An Actress Secures a Divore from Her Frisky Husband-Suicide of a Young Girl About to Be Married.

CHICAGO BURRAU OF THE BRE, M. Godebski, the distinguished sculptor. was requested not long ago by Harlow N. Higinbotham of Chicago to draw up a project

for a monument to Christopher Columbus. The monument will be placed on a quadrangular terrace, at each angle of which will be a lamp post with torches and an anchor and chain, the links of which are symbolical of Columbus' days of captivity. Four long steps will be placed at either side and the monument will consist of a pedestal ornamented on its principal point with a tablet in the shape of a medallion and destined for an inscription. The other fronts will contain each a bas-relief representing events in the life of Columbus.

ACTRESS ANNIE CARROLL DIVORCED. Mrs. Annie B. Carroll, the actress, was awarded a decree of divorce yesterday by Judge Collins from Richard Field Carroll, the actor and playwright. Mrs. Carroll said she left her husband a year ago last May because of his impropriety with Isabelle Urquhart, an opera singer connected with the Casino in New York City. SUICIDE ENDS WEDDING PREPARATIONS.

Suicide by drowning of Miss Anna Cohn, aged 20 years, daughter of a Chicago merchant, is reported at Lynne, a summer resort on Long Island Sound. She had passed the summer at the residence of Captain Robert Griswold and was to have left for her home today to prepare for her wedding next month to a prominent young society man of Milwaukee. For the last two or three days she had exhibited symptoms of melancholy.

The unfortunate girl is the daughter of John B. Cohrs, president of the Consumers' Gas company, 164 Dearborn. The friends and relations in this city, while not in receipt of full particulars, do not believe that there is anything in the theory that she committed suicide. Miss Cohrs was one of Chicago's

HARD COAL FOR THE PAIR. The grounds and buildings committee of the World's fair has agreed that anthracite coal only shall be used on the grounds dur-ing the exposition. The decision is very im-portant, involving as it does an immense expenditure. The machinery plant of 24,000 horse power will consume an enormous amount of fuel, and the decision in favor of hard coal is made to avoid damage to fine fabric and the art exhibit, which would be sure to follow if soft coal were used. It is thought an arrangement can be effected with the roads running to the exposition by which all the engines delivering passenger trains will either use hard coal or be fitted with

smoke preventive devices, AFTER LAWYER M'HUGH. The ladies propose to make this town too hot to hold Lawyer McHagh, the attorney whose savage attack on Mrs. Elizabeth Mc-Mahon's character drove her insane. It has roused their ire and the unfortunate woman's condition, as a result of the indignities to which she has been subjected, has evoked

their deepest sympathy.

At the regular meeting of the Central Woman's Christian Temperance union, to be held tomorrow, Miss Heien L. Hood, secretary, will call the attention of the ladies to the pitiful fate of Mrs. McMahon and review the events that brought about the present blank condition of her mind. It is possible the society can do nothing more than enter a protest against such proceedings in a court of justice, but many of the ladies are active members of societies, such as the Woman's club, the Woman's Protective agency, and other organizations that, adding their influence to the protest of the Woman' Christian Temperance Union, can do toward bringing public contempt upon, if not meeting out punishment, toward attorneys who wantonly attack defenseless women who happen to be court witnesses.

Serious Accident Which Befel a Council Bluffs Man.

Henry Henrichs, in the employ of the Omaha and Council Bluffs Transfer company, met with a painful and serious accident about 4 o'clock yesterday afternoon.

Henrichs was standing on the side of his wagon between the wheels in front of a store on Eleventh street, between Howard and Harney streets, unloading some goods. An-other transfer wagon attempted to back up to the sidewalk but the rear wheels did not turn and backed against Henrichs. The body of the wagon caught him about the waist and squeezed him against his own vehicle. A doctor was called and the patient carried to the rearest drug store. Later a carriage conveyed the unfortunate man to his home in Council Bluffs. It is feared that Henrichs is injured internally, but just how seriously could not be told at the first examination.
