KANSAS CITY, Mo., Aug. 14.- [Special Telegram to THE BEE. [-Kansas City won a game from Omaha today afte ten innings of the hardest kind of scratching by the score of 12 to 11. All this season time after time Omaha has taken the Biues, picked them up, thrown them down again and gone about its business. For a time today it looked as if the same dose would be inflicted again, but the Blues braced up and aided to some little extent by a decision or two of Umpire Knight's, pulled the game out of the fire.

When Manning went to the bat in the tenth inning of the score was a tie. The manager then hit out a beauty to center field and took second on Katz's sacrifice. Picket fouled out and Elmer Smith was given his base on balls. Manning then stole third and Elmer trotted down to second, and so when Stearns came to the bat there were two out and two men on bases, and a hit would win Matters became pretty interesting when

two staikes and three balls had been called. On the third called ball there was a gigantic kick. Keefe swore it was over the plate, and so did Walsh and so did "Pop" Smith. Catcher Fields jumped up and down in his rage, but Knight said it was a bad ball, being too far out. It is not necessary to say that Danny Stearns agreed with Knight and told him that he had one of the keenest eyes it had ever been his good luck to fall in with. The uext ball was a good one and Stearns went after it. He got it safe over second base and Manning and Smith came in. The hit won the game. Score: KANSAS CITY.

Lincoln Made Another Dive for Bot tem Place at Home

LINCOLN, Neb., Aug. 14.- [Special Telegram to THE BEE.]-The Mountaineers downed the Farmers today in the seventh inning. Up to that time the Denver boys were able to make only one score and the game was as pretty a one as a person could wish to see. The Farmers had up to that point outbatted the visitors and their fielding was above par.

In the fatal seventh Mountaineer Sprague made a base hit. Wilson followed with a two-bagger, Gilifland struck an easy fly to second and Jack Rowe, who apparently had a dead einch on it, let it roll over into center field. This exploit allowed Sprague and Wilson to amble to the home plate. This misfortune seemed to have a depressing effect on Pitcher O'Day, as the next ball let from his mortar was knocked almost to his mortar was knocked almost to the verge of Antelope creek, Gililand walked leisurely home and Burns went flying clear to third O'Connor made first on fielder's choice. Beard made a two-base hit and scored O'Connor.

No more tailies were made by Denver, but
the mischief was done and the best efforts of

the local team were rewarded by only two LINCOLN.

Giants Battered the Musees. BEATRICE, Neb., Aug. 14 .- [Special Telerum to THE BEE. |-One of the best games of ball occurring here this season was played this afternoon between the Lincoln Giants and the Beatrice club. Both clubs were on their mettle and played their best. In the sixth inning a rash decision by the

ampire nearly caused a row, but it was finally quieted down.

Motz of the Beatrice club was struck twice severely while at the bat. This also started up a breeze, and the Giants, who were in the field, came and grabbed their bats with a view of taking a hand in the row. The trouble chiefly originated with two or three half-orunken headlums. Matters finally quieted down and the game continued. The core:

Financial Storms Rage High and Loud Around the Home of the Coloneis. Louisville, Ky., Aug. 14.-The stockholders of the Louisville baseball club met this afternoon to consider the efforts of ex-President Parsons to dispose of a controlling interest in the club. It is now stated that Parsons did not succeed in selling to Gillette of Milwaukee because Gillette did not b.lieve the association's consent to the transfer to Milwaukee could be obtained, and he preferred the Cincinnati club. At the meeting a pool was formed and 754 shares of stock was placed in the hands of Attorney Zack Phelps to secure the retention of the club in this city. This lacks about three hundred shares of a controlling interest. Parsons claims to have 1,035 shares under a legal agreement, and this carries the control. He is tooking for a buyer and says he will sell when he gets his price.

Northwestern Regatta. DETROIT, Mich., Aug. 14.-The twenty third annual regetta of the Northwestern Amateur Rowing association was opened today at Des-Chree-Sho-Ska island. One of the features of the day was Edward Hanlan's exhibition.

The second event was the four-oared race with the following entries: Wyandotte No. 1 of Detroit; Tecumseh No. 1 of Waterville; Western of St. Louis; Mutual of Detroit; Wyandotte No. 2, Techmseh, No. 3 and the Wolverines of Detroit. The Wyandottes No. 2 got the best of the start and were never reached, winning in 9:05%; Tecun second in 10:02; Westerns third in 10:30. Bill Hoover was not in the same yesterday says the Kansas City Times of Friday. He has been suspended indefinitely, without pay, He came on the ground yesterday in no condition to play ball, being three or four "sheets in the wind." He was promptly laid off. For a few days Manning will get along without extra fielder, using one of his pitchers in

Hoover would be one of the best ball players in the country if he would take care of himself. He is a hard hitter and a fast fielder, out this season he has seemed to care little about the team's success. He is the man re-ferred to in the Times of Tuesday as being scheduled for suspension unless be braced

Manager Manning is on the right track now. If he will just bear in mind the fact that experience in basepoil teaches that no pall player can play well enough to make up for the ill he does the game if he is a lusher or a disorganizer, he will do well and will have the support of the "fans."

Milwaukee Thinks She's Safe MILWAUKEE, Wis., Aug. 14.-President Gillette of the Milwaukee baseball club received a dispatch tate this afternoon stating that Louisville, Washington, Boston and Baitimore have assented to the proposed transfer of the Cincinnati team to Milwau-kee. Scribes Who Essayed the Role of Jockey- ne Nervous Soul Who Weakened at the Last Moment.

Cuicago, Aug. 4.-The much talked of 'Newspaper Derby" was decided today at Garneld park. It was the seventh race on the programme and the newspaper fraternity turned out in force to witness this struggle. Hon. Henry Watterson was an interested spectator and occupied a chair in the dges'ju stand. When the bogle sounded the following scribes appeared on the track mounted thus: Mr. L. C. Low of the Times, on Morgan; Mr. L. E. Titus of the Globe, on J. T.; Mr. Boylan of the Inter-Ocean, on Governor Wheeler; Mr. B. V. Deilow of the New York World, on Zoolte and Mr. A. Meideing of the Staats Zeitung, on Mose. The distance was one mile and the winning jockey was to receive a handsome gold watch valued at \$250.

moment Mr. Martingale of the evening Journal, was substituted in his stead. The Globe was a favorite in the betting, with the New York World a strong second choice. Track was good. The World immediately pushed to the front and going down the back stretch was two lengths in front of the Globe, the Inter-Ocean next and the Times last. This order was maintained to the turn for home, where the Globe challenged the World. These two swung into the stretch on even ferms, but at the last sixteenth pole the World drew away and bulled up under the wire a winner by a length amid much enthusiasm. The Globe was second, Inter Ocean third, Staats Zei-tung fourth and Times last. After the "jockies" dismounted and were weighed in, Mr. Watterson stepped to the front of the judges' stand and in a happy speech presented to Mr. Dellow the beautiful watch. The other races resulted as follows:

SENSATION AT OTTAWA. Inportant Developments in the Cana-

N. Armstrong, who had previously refused to answer certain questions, made a clean breast of it. He said that when the effort to reorganize the company failed he set about organizing a new syndicate, as he had heavy claims against the road in New York, and neld a lengthy conference with Premier Mercier and other members of the Quebec provincial government. In order to complete the deal he had got Ernest Pacaud, editor of L'Elrecta, the Quebec government organ, to act as agent between himself and the Quebec government. An arrangement was made by which the government paid him in subsidies \$175,000. The witness, realizing that "half a loaf is better than none," as he expressed it would be present \$100,000. expressed it, repaid Pacaud \$100,000. His own share was only \$75,000. This statement own share was only \$75,000. This statement created a sensation. Witness said that Pacaud, when the deal was on, complained at the delay of the Quebec government in paying the money. He showed witness a list of names of persons whose debts had to be liquidated. Among the names appeared that of R. I. Tarte, M. P.

Salmon Fishers Strike. San Francisco, Cal., Aug. 14.-The bark Nicholas Thayer, which arrived last night from Kodiak with a cargo of salmon, brought down 136 fishermen who had struck because the canners refused to take all the salmon caught, the men claiming this was the agreement under which they shipped. It is ctaimed by the canneries that the agreement was to take 72,000 fish per day, and had they accepted more, the over supply would have to be thrown away, and the canners could not stand the loss. Fishermen state that the run was comparatively poor at the beginning of the season. The strike, it is predicted, will have an important effect on the outside. The outlook of the Kodiak canneries this season is serious, as but sixteen fishermen remain in that vicinity. The can-

peries will endeavor to procure fishermen Had His Nerve Right With Him. IMPRESSIVE FUNERAL RITES.

PRESIDENT POLK'S WIDOW PASSES AWAY.

Unseemly Scramble for the Place of Congressmen Gamble of South Danota, Whose Death Occurred Yesterday.

Bostov, Mass., Aug. 14.-Simple but impressive funeral services over the remains of the late James Russell Lowell were held in Appleton chapei, Cambridge, at noon today. The chapel was crowded to overflowing, and many were unable to get in. Seldom has there been witnessed such a gathering of those distinguished in literary and other professions as gathered to pay a last tribute of love and respect to the deceased author, critic, poet and diplomatist. There were no services at Elmwood, the poet's late nome.

Shortly after 12 o'clock the funeral procestion moved into the church. The services in the church, which were conducted by Bishop the church, which were conducted by Bishon Phillip Brooke and Rev. William Lawrence, were very simple. The pall bearers were Dr. Oliver Wendell Holmes, Christopher Couch, John Holmes, Prof. Charles E. Norton, Prof. Chilas, C. F. Choate, George W. Curtis, William Dean Howells, Prof. Bartlett and President Ellot of Harvard. The loral tributes, ware very few in number and local tributes.

floral tributes were very few in number and modest in character.

The pell in the little chapel in the Mt. Auburn cemetery tolled solemnly while the hearse bearing the remains of the poet, followed by many carriages were drawn through the gates. In the cemetery there was a great crowd gathered. When the cortege entered the cemetery through the grand archway the police cleared the space about the grave and none but the mourners were allowed in close proximity thereto. The long train of carriages wound around the avenue past the miniature lake and up Fount in avenue to the new made grave. Besides the luxuriant nornbeam trees all about, and the great elms and beach trees, the spot is one of the most picturesque in the great cemetery. The fresh upturned earth was covered with newly cut fir, and golden rod was thickly strewn about. The wide-spreading tangled foliage of the hornbeam trees was held in bounds by garlands of fir The people clambered upon the hill and sat about the grass as the precious burden was lifted out by the pall bearers and with un-covered heads the mourners stood beneath the waving trees

The relatives and mourners then returned to their carriages and were driven away. lefforts the People Are Making to Care for the Old Soldiers.

Mr. Seth P. Mobley of the Grand Island ndependent was in the city yesterday and found time to talk about the way the people of Grand Island are going to entertain the state encampment of the Grand Army, which will be held August 31 to September 5.

A large camp has been laid out north of own on the site of old Camp Grant of five years ago and about thirty drive wells have been sunk on the ground. The committee has secured 1,400 tents and the camp ground will be surrounded by a fence to keep off outsiders. Two regiments of the Nebraska national guards will be at the camp, one on each side of the entrance, and arrangements have been made to issue new uniforms to the guards at Grand Island. Applications have been received for quarters for 10,500 veterans and their families and the indications point to an increase of about 23 per

cent over last year.

Mr. Mobley stated that the committee would be able to provide ample accommodations for all who come, and no effort had been spared to make the encampment the most successful and the largest ever held in the state. Ample provision has been made to supply wood, water, hay and straw in

Arrangements for speakers had not been out promises to attend had already been se ured from General Russell A. Alger, Colo-el Clough and Commandant Lucas, both of he Yankton (S. D.) soldiers' home, and all gressional delegation except Co man Bryan, who had made other arrange-

Free transportation will be furnished all regularly organized and uniformed bands who will onform to the rules of the encampment.

A large ampitheatre will be erected for the envenience of those who wish to view the

oupetitive drills.

The programme will also include squad, company, regimental and brigade drill and a grand review of the troops and veterans by the governor and commandant of the camp. It is estimated that the attendance will be over 50,000 and special advertising agents will be sent out Monday to work the state and boom the attendance,

COST OF STREET LIGHTING COMPARED.

Nebraska's Netropolis in This Respect Ranks Second in the United States-Caeap Fuel Favors the East.

WASHINGTON BUREAU OF THE BEE, 513 FOURTHERNTH STREET, WASHINGTON, D. C., Aug 14. The census bulletin devoted to social statistics of cities which was issued today gives some interesting data concerning the cost of street lighting, water supply, police force and other public matters of the principic cities of the country. The metropolis of Nebraska ranks lowest in the list of those cities which have adopted electricity in whole or in part for lighting purposes. But in one respect at least Omaha can give points to all her sister cities in the union. In the cost of street lighting to each head of her population the expense is ower than in any other city in the country except Buffalo. There the per capita cost is put down at II cents, while in Omaha It is only 26. Buffalo enjoys cheap coal, but her street gas lights cost \$21.78 each per annum against \$31.00 each in Omaha.

Minneapolis gets gas cheaper than any other city in the country. Only \$15.00 per lamp per annum is paid there. The bulletin ought to be in the hands of every aiderman and councilman in the United States. Com-parisons between the cost of public improvements in different cities might be a valuable aid, and a general knowledge of these tables would enable taxpayers to municipal legislators more carefully, P. New Your, Aug. 14. -Although no official statement has yet been made in regard to the conference of Union Pacific directors yesterday, it is generally believed that Alexander E. Orr, ex-president of the produce exchange, was elected a member of the executive committee of the directory in place of F. L. Ames. It is reported also that Mr. Orr has open made chairman of the finance commit-se. He has been prominent in the present Union Pacific situation; he represents large interests in Rock Island and the fact that he has come to the front in Union Pacific is regarded as an indication that the Burington and Rock Island people do not think they can afford to let the Union Pacific lack support. J. Pierrepout Morgan din not attend yesterday's meeting, but it is currently reported that he has gone into the plan for the relief of the Union Pacific to the extent of \$400,000 or \$500,000.
