NEWS FROM COUNCIL BLUFFS.

Much Important Business Transacted by the Council Last Night.

THERE ARE SEVEN WARDS NOW.

It Was Created by the Body on Petition of Numerous Citizens—Limits of the New District Defined.

An adjourned meeting of the city council was held last evening with Mayor Macrae and Aldermen Brown, Casper, Graves, Peco, Smith, Wind and Wood present. After a large amount of routine business had been transacted a petition was read bearing the signatures of 180 property owners in the southern part of the city, who wanted that part of the city south of Eleventh avenue made into a new ward, to be known as the Seventh ward. A motion was made by Smith to grant the petition on the ground that the Fourth and Fifth wards each covered so much territory that it was impossible for one alderman to do his duty by either of them. Casper and Wood opposed the granting of the petition, the latter calling attention to the fact that under the proposed system the Fourth, Fifth and Seventh wards would each include about 300 voters. The First ward would contain as many as all three of them. The vote was taken, Brown, Graves, Peco, Smith and Wind voting in favor and Casper and Wood against. The petition was declared granted and an ordinance was passed providing for the re-districting of the city.

According to the ordinance the dividing line between the Second and Sixth wards is moved from Sixth street to Ninth, and the northern boundary of the Seventh ward is fixed at Eleventh avenue. All the other wards are left as at present. The ordinance was allowed to go over until the next meeting of the council.

A resolution was introduced and passed, reading that the city council do use all honorable means in their power to have the bill introduced by Senator Allison providing for the location of a branch of the United States mint in this city passed.

A resolution was introduced providing for the submission to the voters of the city at the election next March of the question of issuing bonds in a sum not to exceed \$100,000 for the erection of a city hall. On motion of Casper the matter was referred to the city and financial committee, with instructions to find out if the voting of such bonds would be legal and to report at the next meeting.

Ex-Fireman Dull McDonald presented a petition proposing that he be discharged from the fire department without any reason being assigned by the chief, and that he be given an immediate investigation in order that the stain on his reputation may be removed. It was referred to the fire committee. At the close of the council meeting the committee held a conference and decided to meet in the council chamber next Monday evening to begin the investigation. The meeting will be public, and it is expected that all the rich, rare and racy news of the city will be there, if there are any, will be thoroughly aired.

emulated the unresponsive clam. E. W. Peterson, manager of the E. J. Dun & Co. commercial agency, met with the same kind of treatment when he tried to make an investigation in response to requests made by a number of eastern creditors.

Several meetings ago it was found that the Eisenman were more or less interested in the Ottenheimer establishment, and judgment was asked against the stock of the latter by Arnold, Constable & Co. and other creditors of the Eisenman. No levy was ever made upon the goods, however, as it was the intention of the attorneys to allow the case to rest against Ottenheimer in peace, provided he made no attempt to get the stuff out of their reach. He made the attempt, however, and it was taken to Omaha before the attorneys fairly knew what was up. Just what move will be taken by Sims & Saunders in the interest of their eastern clients, is not known. No criminal suit can be brought against Ottenheimer, as there was no lien entered upon the record, and it begins to look as though he had covered up his tracks pretty effectively.

A very small pill, but a very good one. DeWitt's Little Early Risers.

On dock. Hart with a fine line of holiday goods. Lower Pearl.

THIS IS THE LAST.

The Remaining Days of December Furnish the Last Opportunity Under the \$5.00 Offer—All Patients Under Treatment Before January 1st, Will Be Treated at That Rate Until Cured.

One thing should be clearly stated at this time. This is the last month of the \$5 treatment. Patients who desire to take treatment under this offer must avail themselves of it at once. There will be no more \$5.00 offers. The cure of catarrh requires—First, a patient who has judgment, common sense and patience to place himself under a regular systematic and scientific course of treatment. Second, a physician who understands the disease, has special skill, special experience, special apparatus, special remedies and gives special care and attention to the disease. Third, in fact, a genuine specialist. The popular impression concerning the cure of catarrh is that it has only been within recent years that skillful physicians gave their whole time and attention to this disease. Catarrh is both a local and constitutional disease, requires both local and general treatment, and general treatment is never done and never will cure it.

ALWAYS MISERABLE. A South Omaha Gentleman Talks to the Point in the Series of Test Cases.

"Over six years ago my trouble began, and I have seen many miserable days and nights since then," said Mr. James Laury of South Omaha, who has been continuously taking treatment with different doctors, but I never got any permanent relief until I placed myself under the care of Drs. Copeland and Mansfield. From that time on I have been free from all my trouble and then on the other. Sometimes it seemed as if the entire top of my head was coming off, and I was so miserable that I could not eat or sleep. I was so miserable that I was often when anyone would speak to me I would have to request them to repeat what

What They Say Concerning the Success of Drs. Copeland and Mansfield—A Well Known Clergyman Gives His Experience—Another Testimony.

"Over two years ago my trouble began, and I have seen many miserable days and nights since then," said Mr. W. T. Callahan of 17 S. 10th St., Omaha. "I had been continuously taking treatment with different doctors, but I never got any permanent relief until I placed myself under the care of Drs. Copeland and Mansfield. From that time on I have been free from all my trouble and then on the other. Sometimes it seemed as if the entire top of my head was coming off, and I was so miserable that I could not eat or sleep. I was so miserable that I was often when anyone would speak to me I would have to request them to repeat what

REV. W. C. SWANK, of the Theological Seminary at Lincoln, Nebraska, writes as follows: "I have great pleasure in making known to you that I have received great benefits from your treatment. I have been afflicted with catarrh of the head and throat, which has been very distressing indeed, in fact, leading me to believe that I must give up public speaking. I tried many remedies but received no relief until I came to you, and I am happy to write and inform you that I am entirely cured. All my symptoms have been removed, and I am as well as ever. I can now read the papers, even at night, and feel like a different person. To such praise cannot be given. I have no doubt that Drs. Copeland and Mansfield for their careful and conscientious work in my case, and I heartily recommend them to all sufferers."

MR. JOHN MALONE, 184 South 15th street, writes as follows: "I have been afflicted with catarrh of the head and throat, which has been very distressing indeed, in fact, leading me to believe that I must give up public speaking. Copeland and Mansfield for their careful and conscientious work in my case, and I heartily recommend them to all sufferers."

MR. JOHN MALONE, 184 South 15th street, writes as follows: "I have been afflicted with catarrh of the head and throat, which has been very distressing indeed, in fact, leading me to believe that I must give up public speaking. I tried many remedies but received no relief until I came to you, and I am happy to write and inform you that I am entirely cured. All my symptoms have been removed, and I am as well as ever. I can now read the papers, even at night, and feel like a different person. To such praise cannot be given. I have no doubt that Drs. Copeland and Mansfield for their careful and conscientious work in my case, and I heartily recommend them to all sufferers."
