ORATORICAL GLIGHTS OF MR. WEHRER

Steps for the Kellom School Give Rise to Much Discussion Available Funds at Present on Hand in the Treasury—Details of the Meeting.

Vice-president W. N. Babcock presided at the Board of Education meeting last night. Superintendent Fitzpatrick recommended the establishment of an ungraded school where girls and boys who have fallen behind may be given special instruction in those branches in which they are deficient and thus prepare them for regular work again.

Superintendent Fitzpatrick was granted a leave of absence from February 13 to 20, to attend the meeting of the National Association of Superintendents in Brooklyn, where he is to deliver a paper on "What Should the State Do for Children Between the Ages of 3 and 6 Years?"

The treasurer's statement was read and showed the following funds on hand to the credit of the ungraded school fund, \$210,473.23; sinking fund, \$751.05.

A petition signed by about twenty citizens asking for the establishment of a special school for the deaf and dumb was referred to the committee on education.

The first action of the board was to authorize the contractor on the Kellom school to put in oak steps of one solid piece instead of two or three pieces glued together.

Mr. Morrison objected to the resolution. He declared that the steps made of two or three pieces and glued together were more than steps made of a solid piece. He thought the solid piece steps would warp with the heat.

And then Mr. Wehrer opened his throat and gave the board a sample of oratory resembling the calypso solo in a circus parody. The talk of Spartacus to the gladiators was a summer idyl as compared with Mr. Wehrer's effort.

Mr. Morrison objected to the resolution. He declared that the steps made of two or three pieces and glued together were more than steps made of a solid piece. He thought the solid piece steps would warp with the heat.

WITHOUT A MURDER. He has grave doubts as to the authority of the council to annul his office, but is of the opinion that a contest would be expensive and that the game would hardly be worth the candle.

Great Question of Financial Legislation Discussed by the Club.

The Sundowner club gave another of its enjoyable banquets at the Paxton cafe last evening.

Mr. Thomas Kilpatrick opened the argument for the evening, choosing as his topic the question "Has Our Financial Legislation Been in the Interest of the People?"

Mr. Kilpatrick read a lengthy and carefully prepared address on financial legislation, and whether it had been wise and in keeping with the best knowledge of our age.

Hon. T. B. Minahan was to have delivered a reply to Mr. Kilpatrick's remarks, but that he was unable to do so on account of pressing business he had been unable to make any preparations for a speech.

Chances That the Swoozy Row on Farnham Street Will Grow Five Stories.

Since the caving in of the foundations of C. W. Gring's undertaking establishment Sunday, rumors of a new building on the site of the row of one-story structures on Farnham street between the Chamber of Commerce and Seventeenth street have been floating around.

Mr. Swoozy was seen by a Bee reporter yesterday afternoon and asked if there was any truth in the rumors.

"Yes," said Mr. Swoozy, "I have been thinking of putting up a large, substantial building covering the entire lot, 6x113 feet, and to be six stories high.

For some time past I have been negotiating with the Dewey & Stone Furture company to erect the building for them. As yet no definite conclusion has been reached on account of a difference of opinion in the matter of rental.

It is understood that Mr. Swoozy wants \$12,000 per year rental and the Dewey & Stone company is offering \$10,000. The latter party interested think that a settlement will be reached before long.

BOUND TO CUT SALARIES.

County Commissioners Hold a Star Chamber Session on the Subject.

The county commissioners have at last decided to plunge the knife into the salaries of the employes about the court house and jail. Yesterday afternoon the entire board formed itself into a committee of the whole and closed itself behind locked doors, with Mr. Padlock in the chair.

The several departments were served with notices to appear and show where cuts could be made. The entire time, however, was spent with County Clerk Sackett, but just what he had to say is not much to be learned from those who attended the star chamber meeting.

It is understood that the commissioners proposed a general cut all around, but never a word did they say about cutting their own salaries of \$150 per month.

AFFAIRS AT SOUTH OMAHA

Anti-Paid-Message Rule Adopted by the Live Stock Exchange.

LIVELY MEETING OF THE COUNCIL

C. M. Hunt's Building Vigorously Discussed Money Bet Can Be Collected—Murder-ous Assaults and Robbed—Terrible Experience With a Gang of Toughs.

Vice President M. R. Murphy presided at a well attended meeting of the South Omaha Live Stock Exchange yesterday afternoon at 3 o'clock.

It was the regular monthly meeting, but the large attendance was due to the fact that final action was to be taken on the proposed amendment abolishing prepaid market messages to country shippers.

The members of the exchange were pretty evenly divided on the question. The packers, shippers, scaplers and stock yards representatives with some of the leading commission houses were opposed to the amendment, while the majority of the commission firms were strongly in favor of it.

A motion was made to call the roll and record each member in black and white on the proposition, but this idea failed to meet approval by a vote of 24 to 34.

It is a question whether the rule can be enforced, but its friends say it can and will and that it will result not only in a big saving to commission firms, but in more evenly distributed receipts in favor of fluctuations in market prices.

The amendment goes in force at once and is as follows, section 13: It shall be deemed a violation of this rule for any member of this exchange or firm of which he may be a member or employee to prepare or cause to be prepared any telegram or message sent by wire or otherwise, for the purpose of the sale of stock information for the party to whom such telegram or message is sent.

Can Recover Money Lost on a Bet. The remarkable suit in which Thomas O'Neill sued to recover \$100 won from John McMillan in a bet has been finally decided by Judge Levy. His honor declares that the winner of the bet was the suit and George Parks, the stakeholder, is ordered to surrender to O'Neill the \$100 put up by McMillan.

The case has attracted a great deal of attention in South Omaha, not only on account of the prominence of the persons concerned but because of the popular query: "Can money lost on a bet be collected?"

TRAIN MEN READY TO STRIKE

There'll Be Trouble if the Union Pacific Refuses Their Demands.

IMPATIENT ALREADY AT THE DELAY.

Many Mutterings Heard From Delegates to the Conference—What the Men Ask is Not Vouchsafed to the Public.

The Union Pacific railway is resting upon a sleeping volcano. Already there are faint mutterings of an explosion, and if it comes to pass, there will be one of the biggest strikes known to railroad history.

Proceedings of the two grievance committees now in session here have been guarded from publicity with the utmost care, and interested parties on both sides have newspaper inquiries with the statement that everything was lovely and there was no danger of a strike.

It was true a new spirit has come over affairs. The officers of the two committees had their grievances before Assistant General Manager Dickinson last Tuesday. Nearly a week has elapsed, and the trainmen have received no reply.

The members of the committees show some irritation and are not so guarded as formerly in giving expression to their feelings. It appears from their statements that their grievances have been put to the railroad company as a demand, and they say with emphasis that they will insist on their rights.

They assert earnestly, and no doubt honestly, that they hope there will be no strike, but they admit that it is possible and announce with evident confidence that they are prepared for such an emergency.

From all this it appears that the conductors and brakemen are determined to force their claims to an issue, and that they have carefully considered both the possibility and the practicability of a strike as an alternative. They hope for peace but are prepared for war.

Their demands include one for an increase in wages on some divisions, and there are some proposed changes in rules that are being considered by the board.

Odd Suit Pants.

This week we hold our regular semi-annual sale of all the odd suit pants that have accumulated during the past season.

This announcement will be read with pleasure by hundreds of our customers, many of whom have allowed the fringe at the bottom of their pants to form itself into a graceful pair of lambskins while waiting for it.

This sale is as different from the ordinary pant sale as black is from white. We buy no pants for it. We put no pants in it from regular stock at regular, marked up or marked down prices.

We simply lay aside all the pants that accumulate from suits to match, where only the coats and vests have been sold, for a whole season, when we sort them into different lots, mark a price on them and put them on sale.

At the prices we make on them they go with a rush. We are never compelled to mark them down a second time to dispose of them.

The sale this time comprises something like two thousand pairs of pants, mostly from fine suits, as it is seldom we have to break a cheap suit.

At \$1.50 Hundreds of pairs of pants, in all wool and silk and wool cassimers, chevots, etc., worth from \$2.50 to \$3.

At \$2.50 Over nine hundred pairs of pants, comprising worsteds, all wool and silk and wool cassimers, chevots, tweeds, worth from four to five dollars. As many pants in this lot are from fourteen and fifteen dollar suits, you can judge how cheap the pants are at two fifty.

At \$3.50 Pants in beautiful goods, meltons, chevots, tweeds, all wool, cassimere, silk and wool cassimers, homespun, fine worsteds, etc. Many a pair in this lot worth seven dollars.

At \$4.50 The very finest kinds of pants. Pants left from suits at \$20, \$22 and \$25. Pants that in a regular way would cost you up to \$8.

In these four lots you can find almost any color, style or pattern you happen to want.
