MOURNED BY MANY FRIENDS.

Funeral of Judge Mason Largely Attended at Nebraska City.

IMPRESSIVE SERVICE AT THE GRAVE.

Numerous Indications of the General Esteem in Which the Dead Jurist Was Held—All State Officials Present.

NEBRASKA CITY, Neb., Aug. 19.—[Special Telegram to THE BEE.]—The burial of the remains of the late O. P. Mason took place in this city this evening. The corpse was accompanied by two coach loads of former friends from Lincoln. The train reached here about 4:30 o'clock.

A large number of attorneys and citizens were at the depot. The body was removed direct from the car to the hearse and the carriages were in waiting to receive the assemblage. The procession was formed at the B. & M. depot and started at once for the cemetery. It was a long line of conveyances and among the number could be seen old citizens who, with moistened eyes and silent voices, mingled with the mourners, sympathizing and realizing sincerely that the state of Nebraska had lost a great man and a warm friend.

At the grave Rev. Houlgate of Lincoln officiated in a very impressive manner. The pall bearers were Governor John M. Thayer, Dr. George L. Miller of Omaha, Judge J. H. Broady of Beatrice, Hon. Charles Wheeden and Judge Morris of Lincoln, Judge M. L. Hayward and Hon. T. B. Stevenson of this city.

All the state officials were present. The grave was bricked up for about two feet at the base. After the casket had been placed in this encasement a large stone slab was placed over it and cemented to the brick work, making the last resting place of the honored dead perfectly safe from interference.

Would Wreck Trains for Fun.

NEBRASKA CITY, Neb., Aug. 19.—[Special Telegram to THE BEE.]—The would-be train wreckers of the B. & M. passenger train at Graf station, east of Beatrice, have been arrested. They prove to be two boys, one of twelve and the other fourteen years of age. They have piled ties and rocks on the track three times for the purpose of wrecking this train, but each time failed.

They confessed to doing the deed, but could give no reason save that they had read of others doing this kind of work and thought it would be fun. They are the sons of well-to-do farmers residing near the railroad and are both well educated for their ages. The road will prosecute them and cure them of the strange mania of which they have become possessed.

Good Crops Assured.

WATERLOO, Neb., Aug. 19.—[Special to THE BEE.]—During the thunder storm last night lightning struck the chimney of Mrs. Samuel Hopper's house, a half mile south of here, tearing it off and leaving its mark all along the roof, then down the side of the house, tearing off some of the siding. The damage is estimated at $50.

The lightning was seen to strike the river bank in several places, but no further damage to property is reported. The rain was needed badly, as corn was ripening up too fast without filling out, and although it will throw it back two or three weeks farmers are now sssured of an average crop.

Hall County's Fair.

GRAND ISLAND, Neb., Aug. 19.—[Special to THE BEE.]—The Hall County Agricultural society's fair will be held on the society's grounds adjoining the city September 1 to 4 inclusive. Washington County's Veterans.

BLAIR, Neb., Aug. 19.—[Special Telegram to THE BEE.]—The thirteenth annual reunion of the Washington County Veteran association commenced here today and will continue tomorrow. As usual, the first day is not quite as well attended as the last, but 101 have registered at the adjutant's tent so far. There are old veterans from all parts of the state, also a great many from Iowa with their families. The register shows comrades from Illinois and other states, and all are having a good time.

The address of welcome was delivered this morning by Adjutant General P. Detemple. After dinner short addresses were made in the park by Rev. D. Rower, Rev. Dr. Patrick, Rev. D. Hutchinson Woods of Calhoun and others. After supper the comrades had a seige of swaping lies among themselves in little groups, and seemed to enjoy their part of the entertainment as well as any. During the evening speeches were made by different comrades in the east park. Probably about one thousand people were out tonight listening to them. Both railroad parks have been lighted with electric lights. Colonel Thomas Hallen and Adjutant De Semple are busy entertaining the comrades and expect to have a very large crowd tomorrow. Hodgin, general secretary of the state association, was present and assured the citizens of good faith in regard to the train. Several communications were read from surrounding towns in the county asking that they be allowed to participate and expressing a willingness to assist liberally.

At the meeting it was decided to raise the amount entitling them to a representative on the train, and an extra sum was also secured for special advertising purposes. The matter of making up the exhibit and other details was referred to an executive committee, with full power to act, and they will meet tomorrow night. Special invitations will be sent to every town and village in the county, and it is proposed to make the exhibit a county affair and one that will well and faithfully represent the district.

At 6 o'clock and in the evening Miss Stoddard and her company gave a concert in the church. Paul Vandervoort will deliver an address tomorrow. Colonel W. C. Reary, Judge W. H. Kearney After New Interests.

KEARNEY, Neb., Aug. 19.—[Special Telegram to THE BEE.]—The citizens' committee for the Holdrege cut off took advantage of the presence of General Manager Holdrege today to lay the matter before him. Shortly after 1 o'clock the sub-committee, together with several prominent citizens, including Mayor Johnson, met Mr. Holdrege at the Midway with maps and statistics. The committee showed the advantage of having a cut off connecting the two trunk lines of the B. & M. and passing through Kearney, thus accomplishing the double purpose of putting Denver in closer connection with the Black Hills and putting Kearney on the main Denver line. Mr. Holdrege expressed himself as favorable to the project, though with the usual style of railroad officials, made no promises. It is intimated that as soon as it would be for the best interests of all concerned he would lay the scheme before the eastern managers.

NEBRASKA'S SUGAR BOUNTY.

Arrangements Completed to Facilitate the Details in the State.

NORTH PLATTE GETS ONE INSPECTOR.

Doctor John R. Thacker Appointed Under the Act Relating to the Subject—Beatrice Public Building Site Appraised.

WASHINGTON BUREAU OF THE BEE, 513 FOURTEENTH STREET, WASHINGTON, D. C., Aug. 19.

Dr. John R. Thacker, a practical chemist of North Platte, was appointed today one of the inspectors under the sugar bounty act, the commissioner of internal revenue selecting him out of the entire list of candidates presented as the only one he would accept. He considers it of the first importance that the inspectors having charge of the beet sugar production, which is a new manufacture in this country and which more than any other requires technical chemical knowledge, should be familiar at least with practical chemical analysis.

Dr. Thacker seemed to be the only man in sight to fill the bill and was accordingly appointed.

The appointment of Hon. Gilbert L. Laws as special inspector, under the alien contract labor law, with headquarters at Omaha, was also ordered today.

In addition to the above Senator Paddock today filed a personal demand on behalf of Senator Manderson and himself for the appointment and assignment to Omaha of one of the six principal officers to be employed in general weather forests. Both Secretary Rusk and the chief of the weather bureau are absent, but the senators will insist on this appointment for Omaha, and Senator Paddock has no doubt that their demand will be acceded by the department. Three or four other Nebraska appointments will follow soon.

BEATRICE'S PUBLIC BUILDING.

The attorney general approved the title for the Beatrice public building site today and the treasury department at once ordered a draft to issue for the payment for the same, and also issued an order for the removal of the buildings from the site. All the preliminary arrangements are being rapidly made to secure bids and to make a contract for the construction of the building.

Senator Paddock has arranged a long leave of absence for Register Nesbitt at the North Platte land office, who was taken seriously ill a short time since.

The senator, having successfully finished all of the official business which he came here to transact, left here tonight. He expects to be detained a week or more on private business on his way home.

POSTAL CLERKS.

First Annual Meeting of the Postal Clerks' Association.

ST. LOUIS, Mo., Aug. 19.—The first annual meeting of the Railway Postal Clerks' association of the United States opened here today with delegates from eleven divisions. The principal business before the convention was the consideration of a bill looking to an increase in the salaries of postal clerks. The bill will be presented to the next congress, also the question of changing the present methods of the railway postal service so as to increase its efficiency. The machinery of the service is not adapted to the constantly increasing volume of business, and it is proposed to relieve all friction and improve the system generally and make life less of a burden for the clerks. The convention will continue three days.

Absconder Mortimer Escapes From the Pursuing Officers.

CHICAGO, Aug. 19.—George O. Ferguson, who represents many of the Lincoln, Neb., victims of the National Capital Savings Building and Loan association, reached here this morning after a ten days' exciting chase, in company with Postoffice Inspector Gardner, after Louis E. Mortimer, the absconding manager. "We were close on his heels all the time," said Mr. Ferguson, "but he was pretty shrewd and got safely away although Mr. Gardner is still looking for him in Vermont. We chased him from New York to Glens Falls where he met a woman and they both went to Fort William Henry. He registered at a hotel there under an assumed name. To the hotel clerk he flashed a roll of bills representing $30,000.

WHIRLING WINDS.

Illinois Farmers Suffer from a Cyclone's Fury.

ST. LOUIS, Mo., Aug. 19.—Dispatches from many points along the path of yesterday's storm in Illinois indicate that great damage has been done corn and other crops. In Hancock county several people were injured and a large number of houses, barns and outbuildings swept away. The cyclone passed over Vandalia. In the country a great deal of stock was killed by lightning and many orchards completely ruined.

Cannot Agree.

DALLAS, Tex., Aug. 19.—In the state alliance now in session here, quite a bitter fight is being waged on the sub-treasury question, but it is evident the larger number favor the sub-treasury scheme. A committee has been appointed to ascertain the exact number of bales of cotton produced in Texas this year for the purpose of protecting the planters against the reports of speculators.

Her Married Life a Failure.

GLENCOE, Minn., Aug. 19.—Mrs. Dickinson of New Auburn drowned her twelve-year-old daughter and herself in a small lake near here yesterday. Her married life has been unhappy and failure to secure a divorce applied for rendered her despondent.

Blew Out the Gas.

CHICAGO, Aug. 19.—The dead body of George E. Milcher was found in bed in a hotel here today. He was asphyxiated, and from the appearance of things it is thought he committed suicide. From papers found on his person it was ascertained that he lived in this city and had been agent for the Northern steamship line. It is thought he was despondent over money matters.

OF NO PRACTICAL RESULT.

Such Has Been the Late International Socialists Workmen's Congress.

BRUSSELS, Aug. 19.—The British delegates to the international socialists workmen convention held a meeting today to consider the committee's report, presented to the congress yesterday, in favor of pledging workmen of all countries not to support a candidate for public office unless he announces himself prepared to advocate reforms for the benefit of labor and the protective legislation demanded by workmen.

The amendment offered yesterday by Herr Bebel, providing that candidates must accept the full socialist programme, was rejected by the British delegates, who declared themselves laborer and not socialists' delegates. They adopted a modified resolution to the effect that workmen should exercise their political rights to secure any useful reform.

When the congress reassembled today debate was resumed on the committee's report. Mr. Kahn of America declared that the committee report was inadequate. "It is useless, he said, "to beg, cringe and fawn for needful legislation; we must forcibly extort reforms and the abolition of the wage system. This congress should declare plainly for a labor war and an unflinching struggle between labor and capital."

The congress, after long discussion, passed the resolution, virtually as modified by the British delegates, with a provision that there be organized in every country a permanent commission to enquire into the conditions of labor.

The passing of the resolution was the signal for a scene of wild cheering.

After quiet had been restored Mr. Kahn opened the discussion on the attitude of labor toward the Jewish question. He urged that sympathy be extended to the Jews.

The committee having reported in favor of a resolution condemning anti-semitism as a device of the capitalist and governing classes to divert the socialist movement and sow disunion among workingmen several speakers reminded the congress that Jewish bangers were also great oppressors of labor. Finally a resolution was passed condemning both anti-semitism and Jewish financial tyranny.

This impossibility of reconciling conflicting opinions and interests is the key note of the whole proceedings of the congress, which resulted in discussions leading to no particular result.

The English delegates have invited the foreign delegates to attend a fraternal demonstration on the field of Waterloo.

IN BIG DEMAND.

Flour and Produce Commanding High Prices in Peru.

SAN FRANCISCO, Cal., Aug. 19.—The steamer George Wielder, which left here last month with a cargo of 1,400 tons of wheat for Peru, arrived this morning fifteen days from Callao. Captain Lewis stated that everything was quiet at the latter port but there was a great demand for wheat and produce, their Chilian supply being cut off. American flour was selling at the rate of $18 per sack, and potatoes brought high figures.

The arrival of an American steamship with a cargo of wheat at Callao was heralded with manifestations of delight by the Peruvians. The warehouses there were emptied, no wheat having been received during the past thirty days.

Lima papers espouse the cause of the Chilian insurgents. While affairs in Peru are peaceful the Peruvian army is being armed in spite of a stipulation signed at the close of the war between Chili and Peru. At the opening of the Peruvian congress on July 28, the president, in his message, said the government had held aloof from the civil war in Chili and pains would be taken to adhere to this policy in order to avoid any cause for complaint.

The Chilian Times says rumors are prevalent of an engagement having taken place between some of Balmaceda's troops and the insurgents, and that other expeditions are to be undertaken.

Vessels belonging to the insurgent fleet, which, it is said, appeared off Valparaiso recently, are reported as having returned to the northern provinces.

Lieutenant Colonel Amazar, commanding a cavalry regiment of Coquimbo, with his squadron and company of battalions attacked in Ballenra, July 10, the foes of the provinces at Acama under Ovalle. The revolutionists entrenched themselves in the streets of Ballenar, but Colonel Amazar succeeded in routing them. Ten soldiers were taken prisoners. Several were killed and wounded.

FIGHT OVER LAND.

Row Between Landlord and Tenant On Cut-Off Island.

"A man has been shot in the willows near Thirteenth and Grace streets," was the telephone message sent into police headquarters about 10 o'clock last night. Captain Cormack called the patrol wagon and, accompanied by a BEE reporter, started for the locality.

It was found that there had been a small fight, but no one was injured to any extent.

Fred Heier rents some land from a saloon keeper named Sesseman. Quarrels about the land have been frequent of late and last night was the third time Heier had been slugged in an attempt to make him vacate. There was the usual row last night, and Heier got a cut on the face and head, but was not hurt much. Some one got scared and sent in the message which called the police. By the time the wagon arrived the trouble had been adjusted and peace reigned again.

AFRAID OF THE BURLINGTON.

Western Passenger Association Members Will Not Boycott That Line.

COMMISSION PAYING QUITE POPULAR.

Generally Believed That the Failure to Observe Contracts As Specified is Wholly the Result of Combined Circumstances.

CHICAGO, Aug. 19.—The officials of the Burlington road apparently have no fear of being boycotted as a result of their action in vacating a portion of the agreement with the board of ruling relative to the payment of passengers' commissions in eastern territory. One reason, current reports had it today, is that it was the board of ruling and not the Burlington that failed to live up to contract.

Another reason is that the eastern roads could not, it is declared, hope to be successful in prosecuting a boycott against two of their western connections after failing against the Alton.

BLIND POOL PERCENTAGES.

The report of the advisory board of the Northwestern passenger pool shows that the following percentages of passenger traffic between Chicago, St. Paul and Minneapolis were carried by the various lines during July, 1891: Chicago, Milwaukee & St. Paul, 17.08; Chicago, St. Paul & Kansas City, 18.07; Chicago & Northwestern, 33.27; Wisconsin Central, 8.84; Burlington 11.5; Albert Lea, 10.79.

It should be noted, however, that special excursion traffic during the month to the amount of 8,000 passengers was diverted by the advisory board to the Chicago & Northwestern and Burlington.

CHANCE FOR RATE WAR.

It was reported here today that the Baltimore & Ohio road having been denied authority by the Central Traffic association to make a special excursion rate of $16 from Cincinnati to Atlantic City next week, has determined to make the rate anyway. The Erie made it $19.25 from Cincinnati to New York and return and the Baltimore & Ohio promptly strikes back by announcing that it will meet any such action by applying the reduced rates between Chicago and New York.

Her oldest boy "Sam" is now a lad of three years and looks and acts like other children only he has the distinctive features of an Indian on his boyish face.

Mrs. Chaska said: "The stories about my getting a divorce are false. Not a word of truth in them. I received a letter from "Sam" Chaska this morning and he said the house was ready for us. You know we sold our original homestead and Sam has been busy building a house on our new claim west of Forest City. Yes, we still love each other and I am proud of the father of my babies."

Battle-Scared Veterans of the Lost Cause Hold a Reunion.

KANSAS CITY, Mo., Aug. 19.—The ninth annual reunion of the ex-confederate soldiers of Missouri was held here today. Three thousand men who wore the gray are in attendance. They all took part in the parade, which opened the reunion, this morning.

General Joe Shelby, the most interesting character of war times in Missouri, had been invited to command the marching veterans, but he declined to have anything to do with the reunion, believing the old wounds will heal quicker and easier without such affairs.

General D. M. Frost of St. Louis acted as marshal. After the parade the veterans proceeded to Washington park, where lunch was served, and where the rest of the day was occupied with speech making. Congressman Hatch delivered the principal address of the day.
