PROHIBS IN CONVENTION.

Session of Yesterday Entirely Devoid of Bathism. According to the Treasurer's Report Last Year's Defeat Cost the Party Nearly Twenty-five Thousand Dollars.

LINCOLN, Neb., Aug. 6.—[Special to THE BEE.]—The prohibition state convention opened this morning with prayer and music and then it got down to business by electing the following executive committee for the campaign:

First congressional district, Mrs. D. G. King, Lincoln; Second, S. E. Wilcox, Omaha; Third, E. P. Wilson, Norfolk; Fourth, Walter Williams, Mead; Fifth, George Scott, Sutton; Sixth, O. R. Boeben, Broken Bow.

A committee for each county was also named, and then the platform prepared by the committee was presented. Less than two hundred persons were present, and the platform was adopted with little discussion and few changes.

After the resolution plank on the suppression of intemperance the platform declares for governmental control of railroads and telegraphs, for making it a felony for a public official to connive at the running of houses of ill fame by exacting a monthly fine, for penalties for all soldiers, for the issuance of money direct by the government at a fixed rate per capita, for gradual income tax, against trusts, for the abolition of the internal revenue, against aliens voting until fully naturalized, for female suffrage, for electing the president, vice-president and United States senators by direct vote, for electing presidential electors by districts while the present system prevails and against all laws regulating the ballot.

The following state ticket was nominated: For judge of the supreme court—R. W. Richardson of Omaha; for registrar of the state university—Rev. William Grant of Neligh and Mrs. Caroline M. Woodward of Seward.

Report of the treasurer showed that \$24,400 was spent in the last campaign, leaving a balance of \$90 on hand. About 8,000 copies of the constitution were distributed. The state board of transportation is open for applications for positions under the warehouse act.

It was Treasurer Hill's lining today, and the banking board appointed his nominee, Creditors of the State of Nebraska, as examiner to succeed Mr. McNaughton of Hastings, resigned.

This makes a complete change in the examination of the state accounts. The late Auditor Bent and his successor by Crody Attorney General Hastings selected W. H. G. Garver as his successor.

The board also gave the Illinois Building and Loan association of Bloomington a permit to do business in this state. This is the first national company that has been admitted to Nebraska under the new law.

DANGEROUSLY SICK. Judge G. P. Mason returned yesterday from St. Louis, where he has been recovering his general health as improved, but his friends have grave fears for the judge's recovery.

"GRAIN AND GOLD."

Relations of Men to the Great Struggle for Bread. LOUIS, Neb., Aug. 6.—[Special to THE BEE.]—Eschschauer Charles W. Van Hook lectured at the Long Pine Chautauqua today on "Grain and Gold."

He held the attention of a large audience for some two hours. Among other good things he said: "The hardships of the struggle for bread in America are an unjust and unchristianlike way of enforcing the shyness and heartlessness of the money power."

The struggle against which wealth and power are arrayed is for bread—bread for the multitude. The voice of the people is only the voice of God when the whole people, not an educated minority, speak the truth.
