Proposition to Erect a Cold Storage Ware-

A meeting of the Merchants and Manufacturers association and the Board of Trade was held last evening at the Board of Trade rooms, for the purpose of talking over a plan which has been developed by J. J. Fearon during the past few days for the erection and maintainance of a cold storage warehouse. His plan is to organize a stock com-

pany with a capital of about \$35,000, of which he will take \$5,000. He will then lease the warehouse for a term of five years and pay the investors a fair rate of interest on the money in-

vested. The exact details of his proposition have not yet been decided upon, but he will have all the profits that may accrue during the first five years, excepting the interest he pays. A committee was appointed, con-sisting of L. A. Devine, W. J. Davenport, Alexander Wood, J. P. Hess, John Y. Stone and Peter Wise, to present the matter to the citizens, and especially to the fruit growers of the vicinity, and secure subscriptions to the stock fund. The committee will meet the farmers and fruit growers at their meeting in the court house tomorrow afternoon. In audition to the above business resolutions were passed urging upon the legislature the

passage of the warehouse bill, and extending as invitation to the republican state com-mittee to hold the convention this summer in Council Bluffs.

At Rest.

The funeral of George Frederic Westrip took place from the family residence, 707 Mynster street, Wednesday, 2 o'clock p. m. A large circle of sympathizing friends joined the cortege to Fairvie & cometery. Rev. Mc K. Stewart of the First M.

E. church conducted the services, which were touching and impressive, and spoke feelingly of the long suffering of the little life now departed and yet so submissive to the dispensations of God's providence.

The pall bearers were Masters Bennie Grahl, Lou Stewart, Gus Louie, M. Moxley, Harry Sackett, Roscoe Loper. The floral offerings were many and beautiful, one of which was "The Gates Ajar" by the employes of the North-

western Railway company. The light of our life is darkness, And with sorrow we are not done, For thine is the bitterest mourning, Mourning for a little son.

FOUND AT LAST

After Years of Unsuccessful Search for a Cure, Martin Anderson Gets Relief from the Chin283 Doctor - A Volintary Tast monial. OMAHA, Neb., Jan. 18, 1892.

This is to certify that I have been a constant sufferer for many years with catarrh, asthma and bronchial affec-

tions of the throat, and tried all the

patent medicines and remedies I ever

heard of, but with no success. I treated

with doctors in various parts of the

country, but none of them could do me

any good further than giving me shor

temporary relief. I suffered night an-

day, and continued to grow worse not

withstanding all the medicine I had

taken. I had almost given up my case

as hopeless when 1 was informed by a friend of Dr. C. Gee Wo, the Chinese

doctor, and advised to go and see him in

the hope of getting relief at least, if not

a permanent cure for my trouble. I was

slow in making up my mind to make

such a radical change in my treatment,

as I knew a trial with the Chinese doc-

tor would bring me, but I finally con-

cluded to give him a trial, so I called at

his office with that intention. I found the doctor a clever, entertaining gentle-

man, thoroughly posted on my condi-

tion, and it took only a very short time to convince me that he was the party I

was so long in search of. He told me

my case was curable, and that he could

cure me, and prepared me a special

treatment to suit my condition, and in

two weeks I was so much better that I had the fullest confidence in the doctor's

ability and committed my case to his

treatment. I continued to grow better

rapidly and am now entirely well. I

owe my cure to Dr. C Gee Wo, and am

not ashamed to admit it. I advise all

who want relief from their troubles to

call on Dr. C. Gee Wo, and they will be

cured. For all particulars apply or

Trying to Get Chautauqua.

No definite plans have been laid so far for the holding of Chautauque assembly during the coming season. By this time the arrange ments should have been well under way, and a large part of the program should have been preparce, but the executive committee, with which the matter was left, has been waiting for some action to be taken by the company which was formed some time ago and to which a franchise was granted by the city council to build and maintain a motor line between the city and the assembly grounds. Nothing has been done toward getting th line in readiness and the prospects are now that there will be no assembly this year.

The lack of suitable means of transporta-tion has been a decided damper on the assembly every year, and the executive committee are not willing to run the risk of piling up still greater indebtedness on the association without instructions from the accordingly been called for this evening for the purpose of discussing matters. So far as learned most of the trustees are not in favor of running the assembly again until better way is provided for getting to and rom the grounds than there now is, and it is probable that it will be voted to close the ounds for the present. For some time past a company has been in

For some time past a company has been in process of organization for the purpose of taking the grounds off the hands of the asso-ciation. Who constitutes this company is not yet made public, but they are said to be some of the wealthiest and most responsible business men of the city. The new company has been conferring with the trustees for some time past trying to come to a satisfactory agree-ment, and it is likely that the subject will ment, and it is likely that the subject will be brought before the trustees this evening for final decision. It is stated that some of the trustees are unwilling to lease the ground for any long period of years on ac-count of the unsettled shape the fluances of the assembly are now in, and the members of the company refuse to take the grounds except for a term of years, as the assembly would undoubtedly have to be run at a loss for the first few years. It is stated that if the proposed arrangement is made between the new company and the trustees the asembry will be run on a more elaborate scale

Letters From the Dead.

Coroner Seybert of Council Bluffs impanel d a jury yesterday, consisting of O. H. Lucas, James Bradley and Joseph Bradshaw, and went to the residence of David Olmstead, east of the city, to hold and inquest over the remains of Mary Olmstead, who committed suicide by taking an overdose of chloral. Several witnesses were examined, among them Olmstead, his two daughters, Mrs. A. W. Diller, Mary M. Woodward, E. Daniels and J. Luman. No especially new or sensational developments were brought out in the testi-mony, and most of it would have been a re-hashing of the trouble which has been known

to exist between Olmstead and his wife for so long, had not the coroner refused to hear evidence of that kind and bound the witwith reference to the death itself. A couple of letters were brought forth which had been written by Mrs. Oimstead shortly before her death, and addressed, one to her husband and the other to her sister Mrs. G. B. Blades of Irwin, Ia. In the first reference was made to a proposition which had been made by Olmstead that she submit to being confined in an insane bospital for a period of five years, and if at the end of that time she was found to be well be would live with her again. The following is a copy of

with her again. The following is a copy of the letter: Feb. 57, 1892. My Dearest Husband:-You have driven your poor, weak-minied wife to do a very rash act-to take her own life. I love you as dearly as ever and prefer death to the five year's separation you think would be for our good. I am as you say, of a sad and melancholy disposition and make others feel badly too; you do not and cannot love me and I do not want to bind you to me again, should I be so fortunate as to have my request that the explration of five years. It is my request that Mrs. Fisher come back and make this her home. As she thinks a good deai of the children she will probably be better to them than a stranger. I guess they like her too. You will likely marry again but do not until they are grown as a stepmother probably would not do as well by them as Mrs. Fisher. I do not want Eva to imarry too young-not until she is 20 or 29 years old. I hope the remainder of your life will be comparatively happy. Good bye. Your wife. Make the Mark. the letter:

will be comparatively happy. Good by Your wife. MARY. The letter to Mrs. Blades reads as follows :

COUNCIL BLUFFS. In .. Flattes reads as follows: COUNCIL BLUFFS. In .. Feb. 28. - My Dear Sis-ter: I will be no more when you receive this letter. A divorce and the hospital faces me, and I prefer death to either. No doubt but it will be a hard blow to you, but it would be harder for you to bear if I should go to the hospital again. You may send the rest of that money to papa. Good bye. Your miser-able sister. MABY. Fenn. For some reason or other neither of these

For some reason or other neither of these letters were over mailed and were found in her trunk after her death. One of the wit-nesses was not able to be present yester-day and another session of the jury will be held this evening to finish the inquest.
