## OMAHA LIVE STOCK MARKET

Activity Characterized Cattle Operations During the Past Week.

WAS DUE TO SMALL RECEIPTS

Hogs Brought Pair Prices, One Load Bringing the Best Average of Any in the Local Market During the Present Season.

OMANA, Feb. 12 - Five days' receipts foot up 11,792 cattle, 28,072 hors and 3.08 sheep. for the same five days of last week, an increase of 2,730 cattle and 500 sheep and a decrease of 1,500 hogs.

Activity characterized the cattle market throughout, and while there was no quotable Improvement in prices, there was a firmer feeling than has prevailed for several days. This was chiefly attributable to the relative smailness of the receipts, and not to any marked improvement in the de-mand. Shippers bought a few heavy beeves. One load of smooth hog fat 1,506-1b beeves went to a shipper at \$4.50, the best price paid here in many weeks. Dressed beef buyers were active bidders on nice hands fat cattle, but there was a very general inclination to neglect the medium grades of steers-cattle that were not heavy or fat enough for shipping and too heavy for the present requirements of the dressed beef present requirements of the dressed beef trade. The general market, however, was in very respectable shape and with moderate receipts prices will undoubtedly improve. Outside of the \$4.50 cattle and a load of prime light steers that brought \$4.20, good 1,200 to 1,400-1b, steers sold at from \$3.51 to \$1.95, good light steers at from \$3.40 to \$3.75, fair to good light \$50 to 1,100-1b steers at from \$3.25 to \$3.40. A good clearance was effected and in good season.

Deason.

Of the light receipts of cattle less than thirty loads were butchers' and canners' stuff. This fact, together with a good demand from shippers and outside butchers, produced an active market in this branch of the trade, and active market in this branch of the trade, and a general improvement in prices all along the line. Good to choice cows and helfers sold from \$2.75 as hish as \$4.40, fair to good grades at from \$2.75 to \$2.75; common and canners at from \$1.55 to \$2.00. Bulls, oven and stags were in good demand and strong at from \$1.50 to \$3.50; calves firm on the basis of from \$1.50 to \$3.50; calves firm on the basis of from \$3.50 to \$3.50 for good to choice veals, \$1.50 to \$3.00 for large calves and yearlings.

The better grades of stockers and feeders were hard to find and sold readily at good stiff prices, but common light, rough and uneven grades were slow and sold at slightly shaded prices. Good to choice 600 to 550-10

SHEEF-There were no sheep received. It seems to be either feast or famine in the sheep market. Heceipts are either too continuously heavy for local requirements, or, as is more frequently the case, killers are compelled to either buy them elsewhere or do without them. An average supply of 4,000 or 5,000 a week or from 700 to 1.000 a day would keep packers goling, and that number would find a ready sale at satisfactory prices. Swift & Cocan easily kill 500 a day, or 3,000 a week, the Cudaby Packing company are prepared to handle from 1,500 to 2,000 a week and the G. It. Hammond company from 800 to 1,200 a week. Buyers here endeavor to pay prices within 25c of Chicago—the difference in freight charges and shrinkage. Quotations: Fair to good na-

tives, \$1.00@3.25; westerns, \$3.75@3.00; common and stockers, \$2.50@3.50; good to choice 50 to 80-1b, lambs, \$1.250.3.75.

CHICAGO, Ill., Feb. 12.—[Special Telegram to T. E BEE.]—The fact that the fresh receipts of cattle were exceptionally light today did dot make it nossible for sellers to recover any part of the decline suffered during the preceding two days, as the penseontained several thousand stale cattle, and the arrivals for the week exhibit a heavy increase on the previous week's total. They managed to averta further decline and that was all. The demand did not develop much activity, and yet in a quiet way about everything was picked up, sales making on a basis of from \$1.25 to \$4.0 for inferior to extra cows, \$1.50 to \$1.65 for bulls, \$1.00 to \$1.55 for stockers and eeders, \$1.00 to \$5.30 for common to fancy shipping steems and \$2.25 to \$4.0 for Texas cattle.

Today's trading in hogs was ta further decline of 5c, prices dropping to \$4.00 for feedine of 5c, prices dropping to \$4.00 for choice heavy and to \$4.85 for prime assorted light, with the bulk of the sales ranging downward from \$4.85. There was not much life in the packing demand but eastern operators continued to buy right and left and holders did not find it necessary to carry over any good stock. Heavy sold at from \$4.40 to \$4.00 and light at from \$4.35 to \$4.85.

Fat light and med um weight sneep sold at steady prices, while heavy weights were again neglected and weak. Lambs were lower and dull. In comparison with last week's prices we note a small advance in the sheep marget, while lambs have made a gain of from \$2.60.

Receipts after the \$1.00(2.54.0) to \$5.65. Lambs sold today on a basis of from \$4.75 to \$5.65.

Receipts were: Cattle, 7.00d; hogs, 35,000; sheen, 6.000.

New York Dry Goods Market. NEW YORK, Feb. 12.-Business in dry goods was fair, but without much change as to temper and spirit of buyers. More goods are needed and to that extent transactions are made without hesitation. In some directions, sales of 103 to 200 packages of cotton goods are reported, but they are infrequent and principally to the manufacturing trade, bleached goods participating chiefly.

STOCKS AND BONDS.

Yesterday Marked Another Lively Day on

the Exchange. New York. Feb. 11.-At the Stock exchange this was another exceptionally lively day, although there was no comparison either as to the amount of business done nor the excitement attendant upon the trading yesterday The culmination of the deal was fol-lowed by large realizations by the fol-lowers of the syndicate, and there was considerable pressure on the coal stocks from bear sources, the advocates of the lower figures being specially anxious to retrieve in some other way their losses by the recent rise, and rumors were circulated to this end. and that legal proceedings would be taken to prevent the consummation of the arrangements The rumors, however, had no effect, the impression being that such proceedings, if brought at all, would be merely for a specula-tive purpose, and the declines effected in the stocks of those roads today were not entirely due to the effect of the selling to realize by

Financial Review.

New York. Feb. 12.—"he Post says: Two facts stand out clearly from the puzzles and anomalies of the stock market. The successful organizers of the "coal deal" have undertaken a buil campaign on the general market and speculative outside buyers have not greeted the movement in rushing in a body to Wall street. There are a score of theories offered to explain the absence of the usual phenomena of great stock deals, but the facts are unmistakable. Outimistic observers still hold out the hope that the presence and active operation of these factors are only delayed, but the market of today reflected no such feeling. The one sentiment made plainly discernible in the general movement of prices was that of disappointment. Financial Review.

No Nepotism About It. An official at the court boase calls attention to an error in the matter published concerning the reduction of Deputy Sheriff Ernest's

salary and the employment of Fred Timme, a nephew of Commissioner Timme, as a deputy sheriff. The official in question alleges that Commissioner Timme had nothing whatever to do with the appointment of his nephew, as that was a matter entirely be-tween Sheriff Bennett and Fred Timme's father, who rendered aid to Mr. Bennett during the campaign. Commission Timme snew nothing of his nephew's appointment until it had been made by Sheriff Bennett.
