did not want to share the public criticism sure to follow. It was stated here today, however, that Mr. Morton's reason for resigning was due to personal plque growing out of the fact that his recognized abilities had not been considered in the appointment of the executive board of the Nebraska commission. This may or may not be true, but in any event his friends are criticising him in somewhat severe terms because he has seen fit to decline a position in which he could be of signal service to the state and in which he could honor himself.

In the Supreme Court.

Three cases were filed with the clerk of the

supreme court today. The case of the Union

Pacific against Mary Cook comes up upon a petition in error from Greeley county, and is

an interesting one. On September 8, 1884, Mary Cook, then a girl 13 years old, while walking on the Union Pacific tracks was run

over and seriously injured. He right leg and hip were badly mangled and her left foot

crushed in such a manner that she never has

been able to use it since. Her injuries were of a permanent nature and she has ever since

been unable to stand or walk. Last spring she sued the Union Pacific company for

\$25,000 damages, alleging gross negligence of the part of the company, not only in the proper equipment of its cars, but in the run-

ning of its trains. On August 11, 1891, she

secured a verdict awarding her \$11,500. The railroad company has appealed the case to

the supreme court. The case of John Dugan sgainst John Han

sen came up from Perkins county. Dugan was the owner of an obstreperous built that invaded the premises of John Hansen and in-

flicted divers injuries to his person and prop erty. In the Lower court Hansen obtained

judgment for \$125. Dugan appeals on the

ground that the decisions and findings were not sustained by the evidence and that they

were contrary to law and also that the lower

court erred in overruling the motion for a

Not Exactly Satisfied.

Hon. J. Sterling Morton of Nebraska City has resigned from his position on the state board of World's fair commissioners. In an

interview with Mr. Morton he is reported to have said that because of the small appropri-

ation to carry on the work of making a Nebraska exhibit the commissioners would not be able to accomplish anything, and be

new trial.

court passes on the case.

It is also said that Governor Thayer will appoint a successor to Mr. Morton within a day or two. He is being urged by certain politicians to make the appointment at onco. Their reasons for giving this advice may have some connection with the affairs at Washington, but there are no good grounds for stating this to be a fact.

A reporter called on Governor Thayer and asked what he proposed doing in reference to the matter. The governor replied that he know nothing of the resignation.

#### **Busy Formulating Plans.**

A prominent member of the Nebraska World's fair commission was seen at his hotel in this city today, and among other things said: "The Nebraska commission has t work formulating plans, but there are a few obstacles in the way which must be overcome. At a recent meeting with the national board in Chicago the Nebraska commission was advised that its exhibit in the Nebraska building proper would be per-mitted to embrace every feature of Nebraska's industries, products and resources. Our aggressive commission went to work on this idea, but a few weeks later was notified by the Chicago people that their decision with reference to state exhibits had been somewhat modified. It had been determined that all manufactured products of the state would be barred out of the Nebraska building and taken over to the main or na-tional exhibit and there find their place among the exhibits of the various states of the union. This decision, in the opinion of the Nebraska commissioners, would reduce the Nebraska exhibit proper to the importance of a pumpkin show, and there was con-siderable of a protest raised on account of it.

"The commissioners forthwith opened up a correspondence with the commissioners of Iowa, Kansas, South Dakota and other westorn states, the idea being to meet in Chicago on December 9 and make a formal protest against the policy of the National board with reference to state exhibits

"This move has proved to be a very popu-lar one and on the date mentioned no less than 100 delegates from territory west of the Mississippi river will be in Chicago with their grievances

their grievances. "This," said the gentleman, "is one of the reasons the work in Nebraska has not pro-ceeded on a large scale, and nothing of very great importance can be done until this ques-tion is settled one way or the other."

#### All Serene in Otos County.

All danger of a conflict between the state authorities and the Otoe county squatters has passed away. Commissioner Humphrey and State Draughtsman Alex. Schlegel returned today from the scene of the disputed lands and report an amicable settlement of the controversy. The squatters had been informed by an ex-courty surveyor that the lands, having been formed by accretions from the Missouri river, were free to all comers, and some seven or eight families at once proceeded to exercise the rights of squatter sovereignty. They made improve-ments, and, by reason of the remarkable fertility of the soil, raised enormous crops of corn this year, in some instances the yield averaging eighty bushels per nore. A gen-eral conference was held between Messrs. Humphrey and Schlegel and as a result the land in question will be immediately sur-veyed, platted and appraised. The lands belong to the schools and the squatters will have the privilege of buying or leasing them. have the privilege of buying or leasing them, which they are ready and anxious to do.

#### Delegates Appointed.

Governor Thayer today appointed the fol lowing list of delegates to the Missouri River lowing list of delegates to the Missouri River Improvement convention, which will assem-ble at Kazsas City. Mo. December 15 and 16: H. H. Leavitt, Lincoin; S. W. Dutton, B. S. Ramsey, Plattsmouth; G. M. Hitchcock, J. N. H. Patrick, J. H. Millard, Omaha; P. H. Jussen, Falls City; Jesse T. Davis, Blair; John M. Moan, South Sloux City; D. F. Roifo, Edward Shelden, Nebraka City.

# BOUND FOR HONDLULU.

A Council Bluff's Runaway Linds Broke in Cambridge, Mass.

Several days ago mention was made in these columns of a runaway boy named Philip Gardner, who had turned up in Cambridge, Mass., and whose home was supposed to have been in Omaha.

The real name of the runaway youngster is Philip Gardner Keeline, and his father is W. C. Keetine, residing at 531 East Broadway Jouncil Bluffs. The parent says he will send transporta-

tion if the boy will come home, but does not want the authorities to interfere in the matter, thinking that it will be better to allow the youth to go on his projected voyage to Honoin'n, unless in the past three years ho has had a surfeit of traveling.
