Nebraska's University Fcot Ball Players Training Hard for the Fray.

POINTERS ON THE ELEVEN'S MAKE-UP.

Will Give the Iowans a Stubborn Battle-Interest Growing in Omaha -Speed Ring and Other

Sports.

LINCOLN, Neb., Nov. 24 .- | Special to THE Bgg, j-The University foot ball team is improving these bracing days in preparing for the contest with the lowa University team at Omaha Thursday afternoon. The following is a brief description of the personnel of the Nebraska team.

Anderson, center rush, weighs 180 pounds. This is his second year in the team and he has played in every game. For a heavy man he is a good sprinter and is always found with the ball.

Yont, left guard, tips the scale at 180 pounds, and has good staying qualities. This is his first year with the team, but he already gives promise of becoming one of the most reliable men in the organization.

Chandler, left tackle, is manager of the team, weighs 155 pounds, and is now in his second year with the club. He is also prominently identified with the base ball team and is in excellent form.

Porterfield, right guard, is the heaviest man in the team, weighing 190 pounds. This is his second year and he plays a good, heady, and reliable game. Is looked upon as one of the best men in the team. Hyde, right tackle, one of the old members

of the club, weighs in at 155. Is an enthusiastic worker and always on hand at a critical point in the contest, Skiles, right end rusher, also weighs 155 pounds, is an old player and noted for ac-tivity and cool headed work. Is an enthusi-

ast in all branches of athletics. Johnston, captain and right half oack, is one of the lightest men in the team, weighing 150 pounds. He is, however, one of the fleetest runners, and has remarkable staying qualities. He holds the inter-collegiate championship for lightweight wrestling. No better man could have been chosen to captain the team, as he is a good disciplinarian, a general favorite, quick to see a good point, and always steady and cool headed.

Flippin, left half back, is the only colored man in the team. Weighs 185 pounds, and holds the inter-collegiate championship for heavyweight wrestling. Good all-around

Pace, quarter back, is the lightest man in the team, weighing but 140 pounds. What he lacks in weight, however, he makes up in activity. Plays a heady game, and is never

White, full back, is a new man in the team, weight 150 pounds, is a good tackler and punts well. Is one of the swiftest run-ners of the team and is looked upon as a good all-around man.

Captain Johnston has not yet determined whether Church or Jones will play left end rush. Church is the best 100-yard sprinter in the school and weighs 160 pounds. Jones is somewhat heavier than Church, weighing 175 pounds. He is not so fleet of foot, but is probably a better tackler. Either may be depended upon to do good conscientious

The team is in good shape, and the boys are all anxious for the contest. Coacher Lyman has fully justified the confidence placed in him, and for the short time he has had charge of the team has made a noted improvement in the work.

Much Interest Felt Here.

The foot ball game to be played at the ball park Thanksgiving afternoon is exciting more and more interest every day and the indications are, that is, conspicuous weather There are many graduates of both universities here in the city, and each team is sure of lowa team, so a note to the sporting editor affirms, is in the best possible condition, and will come here fully confident of pulling out a victory. The Nebraska team, too, is undoubtedly in excellent trim and improving with each day's practice. In any event, the lovers of this thrilling rough and tumble sport are assured of a stubbornly contested battle, and the winning side will realize that they have been in a fight when the final goal

Stockton's Kite Keeps the "World's

Records" Popping. STOCKTON, Cal., Nov. 24.-Another world's record was broken today by a yearling filly, Frou Frou, who was driven by Miliard Sanders in 2:26, beating Bell Bird's time one-quarter of a second. Her quarters were: 37, 1:1434, 1:51, 2:26. She finished the last quarter in 35 seconds. A month ago Frou Frou made her first record, 2:41 and Sanders has been keeping her coming along faster at every meeting.

Athauson, a yearling colt by Mataldon was

driven by Matt Dwyer to beat 2:20%, and made the mile in 2:28. He went to the half Fausta, a yearling filly by Sidney, paced a

mile in 2:24%, beating her world's record of 2:25% made here Saturday. She was well rated by Sanders, going to the half in 1:1314 and finishing the last quarter in 35 seconds. Garfield Park.

Friday Night's Mill. The Moore-Niland finish contest Friday night will doubtiess be one of the most interesting mills fought in this vicinity for some time. Moore is in receipt of a letter from a St. Paul friend informing him that a half dozen or more of his old friends of the Twin City Athlette club will arrive here Friday morning to see how he stacks up against young Niland, and one gentleman he says will be ready to back him in a side wager to any amount within reason. Niland's friends are growing more enthusiastic over the stock vards champion every day. He is working in ad-mirable form and may prove a gigantic sur-prise to Mr. Moore.

Last Shoot of the Season. The Omaha Schuetzenverein will hold its closing shoot for the season of '91 next Sunday afternoon at their range at Ruser's park. The principal feature of the occasion will be the contest for the state championship medal,

entrance money will be deducted to defray expenses, and the balance divided into as many monies as possible, in order that all the contestants may be satisfied. There will also be a few prizes hung up to be shot for by members of the club only, and there is a likelihood of one or two special individual matches. The bowling alleys will also be open for contest, the same provisions governing as those controlling the shoot—10 per cent deducted for expenses, and the balance cent deducted for expenses, and the balance cut up in four monies. No one will be barred and entries for both the shoot and bowling contests can be made on the grounds. The day's sport will conclude with a social hap under the auspices of the West Lawn Social

Athletics in the North End. Erflinger's hall, 1912 North Sixteenth street, will be the theater of an athletic entertainment Saturday night under the auspices of Omaha's gentlemanly heavyweight, Jack Davis In addition to a six-round go between Jack and Patsy Dungan there will be bouts between Herb McCormick, Nat Hathaway, Dies Moore, Sammy Stevenson and others Dan Buidwin, the Omaha Hercules, will perform his wonderful feats of strength, while two unknowns will measure strength in a catch-as-catch-can wrestling match.

Nebraska Dairymen's Association. Nonfolk, Neb., Nov. 24 .- (Special to The Ber. |-The seventh annual convention of the Nebraska Dairymen's association will be held at Norfolk December 15, 16 and 17. The sole object of this association, which is a state organization, is to encourage and develop the dairy industry of the state, and the hearty co-operation and support of all citizens of the state who are Interested, directly or indirectly, in this most important indus try is invited. The work of the association is targely of a missionary nature, and for this reason the annual conventions are held at convenient points in the state in order that which is open to all. Ten per cent of the people generally may, in time, have an op-

portunity to receive the benefits of such a meeting at comparatively small expense.

Not only will practical and successful dairymen and creamery men of the state be present to take an active part in the work of the next convention, but in order that the greatest possible benefit may be derived by those who attend, grrangements have been made, at considerable expense, to secure the attendance of men from the older dairy sections of the country, men whose good judg-ment and large experience in the dairy in-

dustry has given them a national reputation An interesting program is being prepared for this annual meeting. After the reading of each paper there will be ample time for discussion of the same, in which all are invited to participate. Any person who desires to prepare a paner relating directly or in-directly to the dairy industry is invited to do so, and time will be given for its consider-ation by the convention. The sessions of the conventions are open and free. Everyone is invited, all are welcome

DETAILS OF LAST NIGHT'S MEETING.

Mayor Cushing Vetoes That Part of the Election Appropriation Relating to the Pay of Judges and Clerks.

There were thirteen members who attended the council meeting that was held last night. They rushed through business at a rapid rate in order to get a night's rest and be in condition to be present at the closing act in the boodle investigation that is on the bills for tonight.

Vetoed the Election Appropriation. Mayor Cushing handed in a veto on that portion of the appropriation ordinance relating to the pay of judges and cierks of election. The amount specified in the ordinance was \$3,696. He held that there was but one election and that the amount should be prorataed. He quoted the law to sustain his position, and added that the city attorney, the county attorney and the attorney for the Board of Education had the matter under consideration and would be able to report ere many days.

The veto was sustained by a vote of seven o five, and the whole matter was referred to he chairman of the finance committee and he city attorney, to confer with the other

to order the removal of the lumber yards on Fourteenth street, between Leavenworth street and the Union Pacific railroad tracks. City Treasurer's Bond.

The finance committee reported that it did not feel like taking the responsibility of naming the amount of the bond to be given by the city treasurer. The members of the ommittee suggested getting the opinion of of the district court as to the the judges amount of the bond.

Mr. Poppleton was called for. He said the charter required that the bond should be in double the amount of the money that might come into the treasurer's hards. He did not think the judges would give an opinion. Last year there was something like \$800,000 in the hands of the treasurer. Mr. Davis moved that the bond be placed

at \$1,000,000. Mr. Blumer moved to amend by making the wond \$2,000,000. Mr. Poppleton said that most of the money would be in the banks and they would also give bends for the safekeeping of the money. All of the motions were withdrawn and ir. Blumer moved that the bond be placed at \$2,000,000. Mr. Osthoff moved as an amendment that the amount be placed at \$1,400,000.

Sprung a Sensation. When the vote was called on the \$1,000,000 bond Mr. Blumer sprung a sensation. He had been informed that Mr. Bolin had hired attorneys. He had hired them immediately after his election and intended to test the constitutionality of the law passed at the last session of the legislature relating to the

I irst of the Season. The first in the season's course of the Young Men's Christian association concerts was enjoyed last night by a large audience. The attraction was a program by the Red

path Star Concert company, and it proved to be excellent in every respect. Miss Ella M. Chamberlain, the whistling soloist, delighted the audience with her superb whistling, which she accompanied upon the piano, making a sort of lip and piano duet that caught the ear very pleasingly.
Miss Edith Christic demonstrated the fact that she understood how to manipulate the iolin. She was heartily encored.

Mr. Edward P. Elliott produced the com

edy part of the program by presenting sev-eral highly humorous impersonations. Mr. John Francis Gilder did some work pon the violin that stamped him as a thor ough musician. Master Cecil, a bright and versatile lad sang a number of character songs and did some clever work in acting.

The entertainment was a winner. Died of Heart Disease. Mrs. Margaret O'Brien, twife of Patrel Driver James O'Brien, died suddenly of heart disease at 5 o'clock yesterdey afterioon. Mrs. O'Brien was 47 years old and had hardly been sick a day in her life. She had been feeling exceptionally well all day and her death was an awful surprise to her husband and friends. Not five minutes be-fore her death Mrs. O'Brish had been talking with friends. She started for the rear part of her residence, 810 South Seventeenth street, and when the dising room was reached fell heavily to the floor with scarcel word. A physician was hastily summoned but before he arrived Mrs. O'Brien was dead. Word was at once sent to the husband at police headquarters.

No arrangements for the funeral have as yet been made. Locating a Deserter. The wife of Eugene Rosenberg, an account of whose descriton was printed some days ago, called at police headquarters vesterday afternoon to ask aid in locating her husband. Friends arranged a home for the poor woman's baby at the Creche and secured en ployment for the mother. Mrs. Rosenberg believes that her busband is in Portland and the police have promised to write to the officials there and see what can be done toward having the truant husband return to

his family. He May Go to Linco'n. John Johnson, the alleged train robber safe blower and general crook, is still held by the police. Chief Seavey said that he understood the man was wanted in Lucoli for jall breaking. If the prisoner is identi-fied by a Lincoln officer the police here wil let him go, as they have no evidence of any kind implicating Johnson in any of the numerous crimes recently committed in this

CORONER AND STREET CARS.

Action to be Taken to Frevent Overcrowding Chicago Cable Trains.

POLICE OFFICERS IN TROUBLE.

The Raid on Grief's Hall May Lead to Indictments by the Grand Jury - Chicago Hotel

Romance.

CHICAGO BURRAU OF THE BEE, Citteano, Ill., Nov. 24. If Coroner Hertz has his way there will be no more crowding of street cars and the north and west side citizens who are compelied to patronize Mr. Yerkes' subterranean cable lines will not have their lives daily imperiled. Lack of a sufficient number of cars to accommodate the public Mr. Hertz thinks is the cause of all the trouble. Something must be done at once and the coroner intends to force some action, if it is possible for him to do so with the authority he now has,

Fromble for Grief's Hall Raiders. Inspector Lewis and those of his subordinates concerned in the raid on Grief's hall

may have to answer before the grand jury for the part they took on that occasion. It is rumored the November grand jury, now in session, is about to take the matter up and may probably close its labors by indicting all the officers who took part in the attacks. Action of this kind would be decidedly sensational, and among laboring men the idea is looked upon with great favor. Many of the leaders are anxious to bring the matter before the grand jury at once. seeks an Accounting.

The bill brought by Colonel Amos C. Bab-The bill brought by Colonel Amos C. Bab-cock, involving the construction of the Texas state house, was answered at length by the defendants, John V. and Charles B. Farwell, John T. Chumasero, Abner L. Taylor, John K. Harmon, and J. V. Farwell, jr.

By his suit Colonel Babcock seeks an ac-counting from the defendants of a quarter

interest in the contract for building the house and from the sale of cattle. In their reply defendants set forth that the contract for the contraction of the Texas state house wa urdertaken in return for 3,000,000 acres o land; that Babcock, who was supposed to be worth \$250,000, was fully able to perform he part in the syndicate's operations, he being granted a fourth interest in the contract, out that in November, 1884, it was learned that Babcock had misrepresented his financial abilities and was without means to pay his debts. Subsequently Babcock transferred an eighth interest to the Farweils for \$11,000, the other eighth having been held by the Farwells in trust, subject to Baccock pay-ing his proportionate share of the expenses. In July, 1883, the state house was completed and the 3,000,000 acres of land were trans ferred to the Capitol Freehold Land and Im provement company (organized when Bab ook bold no interest in the contract) and the took of the latter concern was then divided. Babcock's share was fixed at \$13,000, based upon the amount of his interest, still he Farwells in trust. The latter claim to have the right to continue holding this in-terest in trust until the advances and disoursements in his behalf are fully paid. As to selling a part of the cattle which were bought by the firm of J. V. Farwell & Co. for \$45,000, and a part of the business of the syndicate, it is claimed it was done as an act prudence and according to their best judgnent. It is denied that Babcock was en-itled to shares in 1883 and that the stock and depreciated since that time.

A Windy City Romane .. Albert G. Gove, who registered at the Palmer house as from Boston, was married yesterday in the hotel parlors to a very handsome young lady. The strangest part of the proceedings was that Gove was, at the time, under arrest. He procured a license at the county cierk's office while in the custody of an officer. The arrest was at the instance of a Mr. Kilduff of Montgomery, groem and his wife went on their way rej ing, the warrant being quashed. It is stated that both bride and groom are members of wealthy Borton families. Mr. Gove gave his age as 21 and that of the pride as 19. It is not known what Mr. Klidnif's connection was with the affair or why the arrest was made, except that it was a runaway match.

Pardoned an Omaha Man. The pardon by Governor Fifer of Pat rowe, the Omaha stockyards employe, who was sentenced to six years for shooting Offi cer Briscoe, has created much adverse con ment. Crowe went to a house on South Clark street and stole diamonds valued at \$2,000. The noise awoke the woman and Crowe shot her in the arm. A porter tried to intercept him and was also shot. Officer Linville tried to arrest him and was also shot. Officer Linville tried to arrest him and was sand through the head. Crowe fled down the street. At the corner of Dearborn and Adams streets Officer Briscoe grappied with him. He shot Briscoe in the left breast about one inch below the heart. A bystander rushed up and Crowe shot him The desperade was finally overpowered and

aken to the station.

He was sentenced to six years at Joliet. Officer Briscoe has been a comparative physical wreck ever since he was shot. Before the shooting he was an athlete, a fine sprinter and one of the best boxers on the force. pardon was granted on the ground that Crowe was insano, His friends say they will take him to lowa and keep him there.

They Trusted Keith. News of the arrest of Charles W. Keith, the V-isconsin and Michigan representative of the William Deering company in Omaha charged with embezzling money from his firm, created con siderable surprise in the office of the com-pany at 18 Fuiton avenue. "I know little or nothing of the case," exclaimed James Deer ing, the junior member of the firm, "but must confess that it was a great surprise. Keith has been in our employ for the last ten years, but has always been considered one of our most trustworthy agents."

Mr. Deering sain he could give no estimate of the amount of the embezzlement until an examination of the books was made.

Burlington Paying Commissions. General Passenger Agent Eustis of the Burilogton is paying commessions to agents of the Grand Trunk, Lake Eric & Western, Cincinnati, Hamilton & Dayton, the Wabash and other lines, and his list is likely to be increased. Mr. Eastis does this under the agreement made with the board of rulings in April last by which he got a guaranty that all roads under the control of the board should give the Burilington a share of their business, provided Mr. Eustis stopped the payment of commissions. At that time it was agreed that if any of these roads failed to divide their business in the General Passenger Agent Eustis of the coads failed to divide their business in the proper way the Burlington could withdraw a five days' notice and resume the payment Now that Mr. Eastis is doing this, it is taken as an indication that the division has

not been satisfactory. Odds and Ends.
