Lincoln, Neb., March 19.- Spectial Telegram to THE BEE. |-Final arrangements for the coming season of the State Base Ball leagve were made at a meeting held at the Capital hotel in this city this afternoon and tonight. Players will probably be protected under the national agreement, although no definite action has as yet been taken on this point. A constitution and oy laws have been adopted for the government of the league.

#### FOR FINAL STAKEHOLDER.

Both Corbett and Sullivan Agree on Phil Dwyer, the Genial Turfite. NEW YORK, March 19.—Phillip Dwyer, the turfman, may be selected as final stakeholder in the Sullivan-Corpett match. He is back from Florids, and it is understood that a proposition to hold the \$20,000 stakes was made to him vesterday. Mr. Dwyer is intimately acquainted with those interested in the match. His name was the first men-tioned when the questions as to who would hold the money finally arose before the artides were aigned last Tuesday. Wakely se lected him, but Corbett was afraid that i might not be proper for Mr. Dwyer to hold

the money on account of the turfman's avowed admiration for him. It now appears that Mr. Dwyer is also a great admirer o Sullivan, Dwyer had this to say:
"If both parties should be willing I would accept the office of final stakeholder. Ihave ice whatever in the match. My idea is that it will be an interesting contest, and I am sorry that I will not be able to witness

Wakely is perfectly willing to have Mr. Dwyer hold the final stakes, and both Brady and Corbett consider that a better man could not be picked out.

## Going Home Tired.

New York, March 19 .- | Special Telegram to THE BEE. ]-Charley Mitchell and Paddy Slavin have made up their minds that the at mosphere of the United States is unhealthy at this season, and they will avoid it by going back to England from Canada by the way of Hailfax. They had an engagement in this city for next week, but cancelled it. When this news became known it was the almost universal opinion that Mitchell and Slavin did not have the nerve to face a New York crowd. Their recent bluffs at Sullivar would have been referred to with too much frequency to have been endured, even by the experienced Mitchell, and the pair of travel ers made up their minds to go home

In reply to Warren Lewis' challenge, on of Jim Hall Bob Fitzstmmons said today that he would only fight Hall at 150 pounds, "which," he added, "is four pounds above middleweight, and is all I will give away. I am a middleweight and do not in tend to fight out of my class. Moreover, the stake of \$5,000 is not enough. There must be \$10,000 a side when I meet Hall." All o which makes it look as if lanky Bob is not anxious for Jim's game.

The Prussian Cabinet Crisis Affects Only

Count Zedlitz von Trutzschler. BERLIN, March 19 .- Only one paper this morning maintains that Chancellor von Caprivi has resigned. The latest informa tion makes it practically certain that the chancellor has not resigned and that the crisis affects only Count Zedlitz von Trutz schler. The primary education bill, which occasioned the crisis, affects only Prussia and is of distinctly departmental origin, which makes it extremely improbable that the national government will be affected.

Exercises at Lake School. The last half hour of the afternoon session at the Lake school yesterday was passed Frank Shelbeck's terms as shortstop were accepted and he, with Tom Nagle, the catcher, will be placed in the reserve list of the fifth, sixth, seventh and eighth grades.

The pupils of these grades, about two hundred, assembled in Miss Morton's room to listen to an address by Superintendent Frank Fitzpatrick, which he consented to give in response to an invitation by the eighth grade pupils. Every word of the talk was to the point, and though there was some dis-parity in the ages of the pupils not one of them seemed numberested. At the close of the address Mr. Fitzpatrick expressed his pleasure in noting the perfect discipline and attention maintained during the afternoon, which certainly reflects credit upon Miss Whitmore and her assistant teachers. At dismissal, the schools each forming a little opiny, marched out of the building to patriotic music by the drum corps,

The question of opening Lake street was opened up by a member denouncing the last legislature for purposely contiting the power to condemn property for street purposes from our charter, and characterized it as a job of the part of real estate owners who might be affected by its retention. It was decided to appoint committees at the proper time to urge an amendment to our charter granting such powers. This last power pract ically blocks the idea of opening Lake street until such an amendment is made.

An invitation from the Lincoln club to meet with them in general mass meeting at Exposition hall on Saturday night was ac cepted, and it was decided to attend in full force.

Saw the World's Fair.

A small audience witnessed the stereopticon views of the World's fair and the voyages of Christopher Columbus in discovering America last night at the Young Men's Christian Association rooms. The entertainment was given in the small lecture room, much to the disappointment of the auditors who thought it would take place in the con cert hall where the dissolving views would be presented on a twenty foot canvas. ## BY NEGRO TOUGHS.

John Dougherty Badly Beaten While or His Way Home, As John Dougherty was walking along Webster street near the corner of Fifteenth street, he met a crowd of drunken negrous and stepped aside to allow them to pass. This action on Dougherty's part angered the crowd and with one accord they assaulted him. He was knocked down and trampied on and received several cuts on the head and face. The toughs took to their heels and left

Mr. Dougherty was taken to his home, 2104
Webster street, and his head dressed by a physician. As the injured man could not give a very good description of his assailants the police had some difficulty in picking up the right parties. About 1 o clock three colorer men who gave their names as Patterson Shepherd and Hix ware placed under arrest and charged with the assault.

ARREST OF THE MURDERER IN AUSTRALIA

Narrow Escape of the Liverpool Fiend from the Hands of an Enraged Mob-Results of Further Investigations at Rain Hill,

LIVERPOOL, March 18.-The bodies of Mrs. Williams and four children, exhumed at Rain Hill after being murdered and buried by Frederick Deeming, alias Williams, were buried this afternoon in the parish churchyard in the presence of a large concourse of people. At the post morton examination Albert Deeming, brother of Frederick, nearly fainted at the sight of the bodies. It transpires that Deeming treated his weif brutally soon after marriage.

After Walter Deeming, another brother of the murderer, and a number of policemen who had taken part in the search for and discovered the bodies had given their evidence, the inquest was adjourned.

The box sulpped by Deeming to Plymouth > addressed "Mr, Holds," and which was never called for, was opened at Plymouth today; it was found to contain the clething of Mrs. Deeming and the children. There was in the box a night gress covered with blood stains. The bodies were buried in a large trench that had been dug for their rebodies were buried in a ception. The expense of the funeral will be borne by the parish.

An enormous crowd lined the entire road to the cemetery, along which the bodies the murdered woman and her four children were carried. The five coffins containing the bodies of the victims were pile1 one on an other in a single nearse. The wife of Walter Deeming, one of the brothers of the mur-derer, placed a flower wreath in the form of a heart in the woman's coffin. 'brothers of Deeming walked behind coffin. Two nearse all the way to the cemetery.

Sensationalism in the Burial Services.

When the funeral procession reached the cemetery a brief funeral service was per formed. The curate who conducted the reigious exercises made a short address. He tenounced the flendish acts of the most scathing terms and alluded to the murderer as the most inhuman monster who had ever breathed the breath of heaven. The immense crowd of spectators loudly ap-plauded these words uttered by the clergyman in his terrible arraignment of the criminal.

The statement made by Albert Deeming while giving his testimony at the coroner's inquest today, to the effect that he saw the nurders committed in a dream which he had six months ago, caused great consterna tion among those present, and was the sub-ject of much comment. The witness also testified that he saw his sister-in-law just be fore she was murdered, and that she then had £100 on her person.

#### Williams in Australia.

PERTH, Australia, March 18 .- Deeming, who is accused of having murdered his wife and four children, was brought to this city today by officers, who are taking him to Melbourne, where court proceedings will be taken against him. The prisoner was strongly guarded and every precaution was taken by the authorities to prevent him from attempting to make his escape and to guard against his being attacked by the excited people, fears being entertained of a dangerous outbreak of popular feeling against the murderer. The railroad station was jammed with a great crowd of persons when the train bearing the prisoner and his guards

reached the city.

As soon as the cars came to astandstill the crowd, which had been patiently waiting at the station for a long time, made an exciting rush towards the car which the Deeming party occupied for the purpose of catching a glimpse of the now famous criminal. The constable who had charge of the prisoner at once hurried Deeming from the train to a relicie which had been held in readiness to convey him to jail.

Chased by a Yelling Mob, A yelling, hooting mob of men and boys started after the carriage, but the driver whipped up his horses and soon outran his parsuers and in a short time had haded Deeming in the institution, where he will remain for a few days until the formal magisterial inquiry is held and he is remanded.

The detectives who hunted the prisoner down were interviewed after their arrival

here today. They said that when Deeming

was arrested and was questioned about the

terrible charges made against him, he affirmed his complete innocence of the charges. He gave his name as Swanston and declared that he had no knowledge of the man known as Williams. He said that he was a resident of Windsor.
The detectives also said that the prisoner had fainted twice during the journey, but that otherwise he appeared to be in a cheer-ful frame of mind. He was velible and was

very willing to talk about the murders at-tributed to him. He seemed to be confident that when the proper time came he would be able to prove his innocence. The pelice claim to possess proof of his identity. They selzed some of his goods, and among other things which fell into their hands were a batch letters and a basket containing female
