

HAS LOTS OF GOOD REASONS.

Fifth Ward Kickers' Club Finds Plenty to Gobble About.

COUNCIL INVESTIGATIONS DISCUSSED.

Not Satisfied with the List of Registrars Appointed—Fifth Ward Republicans and Eighth Ward Democrats Meet.

The members of the Fifth Ward Kickers' club were in their elements last night and found numerous reasons for exercising their kicking propensities. The attendance was unusually large and the time was divided with the members of the Fifth Ward Republican club.

Fred Schnacke spoke upon the subject of the alleged council hoodlum. He stated that it pained him to think that such serious charges had been preferred against Mr. Conway, the councilman from the Fifth ward. While it might not be true that he was guilty, Mr. Conway was in a position where he should be suspected of a most thorough and searching investigation.

E. C. Erling thought that the club should postpone action until the council had passed judgment. Mr. Schnacke thought a postponement would be wrong. The investigation upon the part of the council was simply for effect and outward show. Mr. Conway should appear before the voters and taxpayers of the Fifth ward and declare his guilt or innocence. If he was innocent his honor should be restored by his constituents, but if he was guilty he should suffer the consequences.

Will Give the Council a Chance. Jacob Coonsman said the council had called a meeting to whitewash the whole furniture deal. The proposed committee of the whole investigation would simply prove a farce. It would be ridiculous to think of a guilty man sitting as a court to pass upon crimes that he had committed. The proper course would be to call a grand jury and let it sit at the bottom facts. No matter whose votes elected the men, they were responsible to the taxpayers of the whole city. Mr. Conway should not be picked out simply because he was a Fifth ward man. The matter should go far enough to reach all of the accused councilmen.

Mr. Schnacke could not expect anything from the council investigation, as it would be simply an elegant job of whitewash and washing. The people of the Fifth ward had claims on Mr. Conway, and he should explain. Joseph Hedman insisted that the club should do nothing until the council had taken action in the premises. Let the council show its hand and the whitewash act was carried out, then the club should take hold of the matter.

Upon motion of Mr. Hedman club action was deferred until Friday night.

Mr. Erling spoke enthusiastically of the work of the Real Estate Owners' association in dealing with the South Thirteenth street grade matter.

Mr. Hedman thought the association had performed its duty and suggested that the club drop that matter. The members of the club agreed with Mr. Hedman.

Kicked on the Registrars. Just after Mr. Hedman concluded his remarks Mr. Schnacke registered another kick. He said that the mayor and council had named the registrars and not an independent name appeared upon the list. The kickers had broad views and should not stoop to such particular ideas. The independent party was a party and should be entitled to representation.

Mr. Hedman declared that he was not an independent, but stood upon the broad platform of the kickers, and wanted to see equal rights extended to every man or party.

Mr. Coonsman offered a resolution asking the council to reconsider its action and give the independents some representation.

W. A. Saunders moved for the resolution. If the mayor and council saw fit to make any change, only republicans would be taken from the lists of the registrars.

Mr. Coonsman replied that it was a part of the plan of the mayor and council to choke out the independents.

Mr. Saunders moved an amendment that the mayor and council be compelled to appoint one republican, one democrat and one independent upon each Board of Registration in each precinct.

As amended the resolution was adopted.

Fifth Ward Republicans. C. M. Bachman moved that the Kickers' club adjourn. The motion prevailed, and the Fifth Ward Republican club took hold of business, with President Bolin in the chair. The committee to look up and secure club quarters was given additional time in which to report.

Upon motion of M. A. Currier, the president appointed M. A. Currier, G. W. Holbrook, Dennis Lantz, James P. Conroy, Joseph Rodman and W. Butler a committee to solicit membership.

The proposition to elect the delegates to the county convention alternates to the city convention and the delegates to the city convention alternates to the county convention, was defeated by a large majority. It was, however, decided to hold both primaries on the same day, but to elect separate sets of delegates.

Eighth Ward Democrats. The Eighth Ward Democratic club held a short but lively business meeting last night in Schroeder's hall at Twenty-fourth and Cuming streets.

The annual election of officers was the first thing in order and resulted as follows: George J. Sternsdorff, president; William Hughes, vice president; James P. Conroy, secretary; J. C. Guilfoif, treasurer; W. L. Wright and Fred Weymuller, executive committee.

A. D. Green expounded the true inwardness of the Australian ballot law and also announced himself as a candidate for the office of justice of the peace.

Delegates to the judicial convention were then named as follows: J. C. Riebe, Michael Butler, F. C. Williams, James P. Conroy, J. C. Guilfoif, F. C. Weymuller, George Sieb. The delegates were instructed to appoint alternates in case they could not attend themselves.

A committee was then appointed, consisting of J. C. Guilfoif, F. C. Riebe and J. H. Schmidt, for the purpose of organizing the club upon the practical workings of the Australian law.

It was decided to hold the regular weekly meetings of the club on Saturday nights at Schroeder's hall, Twenty-fourth and Cuming streets.

Those who desired to enroll themselves as members of the club were given an opportunity to do so, after which several of those present made several remarks propounding democratic victory on all sides, and then the members sought their homes.

Sixth Ward Republicans. At a meeting of the Sixth Ward Republican club held last night the largest audience of the season was present. The committee on public meeting reported much success in disposing of tickets, procuring speakers, etc., and that the star officers and a large delegation from Lancaster county will be present.

Permission was granted Mr. Specht to use the club's historic eagle on "German day." A club will be present at future meetings of the club, ready for business.

G. W. Ambrose will donate a sufficient quantity of pocket folders with a synopsis of the Australian ballot law for the use of the members of the club.

C. Specht will construct voting booths for the club, and a school of instruction in the Australian system will be commenced.

our hearty support in exposing those who have been guilty of such an act. Resolved, That we condemn the action taken by a majority of the city council, in accepting the bonds of the contractor for a higher figure, thereby ignoring honest industry by simply allowing them to enjoy the same privileges granted foreign bidders; and be it further, That as members of this club, and to every organized union in the city and county, we appeal to you that you should not be deceived by the city council that you and we use all honorable means to relieve the honest workmen from the burden of the debt of the bonds specified for the purpose of purchasing furniture for the new city hall at the coming session.

SOUTH OMAHA.

Board of Trade Meeting. The Board of Trade met Thursday evening in its office on N street, John Doe presiding. About fifteen of the members were present, and a great deal of enthusiasm was manifested. After a great deal of promiscuous discussion it was decided to continue the organization and officers as heretofore, until such time as the board should get stronger and more substantial footing. The committee instructed at the last meeting to investigate the pavement being laid along Twenty-fourth street, being laid by the Stradman company reported that it was received courteously by the officials of the company and afforded every opportunity for a thorough examination of its plant and materials used. In the opinion of the committee the pavement being done by the company would give entire satisfaction. The committee took occasion to brand as a falsehood the report that the asphalt company had been notified to stop work on neglecting the laboring men of the Magic City.

A committee was appointed to join hands with the Real Estate Owners' association of Omaha and assist it to secure the republican convention for 1892. Mayor Sloan, Messrs. Anderson, Smith, Lee and Howard were named by President Doe to serve on such committee.

Another committee, Messrs. Cockrell, Carroll and Smith, was appointed to secure the location of some large factories or smelters in the city, to make arrangements whereby the citizens of Omaha could receive the benefit of the same. The committee was also instructed to invite the cattle dealers in Omaha, and thus united work for the advancement of the Gate City and its industries.

Bringing Cattle This Way. The fact that the local market is ranging from 10 to 15 cents higher than that of Kansas City is diverting a great many cattle dealers hither. During the past week only one of the heaviest consignments has been from the southwestern and western portions of the country which were formerly sent to the market at Kansas City.

The local men feel jubilant over this state of things, and hope with a little liberality on the part of the railroads to have Kansas City in the shade within a few months. During the past month the stockmen here have succeeded in capturing ten heavy consignments of cattle from the Kansas City market.

Martin is Missing. William Martin, whose home is at the junction of the B. & M. tracks near Q street, has been missing for several days, and his friends are fearful that he has committed suicide, as he was in very dejected condition when he last stepped out to D. F. Bayliss that he intended to blow out his brains. A search is now being made for the missing man.

FOUND THE ABDUCTED GIRLS

Two Missing Misses from Omaha Located by the Chicago Police.

ARREST OF THE MAN IN THE CASE.

Julia Lagomarcino in Love with the Barber and Wants to Marry Him—Gossip of the Garden City.

CHICAGO BUREAU OF THE BEE, CHICAGO, Ill., Sept. 25. Samuel Monaco, a Spaniard, 27 years old, is locked up at the Harrison street station, charged with the abduction of Julia Lagomarcino and Ellen May Miller, two 16-year-old girls from Omaha, two weeks ago. Lieutenant Ritchie has been at work on the case, and located Monaco at work in a barber shop in Wells street, near Goethe.

The Lagomarcino girl was living in rooms over the shop with him. Both were taken to the station. The Miller girl was found rooming with Mrs. Arndt, in Wabash avenue near Eighteenth street. Julia Lagomarcino says she is in love with the man and wants to marry him.

LADY CYCLIST'S PHENOMENAL FEAT. Miss Alice Waugh, a teacher in the Central Park school, has the honor of being the first Chicago lady cyclist to complete a run under the new rules of the Chicago Century club, having ridden over the Elgin and Aurora course, a distance of 103 miles, in fifteen hours and forty-five minutes. She expects to accompany the Century club on a run Sunday, and will endeavor to lower her record. Miss Waugh is 21 years of age, an attractive blonde, tall and slender, and a pleasant conversationalist. She is not a present member of any cycling club, and has only been riding since May. In view of this fact her record is little short of phenomenal.

TWINS UNITED IN DEATH. A remarkable coincidence is developed in the death Sunday afternoon of Martin Hendriem of Reelin, Union county, this state, and Samuel Rendleman of Crowley's ridge, Ark. They were twin brothers, being born on the 24th of February, 1847, in different states, and neither knew of the illness of the other. Both were stricken with paralysis, and it was learned today that both died at about the same hour.

TROUBLE FOR WOMEN VOTERS. There promises to be a lively controversy when the Loyal League of American Women attempts to vote for its ticket at the Cook county schools this fall. The judges and clerks will be informed that the qualifications of a voter are that she be a citizen under one of those laws which give the right of suffrage to women. I was the person desiring to vote a regular elector previous to the year 1887. I was the person a naturalized citizen previous to 1871. I am the person a male citizen over 21 years of age.

The third head is distinctly for the male sex. In fact, the election commissioners propose to let the law take its course, and if the women want to vote let them get out a mandamus against the judges and clerks of election. This will bring the question before the supreme court and the matter will be tested.

BOXING FOR IMPORTERS. Percy L. Shuman, one of the attorneys in the importers' league that fought the trimmings case to a successful issue, called at the custom house yesterday to see the importers connected with the same affair. Mr. Shuman said that instead of the Treasury department having to pay \$3,000,000 to the hat importers, the amount of the excessive duties, the amount in his judgment would be nearer \$300,000.

"Secretary Foster was offered a compromise by the importers for \$5,000," said Mr. Shuman, "but he declined to give us anything. We were beaten in the superior court, but when the supreme court went against him he had to give up. I believe the importers will get back about \$200,000. It may be more or less, but that is my best judgment regarding the matter. The hat trimmings imported were assessed at from 30 to 60 per cent. There are 1,200,000 hats in New York that will have to be settled on this basis, but there are no importers here that will get any of the drawback."

A. Darling of Lyons left last night for a visit with friends in Oskaloosa, Ia.

A bail was not furnished the prisoner was taken back to the county jail.

ness was in the form of endorsements on paper made by solvent firms and since paid. A transfer to the bank of \$10,000 worth of real estate in Omaha, claimed to have been made in payment of indebtedness, is now charged to have been made to keep out of creditors. The bill closes with a prayer for a receiver for Howell's assets and a demand that the bank show what Howell owed it April 30 when the securities were given and on July 14 when they were foreclosed. A thorough investigation of the entire arrangement is asked.
