

MAIN REASONS FOR REJOINING

Reports From All the States Bring News of Bountiful Harvests.

WELL FILLED GRANARIES WILL BE THE RULE.

Corn is a Little Backward, but Will Come Out All Right—But Slight Damage by Frost.

WASHINGTON, D. C., Aug. 29.—The weather bureau today issued the following crop bulletin for the most recent date:

The week was unusually cool throughout the central valleys, including the corn and wheat states and the greater portion of the cotton region.

Frost damage was done in the northern Minnesota, the Dakotas and portions of Wisconsin and northern Iowa, resulting in some damage to wheat, cranberries and vegetables.

North and South Dakota.—The frosts in North Dakota damaged late wheat, oats and flax.

Nebraska.—A great deal of unfavorable weather for corn in Nebraska was reported from the western portion of the state.

Kansas.—Hay and threshing progressed favorably; weather is too dry for late corn crops.

Nebraska and Iowa Reports.—The week past has been one of phenomally low temperature for August.

Des Moines, Ia., Aug. 29.—The bulletin of the Iowa weather and crop service says this is the coldest August in that state's history.

North Dakota People Burned Out of Home and Crops.—St. Paul, Minn., Aug. 29.—An Aberdeen, N. D., special to the Pioneer Press, says particularly regarding the prairie fire of last night.
