CLOAKS AND JACKETS TO BE KNIFED.

Great Sale of the Siegel, Cooper & Co. Fire Stock-22 Cases to Be Opened for Monday's Great Sale.

WE ARE GOING TO MAKE THE GREATEST OFFER FOR TOMOR-ROW THAT WE HAVE MADE SINCE THE BEGINNING OF OUR BUSINESS.

The fact is, we have too many cloaks, and for tomorrow, and tomorrow only, we will give # off the price of any coat in our house. Every coat is marked in plain figures, so you cannot be done up. Any one buying a coat that has not the money, can pay a small deposit, and thereby secure the garment.

Children's cloaks will not be included in this sale, but plush garments, jackets, in fact all the ladies' and misses' coats in the house go at & off. Such an offer is unheard of, and though we are not in business for glory or in the habit of loosing money, we are compelied to do this as the only means to unload our immense stock, as it is getting late in the season, and we cannot afford to carry them over. Now, if you want a coat remember you

have a chance that may not occur again in years to come. That is all we have to say on the cloak

juestion. Now there is a lot of new stuff that we are going to put on sale from the Seigel, Cooper & Co. stock. For instance their MILLINERY. We shall offer that for about 10e on

the \$1.00. You remember we put on sale the other day a lot of pattern hats, worth up to \$25.00, from the Seigel, Cooper & Co. stock, at \$2,75.

Of course they are a little bit picked over, and just to freshen them up we shall for Monday add a lot of our very finest hats to this collection. Hats that we got as high as \$15,00 for. But as it is tate in the season they will go for the ame price, \$2.75.

Now we want to close out all the rames that we have from the Seigel, Cooper & Co's stock. I suppose the price is what our customers are looking for, so we will sell them 3 for 1c. We offer the best quality of calicoes at

Ife, 21c and 31c a yard. We have from the Seigel, Cooper & Co. stock 30 pieces of Lyons velvet, worth rom \$2.00 to \$5.00 per yard. You will find them up in our second story Monday at 98c per yard.

Also have two pieces of black silk from D. Wiel & Co.'s stock, of Nash-

ville, Tenn., worth \$3.00 per yard, which we shall offer at 99c. In the three stocks that we purchased about two weeks ago that we have been advertising that were damaged by fire there were lots of goods that were not

touched, not even scorched. We have been holding them in reserve, but they go on sale Monday. For instance we have about 20 pieces of 50-inch sheeting at 84c, from the Falls City Manufacturing Co., and some still wider, full bleached, extra quality

at 10c, worth 15c. We also have one case of men's underwear, worth \$5.00 a suit, for 99c each. Hereafter you will find every day some big bargains on our second floor. Come up there Monday just to see what we have. We shall offer a lot of stuff up there for next to nothing.

A SWINDLING RING,

It's Herculean Effirts to Bamboozle the People.

THEY BOYCOTT BENNETT.

The Patent Medicine Shylocks Attempt to Stiffe Competition and Are Backed by Local Druggists.

The following is an extract from a circular signed by Dr. R. V. Pierce of Buffalo, N. Y.; E. A. Bigelow (of J. C. Ayer & Co.), Lowell, Mass., and M. N. Kline of Philadelphia, who are among the leading patent medicine manufac

turers of the country.
"To Wholesale Dealers—Please note that Swift Specific Co., E. T. Hazeltine (maker of Piso's Cure); David Kennedy, I. Hubert, (maker of the Malvina goods) World's Dispensary Medical Ass'n, (maker of Dr. Pierce's goods), H. H. Warner & Co., and J. C. Ayer & Co. will not allow their goods to be sold to cnown cutters, especially those on this ist, (we're on the list), unless they agree with the jobber to charge full retail prices printed on the packages." California Fig Syrup Co. also restricts sales

The above is a sample of the unfair and despicable methods adopted by the patent medicine shylocks to compel peoole to pay extertionate prices for their medicines; and is the direct outcome of the agitation which has been carried on by the retail druggists in this and other cities for several months past. The cut ter who is willing to sell goods at a fair margin is making inroads into the stupendous profits formerly enjoyed by the small fry druggists and they are leaving no stone unturned to stifle legitimate competition and deprive reputable tradesmen of the God given right to sell their own goods at whatever price they see fit.

But the scheme won't work. It is an unfailing law of commerce that where one man has goods to sell and another wants to buy them and has the gold to plank down, he can always be supplied. A proper appreciation of this law would save some local druggists a great deal of

unnecessary bother.

Just to show these cormorants, who eem determined to choke off legitimate competition by fair means or foul, that we can still buy goods and that we are not to be compelled by any pledge to sell them at an extortionate price, we will sell for

ANNOYING APPENTIONS.

Wife of a New York Millionaire Bothered by a Crazy Man. NEW YORK, Nov. 28.-Inspector Byrnes detectives have arrested Louis Armand, a crazy Frenchman, who has been annoving Mrs. Harriet Alexander, wife of Charles B.

Alexander, a wealthy lawyer of this city, living at 4 West Fifty-eighth street. Mrs. Alexander is the daughter of Millionaire Crocker of San Francisco. Armand has been a source of annovance of Mr. and Mrs. Alexander for years. He was arrested several months ago and committed to the Wards Island insane asylum. Within a few months friends secured his release and he again persisted in paying attentions to Mrs. Alexander. He followed her when she went out, made repeated attempts to see her,

and finally threatened her husband. He became so persistent that Mr. Alexander asked Inspector Byrnes to arrest Armand, and he was committed today for examination as to his sanity.

The story of Armand has been told before He is about 35 years old and well educated Mrs. Alexander was a young girl in San rancisco and Armand was engaged as he French tutor. He taught Miss Crocker French lessons and when his time was up he

was dismissed. It was then that he first began paying his attentions to her.

DeWitt's Little Early Risers; only pill to cure sick headache and regulate the bowels. HAD A GOOD THING.

One of the Snaps Garbage Hauters Have Been I njoying. Superintendent Hamilton of the Board of Education has discovered a source of fraudulent expense in the cess pool at the Omaha View school. The vault has been dug nine feet deeper in the center than about the edges, leaving a bench about two feet wide all the way around and extending up nine feet from the bottom of the pit. In measuring the cess pool it has been customary, so the contractors say, to run a pole down to the bottom in the center of the vault, measure the width at the top and from these dimen tions arrive at the number of cubic yards in the pool. The school board has therefore been paying for the removal of this bank about the bottom of the vault every time it has been emptied, and yet the earth remains

there as it ever has been. Marriage Lacenses. The following marriage licenses were is sued by Judge Shields yesterday: Name and Address. Name and Address.

WHAT IT MEANS.

True Inwardness of the Approaching

Railway Investigation. That the federal grand jury will meet Monday and pay some attention to alleged violations of the interstate commerce act has created considerable excitement among certain railway officials and shippers. The indictments returned by the federal grand juries in St. Louis and Chicago against railway officials for favoring certain shippers and against shippers for demanding cut rates and accepting rebates from railways against small competitors has shown the public that it is the intention of the commission to see that alt are given equal and reasonable rates. Yesterday it was known that Special

in the city and in consultation with United States Attorney Baker, A endeavored to interview him investigation but h interviewed, but said he wa am jo ssent emplaint of certain shippers that certain railways were discriminating against them by giving inside rates to com-

Agent Kretchmer, of the commission, was

petitors thereby virtually ruining their busi-"My mission is merely to assist n the investigation," said Mr. Kretchmer, and if the shippers are discriminated against, the grand jury must decide which way. This is all I have to say in the matter, and I want to have it understood that all this rot in certain papers protending to te

nterviews with me are fakes and do me an Inis is all the gentleman would say, and other sources of information were sought, with better result. The railway official interviewed said he was thoroughly familiar with the facts that called for the coming in estigation and he was not averse to telling all he knew.

"Some months ago," he said, "the Nebraska stone company of Omaha, owning at Lyons, Colo., on the line of the Burlington & Missouri railway, made an open complaint to the Interstate commission that rates were being manipulated against it in favor of a competitor and asking for an investigation. The open rate from Lyons to Omaha is 1314 cents, but the competitor, it is alleged so cured at least a 12 cent rate. The commis sion thereupon instructed the official agent to isit Omaha and explain the situation to the Inited States attorney, and if he deemed the case one of morit to present it to the grand jury and aid the complainant in securing equal rates. From present indications United States Attorney Baker thinks the Nebraska Stone company has good grounds for the allegation, and will endeavor to dis-

cover wherein the difficulty lies. The la-vored shipper is Hugh Murphy. "Another case, and one of vast importance to the packing interests of Omaha, is a manipulation on shipments to the cast. It was impossible for small houses to stand that an end be put to such unjust discrimination. This complaint was made some time ago, but it was impossible to secure the facts until this date. The firm involved is the Armour Packing company, and the line on which the manipulation occurred was the Missouri Pacific. Kansas City and Omaha take the same rates, and on this division of rates, a shipper by joining with the railway officials could easily manipulate rates in his favor. In this case, it is alleged, Armour & Co, would order aweet pickled hams from the Omaha Packing company. These hams would be billed out on a slip bill and when the car reached Kansas City the pickled hams would be unloaded and laid substituted. The agent at South Omaha would then be instructed to make billing read lard By this manipulation Armour & Co., re-ceived free transportation of sweet pickled

"This practice prevailed for some time, and finally Mr. Faithern, chairman of the Western Traffic association took the matter in hand and ordered an investigation by Superintendent Carman, of the Weighing asciation. This resulted in exposing the deal and the the InterstateCommerce commission's attention was called to it. Chairman Midgely and Faithorn will both be here to testify in regard to this transaction. The investiga-tion will probably continue one week and promises to put a stop to this method of dis-crimination. What railway officials and representatives of Armour & Co. were guilty of making this alleged illegal deal is not yet known, but rumor connects the same of a Mr. King, former contracting freight agent in this city for the Missouri Pacific railway, Mr. King is now in Atlanta, Ga."
