

CHICAGO CANNOT WIN NOW.

No Hope Left for Uncle in the National League Pennant Race.

BOSTON GOT FIRST PLACE YESTERDAY.

New York's Team Dumped Two More to the Bean Eaters, While the Cleveland's Outscored the Colts—Other Sports.

CHICAGO, Ill., Sept. 30.—President Hart of the Chicago Baseball club today telegraphed President N. E. Young of the league asking him to ascertain whether or not the necessary consent of six of the clubs had been secured for the playing of the games at Boston with the Athletics on the 15th instant, with the Brooklyn on the 22d, and with the New York yesterday and today, and if not, demanding that they be thrown out of the championship play. President Young replied as follows:

I have no authority to decline any game on my part. The Boston club must be notified and be given a chance to present evidence, and the directors must decide. It is necessary for a meeting of the directors, I call it on Monday, if I can secure their attendance.

CHAMPION KILLER'S RECORD.

California Young Man Owns Up to Having Killed Fifty-Three Chinamen.

HIS AWFUL DEED BEG CONFESION.

Date of Some Murdered Miners Finally Made Known—They Were Wantonly Killed for Their Gold Dust.

SAN FRANCISCO, Cal., Sept. 30.—[Vice Consul Bee, of the Chinese legation, has just received from Waita Walla the statement of Hugh McMillan, which throws light on the murder of thirty Chinese miners in the Snake river some years ago. In April, 1887, a dispatch came from Idaho of the discovery of over twenty dead bodies of Chinamen. All had gunshot wounds. Detectives were sent by the Chinese consulate to the Snake river country, but they returned saying it was a paradise of robbers and cattle thieves and no clue could be found.

McMillan now makes a statement which was given him by his son, Robert, 18 years old, just before the latter's death. Young McMillan, Bruce Evans, Hiram McCord, Max Larue and Frank Vaughan were in a cattle camp near the Snake river when the murder and killing of thirty-two Chinese, only one escaping, who were wounded. They searched the camp and obtained over \$5,000 in gold dust. On the next day they returned to the camp for the wounded Chinamen. They found him in a boat and beat out his brains. Then they discovered eight Chinese coming down the river. These they ambushed and murdered and threw their bodies into the river.

Not content with this, they started up the river to the mouth of the Snake. There they were working, and the same bloody deed was repeated. The unarmed Chinese could offer no resistance. All were shot and the bodies were cast into the river. The murderers found a large amount of gold dust, estimated at \$60,000, which they divided. The bodies were buried in the Snake river. The Chinese consul, Bee, did all in his power to track them down and to secure indemnity for this atrocity, which was one of the worst that has ever occurred on the coast.

BISHOP HENNESSY'S JUBILEE.

An Important Event in Catholic Circles at Dubuque.

DUBUQUE, Ia., Sept. 30.—The Catholic cathedral was crowded this morning on the occasion of Bishop Hennessy's jubilee. Mass was celebrated by Bishop Hennessy and Archbishop Katoz of Milwaukee, Ireland and St. Paul and Peoan of Chicago were also present, besides nearly a dozen bishops and monsignors and hundreds of priests from the surrounding country. Excursion trains brought a large number to the city who came to witness the grand procession this evening in which it is estimated 4,000 persons will participate. His afternoon banquet is in progress at the Hotel Julian.

OMAHA'S INDUSTRIAL SHOWS.

Opening of the Exposition at the Coliseum Building Last Night.

MADE A VERY SUCCESSFUL START.

Brilliant Display of Home Manufactures and Products—Prospects for the Continuation of the Auspicious Affair.

The Omaha exposition was formally opened last night. At 8 o'clock the doors were thrown open and within a short time the spacious aisles between the many exhibits of the fair were thronged with people. The Musical Union band, from a balcony erected over the entrance to the main floor, sent forth strains of inspiring operatic airs, and the exposition was in full blast.

Arrangements had been made to have Hon. John M. Thurston deliver an appropriate address on the occasion of the opening, but the judge was called away at the appointed time and was unable to be present, consequently that part of the programme was dispensed with.

The Coliseum building presented an appearance strangely in contrast with its usual bare and unattractive aspect. Hundreds of yards of bunting had been used with telling effect in hiding from view the rough rafters and instead of the usual view of girders and rods stretching in apparent confusion from side to side and from end to end, the eye was refreshed by a pleasing array of the national colors arranged in festoons falling gracefully from the centre to the several sides. Evergreen forming an artistic and decorative background for the exhibits of different countries were arranged on either side of broad aisles stretching entirely around the building and a few rows of seats were placed in front of the building were other booths. All were filled with attractive displays by Omaha merchants and manufacturers together with a few from other cities.

Each exhibitor had evidently exerted himself to the utmost to make a fine display and the opinion of all present last night was that the exhibits were far superior to those made last year.

Among the displays were several of our own products which were availed themselves of the opportunity offered them to present to the public an idea of the line of goods manufactured in Omaha and thereby showing the progress of Omaha industries.

These booths seemed to be the principal centres of interest, judging from the number of people who surrounded them. The exposition is an assured success, and the management has been indefatigable in its efforts to bring about this result. Nothing has been left undone which could contribute in the slightest degree to make the affair a success and the comfort of the exhibitors. The exhibition has been carefully looked after, ample provision has been made for the safety of the crowd in case of fire and the numerous exits are indicated by lanterns.

The list of exhibits will be increased today by the addition of a large locomotive made of agricultural products. This interesting piece of architecture formed a part of the exhibit of Lincoln county at the state fair and will be assigned a prominent place at the exposition. The exhibit is not yet in position last night, but it will be placed in place today.

Another interesting feature which will be added to the display made at the Norfolk fair by the best sugar factory located at that point. The display is a most interesting one and will form a feature of the exhibition. The public schools will be dismissed at noon today, this having been set apart as children's day, and the little folks will be admitted to the Coliseum building from outside the city and will also admit them to the automatic village on exhibit, which will prove of immense interest to the children.

EASTMAN-BURNS.

Pretty Wedding of a Popular Omaha Young Lady.

It is a very rare case that a more beautiful wedding than that solemnized last evening at the residence of Mr. and Mrs. Samuel Burns at Eighteenth and Dodge streets, when Miss Nellie McKell Burns and Mr. Osgood T. Eastman plighted their troth.

The bride has been a leader in the social life of the city for many years, and having the rare faculty of making friends, and who is still better, keeping them, they turned out in large numbers last evening to assist in the nuptial ceremony of a bright, intelligent young woman and a rising young business man from the city by Lake Michigan, whether in the inland or the sea. The honors in honor of the occasion, was brilliant with myriad lights and gay with flowers, palms, smilax, white herbs and three golden rods added its richest wealth of color to the inspiring scene.

The ceremony was performed "neath a canopy of smilax" beautifully designed by the bride and groom, and Mr. McKell, came to center a bed of bride roses hung, the breeze from a nearby window now and then oscillating in a gentle breeze out of a marble. The window in the south drawing room had been converted into a temporary altar, the presiding being placed in the foot of the bed, which was draped with white. The ceremony uniting two gentle people was performed.

It was a little after 7 o'clock when the ushers suspended white ribbons from the stairway in the hall through the south drawing room to the altar, forming an aisle through which the bride and groom subsequently passed. Following the ushers, who were Richard Berlin, John Patrick, Arthur Gilson, Thomas C. Copeland and Mr. McKell, came two little girls crowned in white silk, Phoebe Smith and Emily Keokuk, cousins of the bride. Then Mr. Kelly and Mr. Copeland, leader of the singing, sang a beautiful bridal chorus from "Lohengrin." "Faithful and True" participated in by the remaining members of the wedding party. A beautiful innovation and one which excited much favorable comment for it is unusual that so many excellent songs are found grouped in a single collection. It was impressive, too, and gave a sympathetic touch to the scene which will be remembered with delight by those who were present.

After Mr. Kelly and Mr. Copeland came the bridesmaids, grouped in this wise: Miss Mae Burns, a sister of the bride, and Miss Ellen Bell of Cincinnati and Miss Ceilia Kelly of Duquann, Ireland, a cousin of the bride; Miss Ida Sharp and Miss Margaret Williams; Miss Hoagland and Miss Laura Hoagland. When this double quartette of pretty girls reached the temporary altar they divided groups and sang a very beautiful song on the side of the aisle, well down. Then came Mr. and Mrs. L. E. Eastman, mother and father of the groom, and Mr. Eastman, who was the groom and Mr. Samuel Burns, and lastly the bride, leaning on the arm of her father.

The ceremony which followed was performed by the groom's father, Rev. H. F. Eastman of Framingham, Mass., assisted by the bride's pastor, Rev. Willard Scott of St. Mary's church. The reading of the service was by Mr. Tom Kelly, organist at the First Methodist church, improvised on the piano which was located in an adjoining room, and upon the conclusion of the ceremony, played the wedding march by Mendelssohn in a particularly artistic manner. The bride and groom were radiant with smiles and were surrounded by a large number of friends who were present to witness the happy occasion. The bride was dressed in a gown of white silk, and the groom in a suit of dark blue. The ceremony was a most successful one and was attended by a large number of friends.

After the ceremony, the bride and groom were seated at a table with their friends. The bride was radiant with smiles and the groom was equally so. The ceremony was a most successful one and was attended by a large number of friends.
