BEAUTY AND USE EMBODIED IN HIS WARES

Glories of One of the Most Magnificent Displays Ever Made in an Omaha Dry Goods Store-Some of the Things Shown.

The outer world was made very disagree able vesterday by fitful gusts of snow and the slush and sieet of departing winter, but Mr. N. B. Falconer's palatial dry goods establishment on Douglas street presented an appearance of springtime and the atmosphere in every department of the large store seemed to be laden with the odor of bursting buds and the whisperings of soft May day breezes that are soon to come again.

It was Mr. Enlconer's spring opening day, and although the weather clerk did not seem to be a partner in the undertaking, yot it must be recorded as one of the most pleasing and successful openings ever witnessed in the mercantile line in Omaha. The attendance would, of course, have been very much larger had the weather been more propitious, but under the circumstances it was cortainly a great compliment to the proprie-tor and the reputation of his store to see thousands of people, mostly ladies, in attendance, both during the afternoon and

evening. They went to see a great opening and they saw it. Lovely Things on All Sides. 6 The display in the large front windows formed a sort of index to the greater display, within, and hundreds of people paused on the

sidewalk and stood in the rain and sleet look ing at the superb exhibition of beautiful things inside. In letting the caucus decide who shall have a right to vote. Where a voter can prove, for instance, by a reputable neighbor, or even by a reputable democrat, that he is a republican voter. If they are neighbors of the voter and are known to be honest and hreen that district. If they are neighbors of the voter and are known to be honest and respectable their evidence should be taken. We can't put up with very much red tape at our caucus and primary elections.
