The types made THE BEE accomplish the cyclopean enterprise yesterday morning of building a "Burlington" railway bridge across the river in a single night. In discussing the probability of another motor company building a competing line between the two cities it was meant to be stated that the new-company could force its way into Omaha over the Broadway bridge under the conditions of that bridge company's charter, but the type carried the new line over a "Burlington" structure that only exists in the fond hopes of the people of both cities who realize that the Burlington ought to build such a bridge.

OFFICE: - NO. 12 PEARL STREET. Iowa State Firemen's Association Has Finished Its Annual Session.

SCME CHANGES MADE IN ITS LAWS.

Question of Eligibility to Vote Settled -Arrangements for Next Year's Tournament - A Pleasant Tallyho Coach Ride.

The Iowa State Firemen's association held ts closing session yesterday in the League club rooms. A number of amendments to the constitution and by-laws were introduced by different members, discussed, and adopted Among them was the providing that any fireman must be a member of the association for a period of sixty days before he could have the privilege of voting. This change was the result of a jangle which has arisen at nearly every meeting for several years past, and the adoption of the resolution is expected to set all further trouble on that score at rest.

A new by-law was adopted, prohibiting the members of any champion company from competing as a member of any other company in the same class until two years and elapsed from the awarding of the prize

to his old company. A vote of thanks was passed by the associ-ation to the members of the local department and to the citizens in general for the entertainment received during the meeting. A committee on transportation was ap-pointed, consisting of George Lincoln of Cedar Rapids, C. W. Neal of Stuart and Frank Cain of Atlantic, A. R. West of Cedar Rapids was added to the committee on

A meeting of the board of centrol was held, at which the following appointments were made for the Atlantic tournament: Superintendent of steamers, E. O. Soule, Iowa Falls; superintendent of hose racing, laby I Tayangtan Canal Bl. Tayangtan Canal John L. Templeton, Council Bluffs; superin tendent of hook and ladder companies tendent of hook and ladder compani Marion Johnson, Audubon; super tendent of hand engines, Georgo Lincoln, Cedar Rapids; superintendent ladder climbing and coupling contests, C. L. Root, Lyons. A program was also ar-ranged for the tournament and a list of prizes for the successful contestants.

The afternoon was spent in riding around Council Bluffs and Omaha in and on top of one of Stephenson's tally-ho coaches. At the conclusion of the ride the party returned to the Grand notel, and the visitors left for their homes on the evening trains, greatly pleased with the reception given them by their Council Bluffs friends.

Success Phenomenal.

The great sale of winter goods which the Boston Store, Council Bluffs, started Saturday last, has been a phenomenal success. Money from Germany. Mrs. George H. Meschendorf, wife of the Broadway butcher, has just received notice that she has been left \$10,000 by a couple of friends who have just died in Germany. The name of

the deceased couple was Rousch, and she was acquainted with them some years ago in Galesburg, Iil. They were much attached to Mrs. Meschendorf when she was a girl and wanted to adopt her, but her parents would not consent. Mr. and Mrs. Rousch afterwards moved back to their old home in Germany, where they died recently. In looking over their valuable papers a will was found, in which the sum of \$10,000 was bequeathed to Mrs. Meschendorf. The money is expected to arrive in a few days,

New York, Nov. 19 .- Many prominent members of the Kepublican National league were here today to attend the meeting of the executive committee called to fix the time and place for the national convention of the

When the meeting was called to order after recess twenty-six states were represented. All the officers were present, president John S. Clarkson presiding.

The conference was continued, the states being cailed in order for reports as at the morning session. At last the question of time and place for holding the next annual league convention came up. A committee presented the claim of Buffalo for the honer. Edward P. Allen thought that Detroit was George W. Palchett of Union City, Ind.

After much talk the matter was referred

to a subcommittee with power to act. The committee will defer action until after the meeting of the national republican committee in Washington next week. In the event of the national convention beand then it will be a fight between Omaha, Indianapolis and Minneapolis for the conven-

tion of the National Republican league. McKipley's Name Arouses Enthusiasm Boston, Mass., Nov. 19 .- Five hundred members and guests of the Home Market club attended its testimonial in honor of the leaders of legislation at the Potel Vendome this evening. At the round table in the conter of the dining hall sat General W. F. Draper, who presided, Governor-elect William E. McKiniey of Obio, Senators Aldrich and Hoar, Hon. Henry Cabot Lodge, and

After the discussion of the elaborate menu General Draper called the club to order, and referring to the practical nature of the tariff question, mentioned Mckinley's name. This was the signal for an enthusiastic demonstration, the company rising and giving three cheers for "the future president United States," The assembly adjourned to Tremont temple, where General Draper delivered the opening speech.

Major McKinley followed Scuator Hoar, He was warmly cheered during the forty

minutes he was speaking. Senator Aldrich spoke of "Raw Material." Ex-Speaker Reed spoke briefly, and chiefly upon topics of local interest. In closing he said: "If raw material is that on which no human labor has been bestewed, as has been said, where under the world i such a thing? It is a strange idea that what goes into the mill should be free and what omes out should be protected. It is a clear case of endeavoring to kill by decay."

TO RAISE BLACK CATS.

A Peculiar Business Being Opened Up on Puget Sound.

San Francisco, Cal., Nov. 19.-James Warder, of the Consolidated Black Cat company, is here from Fair Haven, Wash. He was one of the stockholders of a novel company just organized on Puget Sound for the propagation of black cats. An island is to be surchased so that the cats can't mingle with he other cats of the region and there plack cat breed is to be perpetuated. black cats will live on fish, and thus the expense of running the big cat ranch will be refuced to a minimum. The cats are to be raised for their fur, and the projectors pect to make millions out of it. Most of original stock will be brought from Holland.

To Extend Telephone Monopoly. NEW YORK, Nov. 19 .- The Times prints he following: The extension of the Bell Telephone company for a term of fifteen coars beyond the expiration of its original patents, which appears to be practically es-tablished by the issuing of a patent Tuesday to Emile Berliner, assignor to the American Beil company, has created considerable surprise among men of that profession in this city. A number of these gentlemen ex-pressed the belief yesterday that the Berliner application, which for more than fourteen years has been in "interference" at the pat-ent office, has been conveniently retained in that attitude by the Beil company in order that it might be brought forth as a means of extending the Beil monopoly when the time approached for the expiration of Bell's basic patents in 1893. The Drawbaugh claim for a telephone patent, which was disposed of by rejection last month, left the way clear to he granting of a patent to Berliner, assignor to the American Bell company.

Oklahoma and Statehood OKLAHOMA CITY, Okl., Nov. 19 .- The Comnercial club of this city has issued a call for convention to be held in Oxiahoma City December 15, composed of delegates chosen from each political division of Okianoma and the Indian territory, to discuss the advisa-bility of statehood and the boundary lines of the proposed state.

CAPTURED BY THIRD PARTY.

Farmers Become Willing Captives of the New Political Organization.

DISSENSIONS WITHIN THE ALLIANCE.

Yesterday's Action Has Caused a Big Split-A New Organization Forming-Confederated Assembly of Industrial Unions.

INDIANAPOLIS, Ind., Nov. 19 .- The people's party has captured the alliance.

The alliance has spirt on the subtreasury .These are net results of today's sessions of the various farmers organizations now

gathered here.

The evidence of the split was public before that of the capture. When the supreme council of the alliance met this morning everybody but the delegates were excluded from the hall. Even Congressman Jerry Simpson had to go. Then the protest of the anti-subtreasury people was taken up and a somewhat animated debate occurred as to the pest means of disposing of it with the least possible friction. Finally after two hours wrangling, the committee of the antis was informed that they could not be heard unless they furnished the council with a copy of the protest. This was what the antis refused to do, unless they could present their protest in person, and that ended negotiations between the two wings of the alliance.

Protest of the Antis.

The protest sets forth that the authors are a committee of the Farmers and Latorers a committee of the Farmers and Latorers union convention, held in St. Louis in September, composed of R. W. Niebois of Missouri, P. J. Patillo of Texas, B. F. Paismere of Mississippi, J. W. Crews of Tennessee, and U. S. Hall, W. S. McAllister, and W. Pope Yeamans, at large, which committee was appointed to memorialize the surreme council of the Farmers Alliance and Latitatical pains by way of sating forth the Industrial union by way of setting forth the objections of the convention to certain declarations of principles, and demanding t change be made by the supreme coun-cil. The committee, after its organiza-tion, prepared the views of the convention touching the principles and demands of the suprome council, from which a large number of the members of the Farmers and Laborers union dissented.
The memorial respectfully and carnestly

protests against any action of the supreme council that proposes to commit the Farmers Alliance and Industrial union to the proposithat provision be made by federal congress for government loans of money to individual citizens upon farm mortgages as security, or to the demand for government ownership or control of railroad property and transportation. These schemes, states this memorial, are unconstitutional, impracticable, conflicting wit the spirit of the alliance movement and tend-ing to government paternalism and state socialism. The memorial sets forth in detail

the various objections to the schemes.
In conclusion the committee expresses its lesire to co-operate with the alliance in carrying out its principles, securing safe cur rency, ridding the land of trusts and monop olies, helping the farmer and laborer, secur-ing an honest ballot and a fair count, and selecting for places of public honor and emolument honest and capable men, who regard public office not as a private advantage, but a public trust.

Will Organiz a New Alliance. The executive committee of the anti-sub treasury party will now proceed to Texas, where 127 sub-alliances have already dechared against the subtreasury scheme, and will begin the work of organizing a new alliance. A call for a national convention will probably be issued formerrow.

The capture of the alliance by the people's

party was practically accomplished two or three days ago, but the full extent of the capture was not apparent until today when President Polk was unanimously re-elected and H. L. Loucks of South Dakota was chosen vice president. J. H. Turner was re-clected secretary treasurer and J. F. Willetts of Kansas national lecturer. Mr. George F. Washburne of the national

executive committee of the people's party stated that the leaders of that party were ubilant over the election of Presiden Of the four great leaders in the alliance Messrs. Livingston, Macune, Terrel and Pols, the latter was regarded as the one most favorable to independent political ac-

Mr. Polk in his annual address Tuesday night so severely condemned the two old parties and in the address, as well as between the lines, so strongly indicated his tendencie to the people's party movement, that the elec-tion of either one of the other gentlemen men tioned would have been regarded as a blow to the people's party, while, on the other hand, the re election of President Polk is reparty. The election of Mr. H. L. Loucks of South Dakota as vice president is regarded as a greater victory, from the fact that he is a member of the national committee of the

national people's party. The committee on confederation of the various industrial organizations met this morning at the Hotel Dennison. This commiltee was composed of five representatives from each of the six organizations and was chosen by the latter for the purpose of call-ing a congress of all the labor and industrial classes. It had been decided previous to this gathering to convene the congress at Washington on February 22, but the south and west made such strong objections to that place that it became necessary to decide upo some other location. The duty of the presen meeting of the committee is to fix this place. The matter occasioned lengthy discussion and ended in referring the question to a sub-committee consisting of Messrs. Terrell, Taubeneck and Baumgarten, with instrucions that either Indianapolis, Louisville Cincinnati, Chicago or Springfield, Ill., be chosen. It will make a decision within

twenty days. Political Phase of the Situation.

The political phase of the situation cropped out in the meeting, consuming much o time of the session. The question at issue was whether the call for a confederated assembly on February 23 should leave the way open for the nomination of a national ticke at that meeting or whether the scope of the work to be done there should be limited so as to prevent political action. The latter course was the one finally decided upon. When the assembly convenes it will proceed to draw up a platform of deciarations and demands, and the two great political parties will be requested to give them consideration and endorsement. It is not expected that the two great parties will take any notice of these demands and the way will remain clear for the people's party to call a convention after the other political conven-tions have been held and adopt the formuiated demands of the confederated labor as sembly as its platform. This is the plan of action now determined upon by the people's

The Confederated Assemby of Industrial Unions, as it is called, will, in the minds of the committee, be the most important organ-ization of recent years. At aims for the consolidation of all laboring classes and the sub-sequent diversion of the whole strength of the gigantic combination into the ranks of the third party. It will be composed of federated organization, and one delegate for each 1,000 or fraction thereof of members A committee of four, consisting f C. W. Macune, H. Baumgarten, F. W. Gilrutn and J. B. Important Suit Decided by the Wisconsin Supreme Court.

WEST SUPERIOR, Wis., Nov. 19.-The decision of the supreme court in the case of Ellis vs the Northern Pacific railroad, affirming the decision of the lower court in favor of the plaintiff, was a surprise to many and has caused considerable comment, as property of the railroad here to the value of over \$1,000,000 is affected by this decision and other suits will speedily follow. The amount involved in the Ellis case is about \$200,000. The land came into the hands of Judge Roberts through a quit claim deed given by the county for a nominal sum, and by him parts of it were transferred to Ellis. who lives at Eau Claire, and to other parties. The question involved in the case was in regard to the validity of the tax titles similar to the one in question. It is this which gives the case its special importance.
