Baseball Enthusiasts Anxious to Retain Omaha's Pennant Chasers.

PLAYERS ALONE MAY CAUSE TROUBLE.

The Baseball Tangle About Straightened Out—President Krauthoff's Conference with Omaha Lovers of the Sport.

President Krauthoff of the Western Baseball association arrived in the city yesterday morning to see what could be done in the way of straightening out the Omaha club imbroglio.

He was met at the Paxton by several prominent business men, and the whole situation was discussed at length. Those present were Messrs. Garrison, Gallagher, Morrison, Hitechcock, Raymond, Hall, Daugherty, Philbin, McCord, Colpeizer, Paxton, O'Keefe, Honan and McShane.

It was virtually decided to keep the club here, and it is now only necessary to complete certain arrangements already under way. There is little doubt, from the generous manner in which the business men of the city have thus far responded that it would be possible to raise \$30,000 for a new management.

Last evening, as predicted, the baseball management was about straightened out, despite the despicable machination of parties who should be in better business, and the Omaha baseball club has been set on its feet. The completion of the team, however, will be materially changed, as Manager Shannon, Donnelly and McCaskey jumped to the Washington American association team last night, and Twitchell and Phillips are to be sent home to Columbus, O., and Wheaton, Ill., respectively.

That Benefit Game. The Omaha and Eden Muses played a game for the benefit of the Omaha players yesterday afternoon at the ball park. There were only about fifty people present and the players realized \$5.35 each. Jim Corbett, the San Francisco pugilist, played second base for the Omaha, and by his fine hitting surprised all. The score was 6 to 5 in favor of the Muses. The battery for Omaha was composed of Taylor and the Muses, Eiteljorg and Sutcliffe.

Discarded Pool Tickets Made Valuable by the Judges' Decision.

HOW SOME RACE FOLLOWERS PROFITED.

Queer Complications at the Jerome Park Course—Match Between Riley and Longstreet Off Already—Other Sports.

New York, July 14.—The more extraordinary decision of the stewards of the Monmouth park association in the Hackensack handicap is examined the more criticism it invites. A great many people who had backed Fieley Fairry, Correydon, Kildare and the other horses in the race, had their tickets away when they saw Red Del Rey spinning along in front and winning easily. They did not see anything wrong with the riding of San Juan, and as it is a common superstition on a race track that a losing ticket is a "hoodoo," a large number of betting men threw away their tickets as soon as the race was over. On Saturday hundreds of people threw away their tickets, both bookmakers' tickets and those purchased at the French pool boxes, as soon as Red Del Rey flashed by the judges' stand in front of the field.

After the announcement that all bets were declared off, the scramble to recover tickets to the ring into the wildest confusion, but few indeed were the persons who were lucky enough to recover their tickets. The bookmakers threw away their tickets, both bookmakers' tickets and those purchased at the French pool boxes, as soon as Red Del Rey flashed by the judges' stand in front of the field.
