

REPEATES ALL CLAIMS.

Agent Charlton Advises Finley to Appeal to the Courts.

CONSIDERED OUT OF THE ASSOCIATION.

Chicago & Alton Officials Declare That the Boycotters Can Pay All Expenses as They Deserve the Benefit.

Chicago, Aug. 5.—General Passenger Agent Charlton of the Alton and Chairman Finley of the Western Passenger Association had a fresh tilt today. The chairman with remarkable persistence again presented the bill for \$5 against the Alton for its proportion of the expenses of the association for the month of June, 1891, and urged its prompt payment in order that proper credits might be shown in the regular monthly statements. To this Mr. Charlton replied: "In relation to the bill for \$5 which you claim is the Chicago & Alton's proper proportion of the expenses of your association for the first half of June, please see the last paragraph in my letter to you July 1. I had presumed that would settle the question and I thought you understood it. If you did not, I thought for us in the month of June you should leave us without protection and by this ingenious proceeding delay independent action on our part to protect ourselves, I don't see what claim you have against us. You did no work for us, but did work against us and we hardly care to pay you for that. If you can, in violation of the agreement, arbitrarily exclude us from the association when you please, are not we fully at liberty to stop paying when we please?"

"Considering the damage that has been inflicted upon us by lack of proper protection to which we were entitled and our delay in independently protecting ourselves occasioned by your course in leading us to believe that you intended to take action, it seems to me we have a claim for damages against you instead of your having any claim against us. Apparently this leaves the association with but two alternatives open to it. One is to institute legal proceedings against the Alton for the amount named in the bill, the other is to drop the whole matter and reapportion the expenses of the association for the first half of June with the Alton. You have not considered likely that the first of these alternatives will be adopted.

NO REDUCTION FOR THEM. A meeting of the passenger officials of the Chicago and St. Paul lines was held today to consider a proposition from the Northern Pacific and the Great Northern roads. In consequence of the existing relations between the Chicago and the Missouri river lines, the two roads named have asked their St. Paul connections to accept an arbitrary \$10 between St. Paul and Chicago. It is believed that the Chicago and St. Paul lines are ready to act with the Northern Pacific. The others rejected it on the ground that \$10 is less than their own connections with the Chicago and St. Paul lines. The Chicago and St. Paul lines are ready to act with the Northern Pacific. The others rejected it on the ground that \$10 is less than their own connections with the Chicago and St. Paul lines.

COAL RATES FIRM. Local coal dealers are talking as if they still expected the railroad to yield to their demands and reduce the rate on hard coal from \$1.20 to \$1.00 per ton from Chicago to the Missouri river. A traffic official said this afternoon that the coal men were entertaining a false hope as the recent action of the Western Freight association on that question was accepted as final by all lines and there will be no reduction made.

SCHEME TO REORGANIZE THE COMPANIES. The Central trust company of New York filed bills of complaint in the United States circuit court today against two of the companies controlled by W. E. Winner who failed to pay a large amount recently, the Kansas City bridge and terminal company and the Chicago, Kansas City & Texas railroad company. The New York company institutes the suits against the trustees to whom the bonds and mortgages of the two companies were assigned. It asks that both the companies be put in the hands of receivers and seeks to have the courts enjoin the trustees from disposing of any of their assets until they are placed in charge of the receivers.

PROF. FITZPATRICK CONFIDENT.

Certain of Getting along well in His New Position. Prof. Frank W. Fitzpatrick, superintendent of schools, will leave for Kansas City Saturday to bring his family to Omaha. Speaking of the four expressed by certain members of the board of education in connection with this fall of members of the board who may be hostile to him Prof. Fitzpatrick said: "I am not disturbed by any such fears. I know no difference in the course to be elected to the school board just so they are fair-minded men who wish to do the best that can be done for the Omaha schools. If I cannot convince the board of the course to be followed in a few months that I am honestly doing all in my power to make the Omaha schools a success then they can have my resignation. I feel confident that I shall be able to do the best for the Omaha schools in a very short time and the work will meet my approval. I shall endeavor to treat every teacher justly and there certainly can be no fault found with the work before him.

SOUTH OMAHA.

Omaha Man Poisoned. A Leach of Omaha, while at the Benson hotel last night took about four grains of morphine and is now in a critical condition. The unfortunate man was discovered early this morning and a physician was at once summoned and everything possible done for him. His friends, the unfortunates, were removed to the police station where medical aid was doing all possible. The attending physician said at 1 o'clock it expressed a belief that the patient would live. No cause is known for his taking the deadly dose. On his person was found a package of morphine, containing a box of Schmidt's No. 10, 1513 Dodge street, Omaha, properly labeled. The attending physician says that there were ten grains of morphine in the package and that about ten grains had been taken by Mr. Leach.

Omaha Man Injured.

Henry Brown, residing at Twelfth and Van Camp streets, Omaha, engaged as an overcooper on the Brown Park school house by Eggers & Beck, met with a serious accident yesterday afternoon that has given him considerable pain and will lay him up for several weeks. Mr. Brown was on the upper story and moving a load of brick laid backwards to the ground some twenty feet. The brick and mortar falling with him, Mr. Brown was held for a moment by a fellow laborer and cared for till a surgeon arrived. An examination revealed a fracture of the backbone and exterior injuries with evidence of internal injury. It was most fortunate that the man was not killed. Mr. Brown received every care and was well.

Encouraging Reports.

Traffic Manager Sazo of the Chicago, Rock Island & Pacific has written a most encouraging letter to Manager Babcock of the stock yards, and has assured Mr. Babcock that arrangements for increasing the volume of proper tariff rates from the west to Omaha, and that better adjustments be made, stock will be handled at current rates and a special engine will haul it from Nebraska to Lincoln. The Rock Island expects a very large business from Colorado this fall and is now only waiting for the weather to open. He thinks that South Omaha will have a very good season, to congratulate itself on the new line to Colorado.

THE BANK CLEARINGS.

Real Estate Owners Inquiring About the Continued Decrease. At a recent meeting of the Real Estate Owners' association the committee appointed to look into the trouble among the local banks and the falling off in the clearings, reported as follows: OMAHA, July 25.—[To the Board of Directors of the Real Estate Owners' Association.]—Gentlemen: Your special committee, to whom was referred the matter of considering the condition of the clearance house reports in Omaha, call to report: We find that the decrease in bank clearings is considerable, in fact, by act year our total failure; that from 65 to 70 per cent decrease is on account of the fact that the business of the National Bank of Commerce (and its correspondents) through the clearance house; that a change in the rules of the clearance house reduced somewhat the daily balances as compared with last year; that some of the South Omaha business now goes through the clearance house, and bankers generally are disposed to put this line of business on a level par with the other.

With a view, if possible, of reconciling the differences existing between the National Bank of Commerce and the clearance house association, we called upon the officers of the National Bank of Commerce, who furnished your committee with the following information: It is their policy to extend their clearing house to the city of Omaha, and to the committee (Messrs. C. C. Chase, C. A. Taylor and J. S. Gibson) appointed by the advisory board of the Real Estate Owners' association, to investigate the matter. We would be glad to do anything we can to make our clearing house a success, but the facts, immediately on our organization as a national bank a year ago we filed an application for membership in the clearing house. Our application received no attention, so far as we are advised, until March 9 last, when, without any knowledge on their part of our position, and without allowing us the opportunity of presenting a defense or explanation, the members of the clearing house, by a unanimous vote, that the National Bank of Commerce had violated the rules of the clearing house and should be deprived of any privilege thereof. It is our policy to extend our clearing house to the city of Omaha, and to the committee (Messrs. C. C. Chase, C. A. Taylor and J. S. Gibson) appointed by the advisory board of the Real Estate Owners' association, to investigate the matter. We would be glad to do anything we can to make our clearing house a success, but the facts, immediately on our organization as a national bank a year ago we filed an application for membership in the clearing house. Our application received no attention, so far as we are advised, until March 9 last, when, without any knowledge on their part of our position, and without allowing us the opportunity of presenting a defense or explanation, the members of the clearing house, by a unanimous vote, that the National Bank of Commerce had violated the rules of the clearing house and should be deprived of any privilege thereof.
