is some talk among members of the board of making another lake in the park by throwing a dam scross the north ravine east of the band stand and permitting the water to escape over a cataract into the lower

lake.
Evening concerts by the band have been again discontinued at the park. Mr. Balduff found that they did not pay. When the weather warms up the concerts may be again

PAVING AND CURBING.

Bids on a Lot of Street Improvements Opened Yesterday.

The contractors of the city took but little interest in the paving and curbing contracts that were awarded vesterday afternoon. The bids were the first of the season fo this class of work and contrary to expectations there were only three bidders, when it

was expected there would be a dozen. The members of the board of public works explain it in this way. Tomorrow the city ouncil of South Omaha will let an immense contract for paving and curbing a number of streets. If they had bid on the Omaba contracts, they would have been obliged to show their hands, and competitors would have known better how to figure. The bids were as follows: Paving, Hugh

Murphy, Twenty-second street from Poppleton avenue to the quartermaster's depct, Sioux Falls granite, \$2.35 per square yard; Colorado white sandstone, \$2.15; Colorado red sandstone, \$2.04, vitrified brick, \$1.90. On Williams street from Sixteenth to Seven-teenth, Park avenue from Leavenworth to Hickory, St. Mary's avenue from Twenty-Sixth to Twenty-seventh, and Poppleton avenue from Thirty-second to Thirty-third street, he bid \$2.35 on Sioux Falls granite, \$2.16 on Colorado red sandstone, and \$1.90 on vitrified brick. For Colorado sand-stone the bid was \$2.15 on Williams street from Sixteenth to Seventeenth, and \$1.85 on Park avenue from Hickory to Leavenworth, J. B. Smith & Co., bid \$1.97 on brick on all of the streets except Park avenue, and on this his bid was \$1.20. On Park avenue the old base will be used, on other streets the specifications call for sand or concrete. The property owners will be allowed to select the material, after which the contracts will be awarded.

For curbing Twenty-second street from

Poppleton avenue to the quartermaster's depot, Williams street from Sixteenth to seventeenth, and Poppleton avenue from Thirty-second to Thirty-third street, there were two bidders. Staht & Hamlin bid 61.9 cents per lineal foot on Colorado red sand stone and 63.9 cents on Higbe and Kansas Hugh Murphy bid 67 cents on Colorado red

Property owners are given time to select the material they desire used.

Superintendent James Endorsed. The Alumini association of the Omaha high school held its annual meeting for the transaction of business at the nigh school Friday evening. A large amount of business was disposed of and measures were adopted to promote the welfare of the association and to extend its usefulness in behalf of the public schools of the city. The following officers were elected for the ensuing year: Mr. Charles S. Eigutter, president; Miss Stacia Crowley, secretary; Mr. Howard Kennedy,

Crowley, secretary; Mr. Howard Kennedy, Jr., treasurer. A resolution was unanimously adopted to the following effect:
Whereas, We the graduates of the Omaha high school in meeting assembled recognize the worth of Henry W. James as an educator of experience, and believing that he enjoys the confidence of the people of Omaha and that he is thoroughly identified with the best interests of the public schools and the their prosperity can be served by his retention. Therefore be it resolved, That we most heartly enforce and recommend to the board of education the re-election of Henry M. James as superintendent for a term of years, and Be it resolved. That a copy of these resolutions be sent to the board of education as an expression of the alumni of the Omaha high school, and be it.

Resolved. That a copy of these resolutions be sent to the daily papers for publication.

The graduates of the high school now numper 340 members and are being augmented at influence will certainly be felt, and it is con fidently expected that some of their members will be suggested for the school board at the coming election. In this respect the alumni of Omaha are following in the footsteps of similar associations in New York, Boston and Philadelphia, where the graduates of the pub-lic schools are a strong factor in school af-

fairs.

Father Williams' Flock Picnics. The Sunday school scholars and the mem bers of St. Barnabas Episcopal church en joyed a picnic at Hanscom park yesterday afternoon. The little folks were infinitely happy as they rolled and frolicked over the green sward in the shade of the beautiful At 4:30 a delicious luncheon was spread and the entire party, numbering about seventy, sat down to the evening meal, surrounded by the enchanting scenery of the

Rev. John Williams, the rector, was there and appeared to be as young in his heart as any of the party.

Nice Blotting Pad.

Something new and very neat in the way of blotting pads are those just gotten out by Naugle & Co. The pad is much more attractive than the ordinary insurance blotter. and is much handler and more serviceable. Through a transparent blue leaf of gelatine appears the brief ad of the firm, which anunces a stock of railway ties, telegraph poles, fence posts, paving blocks, lumber, piling and cedar shingles, with office at 1702 Farnam street, Ben building Omaha. On the left is a handsome cut of Tun Ben building ing. The blotter is exceedingly ornamental

as well as useful. THE REALTY MARKET.

# CRETE CHAUTAUQUA CLOSED.

Much Satisfaction Expressed by Those Attending toe Successful Session.

HOPKINS-M'KEIGHAN SILVER DEBATE.

Brilliant Arguments on the Money Question Attract a Large Audience - Final Scenes Around the Camp.

CRETE, Neb., July 11 .- [Special to Till Bee. |-After the rain the sun yesterday shone out from a cloudless sky. The day was an excellent close to a successful assembly session. Great satisfaction provails with the programme and the way it has been carried out. All the features announced have appeared and praise for the management is overywhere heard. Many of those attending this session have made preparations to be here next year. This is a sure sign of pleased patrous.

The subject of the 8 o'clock devotional service and bible reading was "The Free Children of God." Like all of the morning services the last one was full of interest. The chorus met at 9 o'clock as it has done

every day, rain or shine, this session. For upwards of an hour the vocal artists advised "My Boy To Say No!" and frequently during the interval slipped off onto the more difficult selections which were rendered in public later in the day. The forenoon normal class considered "The

Captivity at Baoylon."
Dr. Duryea's bible students' class held its last session at 10 o'clock.
At 11 o'clock a large audience gathered in the pavilion to listen to a grand concert by the assembly chorus under the direction of Dr. H. R. Palmer. The programme consisted of ten numbers, all of which were finely ren-dered. The programme follows:

At 2 o'clock the great debate between Mc-Keighan and A. M. Hopkins of Omaha occurred. The question was: "Resolved, That the Free Comage of Silver is Undesirable," Mr. Hopkins first spoke on the affirmative. Among other things he said: "During the last ten years the population of the United States has increased 30 per cent and the money circulated 69 per cent, yet the prices of commodities have increased, therefore the price of commodities does not depend on noney circulation. All countries are subject to great trade fluctuations which cannot be traced to a cause. The Tulip craze in Holland is an example. Our latest wave of real estate speculation culminated in 1887; since then liquidation has gone on. Crops have also recently failed. accounts we have had financial emparrasments. Senator Stanford's scheme to make money for the people resembles John Law's bupple of many years ago. The friends of silver, on account of the apparent temporary success of their schemes, are becoming confi-dent. We have coined in the last eighteen years more silver many times over than in the fifty years preceding. "On account of present uncertainties cap-

italists are holding on to their wealth. The remedy for the present crisis is for our government to stop its silver purchases, and show the world we mean to maintain a gold standard. For the last eighteen years silver has steadily fallen in value. The cost of producing silver is only 51 cents for each ounce. In producing silver the workingman gets 18 cents on each dollar of profit, and the bullion kings receive the rest. [Applause.] The silver mining interests have added more millionaires to our construction. added more millionaires to our country than the farmers of our country are asked to sign petitions asking our law makers to establish free silver coinage. During the last forty years there has been a large displacement of silver by gold, which has helped to reduce the price of silver and to sustain gold. The late Alexander Hamilton said that if only one metal was to be used for money, that metal should be gold, for well known economical reasons. In 1853 congress decided that a double standard was impossible for any length of time. This carried us to a point where a ratio between gold and silver was of not the slightest concern. Prosperity was a a result. Had not the civil war come on us we would never have changed from a gold standard to a bi-metallic. Our history has shown us throughout a preference for gold nstead of silver whenever a choice has been

The effect of gold in France from 1820 to 1865 was to drive out silver, which was retained only by under, valuing it, just as the American system manages the problem today. Germany fell in with France and the United States in supporting gold about 1850. Every business man believes gold to be the most stable of exchange. This fact is undeniable. If we have free coinage therefore all Europe will immediately trade their silver for our gold. This conclusion is drawn from many previous examples afforded by history. Increase in the production of silver never leads to a more extensive use of it in

exchange. The contrary may be said as re-gards gold. The gold pushes the inferior metal from use." Mr. McKeighan then spoke. He said: 'My opponent says that the amount of cir culating medium does not influence prices no political economist says this. I want my statements to be borne out by the legislative history of our country. The civil war did not produce the bimetallic system. It was the unjust system of banking. The panie of 1857 resulted from a system of bank credit which ruined bundreds of homes. The great test of national endurance which took place during the civil war was so severe that gold was found wanting and government treasury notes were necessary. Then 'the honest dol-lar fellows' moved not on Richmond, but on Washington, and protested. A conspiracy of organized wealth is today striking down silver and trying to keep it down. The greenback law provided a market for the wealth of he gold owners, since duties and interest on the public debt had to be paid in the yellow metal. The national banking law was also against the people and in favor of the speculator. In 1869 congress declared that the bonded debt of the country should be paid in coin. The people vainiy protested. In 1870 the funding bill was passed which said the public debt, principal and interest, should be paid in coin. In 1873 the demonitration of silver was the crowning act of the greatest conspiracy which has ever disgraced our government. The American people never demanded the gold standard. The matter was never even discussed, and congress did not know what it was doing when it passed the demonitization act."
A grand concert last evening closed the session of the Nebraska assembly for the

season of 1891. Building Permits. The following permits were issued by the superintendent of buildings yesterday:

B. Kitchen, one and one-half story brick stable. Thirty-second and Far-nam streets ohn L. Llolen, one story frame cot-tage. Twentieth and Clark streets. lenry Co dev. one and one-half story 1,10 tage. Twentieth and Clark streets.... Henry Co dev. one and one-half story frame residence, 18.5 North Eighteenth Five minor permits

In the year 1881, there arrived in this councity, in company with his cousin. Chan see Tonz, the Chinese Consul and son, Chang Gee Wo, the Chinese doctor.

He came here as medical adviser to the above and other Chinese dignitaries, for the purpose of seeing the New Orleans exposition.

Thus by the merest accident there arrived in this country the only Chinese doctor who ever came here.

This eminent physician, who from the marvelous, almost miraculous, cures he has wrought in Omaha and vicinity, for the past two years, is termed the Chinese wizard, offers his services to all those who are sufferfiers his services to all those who are sufferfiers his services to all those who have been given up in despair.

Of course the dector does not claim to have

he especially solicits those cases which are pronounced incurable or which have been given up in despair.

Of course the doctor does not claim to have any supernatural power or even to have any supernatural power or even to have any wonderful secret which no other thoroughly educated Chinese physician does not possess. Yet he is the son of Chan Jox Kong, lately deceased, who was one of the most renowned doctors in China, consulting physician to the governor of Canton, and who possessed many skillful compounds which have been in the family for generations.

The doctor is aware of the great prejudice existing here against the Chinese. People here are wont to judge the whole race by its representatives here, who are principally colles. About the Chinese proper, who are the brainfest people in the world, they are uninformed. Who, for instance, is aware of the historical fact that Chun Ning discovered 72 poisons and their antidotes more than 2,400 years before Christ? (See Encyclopedia Brittanica), More than 4,000 years ago. Why materia medica is in its Infancy here, comparatively, Travelers say that the Chinese drag and methods of cure are wonderful, (see Willard's Middle Empire), and that China when she discloses here stored secrets, will astonish the world Dr. Hoson has given an analysis of 42 medical agents enumerated in one of the popular Chinese dispensations, wherein the Chinese anthor gives the name of each one, the organ hinese dispensations, wherein the Chinese anthor gives the name of each one, the organ it affects, its properties and lastly the mode of its exhibition, and Marco Polo and Campini of its exhibition, and Marco Polo and Campinin the 12th century, describe them as wonder, futeraptamen and thoroughly versed in the art of compounding medicine.

The doctor could go on citing facts, though at the risk of arousing your incredulity, but it is not reasonable to suppose that the oldest nation on the globe, with over 500,000,000 people, would have every known discuse and have a specific for them. They have, and hundreds of others naknown outside of the thickly populated districts of Asia, which they cure. Take for instance, leprosy, it is only the last stages that they cannot cure.

To the Citizens of Omaha and

Vicinity: Dr. C. Gee Wo is a regular graduate of medicine from China, having taken a thor-ough course of study, extending over eight years, in some of the best Chinese colleget. He offers his services to all those suffering from diseases of any kind, and feels confident that in every case ne undertakes he can do you good.

you good.

Most of the ingredients he uses in his remedies are botanical substances from China, many of them unknown outside of that country. He charges nothing for examination, consul-He charges nothing for examination, consultation or advice. You can call and have a friendly chat with him, and he will frankly state what he can do for you. His consultations and communications conducted in the utn ost privacy and strictest confidence.

His remedies are easy to take and perfectly harmiess. The most of them act on the blood purifying it and destroying the microbes or bacteria.

Perhaps you are suffering from some dis-ease of long standing and have tried almost every remedy known without success. Would it not be well to try the Chinese mode of treatment now, or at any rate call and let Dr. C. Gee We examine the case and tell you what he can do? Dr. C. Gee We has thousands of testimonials in his possession, among which are the fol-lowing: owing:
B. H. YOUNG. 2715 North Twenty-fourth
street. Omaha.—Cured severe cold and rapidiy developing consumption; was told could
not last six months; cured wholly with Chi-

nese remedies

□ MRS, if, LUGE, 1502 Fifth street.—Suffered
with slek headache and, general debility; had
tried all kinds of medicines and doctors. Now on bust and healthy.
M. V. VAN WORMER, 1717 Third street,
ouncil Bluffs.—General debility and pain in
hest; few weeks treatment; never felt better han atpresent.
MkS. F. G. RICE, South Omaha, (Albright).
After trying other remedles for eitht gears
and Dr. Gee Wo's treatment; now completely

JOHN B. HAMMETT, South Omaha, (West JOHN R. HAMMETT. South Omaha. (West Alorght.—Heart disease and pain in chest; short course of treatment; now almost cured. MRS. W. A. NICHOLSON, 937 Eighteenth street.—Rheumatism. thea hemmorrage of the migs and finally heart disease; complete wreek; went to Europe and tried everything now entrely cured by Dr. Gee Wo.

MRS. J. E. YATES, 2959 Q street. South Omaha.—Female weakness and sick headache; could get no relief till Dr. Gee Wo cured me. Will gladly recommend him for these troubles. troubles.

For the benefit of those who cannot see the description he has prepared the following eight remedies for the most prevalent diseases:

BLOOD PURIFIER, RHEUMATISM CURE, CATARRH CURE, INDIGESTION AND DYS-PEPSIA CURE, SICK HEADACHE CURE, LOST MANHOOD CURE, FEMALE WEAKNESS CURE, AND KIDNEY AND LIVER CURE

These troubles can easily be diagnosed and the proper remedies preserved. For all other troubles write, unclosing stimp for question blank and book, as the dector uses a special remedy for each disease.

DR. C. GEE WO, 519 % North 16th Street.
