COLONEL & OORE'S LOSS.

Property of the Genial Court Clerk Destroyed by Fire Last Night. Box 82 rang in at 10:20 o'clock last night, and called the fire department to the corner of Seventeenth and St. Mary's avenue. The fire was found to be in the double frame dwelling at 616 and 618 South Seventeenth

From all appearances the blaze was confined to the servants' bed room off the dining room on the first floor.

Chief Saiter, who was one of the first to arrive, sent chemical No. 3 into the bed room and they soon extinguished the flames there. It was thought that the fire was about out, when rooms in the second story began to be filled with smoke,

As soon as possible a couple of lines of hose were laid under direction of Chief Galligan, and the water was poured down from the second story onto the first floor. In spite of all the efforts of the firemen the flames crept up between the walls, and soon the whole attic was blazing.

Then it was discovered that the fire had eaten its way through the ceilings into the adjoining house. Four lines of hose were laid and the building was literally flooded. Notwithstanding all the efforts of the tiremen the fire burst through the roof of the two houses and shot a great flame high up in the air.

While the fire fighters were working ling hands were busy carrying out furniture. Pittows, matresses, quilts and articles of clothing were thrown out of the up stairs windows and piled in a heap in the yard, After two streams had played on the roof for a few moments the fire was virtually

under control and the work was directed principally to the inside of the building. . The ceilings of nearly all the rooms had to be torn down and water thrown in, as the fire was hottest between the ceilings and floors.

When an opening was made into the attic at the front of the houses great clouds of heavy black smoke poured forth and it looked for a time as if the houses were doomed.

Mrs. Morgan occupied 616 as a boarding house. Nearly all of the young men who roomed there were present and did everything they could to save the contents Trunks, bundles, spring beds and articles of wearing apparel were hastily carried out and

dumped in a pile. When the flames broke through into the next house, which is occupied by C. L. Hawkinson, a great effort was made to save the furniture. Nearly everything except the range in the kitchen was carried out. The ceilings in this house were considerably damaged, by the fire, but not very much by water.

Anxious neighbors on each side of the burning building turned out and even started to move their household effects. A strong wind from the south was blowing and hindered the firemen in their work consider-

able Mrs. Morgan lost nearly all of her furniture and the boarders lost considerable of their

clothing. Captain Cox was severely cut in his right hand by falling glass and had to be sent to a doctor in Chief Salter's buggy.

It was impossible to ascertain just how the fire originated, but it had been burning some time before discovery. The loss to Frank Moore will reach \$3,000 or over, insured for \$5,000. Mrs. Morgan

had her furniture insured for \$500, which will hardly pay her loss. In the Hawkinson house the loss on furniture will not be great. This was not insured.

Very Small Locs. A small fire in the old Capitol hotel at 8:20 o'clock last night called out the department. The building was occupied by Lilly Foster

THE POLE of the Union Park races were an improvement on the two previous days owing to the splendid weather

and the big attendance. The bulk of the crowd was on hand as early as 2 o'clock, when the scene along the quarter-stretch was an exhilerating one, there being an unusually large display of handcome turnouts from both sides of the river. Both the north and south grand stands, too, were filled with enthusinstic men, women and children, making altogether one of the finest assemblies ever seen at the park.

The judges yesterday were George M. Swigart of Omaha, H. J. Bund of Chicago and A. W. McElroy of Chicago. The timers were J. R. Withrow, Council Bluffs; Marve Beardsley, Omaha, and F. P. Lonergan, Louisana, Mo.

The horses for the initial event, the freefor-all trot, purse \$600, were rung up at 2 o'clock sharp. The entries were: o'clock sharp. The entries were:
Fanchon, b. m., by Hermdallah, W. Boyce,
Sloux Fails, S. D.; Nigger Baby, bik. g., by

Mo.: Jesse Galnes, br. m., Unknown, R. T.
Kneebs, Sloux City, Ia.; Black Dlamond, bik.
g., Unknown, W. H. McKinnie, Kansas City,

After reaching the track the latter horse was drawn. The gang got a good send off after one or two scorings, with Fanchon setting the pace, and remaining there without an especial exertion until the finish. The first quarter was made in 26%; second 1:10, and the third 1:44%. Time: 2:26%.

They were away on even terms on the first scoring in the second, with the pole horse

probably a neck behind her competitors. Nigger Baby led bandily to the first quarter, when Fauchon began to pick up and passed the black on the back stretch, winning the heat by a half dozen lengths. The first quarter was done in 30½; the half in 1:10½, and the three-quarters in 1:47. Time: 2:24½.

The trio were sent off well together in the third. Fanchon went right to the front and t looked as if she meant to stay there. Jesse Gaines began to creep up at the threequarters, and as the horses swerved into the stretch, Fanchon broke badly for the first time in the race, and Bob Kneebs gave his whiskers an extra flip, and Jesse Gaines bowled into the lead, coming down nome over three lengths the best of it, much to the delight of the yelling crowd. The quarters were: 35, 1:08 and 1:44½. Time: 2:20¼. Starter McElroy here announced that today, the last day of the meeting, ladies and children would be admitted free, both to the grounds and grand stand, which brought out and applause.
The fourth heat was won by Jesse Gaines.

who had jumped in as a hot favorite in the pools. Yet it was a hot chase up to the threequarters between Jesse and Fanchon, but the latter breaking badly it was a walk-in from this on out for Gaines. The quarters were 36, 1:11, and 1:48, Time: 2:214. His Whiskers drove Jesse Gaines to the front in the fifth in a style that elicited the plaudits. At the first quarter be had a lead of three lengths, which he held clear around to the stretch, when he cut loose with the to the stretch, when he cut loose with the silk and increased this to five lengths, in which shape he finished. Mr. Kneebs, to say the least, is a cuckoo. The quarters: 35, 1:0834, 1:4434. Time: 2:1934. So it will be

1:0834, 1:4434. Time: 2:1094. So it will be seen that the free-for-all was quite a hoss race. Summary: Jesse Gaines ...... 3 3 Fanchon Nigger Baby There were six entries and five starters in the second event the 2:27 trot purse \$600.

The entries were: The entries were:

Robinson, Arlington, Neb.; Lady Wonder, s., m., by Ferguson McGregor, Gifford & Houghton, Manhatian, Kan.; Victor, b, g., by Aiden Goldsmith, W. J. Dyer, Lancaster, Wis. Victor was drawn. Stacter McElroy ex. Victor was drawn. Starter McElrov experienced considerable difficulty in getting the borses off in the first heat, owing to the unsteadiness of Queen T. Goldstein and Johnnie Boggs. They finally got the word, however, with Lady Wonder, the pole horse,

having a little the best of it, She went the whole circuit, however, without a skip or jump, winning easily. Queen T trailed her closely, but was unable to overhaul her. Frank P also did well until reaching the back stretch, when he flew to pieces and finished last. The first quarter was made in 3614, 1:11 and 1:49. Time: 2:2414. They were off on the second scoring with Johnny Boggs holding a slight advantage for short distance. Lady Wonder then took the lead, but was lapped at the quarter by Johnny. From this on down to the three-quarters post it was a game race between the two. In rounding into the stretch, however, the Lady showed her mettle and went to the front, gaining at every stride until the wire was reached, when she had a good five lengths the best of it. Holstein got left badly in the send-off and was never in it. The parters were made in 3614, 1:1014 and 1:47.

lime: 2:24%.
There was a lot of valuable time consumed. in getting them off for the third heat, but it was finally accomplished. Lady Wonder found the way to the third quarter, when she made her first bad break and was passed by both Frank P and Johnny Boggs. Coming into the stretch, however, she recovered her lost ground, only to be beaten out most unexpectedly by Queen T, who made a regular Garrison finish, beating the Lady out by a head. The quastiers were made in 36, 1:11, 1:48. Time: 2:2614. The fourth heat was a great one. Queen went right to the front, but breaking at the first quarter pole, gave place to Frank P and Johnny Boggs, Lady Wonder quitting like a steer and falling back to last clace. Frank P was driven splendidly in down to the wire and never was headed, although Queen T made a gallant struggle to

displace him. As it was Frank P won by a scant head. The quarters were made in 37, 1:13, 1:37. Time: 2:37%. The nags got a fine go in the fifth with Frank P and Johnny Boggs showing nose and nose at the first quarter and retaining these positions clear round to the stretch when Frank P captured a slight vantage. One hundred yards from the wire, however, he left his feet and Queen T headed him and won by a short head. It was stretching a point, however, on the part of the judges, to give the heat to the Queen, as her driver lashed her injudiciously just before reaching the wire, and she went under in a gallop. The quarters were 38, 1:13%, 1:51%. Time:

STATE FAIR BACES. Twenty Thousand Peop'e Entertained

by Some Speed Contests. LINCOLN, Neb., Sept. 10 .- [Special to THE BEE.]—The races this afternoon attracted a larger attendance even than those of yesterday, not fewer than 20,000 people having gathered in the grand stand and around the

course. The first race was in the 2:36 class trotting for purse of \$1,000. Newsboy, owned by W. T. Campbell of Dalias, Tex.; Bay Dan, owned by Wescott, Gibbons & Co.; Lord Clinton, owned by W. H. McKinney of Kansas City were entered. Newsboy had the pole, Bay Dan second and Lord Clinton third. Newsboy pulled ahead and, at the first turn, Bay Dan broke and fell half a dozen lengths behind. Lord Clinton finally overtook Newsboy and gradually worked ahead of him, winning by half a length in

125%. In the second heat Lord Clinton took the lead and maintained it throughout. Newsboy ougging his wheel around the course, Bay Dan coming in last, several lengths behind. the result of a bad break early in the heat.

Time: 2:31%. Newsboy left his feet at the first turn and Bay Dan caught up with Lord Clinton and trotted neck and neck with him for a quarter when Lord Clinton pulled ahead. Newsboy recovered and overtook the pair, compelling Bay Dan to make room for him after the judges stand had been passed the first time. This was an advantage that he later relinquished, Clinton coming under the wire in 2:33%, closely followed by Bay Dan. Summary:

The second race was in the 2:27 class for a purse of \$400. Maxey Cobb, ir., owned by Maxey Cobb, and Hurley Burley, owned by Ed Pyle, only started Charley Burch being drawn and Almont berdeen being taken from the track after the first attempt to

score. Starter Tough announced that Aberdeen was so sore and lame that there was no hope of his doing anything in the race save possibly disabling himself. Hurley Burley was driven by Ed Pyle and Maxey Cobb by Frank Pierson. After several attempts to score the stallions got away, Maxey Cobb in the lead. Before the quar-ter pole was reached Cobb broke and Hurley Burley took his place. Maxey Cobb regained his feet in fine style and pulled up on the leader and, when within a couple of lengths of the latter, he again broke and dropped benind. This performance he repeated a third time and lost ground which he could not regain. Hurly Burley leading

by a half dozen lengths and winning in 2:35. In the second heat Maxey Cobb broke early and fell benind. Hurley Buriey trotted around the course without a break, a per-formance similar to that in the first heat, which was highly appreciated. The third heat was a repetition of the other two, Maxey Cobb breaking several times and coming in a dozen lengths behind. Sum-

Doc, the trotting dog, beat Bert Banks, a boy with a byke, making a half mile in 1:49. He was pitted against a black yearling belonging to Ed. Pyle and went around the course without his boy driver, Mr. Pyle holding the reins on his colt. The dog, as soon as he received the word, started off on a run amid the cheers of the multitude. He tinued to run until the wire was reached, the ccit evoking hearty appreciation for the graceful and steady movement which he displayed, finishing the heat without a break The race was only an exhibition and the time given for the half mile was 1:324.

The next contest was a running race a mile and repeat for \$150. Ollie H, owned by H. Pickeral of York, Neb.; Wedgetield, owned by S. J. Gordon, Wakefield, Neb,; Waldo, owned by J. H. Hickey; Rosebud, owned by Hardin & Neimeyer; Trick, owned by F. Palmer, being entered. Starling Bol, owned by W. D. Barns of Barnstown, was drawn. Fifteen minutes were consumed in fruitiess efforts to get the horses off. Finally, the word was given, when the driver of Oilie H was unprepared. As a consequence, when the others shot off with a rush Oilig H remained behind. Her backer shouted to the jockey to go, and the latter sourced out a dozen lengths behind. The mare made a fine effort to overtake the other runners, but was forced to trail them round the course. The leaders were bunched keeping well together passing the stand on the first half in the following order: Rose bud, Trick, Wedgefield, Waldo, Ollie H. Rosebud kept the lead until the three-quarter post was reached, when Waldo forged to the front and passed under the

wire in 1:47. The second heat was most exciting. the first turn Waldo fell benind, being caught in a pocket, but finally recovered, overtook the others, which were running in magnificent style. The bunch passed the stand on the first tarn as follows: Ollie H, Rosebud, Wedgefield, Trick, Waldo. Coming down the home stretch Rosebud ran a couple of times into Waldo, preventing him from making his way through the runners and in all probability causing him to lose the heat. This conduct on the part of Rosebud's rider provoked a great deal of criticism and the announcement of the starter was awaited with impatience. THEOSOPHY PROSPEROUS. William Q. Judge Talks About the

Affairs of the rociety. William Q. Judge of New York, the lead heosophist of the United States, arrived in Omaha yesterday and is the guest of Dr Borglum, on North Twentieth street, Mr. Judge has just returned from a visit of several months to Europe, where he was called by the death of Mme. H

P. Biavatsky, the greatest modern light of the theosophical world. Mr. Judge found that Mme. Blavatsky's affairs had all been properly attended to, so he turned his attention to lecturing and visiting with the theosophical societies of He met Colonel Olcott of India in durope. London and Mrs. Besant, both leading thed ophists.
While Mr. Judge was in London he at

tended a great three days' convention of theosophists in which there were delegates from nearly every civilized nation. He said that the convention attracted a great dear o attention from the public and the newspapers "It was very plainty evident," said Mr. Judge, "that the doctrine of theosopy was gaining strength in London and all over the ountry. They have a very fine headquarters in London near Regents' park. The meet-ings were very harmonious. All talk about a split and about disagree ments with regard to Madame Biavats ky's successor was entirely false. The meetings were perfectly harmonious. So far as a successor to Madame Blavatsky is concerned, I will say that she will have no accessor. She held no office but that of cor responding secretary, and that is not so important a matter as to be worth making any great ado about. We shall simply take up the work that she so thoroughly understood and do the best we can with it. The busi ness matters of the society in London baye been put on excellent footing and the work

ill move right along. "The convention was a very enthusiastic one. Speeches were made in several lan guages and at the close a code of rules was adopted for the guidance of the societies in Europe. I think they will meet with much success, now that they are firmly

united. "Colonel Olcott submitted a proposition with regard to the ashes of Mme. Blavatsky which met with approval. He proposed that the ashes of the famous leader of theosophy be divided into three parts, one part to be sent to India, the birthplace of theosophy, another part to New York and the third part to remain in London. This will meet with the hearty indorsement of all theosophists." Speaking of Madam Besant, the New York leader said: "She is in earnest about her theosophical work. She has stopped the sale on her book on Malthusianism because she says that in theosophy the people have something better suited to their present in-tellectual grasp. She loses £200 per year by doing this, but her whole heart seems to be bound up in the bushing of the doctrine of theosophy. She is going to India to lecture next spring. She believes that the women of India should be emand-pated and she will also contradict the stories. about the disaffection in the ranks of the theosophists in this country."

Mr. Judge said he was well pleased with the progress being made in Omaha by the Theosophical society. He leaves today for the Pacific coast. He will return from Frisco

a about four weeks and will deliver several ectures in Omana upon his favorite theme and theory. LIFE HAD NO CHARMS.

Two Nebraska Men Go a Long Way to Get a Licking.

ONE SIDE OF THE STORY OF A FIGHT.

Dr. Keenan Struck the Attorneys Who

Were Pushing a Case Against Him-Details of the Row.

Manison, Wis., Sept. 10.- Special Telegram to The Bee. | - There was a fight upon the streets here tonight, the like of which has not been seen in years, so far as the high standing of the participants is concerned, and as a result George D. Meiklejohn, exficutenant governor of Nebrasaa and William E. Healey, an Omaha lawrer, have faces which will not be exactly presentable at banquets for some time. The decorations on their countenances other than those furnished by nature are due to the fists of Dr. George E. Keenau, a physteran in this city.

Keenan owns an interest in a ranch near Sidney, Neb., which is in litigation and Lawyer Healey of Omaha bas a personal interest n the prosecution of the case. He has been here several times and Keenan's friends say that he has dogged the doctor's footsteps for days at a time and employed a detective to do the same, seemingly having some private reason for this. He was gone for a while, but returned Tuesday with ex-Lieutenant Governor Meiklejohn of Fullerton, Neb., with bim. This evening they followed the loctor into the Wilson & Fox arug store, The doctor is a little bard of hear-ing and did not notice them until Meiklejohn touched bim on the shoulder. He turned around and catching sight of Healey told him that he had followed signt of Healey told him that he had followed him long enough, and he made a dive at him. Meistejohn, who is a large man, grabbed the doctor to hold him while Healy ran. Keenan, who is an athlete, although not a heavy man, wrighest out of the ex-licutement governor's hands and turning quickly dropped Meikleschen on the door gave him a couple of rans john on the floor, gave him a couple of raps o remember him by, then started after

The latter saw him coming and began to yell at the top of his voice. Keenan caught him before he had run a half block and pummeled him until he begged for mercy. The dector then let him up, and in a dilapidated state with bruised face and torn clothes, he and Meigle-john went to their hotel. The people here are in sympathy with Keenan, who is a general favorite, and were it not for cool heads the Nebraska

statesman and the Omaha attorney might have fared worse at their hands. No arrests have been made.

VERDICT OF THE CORONER'S JURY

Cause of the Terrible Park Place Disaster, New York City. NEW YORK, Sept. 10.-The tale of the horrible disaster in Park Place, resulting in the death of sixty-odd human beings, is now ended with the verdict of the jury.

The jury found that the people killed lost their lives by the collapse of the building, 68, 70, 72 and 74 Park Place, caused by the giving away of the supporting iron columns, near the middle of the ground floor, due to some sudden shock appled to said columns, and not primarily due to their apparent weakness. The jury was unable to find whether the breaking of these columns was due to an

explosion or not. The jury recommended legislation authorizing the fire department to periodically inspect small buildings used for printing, manufacturing and storage purposes

Ford, congressman elect from this district. The district is composed of Kent, Ottawa, Allegon and Ionia counties, and is doubtful politically. Ford was a democrat and served one term two years ago. Review the Work. St. Louis, Mo., Sept. 10.—The executive committee of the Southwestern Railroad and Steamship association are convened today to

review the work performed by the rate committee during the past ten days. The result of the conclusion of the committee was to make no material changes in the rate situation, the questions involved which were disposed of having no reference to rates, but rather to mileage in cars and rules on palace cars, and in regard to the questions post-poned for further information, which involve possible changes in rates, by no means follows that it will so result. The executive committee will reconvene tomorrow morning and will probably complete its work during the day.
