CONTENDING FOR CONTRACTS.

Bidders Eager to Secure a Share of Omaha's Projected Public Works.

BEREA STONE AND BARBER ASPHALT.

Two Articles That Are in Disfavor at Present-Figures Submitted to the Board-Hitches Come Up.

The meeting of the board of public works held yesterday afternoon was of more than usual importance, as bids were opened for curbing and paving a large number of the streets of the city.

The streets to be improved are divided into the following districts: District No. 351, Cuming, from Fortleth to Forty-second street; No. 352, Hamilton, from Fortieth street to Military avenue; No. 353, Fortieth. from Hamilton to Seward street; No. 354, Seward, from Thirty-eighth to Fortieth No. 355, Charles, from Thirty-eighth to Fortleth street; No. Twenty-first, from California to Lard street; No. 357, Lathrop street, from Sherman avenue to Nineteenth street;

No. 358, Davenport, from Twenty-second to Twenty-fifth street; No. 376, Dodge street from Thirty-eighth avenue to Thirty-ninth street; No. 379, Pacific from Twenty-minth street to Twenty-ninth avenue; No. 375, alley between Twentieth and Ewenty-first street north of Grace; No. 272, Thirteenth street to the north line of Paddock place; No. 373 Grace street from the Chicago, St. Paul Minneapolis & Omaha railroad right of way to the east line of Paddock place.

The bids for curbing were as rollows: Red Colorado sandstone: Hugh Murphy d stricts 351, 352, 376 and 379, 65 cents per lineal foot; districts 356, 357 and 358, 64 cents districts 372 and 373, 61 cents. Thomas Ham In, districts 32, 310 373, 51 cents. Thomas Ham lin, districts 351, 354 and 376, 644; cents. C D. Woodworth, districts 352, 353, 354, 355, 856, 357, 358, 373, 374, 372, 375 and 379, 64 cents Berea sandstone: Thomas Hamilin, district 856, 357, 358, 372, 373, 375, 376 and 379, 635 cents, Mahoney & Furnas, districts 351, 352 858, 354, 355, 356, 357, 358, 372, 373, 375, 374 and 379, 6114 cents. Thomas Hamilu, dis-

tricts 856, 857, 858, 872, 373, 875, 376 and 879, White Colorado sand stone, C. D. Woodworth, district 351, 66 cents; districts 352, 853, 854, 555, 356, 357, 358, 372, 373 and 376, 64

Woodworth was given the contract for red Colorado sandstone in districts 376, 352, 353, 854 and 355 at 64 cents. Hamlin captured districts 351, 356, 357, 358

and 359 at 63% cents.

Murphy got 372 and 373 at 61 cents.

The bid of Mahoney & Furnas on Berea
sandstone was rejected, notwithstanding the fact that it was 3)4 cents per foot lower than

Major Furay moved the rejection and each member voted "aye" upon the proposi-Last spring when the board adopted the specifications it was decided to ask for bids

for Berea, Colorado, red and white stone for paving. Heretofore the Berea stone has been used in the prominent buildings and for curbing purposes, but in his motion to reject, Major huray remarked that the stone is not

A prominent stone contractor who was present stated that the board did not intend to use Berea stone, but that bids were invited simply for the purpose of using the agent as a catspaw to keep the price of red Colorado stone down to a reasonable figure. This will make trouble, as the agent for the Berea stone does not propose to submit. Last night a man who represents him and is in a position to speak, said:

"The whole scheme is a most damnable scheme upon the part of the members. We were the lowest bidders on all of this work and now we do not propose to be swindled out of our contract." The members of the board bave nothing to

say upon the subject, aside from the fact that the stone is not as pretty and does not look as well when set, owing to its color. The end is not yet, as the Heren people will apply to the court for an injunction restraining the board from entering into a contract with the Colorado stone contractors, There were four bidders for the paving.

The Barber asphalt company bid \$2.68 per Hugh Murphy bid as follows: Red Colorado sandstone, districts 351, 352, 353, 354 and 355, \$2.15 per yard; districts 356, 357, 358 and 370, \$2.04; district 376, \$2.15; districts 872 and 373, \$2; district 375, \$2.20; brick, districts 351, 353, 354, 355, 372 and 375, \$2; districts 356, 358 and 359, \$1.95.

J. B. Smith bid only on brick. His prices were: Districts 351 to 359 inclusive, \$1.85; 258, 272, 273 and 276, \$1.87.
C. D. Woodworth had in a bid on Sioux Falls granite, red and white Colorado sandstone. For the Sioux Falls stone his bid was: Districts 351 to 358, \$2.35; districts B72, 373, \$2.30; district 375, \$2.40; districts B70 and 379, \$2.35. His bid on the red stone was \$2.15 for districts 351 to 358; \$2.09 for districts 372 and 373; \$2.35 for district 375 and \$2.17 for district 379. On white stone he bid \$2.20 for district 272, and on 273 he bid

The brick contract was awarded to Smith and the award of the stone will be made at a special meeting to be held this afternoon. Major Furay moved that the asphalt con tract be awarded to the Barber company. Chairman Birkhauser said "No, we will readvertise. The price is excessive and form "B," that provided for in the bid, is the poorest quality known to the trade. There is no

\$2.09; district 375, \$2.35; district 376, \$2.19

est quality known to the trade. There is no competition in this matter, as there is only one bid. Asphalt costs less than stone, and the price charged is higher than that charged for any stone in the market."

Major Furay remarked: "Let us reason together. The question is, how can we exercise our discretion in this matter and reject the bid! The company has made its bid, put up its exciticed check and the reconlepacition. up its certified check and the people petition for the paving. If they are willing to pay the price, I don't see how we are to prevent them from having what they want."

Major Birkhauser did not see things in that light. He replied: "This board sits here

the same as though each member was doing business for himself."
"That is not true," cooly responded Major Furay. "We are sitting here to give notice to the public and the public selects the material to be used, and further than this we have nothing to say. If we readvertise for the period of lifteen days the time for select-

ing the material will have passed and this company will be debarred from entering into "Whose fault is that!" retorted the chair-

man. "The price of the material could be reduced at least \$1 per yard and would be if there was competition?" Further consideration of this matter was deferred until the meeting that is to be held

Bids for constructing sewers in districts 143, 144 and 145 were opened and the con-tracts awarded as follows: District 143, Twenty-third street from Leavenworth to Pacific, Hamann & McDonald, 15-inch sewer, 1.25 per lineal foot; 8-inch, 85 cents; man holes, 83.75; catch basins, \$3.75; flush tanks,

S per vertical foot.
District 144, Twenty-fourth street from
Leavenworth south, McGavock & Duily, 15inch sewer, \$1.38; S-inch, 85 cents; man
holes, \$1.90; catch basins, \$3.60; flush

District 145, Thirty-eighth avenue, from Davenoort to Dodge street, McGaveck & Daily, 8-inch sewer, 70 cents; man holes, Colonel Patrick entered a protest against filling up lots that he owns in the vicinity of Twenty-sixth and Lake streets. He denied that the lots are a nuisance, stating that the

water complained of is a clear running stream that flows into the North Omaha sewer. The board will investigate.

Dr. Birney cures catarrn, Bee bldg.

River News.

The steamer Capitola Butt arrived at the Whar! last evening having in tow two barges loaded with goods for local firms. After dropping her tow here the steamer kept on up the river to Sioux City, where she be-legs. The tow boat and her consorts were loaded at St. Joseph and the Butt brothers report having had a pleasant voyage so far.

SOUTH OMAHA.

Encouragement from the Ranges. A gentleman who is greatly interested in the stock business at the South Omaha yards, and has been traveling through the "Panhandle district" of Texas and the territories of New Mexico and Arizona, has written a letter to a friend here giving most encouraging reports of the condition of stock
and the favorable opinion held by
stock raisers of those sections of
South Omaha. From one point he
writes that 1,800 cars will be required to
ship the cattle. He thinks that all South
Omaha wants is a good southwest connection
and this market will soon move into second and this market will soon move into second place as a stock market.

For \$700 to a Finish.

Articles have been signed by Harry Gilmore and John Wilks to fight in Blum's opera house Saturday evening, August 15, for \$700 a side and the entire gate receipts. Harry Gilmore is the man who defeated Jimmy Lindsey last spring, and has a score of victories to his credit. John Wilks is the man who has won every battle he has fought in South Omaha and lately gained such a record in the east. Both men have lots of friends here, as both are perfectly fair, manly and scientific fighters. The light will draw the biggest crewd over at a price draw the biggest crowd ever at a prize fight in South Omaha. People who want to see a match in which science and not bru tality is the governing rule, and professional honor and not anything-to-win the spirit of the contestants, should attend this contest.

Notes About the City.

Charles Brown has gone to Stromsburg. John Frey has removed to Twenty-sixth Richard Daniel, the Gilmore fine stock raiser, was in the city.

Captain Patrick J. McMahon of the police orce is on the sick list. George Keeline of Council Bluffs was over

n business with Persons & Berry, Lee N. Truitt is over from Red Oak shak-ng hands with friends at the yards. Mrs. Conley, wife of James Conley, First vard, is dangerously low with consumption Barney Kelly came down from Sloux City,

terday morning. J. W. Johnson, one of the overworked secretaries of the board of transportation, stole enough time to come up to Omaha yesterday. He left the car at the B. & M. beadquarters. Mr. Humphrey Moynthan, Judge Scales and John J. Healy of Chicago are in the city. They are on a pleasure jaunt through to the Pacific coast. Mr. Moynthan was formerly a resident of Omaha. He is now chief balliff in the county court of Cook county over which Judge Scales president.

Trade in General-

GREAT INCREASE IN IRON PRODUCTION.

Improvement in the Clothing and Shos Trade-Encouraging Outlook for All Northwestern Points-Collapse in Wheat Speculation.

NEW YORK, July 17 .- R. G. Dun's Weekly Review of Trade says: Business clearly grows somewhat more active, though midsummer duliness is still the rule. At eastern cities there is noticed more demand for manufactured goods with larger sales for materlals in the west. Trade is enlivened by the large yield of winter wheat aiready harvested and by the very bright outlook for

other crops. At the south, however, the crop advices are favorable. No improvement appears in business, which is duller than usual and at ome points is pronounced unsatisfactory. The general confidence is strengthened by the financial news from Europe, which indicates that disturbance of the money markets from that quarter need not now be feared, and by the change in the foreign trade of this country, which points to a material reduction of balances payable abroad in specie. Imports at New York have sharply declined, July I amounting to about \$4,300,000 or 18 per cent less than for the same weeks last year. On the other hand, exports of domestic products at this point show an increase thus far in this month of \$1,324,000, or nearly 33 per cent, in compari son with the same weeks last year. There is an increased production of pig iron almost to the unprecedented figures of last year. The sudden increase in production is not in all re-spects a favorable symptom. No correspond-ing improvement in the demand for manufac-tured products is yet seen and the stocks un-sold at only a part of the furnaces are now sold at only a part of the furnaces are now recorded as amounting to about 480,000 tons, showing a very large increase, particularly in coke iron. Unless the demand rapidly improves, the market must soon weaken so far us to test severely the ability of some of the concerns to continue production. Already there is a perceptible weakness in the market at Philadelphia and against severely in the concerns to continue production. leiphia and some concessions in price are noted for pig Iron and for plates, while the narket for structural iron is extremely dull

scanty, the market for railroad bonds being still dull and disappointing. Reports from other cities are generally hopeful.

Some improvement in the demand for goods is seen at Boston. Prospects are considered brighter at Philadelphia. In spite of the usual duliness of the season, an improving tendency is seen at Buffalo and lake shipping revives at Cleveland with a larger demand than a year are. Orders for clothing mand than a year ago. Orders for clothing are good at Cincinnati and the retail trade in dry goods is brisk. At Detroit manufac. turers move very fairly and at Milwaukee trade is helped by improving crop prospects, Receipts of wheat, dressed beef, wool and hides at Chicago show a great increase and new wheat comes in liberally, 85 per cent of it grading No. 2. The ciothing and shoe trades it grading No. 2. The clothing and shoe trades show a large increase over last year, though in dry goods the trade shrinks a little. At St. Paul trade is backward, but prospects are good and for Minneapolis especially bright. Bank clearings at St. Louis exceed last year's by 7 per cent and money is moving out to move crops with freedom while the general trade in all lines. freedom while the general trade in all lines is of fair volume. At other northwest points without exception, the excellent crop prospects are noted as promising improvement, and at Nashville trade is fair, but dull at Memphis, unsatisfactory at Little Rock, falling off at Savannah and sluggish at New Orleans though a better demand is seen for cotton. At Jacksonville trade is better with

As usual of late, the demand for rails is scanty, the market for railroad bonds being

ops in good condition.

The collapse in wheat speculation has come with a fall of 8 cents during the past week, but corn is scarce and 3½ cents higher, while oats have declined about 1 cent. Pork and hog products are higher; coffee has risen a quarter and oil the same, but cotton is un-changed and the general course of prices has been downward as is natural at this season, the fall during the past week having aver-aged hearly 34 of 1 per cent. The money market has generally been in fair shape and collections fair for the season. The business failures occurring throughou

the country during the last seven days num-ber 274 as compared with a total of 247 last week. For the corresponding week of last year the figures were 207. Humphreys' Specific No. 10 Cures dyspepsia, indigestion, billiousness and constipation. For poor appetite, weak stomach, sluggish liver, feeble kidneys, depressed strength, want of vigor, and as an inti-bilious and anti-malarial protective and cure it has no equal. Thousands are cured

The Wahoo roller mills at Wahoo, Neb., will be sold July 27, '91, at sheriff's sale. This will be a good year for milling, as wheat crop is good.

by it. Sold by dealers.

FINE BILLIARD PLAYING.

May be Witnessed Every Night at the Millard Billiard Rooms. Mr. Frank Maggioli has taken the

anagement of the Millard hotel billiard hall. Mr. Maggioli is an expert billiardist and has defeated such well cnown billiardists as Ives and Carter. The Millard hotel billiard hall will be put in first class shape and made the most attractive of any billiard hall in the city. Mr. Maggiori will give an exhibition of fancy shots every evening.

MINNEROUTA'S BEAUTIES. Many People Enjoying the Delights of

the Llack Hills Resort. HOT SPRINGS, S. D., July 17 .- | Special to

THE BEE. | - The days continue cool and pleasant, followed by delightful moonlight evenings. Visitors are arriving daily and the notes are rapidly filling up.

Sunday last was a red letter day here when fully 1,000 people came in on excursion trains from neighboring Hills cities to witness the basebail tournament in which the Hot Springs, Lead City and Deadwood nines participated. The Hot Springs and the Lead Citys were scheduled to play in the morning, and the winning team was to play the Deadwoods in the afternoon. The grand stand and bleachers were crowded with spectators and excitement ran ligh all through the games. A great deal of betting was done on both nines. The morn ng game was won by the Hot Springs, in which they defeated their opponents by a core of 8 to 3. This was the first time the Lead City nine has been beaten this season. Owing to the pitcher of the Hot Springs nine being somewhat tired from his morning's work he did not show up so well in the after-noon, when the team was beaten by Dead-wood, 12 to 7 People are very eathusiastic over baseball in this section of the country and the games are well patronized. Next cason will probably witness the organiza

tion of a Black Hills league.

Yesterday the B. & M. road completed its telegraph line to this city. G. W. Holdrege, general manager, accompanied by Mr. and Mrs. Thomas I. Kimball, came in on a special car yesterday.

The man so brutally assaulted the night
King & Franklin's circus was here is beginning to recover, a successful surgical opera-tion having been performed by Dr. R. D. Jennings of this place, in which a piece of fractured skull was removed from the brain. The perpetrators of this deed were captured

at Buffalo Gap and are now lodged in jail ere, pending their victim's recovery.

J. M. Handlin, residing about fifteen miles north of this city, who has been prospecting for tin and gold for the last three months, struck a silver lead one day last week, sam-ples of which were sent to Omaha to be as-sayed. The ore assayed a little over \$5,000 to the ton. He will try and got Omaha captalists interested and organize a stock com-

pany.

The prohibition question seems to be agitaking a number of the citizens of this resort, the inspority of them preferring itemsed sa-loons to the present method of disposing of

THE INCOME OF THE COMPANY.

is derived principally from six sources: FIRST, Earnings of its manufacturing establishments, now in operation and to be built (now 2.01 yearly).
SECOND. Rentals of its farming lands and sales of timber in "stumpage" (estimated is 0.00 yearly).
THIRD Sales of city lots in Tallapoosa. (i.e., for improvement and investment (estimated £.52.0.0 yearly).
FOURTH, Working of its mines and quartes, by themselves or on "royalties" (estimated £10.0.0

4 ADVANTAGES OF THE STOCK AS AN INVESTMENT. PRINCIPAL absolutely secure under any circumstances, the property being paid for in full PROBABILITY of a large increase in each semi-annual dividend by increased earnings and sales. CERTAIN'TY of a rapid increase monthly in the intrinsic value and selling price of the stock itself. Total estimated yearly income of company after construction of railroad, \$525,68101.

\$3.60 PER SHARE UNTIL AUGUST 1 The Company offer to the Public, until August 1, a special registered issue of FULL PAID SHARES of its Capital Stock, forever unassessible, at

PRICE OF STOCK TO BE ADVANCED SATURDAY, AUGUST 1, TO \$4.00 PER SHARE.

Right reserved to Withdraw Stock from sale without Notice after August 1, or advance price to par. Right reserved to Withdraw Stock from sale without Notice after August 1, or advance price to par.

The Directors of the GEORGIA ALABAMA INVESTMENT AND DEVELOPMENT COMPANY have decided to effect to the public until Saturday. Aug. 1, a limited amount of the full-publicapital steek of the company at \$8.60 per share (par value \$100 per share).

If taken as rapilly as was the June issue, the stock will be withdrawn from sale after Aug. 1, and price advanced to par, as only enough will be offered to complete the extensive developments inaugurated on the company's property at Tailineous.

The stock is full paid, and subject to no future assessments under any circumstances.

On million dollars of the St.10.000 capital stock was placed in the treasury of the company for the development of its properties, and the enhancement and protection of the interests of the stockholders.

Under the plan of the organization of the company all receipts from the sale of the Treasury Stock of the company are expended at once for improving and developing the property of the company, increasing its assets to the extent of the amount received.

The entire properties of the company line paid for in full, all the receipts from the sale of city lots go at once to the dividend fund of the company, in addition to the caralings of its manufacturing establishments in operation and its income from other sources.

The stock of the company will not only earn gratifying dividends for the investor, but will increase rapidly in the market value, with the development of the company's property.

The stock will shortly be listed on the New York, Chicago, Philiatelphia and Boston consolidated stock exchanges.

Orders for stocks will be silled as received, in any amount from one share upward, as it is desired to have as many small holders in all sections of the country as possible, who will, by their interest in the company influence immigration to Tallapoesa and advance the interests of the company.

The Company Guarantee Purchasers Immediate Cash for Stock Bought.

At an Advance of 5 cents per share per month (or 171/2 per cent per annum.) At any time (after the month following purchase) they desire to sell prior to its being listed on the exchanges in October, or will secure a purchaser for the stock at their own selling price less 2 per cent commission for making the transfer as the stockholder may elect.

Stock purchased new and held until after the payment of the October dividend (probably 20c per share) will not the purchaser an advance equivalent to 40 per cent per annum. Stock purchased of the company during May or June at 33.50 per share will be cashed by the syndicate if desired immediately after Angust 1st at \$3.55 per share, and stock purchased during July (also stock purchased in May and June) will be cashed after Sept. 1st at \$3.60 or sold for \$3.92 per share on commission as the stockholder may elect.

ing in which a number of sensible speeches were made favoring high license. The Sioux City club house is now completed and will be very popular among visitors this summer. It is pleasantly situated on a high hill overlooking the entire town and surrounding country.

Another popular place for gentlemen will be the Minnekahta club rooms, which are being handsomely furnished. They are situated in the third story of the new Minne-

liquor. A meeting was held the other even-

ated in the third story of the new Minne-kanta stone block which has just been com-pleted. Here strangers will be cordially welcomed and made acquainted with the members of the club. In this block is also situated the new opera house which is about completed and will be a little gem in all its appointments. No expense has been spared n minking it neat and attractive and complete in every respect. Already several plays are booked for next season, and no doubt will be well patronized.

The power house of the Hot Spring elec-

tric light company is nearly finished and the town will soon be lighted in metropolitan style. This company will also operate an electric motor line, and the equipment has already been contracted for. The Short system will be used. The line will be about two

selected, as the moon shone in full splendor and not a cloud was to be seen. The payillion was well lighted up with lanterns and every-thing essential to a good time employed. Those who participated were: The Misses Those who participated were: The Misses Clough of Yankton, S. BOUND TO KICK.

Fifth Ward People Have Their Little

Say Ont. Thirteen taxpayers of the Fifth ward met n Erfling's hall last evening to discuss municipal matters. Among those present were Messrs, Erfling, Osthoff, Birmingham, Counsman, Schnake, Redmond and Jenkins. Addresses were made by several and the different departments of the city and county overnments severely roasted. Councilman Osthoff was kept busy answer

ing questions and making explanations. Mr. Redmond said that he was satisfied with the work of Mr. Osthoff in the coun-cil, but thought Mr. Conway showed a lack of interest and that some thing should be done to stir up matters in the Fifth. He said the ward was in bad shape in regard to getting the recognition due it, and he was willing to join hands with any one to better the condition of the ward and the city. "There are too many offices," continued the speaker, "especially in these hard times. Let us go in for retrenchment at the next election and ask the other wards mules in length.

Wednesday evening Miss Evans gave a moonlight pichic on Lookout mountain. A more favorable night could not have been selected, as the moon shone in full splont, and not a cloud with the stealing fund. I would not a cloud with the stealing fund.

the politicians and the gang run the whole Mr. Osthoff was called on to tell what he rnew about the smoke consumer for the city Some of those present evidently hought there was a job in that. Messrs, Counsman and Ostnoff had a little tilt about the city hall contracts, but the discussion was shut off and peace reigned once

The county commissioners, Dr. Gapen and oroner Harrigan all came in for a roasting and then resolutions were passed demanding that the nominating committee nominate honest men for the ticket at the next elec-

DEATHS.
