WERE GENERALLY LOWER CABLES

Wheat Weakened Materially on Reports from Kansas That the Crop Had Not Suffered from Winter Weather in the Least.

CHICAGO, Ill., Feb. 24.-Wheat was quiet and weak today. There was a derth of news of a character to stimulate values. Many tired longs concluded to get rid of their loads and stop losses, and some railying by bears as-sisted to weaken prices.

Cables were generally lower, and domestic markets dull and easy. Reports from New York said that foreigners had turned seliers and were tryin: to re-let the freight room contracted for during the last week or two. Reports from Kansas indicated that winter had been favorable for wheat, and that there was indications of an unusually early spring, and in fact that the seeding of oats and barley had already commenced.

A cold wave was reported in the far northwest, but the indications were said to be that it would move eastward instead of southward. Another weak feature was the heavy receipts in the northwest—over 700 cars being reported at Minneapo is and Duiuth. Minneapolis also wired that big receipts are expected there for some time yet, comprising mostly wheat coming out of country warehouses. Elevator men are bringing the wheat in now, as there is no object in holding, the cash wheat commanding about May prices. Later some overzalious bears found that they had oversold and proceeded to cover. This with reported good export buying here and at the seaboard caused a raily, but the strength wis only temporary. Late cabe se were weak and the market being dull, eased off. May opened at from 91%c to 92%c, against 9.%c at the close yesterday, broke to 91%c, reacted to 92%c, weakened to 12c. fluctuated narrowly and closed at 91%c. Fartrilige did very intie in the market. He bou ht some under 92c to cover short sales of yesterday.

Corn was quiet and nearly featureless, but the general tendency was to weakness. There was nothing especially weak in the situation, as receipts were smaller than expected and not a single car of contract grade went into store, but the market was influenced some by the weakness in wheat and the shipping demand was rather stack. Pardridge sold some, but was not aggressive. May opened ½c off at 1.½c, received to 42c, railied to 42%c, eased off and closed at 42½c.

Onts were quiet and weak, fluctuating within a range of ½c during the entire session and closing quiet, ½c lower than yesterday.

The receipts of hogs were heavier than estimated and prices were from 5c to 10c lower. This, with weakness in grain, scared the longs and made the market for products weak on the early trading as it could not stand up under the full selling orders. Holders then became afraid of a severe break and put in sustaining orders, causing a raily. This was followed by another break and free selling by brokers supposed to be acting for Armour, but good buying rainied it again and the closs was at insignificant changes from that of yesterday. Another weak feature was the heavy receipts in the northwest-over 700 cars being reported

day.
The estimated receipts for tomorrow:
Wheat, 150 cars; corn, 260 cars; oats, 170 cars;

The leading futures ranged as follows:

Traders' Talk.

CHICAGO, Ill, Feb. 24.—Counselman & Day to Cockrell Bros.: Wheat was duil and averaged about ic lower than yesterday, the bearish influences being fine weather and weak foreign markets. Occasional lots are reported taken for milling or export on all rail freights to the seaboard, but most of the purchases are for shipment after the opening of laze navigation. Speculation is light and operators are taking small profits whenever offered. Corn and oats are lower by sample on liberal receipts and futures syn pathized, closing at 150 december of the with considerable selling at times by outside holders. We think these cereals will strike bottom for this turn about next Monday or Tuesday. Provisions were hammered severely by shorts at the opening but packers absorbed the offerings of pork and closed the market without change from yesterday. English markets were at higher for lard and bacon but a decline of 10c in hogs caused an easy feeling in lard and ribs.

CHICAGO, Ill, Feb. 25.—F. G. Logan & Co to J. Sands Commission company: The wheat market opened quiet but firm. Foreign advices continue dull and receipts of spring wheat in the north west continue liberal. The light receipts in the winter markets about offset this. For the next thirty days weather influences will be the important factor and until we know more of the condition of the growing crops we believe buying on weak spots will be profitable. The weather at present is favorable, any change to severe freezing would do damage and bring higher prices, No change to note in corn. Receipts are light, inspection poor, and until these conditions change we favor buying on all declines. Provisions fairly steady at about yesterday's prices.

CHICAGO, Ill, Feb. 26.—Kennett. Hopkins & Co. to S. A. McWhorter: If Farmer Hatch

change we favor buying on all decilnes. Provisions fairly steady at about yesterday's prices.

Chicago, Ill. Feb. 26.—Kennett. Hopkins & Co. to S. A. McWhorter: If Farmer Hatch could have looked into the pits today he might not have thought it worth his while to press his anti-option bill, for much of the time there was very little trading in fatures or anything else. The easier cables caused longs to drop a good deal of wheat early, but it was taken by shorts. Trade was pretty well evened up and thereafter there was a dull featureless market. Receipts are increasing and clearances continue away below what are necessary to get rid of our surplus. Increased activity in new export business was reported and this contributed materially to hold prices, but most of the reported engagements are at out ports and cannot, it is said, be confirmed, though they may be true. Closing cables were not as weak as expected and there is a disposition to wait for tomorrow's advices before taking a decided stand one way or the other. New York is supposed to be heavily long in our market and is trying to realize on all the railies. Corn was weak early and solid down to 42c for May, but at this price it was freely absorbed by the clique that is scalping the market. A round lot of oats, supposed to be about 48c,000, changed hands early. Fowler & Sterling are selling and Schwartz & Dupec buying. The former firm is thought to te liquidating on a large line bought some time ago at higher prices. In provisions the bears made a drive at the market today and scored a few poirts in their favor. It is believed some outside longs are being shaken out. There seems to be no reason to anticipate any material decline while receipts of hogs fall so far below those of the corresponding date a year ago.

STOCKS AND BONDS. Few Features of Interest Were Developed

Among Traders Yesterday. New YORK, Feb. 26.—The stock market remains almost utterly barren of features of interest. To this end the beginning of the out-

tle and even the traders, until the dull effect of the movement is developed or some new excitement arises, are unwilling to make any important ventures on either side of the account. Outsiders seem for the time being to have entirely withdrawn from the market, and once again the professional element is in control of the changes in quotations from day to day and being bearsishly inclined during the dull period, are intirely prevented from making vizorous raids by the uncertainty of the situation and the stubborn way in which securities are be dure stagmation of today surpassed that of any day since last summer, and the few stocks in which there was speculative dealing, such as Chicago Gas, teading, New England, St. Paul, Lonisville & Nashville, Atchison and Cordage could scarcely be called active. Liquidation in these stocks has mercased, and the weakness apparent at times must be attributed entirely to bearish operations on the part of the traders, while the general list is almost entirely to bearish operations on the part of the traders, while the general list is almost entirely be bearish operations on the part of the specialties there was no material chan e in quotations during the forencon. Later in the day prices in some stocks were further advanced small fractions, but over among the specialties there was no material chan e in quotations during the forencon. Later in the day prices in some stocks were further advanced small fractions, but over among the specialties there was no material chan e in quotations during the forencon. Later in the day prices in some stocks were further advanced small fractions, but over among the special less there was no material chan e in quotations during the forencon. Later in the day prices in some stocks were further advanced small fractions, but over among the special sea there was some covering of shorts infused a momentary animation into the market and led to slightly better figures all around.

After New England, Readin; showed the most strength in this movement, but En land a per cent.
Government bonds have been dull. State
bonds have been duil and steady.

Financial Review.

New York, Feb. 26.—The Post says: The entire tack of activity on the part of bear leaders encouraged the professional buils to take the market in hand during the afternoon. They met with considerable success, though of course it was entirely a professional market. The alleged plans for an international silver conference furnished one cause. This is undoubtedly, if true, an important development, though the query has become more general with every fresh "guarantee" by the Reading company, who is to stand guaranty for the Reading tengent, who is to stand guaranty for the Reading itself. Regarding the market, which was strong until the return of duliness and dropping of prices in the last few minutes, it is probable that the occasional buying was influenced in part by the idea that a strong market will be created next week on which to launch the Richmond Terminal plan. This remains to be seen.

London Stock Market.

London Stock Market.

[Copyrighted 1892 by James Gordon Bennett.]
London, Feb. 2a.—[New York Herald Cable—Special to The Beel—As regards the new business, seldom has there been less done than on the Stock exchange today. Had it not been for the settlement the majority of dealers and brokers would have been completely idle. No failures have been announced, which is stitisfactry. Consols have improved 1-16 per cent to ½ per cent, while Indian rupee paper is ½ per cent easier. Home railways have shown little irregularity. Brighton deferred fluctuated to some extent, while above their worst, the close was ½ per cent lower. A small decline is established in Caledonian, Chatham, Great Western, North British and Southeastern deferred, while Great Eastern, Metropolitan District and Shoffled deferred are slightly better. Among foreign railways a feture is the further advance in Argentine rails. Mexicans are well maintained. Miscellancous securities have been quiet beyond a rise of from ½ per cent to ½ per cent in Eastman's. Money was in good demand in Lombard street today, and from 2½ per cent to 3 per cent has been paid for short loans, but at the close they could be obtained at 2 per cent discount. The market has been quiet. Two and three months bills are quoted at from 2% per cent to 2½ per cent.

London, Feb. 24.—The following were the [Congrighted 1892 by James Gordon Bennett.] per cent to 24 per cent. LONDON, Feb. 26.-The following were the ondon stock quotations closing at 4 p. m; BAR SILVER-41 7-16d. MONEY—3 per cent.

LIVE STOCK MARKETS.

Cattle Quiet and Steady-Hogs in Good De-Cattle Quiet and Steady—Rogs in Good Demand and Higher.

Onaha, Feb. 24.—Receipts for the past five days, 1.817 eattle, 22.93 hogs and 8.077 sheep, against 4.571 cattle, 22.933 hogs and 8.077 sheep, against 4.571 cattle, 22.933 hogs and 1.639 sheep the corresponding five days last week. The suppy of cattle, while comparatively light, was ample, considering the quality of the offerings and the exceedingly limited demand. For several days there has been a noticeable searchy of good heavy beeves, and for this reason shippers were not able to do much outside of buying a few ond bunches. Dressel beef buyers wanted some heavy cattle, probably because shippers also wanted them and there were so few here. Heavy steers were readily saleable at cood firm prices. On light and medium weight steers there was a rather weaker feeling and prices shaded lower, although sales ranged about as usual, from \$3.00 to \$3.50. A two-lond bunch of pretty good 1.3 9-1b, beeves brought \$4.1c, but the heavier steers sold largely from \$1.50 to \$3.50. About everything was picked up before the close.

In butchers and canners stock the trade was very much like Thursday—moderately active at steary prices Good to choice cows and heifers sold from \$2.50 to \$3.30, far to good cows from \$2.0 to \$3.00. The stocker and feeder trade was bardly as brisk as on Thursday, and the feeling was easier. Outs de buyers did not seen disposed to take hold freely, and regular dealers oeing pretty well loaded up were inclined to be caumand and Higher.

to take hold freely, and regular dealers being pretty well loaded up were inclined to be cautions. Sales ranged all the way from \$2.00 to \$3.25, but the bulk of the fair to good stock sold from \$3.00 to \$3.25. Representative sales: STEERS.

Hors-Receipts were light and made up largely of light and light mixed hors. The failing off in the supply so far this week compared with last amounts to nearly 3,000 head.

Eastern advices were bearish in the extreme but with good shipping and local orders for light and butcher \(\frac{1}{2}\) in the but of the supply only moderate, the market opened active and stronger on these grades, sales being largely at from \$4.55 to \$4.57\), A few good heavy nogs went to the shipping trade at very near-steady prices, from \$4.55 to \$4.57\), but the shipping demand for heavies being limited and packers bearish sales were largely at easier prices—weak at \$5 lower-from \$4.35 to \$4.57\). The weakness in provisions and unfavorable reports from other markets caused a very weak close, with bids \$5 lower than the opening on all grades. Several loads were unsoid. Trading was largely at from \$4.50 to \$4.55\), the same as Thursday. The average prices paid being \$4.62\%, against \$4.62\) Thursday and \$4.50\% last Friday. Representative sales:

Chicago Live Stock Market.

Chicago, Ill.. Feb. 26.—(Special Telegram to Tan Ber.)—A notably large proportion of yesterd y's receipts was taken by shippers, the number of cattle having seidom been equated. Consequently there was a decrease tod y in the stemand from that source, but the dressed beef men, butchers and camers were alberal buyers and as the arrivals were moderate salesmen mana ed to hold the market up. It was weak in spots, however, rough half fatted steers and old cows especially showing a lack of strength. The basks of sales was at from \$1.35 to \$3.36 for inferior to choice cows and helfers, \$1.25 to \$3.75 for takeers and feeders, \$3.36 to \$5.25 for shipping steers, \$2.25 to \$4.15 for Texas and from \$2.36 to \$1.09 for calves. There was not much trading at over \$1.50 and only a little at less than \$1.75.

Yesterday's advance in hogs was not fully sustained today. The warm weather, an increase in the arrivals and the decline yesterday in provisions all exerted a weakening effect, and within an hoar or two after the opening of business this morning prices had fallen back from \$c to be per 100 bounds. The market continued weak and finally closed dull and weak at from \$4.35 to \$4.85 for heavy and medium weights. There were early sales of heavy at \$5.00. A few assorted light were fine enough to bring \$4.40, but the bulk of the stuff sold below \$4.95. Calls were quoted anywhere from \$2.00 to \$4.25.

The sheep market was lightly supplied today, but the receipts have been liberal for some days past and that the demand lacked to any price for the stuff sold below \$4.95. Calls were quoted anywhere from \$2.00 to \$4.25.

The sheep market was lightly supplied today, but the receipts have been liberal for some days past and that the demand lacked the urgency necessary to an advance in prices. The feeling was firm at from \$4.75 to \$6.00 for common to choice qualities, with sales principality at from \$5.00 to \$5.50. There Chicago Live Stock Market.

1.877 4.176

the urgency necessary to an advance in prices. The feeling was firm at from \$4.75 to \$5.00 for common to choice qualities, with sales principally at from \$5.00 to \$5.50. There were only a few lambs here and they sold strong, being at from \$1.00 to \$5.80. In comparison with last week's prices the above quotations indicate an advance of from 10e to 15; per 100 lbs. For good sheep and lambs the mar of has been active and strong all the week.

hear et has been netive and strong all the week.
Receipts were: Cattle, 9,000; hogs, 25,000; sheep, 00.
The Evening Journal reports: Cattle-Receipts, 8,000; shipments, 4,000; market steady; prime to extra steers, \$4,792,000; good to choice, \$4,886,125; feeders, \$4,002,000; good to choice, \$4,886,125; feeders, \$4,002,50; cows, \$1,5062,60;

CUBANS WANT INDEPENDENCE. lovement for a Revolution on Foot in Man Places.

New York, Feb. 26.-Preparations for an-

other Cuban revolution are in progress in this and other American cities as well as upon the island itself. The movement is stated on good authority to be the largest and most completely organized ever inaugurated for Cuban independence. There are said to pe 8,000 Cuban patriots in this country ready to join in the war. In Cuba the revolution ist party is actively preparing for the out-break and when the word is given the forces on Scanish and United States soil will act in conjunction to overthrow the Spanish voke In several cities of this country these revolu-tionists are holding meetings, raising money purchasing equipments and planning a cam-paign. At the end of the inst Cuban revolu-tion there was a general stampede of those who took part in the insurrection to this country in which their lives were safer. Thousands of defeated Cubans settled in Florida where many found work as cigarmakers while others came to New York. These are the people who are now preparing to make things lively in the country from which they fled for their lives. It Worked Wonders,

The following is an extract from a letter of Rev. J. W. Carter to Rev. J. T. Mumford: "It has benefited my wife so much I want her to continue the use of the medicine, Taking into consideration her age—69 years and the long standing of her kidney and liver troubles the Tree of Life has worked won-ders in her case." For sale by all druggists:

Staff Makers Go Out. CHICAGO, III., Fcb. 26 .- The entire force of 300 staff makers employed on the World's fair grounds struck today for an advance of 5 cents an hour in wages. The contractors say the strike will not delay the work and they will be able to fill the strikers' places. Van Houten's Cocoa-Pure, soluble econ

The little boy picked himself out of the pudale where his rude playmates had thrown him. He wiped the mud from his velvet trousers, his silk stock-ings and his lace collar, and straightened out his long, golden curls as well as their demoralized and bedraggled condition would permit. "This," he said bitterly, "is what comes of being mamma's little pet!"

Have you had it? Then-have you have had La Grippe, you are probably no exception to the general rule; you your old time vig-

orous grip. You need building up. You You must eat hearty food must be prop. and well, and your erly digested and go to make muscle and bone. You need an invigorant.
