Not in all the history of the state has there

been held an election at which the count pro-

does that of the one held on Tuesday. One

year ago when the intense interest in the

outcome of the vote held public feeling at the

highest tension for days, there was much com-

returns from such counties as Hooker and

But Enough is Known to Remove All Elements of Doubt as to the Final Outcome of the Struggle,

Up to 2:30 o'clock this morning the returns from Nebraska were still incomplete. The official vote has been received from thirty-five of the ninety counties in the state, showing a total vote of 33,236 for Post and 32.038 for Edgerton. These same countles last year gave Richards 34, 164, Boyd 25,576, and Powers 34,874. The falling off in the vote, as compared with last year, is sur-

Partial returns received from the other counties in the state furnish the basis for a careful estimate of the result. This shows Judge Post's election over Edgerton by a majority of over 6,000.

Below is a table showing the majorities by counties for the two candidates. The counties where the figures are estimated are marked with stars, and where no figures are given, it is estimated that the vote is practically a standoff: Po E4

The republican gain over last year in this county is fully 1,000, and the scenes enacted since the returns began coming in are like an old fashioned love feast. All last night and today the ropublicans have been pouring luto the city and the way they have made the welkin ring caused the few remaining inde-pendents and democrats to retire from sight. While Boies is Elected Republicans Gain the Legislature.

ENTIRE STATE TICKET DEMOCRATIC.

In Many Cases the Official Returns Must Decide Questions.

BOTH PARTIES CLAIM THE SENATE.

Wheeler Was Defeated by a Very Large Plurality.

WHAT THE LATE REPORTS INDICATE.

Successful Candidate for Governor Increased His Strength Largely in All the Counties Adjacent to the River,

DES MOINES, Ia., Nov. 4 .- [Special Telegram to THE BRE |-Republicans are despondent and democrats jubilant in this city tonight, and reports from all over the state show the same state of feeling. Bitter as the dose is the republicans are compelled to yield to the inevitable and concede the re-election of Governor Boies by a larger plurality than that of two years ago. The latest returns up to 10 o'clock, embracing reports from nearly every county in the state, show a net democratic gain of at least 1,000 for Boies, and probably more. The figures on other state officers, while very incomplete, have no encouragement for republicans, and the probability is the entire state ticket is democratic. Figures on the regislature indicate that the house will be republican by not more than five or six. It will probably take official returns to decide the exact complexion of the legislature, as some of the districts appear to be uncom-

fortably close. Thirty-four counties complete in Iowa, out of a total of ninety-nine in the state, gives Boles (dem), for governor a plurality over Wheeler (rep) of 3,696. The same counties in 1889 gave Boies a plurality of 1,275, making a net gain this year of 2,331. The remaining counties gave Boies a plurality in 1889 of 5,248, which would indicate the claim of the democratic state central committee this afternoon that the state would give Boies a plurality of from 8,000 to 10,000. The majority will be sustained by the returns when all are in.

when all are in.

The republican gains in the country districts are not as large as first indications promised.

Van Houten (rep.), candidate for lieutenant governor, however, is running ahead of his ticket and the meagre returns now in on the minor officials on the ticket encourage the re-publicans to believe that he may yet win.

The legislature, it is believed, will be a tle in the senate and republican majority of four in the house. The republicans, however, claim a majority in both houses.

The democrats have elected the railroad commissioners beyond a doubt. Chairman codes Boies' election by 3,000 plurality, but claims the election of the balance of the state ticket, except railroad commissioners, for the republicans, also both houses of the legislature. Chairman Fullen of the demo-crotic committee claims all the state offices but concedes the lower house but says the

The republicans have gained in the lower house Audubon, Adair, Adams, Boone, Decatur, Floyd, Poweshiek and Rossuth. Democrats gained Marion, O'Brien, and Sioux. They were equally divided two years ago. That the republicans will have a clear majority in the senate has been con-ceded later by the democrats, by one or two. The farmers alliance candidate, Westfall for governor, received about 15,000 votes The alliance carried one county for governor Mouroe), one for representative (Mont. gomery) and the Montgomery-Milis sena torial district.

The prohibition vote has not been reported

Dubuque and Burlington report increased najority for Boies over two years ago. democratic strongholds along the river and in river towns where the prohibitory law is particularly obnoxious was largely increased over the majority given Boies two years ago. If Boies' plurality is 8,000 as it is now promised to be, the rest of the democratic ticket will be elected by small pluralities The republicans have some hopes for Van Houten, lieutenant governor who is running ahead of Wheeler in the precincts that have reported. They also claim Saby, republican, for superintendent of instruction. The democrats claim the whole state ticket is elected. It will make fuller returns than can now be obtained to decide the state ticket below gov ernor. The total vote is 425,000-a larger one

than has ever been seen before.

DES MOINES, Is., Nov. 4.—[Special Telegram to The Bee,]—Governor Boies arrived here at 11 o'clock tonight from Waterloo and was escorted to the hotel by a large and enthusiastic crowd of democratic admirers. He held a short reception and made a few brief remarks. The republicans have ceased figuring and practically have given up.

WATERLOO, In., Nov. 4.—Governor Boles spent the day at his home in this city. Ad ices received by him based on the returns from sixty-five counties, with estimates from the remaining thirty-four, place his majority at from 9,000 to 10,000. As to the legislature, at this hour, (8 p. m.), the governor is ad-vised that the senate will be twenty-five democrats, twenty-four republicans, and the house about evenly divided between the two parties, with the exception of five members elected by the union labor and farmers alliance parties. The governor goes to Des

Moines tonight.
OTTUMWA, Ia., Nov. 4.—All precincts in this county give Wheeler 3,313; Hoise, 3,672. This is a republican gain of 284 over 1889.

Grimaces of the State Register Over Over Its Little Dose. DES MOINES, Ia., Nov. 4.-The State Register (rep.) will say . "In regard to the reelection of Governor Boles, the Register believes in a government by the people, therefore accepts the verdict of the voters of Iowa without complaints so far as that the vote was free and fair expression of the pub-lic will. There were some features of the

good government, and a few of them will be mentioned here without any intention to criticise them in a partisan spirit. Governor Boies was re-elected by a lavish expenditure of boodle, fraudulent by a lavish expenditure of boodic, fraudulent voting by repeating and other illegal means, the prejudice of railway employes in regard to the railroad legislation of recent years, the betrayal of the honest republicans who voted the people's ticket in good faith and did not know that the new party was utilized wholly as a trap to catch republican voters and in which nearly averaged. utilized wholly as a trap to catch republican voters, and in which nearly every democrat was only a stool pizeon for democracy and voted the democratic ticket on election day, and those independent republicans who voted for Governor Boies to again voice their opposition to prohibition. Thousands of the independent republicans, and certainly a majority of them, voted the republican ticket and gallantly took an energetic part in the campaign to save the life of the party in the state and nation, but there were other thousands and nation, but there were other thousands of independents who could not be induced to stifle their opposition to prohibition who voted the democratic ticket this year, but will be in the republican columns again next year when the issues are all national."

# CHARGES DISMISSED.

Trial of Prof. Briggs for Heresy by the New York Presbytery.

New York, Nov. 4 .- The New York presbytery assembled this morning for the purpose of beginning the trial of Prof. Charles Briges on the charge of heresy, based on language used by him in his inaugural ads in the Union Theo Dr. John C. Bliss presided as moderator There was a full attendance.

One of the chief charges against Dr. Briggs is that he disputes the inerrancy of the

The professor read a paper objecting to the form of the charges preferred, stating that the report of the committee which formu lated an indictment against him charge an offense on which he is not now prepared for trial. This, Dr. Briggs said, did him a great injustice and was apt to prejudice the decision of the members. He said that if he had caused wide anxiety in the church he was sorry, but in his conscience he feit no guilt as regards disturbing the peace and harmony of the church. He further added that the charges are generally obscure and irregular in form throughout, and there is nothing in the specifications that can be tested by defendents. He admitted excerpts from his ad dress made on the occasion of his inaugura-tion as professor of biblical theology in the Union Theological seminary. The facts re-lied on to sustain the charges are missing in the indictment, he said, also that the indictment contained insinuations wholly untrue. He denied he ever taught doctrins conflict-

ing with the holy scriptures as the only infallible rule of faith and practice.

The presbytery resumed its session promptly at 2 o'clock. The church was crowded.

After a brief preliminary the resolutions of Dr. VanDyke was taken up. The doctor made a dignified and carnest plea in support of his proposition to dismiss the case agains Dr. Briggs. He did not think, he satd, that tream church to push a trial of the Presby-terian church to push a trial of the case to the bitter end. Dr. Brigg had met the charges in an honest, straightforward manner, had said that he had not meant to utter any faise doctrines, and is not con scious of having done so; if he has he is sorry, and is it manty or christian like or jus to go in the face these avowals! Colonel McCook urged—that the—trial proceed; to dismiss the case would indicate that the board of discipline is a superfluity, and

it would only result in an appeal being taken ind cause delays.

Rev. James H. McIlvaine made a strong argument in support of Dr. Briggs' objec-tion; that the charges were not specific and were not substantiated by facts, and, therefore, moved for the dismissal of the charges He declared that there would be delay any way, and either the committee of Dr. Briggs

way, and likely appeal from the decision of the presoytery.

For the purpose of making a formal record, Rev. J. Ford Sutton moved an amendment adding the words to Dr. Van Dyke's motion

that the charges be diamised "in considera-tion of Dr. Briggs' answer."

Dr. Thomas L. Hastings, president of the seminary, also argued in favor of dismissing the charges, his reference to the prosecution being somewhat caustic. "It was supposed." he said, "that the committee was under the control of the presbytery, but it seemed that the presbytery was under the control of the committee."

A. Robinson arose to a point of order a this declaration and contended that Dr. Hastings was not speaking on the subject under consideration by the presbytery, where consideration by the presbytery, whereupon Dr. Hastings declared that the committee's authority had been used as an argument against the motion of dismissal, and continuing, stated that the charges should be dismissed for the sake of the

which an extract from a letter written by Samuel Hamilton was read, as follows: "I have learned more of the heightn and depth, the length and breadth of the word of God from Dr. Briggs than from all other men to

Rev. David Wylle offered a further amend ment to the effect that the charges be dismissed, but wished it understood that he die not approve of the statement made by Dr. Briggs in his address.
Dr. W. G. T. Stod most earnestly pleased against the dismissal of the charges, arguing that a dismissal would be to douge the

uestion of Dr. Briggs' alleged hereitics The resolution, as amended, to dismiss the charges was then read and a vote taken by roll call, resulting, 94 in favor of the motion ank 39 against; seventy-one ministers and twenty-three elders voting in the affinative and twenty-six ministers and thirteen elders

voting in the negative.

This action, however, does not end the controversy as it will undoubtedly be taken

# COLORADO REPUBLICANS.

Judge Helm Elected Chief Justice-Full Returns Not Yet in. DENVER, Colo., Nov. 4 .- The election law

possible even tonight, to give the exact results. Sufficient, however, has been received to determine that Judge Helm, republican, has been chosen chief justice by from 7,000 to 10,000 majority. Partial returns from the sixteen election districts in this county give the republicans their entire ticket by major-ities ranging from 1,371 to 3,937. With the exception of Lake and Las Animas counties, the republicans elected their entire ticket in every county in the state.

Referring to the result of vesterday's election in the east, the Rocky Mountain News says: The elections of yesterday make it clear that the democratic party will elect the next president of the United States. New York is now so firmly fixed in the demo-cratic column that it cannot be shaken. New Jersey, Connecticut and Indiana are always safely democratic when New York is. In addition, Massachusetts may be considered surely within the democratic lines and half a dozen western states, led by Iowa are more to be depended upon for the democratic can-didntes than for the republican. A democratic president is assured.

### CLEVELAND SATISFIED. How the Stuffed Prophet Looks Upon

Tuesday's Election Results New York, Nov. 4.-Ex-President Cleveland gave an opinion of the result of Tuesday's election as follows: "Of course every one has a right to put his own construction upon the result, and I am not anxious to obtrude my ideas, but it seems to me one thing ought to be no longer doubtful. Any man who still thinks the tariff reform a settled and obsolete issue, or that the importance of sound and safe money is a ques-tion upon which the people can be blinded, is either wilfully wrong, or dangerously dull. It seems to me democrats ought to be satisfied that staunch adherence to principles of their party does not require abuse of those who show an inclination to help us. I very much regret the defeat of Governor Campbell. He was a brave, honest official. This and the splendid canvass he made entitled him to success. # KANSAS POLITICS.

Republicans Successful -- Crushing De-

feat of the i cople's Party. TOPEKA, Kas., Nov. 4 .- The power of the farmers in Kansas politics is broken—for the time at least. The alliance met a crushing defeat at the poils yesterday. The general result is but indicated by the returns from the judicial districts. In only one was the alliance successful—that district comprising the counties of Kingman, Pratt and lowa, where the farmers elected William Bashore That was formerly the stronghold of the union laborites who joined the farmers when the latter went into politics. Hesides there were two republican when another set of election officials is chosen that fitness for the work be determined by some other standard than party

affiliations. What is Certain. But the count has proceeded far enough to have gained an unprecedented victory in the county. Where two years ago only one republican (Berlin for commissioner) was elected, this year only two republicans (Smith for surveyor and Hill for county superintendent) has been defeated, and even their defeat is not certain. It is probable, however, that House and Hill, democratic candidates for these offices, have been saved from the catyclasm that overwhelmed the

unwashed Tuesday. On the city ticket the showing is the same. Every republican candidate for city office is elected by a large plurality, and eight of the nine councilmen are republicans. At present the indications are that the nine councilmen-at-large-elect are: McLearie, Bechel, Monroe, Jacobson, Steel, Edwards, Back and Prince (reps.), and Howell (dem.). Howell is the only man who escaped, and he

owes his election to his personal popularity. It is quite probable that the present bonch of the district has been choson for the coming term. On the state ticket the majorities are heavily republican. Judge Post carried Edgerton's home town in every ward, He will have a majority in Douglas county of

nearly 7,000. But here are some figures; State Ticket. Complete returns from the county and seventy-eight of the eighty-eight city pro-
