

CREDIT SYSTEM EXTENDED

Heretofore parties residing in the smaller towns and cities throughout the west have been unable to take advantage of the inducements which we have offered by our exclusive system of easy payments. We have heretofore given those residing in and near Omaha every opportunity possible to furnish their homes on our easy payment plan and we are gratified to be able to state that thousands of homes have been comfortably, and some elegantly, furnished through the many inducements that we have from time to time offered by this credit system of ours. In the past our credit system has been confined to the city of Omaha and suburbs, but now, as this system of credit has been extended to those residing anywhere in the west, in country or town, those residing at a distance can now purchase on easy payments as well as those living in Omaha. We have now extended this system throughout Iowa, Nebraska, the Dakotas and the entire west. You can buy of us anything that you can possibly think of in the house furnishing line, including carpets, furniture, clocks, stoves, silverware, pictures, etc., by making a small cash payment and by paying the balance in easy weekly or monthly payments.

We have deservedly earned the reputation of having the largest, choicest and most complete line of carpets in the entire west. In rich goods we are Leaders, and in low and medium priced goods there is no stock in Chicago or west of New York that will compare with ours.

Send for our "Carpet Talk" and avail yourselves of a liberal carpet education. In fifteen minutes you will know more about carpets than you have learned during your life. Write us for samples, mentioning at the same time this paper.

Manager Rowe on the Team.
Manager Rowe was seen, of course, immediately on his return from Chicago, and was somewhat put through a rigid catechism as to Omaha's new players, who and what they are, and his expectations and intentions for the season.

"How do I like my team?" he replied in response to an inquiry to that effect. "Well, I am as well satisfied as a manager could possibly be getting his team onto by such a process. I think the team is evenly balanced, and as strong as any of the entire eight. In the first place there are our pitchers. Vickery I consider the star twirler of the entire league, and in fact that is the opinion of several other managers, who would have been overjoyed to have drawn him. You certainly know Vickery. He is a robust young fellow, of good habits, and an old leader. He is a right natter, very speedy and with all the modern curves. Next comes Nick Handinow, who is also a first class man. He is also a right handed natter, and at one time was considered one of the comers of the profession. Young Early comes from a rigid catechism as to Omaha's new players, who and what they are, and his expectations and intentions for the season.

As a few needs gravel. Keep a horse away from dirt, and let him up stall with board foundations, and he will quickly get out of condition. My stalls are constructed on this plan. For the foundation I have a thick layer of gravel, and over that, a place several inches of clean, rich loam. This is all, except occasionally a layer of straw in extremely cold weather. The gravel serves as a drain for all impurities and the loam is changed as often as the occasion seems to demand. As soon as it loses its freshness it is removed and a new layer is spread. As a result of this system, my stalls are kept absolutely clean and sweet without the use of any disinfectants. There are no unnecessary ornamentations. Such things collect the dust and keep the air full of impurities. For that reason I have constructed my stalls as simply as possible.

4th of July, and Kansas City for two games on Decoration day.

Employees in this league are to receive \$150 per month and expenses. Plenty.

In young Joe Kelley, Southpaw Sprague and Bill Gook, Omaha has trapped the star out of the league.

In the allotment of players Milwaukee caught one Howard Earle, who was on her payroll a while last season.

The Boston nine, on the authority of Manager Stone will play many other members of the league before the season opens.

Mr. Toledo, Smith said he would like to play in that city this season, and he is sure to be successful.

Manager Bradley of the Deadwood baseball club, is in receipt of letters daily from players of standing all over the country who are desirous of getting places with the new club for the coming season. Among the names received last week were the following: William Lund of Fort Grant, Mich.; J. H. Motsey, Harry Stony who played with Hot Springs last season, and J. O'Rourke, of Grand Island, Neb.—Deadwood Pioneer.

From the outlook the year 1892 will be remarkable in racing respects all over the land. Stables of American trotters are being gotten together that will, in all respects, excel anything ever before assembled. The rich stakes and purses offered by so many associations, and the very active and with modern appliances as resorted to for a perfect preparation, when the bell shall sound the assembling a party of the quality, will appear that will delight all the visitors.

It is possible that a match will be arranged to occur at some time during the coming season between Mr. Switzer on the one side, and six stallions, Ignis Fatuus and Tobacco, the former, by a son of the great Princeps, is owned by Nat Brown, of the Merchants' and Harry Switzer on the other. The latter is a right man, a man who would bring him to the score in form, he would make a race for himself. The match will be a very interesting one in his class last season, while in the hands of the only Mellicy.

Fischer can explain all the nice little points of the machine, which is entirely of his own manufacture and is a combination of all the good, high grade, pneumatic safeties in the market.

The Tourist Wheelmen who have lain dormant throughout the past winter have sprung to life again with the first breaths of "gentle zephyr." Last Saturday evening, the 10th inst., a number of them assembled and chose their officers for the ensuing season. The battle of the ballots was merely a skirmish, and the following whosides were elected: President, J. H. Young; secretary-treasurer, George F. Waldron; captain, E. L. Potter. The new captain has blotted out a line of campaign for the riding season which will meet with the approval of the club. The general J. Henry will officiate as the club's patron saint for another season, ably seconded by "Bob" (everybody knows "Bob"), the new secretary-treasurer, is a favorite among the boys, and George will fill the position in the original object this season, as last, to promote cycling and enjoy the best points of the sport all the time.

For the Lovers of the Dog.

Although there are dogs owned in Nebraska that will be noticed in any company the Omaha Kennel club will give special prizes at their fall show for local dogs. The money prizes will probably be \$10 for the first and \$5 for second in the challenge open and puppy classes for each breed, and as there will be about thirty-five breeds proposed for the premium the prizes will be special prizes, will amount to somewhere near \$1,500.

Jack Crooks has reported in St. Louis and the Chicago Democrat says he is looking fine and will play the game of his life this season, and for this break the G. D. should forever maintain boyhood.

Brooklyn's new pitcher, Stein, is a quiet German boy of excellent habits and good disposition. The Omaha Bee predicts great things for him in the big league this season.

Mr. A. C. Shellenberger of Alma, writes that his St. Bernard bitch Yola was whelped five puppies by St. Bedivere. They are all done well and are fine. These puppies will probably be purchased by breeders as this cross is considered the best in the country.

Shellenberger writes that he has sent his English setter puppy Allegro by Rodriguez, Maud, Jean Valjean to Nossat, the field trial handler, to be trained for the southern field trial next fall.

It is hoped that weather will soon be here that will be fit for racing, so that the owners of two top teams of Omaha may meet at the driving park and determine to the boys who has the faster one. Racing around the stoves goes for a time, but the reality is the most convincing.

W. J. Hughes, the Sixteenth and Farnam street druggist, has in the little chestnut-traced, Oklahoma, the king of the road, and anybody who disputes this title will have to move some, as he is a rapid fellow and Billy seems to take hold of him in about the proper style.

James H. Wallace, who has been at the Farnam street theater the past week, is a consequential promoter of the American trotter, he being the proprietor of the Hollywood stock farm in Orange county, New York, at which are some perfectly bred ones as are to be found anywhere.

John J. Paul, the real estate man, is a horseman as well, as is evidenced by the pair he is frequently seen behind, a bay and brown of perfect proportions, and their manner would suggest that if asked to they could step to the half as fast as the average person would care to ride.

Ernest H. Smith was "in town" one day of this week making heads with the boys. "Smitty" will ride to be presumed this season.

"Bob" Young's banquet to the retiring officers and members last Saturday evening was a revelation to the gourmands of the town.

Tommy Collins, Harry Smith, Dick Belt and "Uncle Sam" Conover will do the racing for the Tourists this season—says Dame Hunter. Sam Kimmel will very likely captain the team.

Pathe This in Your Hat.

The playing schedule of the Western league gives very general satisfaction. No one club has much the best of it, each one getting twelve Saturdays and twelve Sundays at home, with the holiday plans evenly and equitably distributed. The season opens April 12, just three weeks from Tuesday next, with an exchange of home and home games between the east and west. After this series is over the eastern clubs come west for a series of three games.
