Falls from the Third Story-

Hearing the Egan Lar-

ceny Case.

Mary Charleston, a chambermaid at the

Grand hotel, met with a severe accident

yesterday afternoon. She was cleaning the

outside of one of the windows in the third

story of the building over the rotunda, and

had climbed out on the window sill for the purpose. In some way she lost her balance and fell to the glass roof of the rotunda, and distance of about fifteen feet, landing on her shoulder. She was picked up almost insen-sible and carried to a room in the servants' hall, where two physicians were summoned to attend her.

An examination showed that one upper

arm had been broken, and the patient was in such pain that chloroform had to be adminis-

tored while the doctors were doing their work. The fracture was finally set, but it was a very difficult operation, as it was so near the shoulder joint as to be very difficult to get at. The doctors fear that her arm will be stiffened for life as the result of the and the shoulder for the set of the set of the

accident. The unfortunate girl has been at the hotel about a month, and it is not known

whether she has any friends or not. An ef-

senators in Executive Session Object to Their Method of Getting News.

WASHINGTON, D. C., March 24.-It seems singular with the grave emergency confronting it, and affairs of state trembling in the balance, that the senate should lose sight of the real issues of the moment and turn to scoring newspapers for printing news in which the people have legitimate interests. Yet such is the fact, and a large part of the time during which the senate has been in executive session for the past few days, supposed to be devoting itself to the full discharge of its high function as advisory boly to the president, has really been visory body to the president, has really been devoted in querulous complaints of news-paper enterprise, mutual recriminations for a suspected betrayal of the secrets and searches for hidden channels through which the press obtains information. Today the senate resorted to an unprecedented device, in ordering the withdrawal of all its hereto-fora trusted employees from the chamber. exfore trusted employes from the chamber. ex-

The foreign affairs committee reported through Mr. Sherman, recommending the ratification of the Bering sea arbitration treaty. Mr. Sherman pointed out the ad-vantage to the United States from ready complexences in the aphiesion to arbitration acquiescence in the submission to arbitration and how Great Britain by refusal of the modus vivendi would be placed in an unenviable light. Sherman also reported a resolu-tion from the committee in the nature of an endorsement of the attitude assumed by the president, and in substance assuring him of the support of the senate. The discussion

showed that there was no beief that war would result from the present entanglement, and for the second time this session there was expressed the idea that as Great Britain appeared to be estopped from acting according to her own best interests and principles of common justice through deference to the sentiment of Canada it would be well to administer to the initer a lesson by the withdrawal of that priceless concession-the privilege of free shipment of products and goods through the United States. There was no action taken on the subject. Indications are after a further distender in a saloon in the southern part of the city, was missing. He was one of the most important witnesses for the state and his services could not be dispensed with. A bench warrant was therefore issued, and within an hour Mr. McSorley was marched into the court mom in charge of a during cussion that the treaty will be ratified.

paper prints the following in connection with an interview on the developments of the recent Kansas City leasing to the Chicago Great Western railway company: "It is my humble opinion," says the in

formant, "that Chairman Stickney's organization of the Chicaga Great Western company is the precurser of President Hill's gigantic plan. You will notice that simultaneous with the ratification of the lease of that company of the lines of the Chicago, St. Faul & Kansas City the articles of the Sioux City, Chicago & Baltimore were fied at Sioux City. These companies were organ-ized for the same individual object. The future course of the Chicago Great Western, except that it contemplates the construction of a line to Omaha, is not generally known, but the Sloux City concern is not at all back-ward about stating its object. It is an-nounced that it will build a line across Iowa, on the Mississippi, another to Osage, Ia., an-other to Des Moines and another to Keokuk. But it is not likely that it will do it. It can go via ca air line with the Chicago Great Western which will give it a line to Dubuque and another through Des Moines and thence to Kansas City, with a practical short line to Chicago. "In consequence of this the Stoux City,

Chicago & Baltimore will have to build only 100 miles in order to connect. And if, as stated, President Hill is interested he will stated, President Hill is interested he will have a line from Puget sound to St. Paul and Chicago, a line from Sioux City to St. Paul and Duluth, a line from Sioux City to Chicago and another from Sioux City to Kansas City. If, as contemplated here-tofore, the Pacific Short Line is com-pleted to Ogden or thereabouts, there will be additional territory to draw from will be additional territory to draw from with the possibility of a line from the Great Northern at Spokane to some point on the Short Line. Decided Against the "Q."

CHICAGO, Ill., March 24.-A decision was promutgated today by Chairman Finley in the case of the Rock Island road against the Burlington, concerning the sale of a ticket from Chicago to Georgetown, Colo. The ticket was of the Burlington issue and, besides being bought of a broker for \$23, was not limited in accordance with the Chicago rate sheet. The chairman held that the de-fendant was not responsible for the sale of the ticket through a ticket broker at less than tariff rates, but finds the company guilty of putting an excessive limit on the licket and assesse the usual fine for viola. ticket and assesses the usual fine for viola tion of the agreement.

After Years of Unsuccessful Search for Cure, Martin Anderson Gets Relief from the Chinese Doctor - A Voluntary Test

monitil. OMAHA, Neb., Jan. 18, 1892.

To whom It May Concern: This is to certify that I have been a constant sufferer for many years with catarrh, asthma and bronchial affections of the throat, and tried all the patent medicines and remedies I ever heard of, but with no success. I treated with doctors in various parts of the country, but none of them could do me any good further than giving me shor temporary relief. I suffered night an day, and continued to grow worse not withstanding all the medicine I had taken. I had almost given up my case as hopeless when 1 was informed by a friend of Dr. C. Gee Wo, the Chinese doctor, and advised to go and see him in the hope of getting relief at least, if not a permanent cure for my trouble. I was slow in making up my mind to make such a radical change in my treatment, as I knew a trial with the Chinese doctor would bring me, but I finally concluded to give him a trial, so I called at his office with that intention. I tound the doctor a clever, entertaining gentle man, thoroughly posted on my condi tion, and it took only a very short time to convince me that he was the party I was so long in search of. He told me my case was curable, and that he could cure me, and prepared me a special treatment to suit my condition, and in two weeks 1 was so much better that I had the fullest confidence in the doctor's ability and committed my case to his treatment. I continued to grow batter rapidly and am now entirely well. I owe my cure to D. C. Gee Wo, and am not ashamed to admit it. I advise all who want relief from their troubles to call on Dr. C. Gee Wo, and they will be cured. For all particulars apply or o MARTIN L. ANDERSON, 3121 Cuming St., Cmaha, Neb. write to

#### **Oberholtzer** Wants Damages

H. H. Oberholtzer commenced an action in the district court vesterday to recover damages for the issuance of a writ of injunction from the district court in favor of M. The injunction was granted upon an allocation made by Kinports to the effect that the transfer of the stock from C. M. Oberholtzer to the defendant was fraudu-ient and without consideration. The injunc-tion bond was signed by Kinports as princi-pal with J. P. Hess as surety. Upon a final hearing the injunction was dissolved. Ober-holtzer alleges that he has been damaged by the sanoyance and the delay cocasioned by the temporary writ, and he demands a judg-ment of \$1,000 against Hess. A suit is also pending in the district court against Sheriff Hazen for the possession of the property of the bankrupt merchant, val-ued at \$3,300. M. Oberholtzer. The injunction was granted

#### Cutting Down the Force,

Mayor Lawrence has not made public his selection of members of his reorganized police force, but he is steadily diminishing the size of the force in accordance with the views he expressed at the opening meeting of the new council. Two men have already been taken off the day force, which leaves three men to do all the patrolling of the city that is done in the daytime-one on Upper and Middle Broadway, one on Lower Broadway and one on Lower Main street. It is understood that a corresponding cut will be made in the night force, the length of the various beats being increased so as to in-crease somewhat the amount of territory covered by each man and thus enable the department to do away with two or three patrolmen. It is pretty well settled that J. M. Scanlan will be the next chief of police, although this appointment has not been given out officially. At the time of the nomination of Dr. Lawrence for mayor he agreed to consult the delegates to the convention as to the appointment of a chief. The delegates were unanimously in favor of Scanlan for the office, and a paper has been circulated and freely signed by them in his favor. As Scanlan was the choice of the mayor in the first place there can be but little doubt us to the result. The new chief will have his regular duties like any of the men under him, so that it is probable that a reduction can be so that it is probable that a reduction can be made in the number of men it has been found necessary to employ during the last two years to exercise a general supervision over the force. The office of day captain will be done away with entirely and his duties will be performed by the chief, while the duties that have been done by the chief will be performed by certain parties to be selected hereafter, without pay from the city.

#### About Parks.

OMAHA, March 25 .- To the Editor of THE BEE: Your report in last night's paper in writing up the trip made yesterday by the city council to the Verson Heights and other tracts, while substantially correct, failed to fully set out the full situation. The object and design of Messrs. Clark, Kountze, Ames and others in inviting the city council and the park commission to take a trip to these lands was : First, to view the Parker tract, eighty acres, offered at \$75,000, and 180 or 190 acres westward at about \$72,000 or \$73,000, or considerably less than one-half the price per acre, and with an average distance from the postoffice site, as shown by Woiff's city map, of one-half mile. These lauds, if desired by the city council and the park commission, can be had at an average price of less than \$400 pert acre, and, in connection with the Fores Lawn boulevard from Thirtieth street west to the entrance to the Forest Lawn cemetery, will make, including the cemetery, 325 acres, one continuous tract of land, containing ove

the legislature today to pass the anti-prohi bition bill as early as possible. It sets forth that the Gatch bill, or some similar one, is in accord with the wishes of a very large major

ity of the people of the state, and that cities are entitled to some relief at the hands of the present legislature before it adjourns. In the senate this morning the following appropriations were passed: Institute for the Feeble Minded, \$26,600; Soldiers' Orphan home, \$12,500; Industrial Home for the Blind, \$20,300; State university, \$75,000; In-stitute for the Deaf and Dumb, \$16,000; Ag-ricultural college, \$56,000; Benedict home, \$5,000; fish commission, \$4,000; weather and crop service, \$5,500; dairy commissioner, \$0,500; state library, \$5,000; capitol building

repairs, \$10,000. A bill was introduced by the ways and means committee to revise the revenue laws. It requires that all property be assessed ot

cash valuation. Petitions were presented asking the pas sage of the mining bills and the estable a-ment of a reformatory prison. The appro-priation for the Mount Pleasant insane hospital, \$185,000, was passed. A resolution providing for a sifting committee was

adopted. In the house the Australian ballot bill was passed without opposition. The senate bill to protect the makers of negotiable instru-ments was also passed. The Rass bill pro-hibiting cousins from marrying was recon-sidered, amended and finally passed. Rob-inson's bill to prevent improper use of money in elections was passed also Drowry's bill to exempt fees to the value of \$300 from taxation. Bills appropriating \$17,700 for the normal

erious Accident on the Utah Central Railroad.

PARK CITY, U. T., March 24.-The 4 o'clock train this afternoon on the Utah Central rail road between Park City and Salt Lake City, due at the latter place at 6:30, met with an accident which was quite serious in its re

sults and barely failed of being fatal. About four miles below Park City, when going around a sharp curve, the one car which comprised the train jumped the rails and was overturned. The train was at once stopped, but not until all of the passengers were more or less injured. There were about thirty people in the car and very few secaped without injury and one or two may die from the injuries received. The cause of the accident was too much elevation on the outer rail, which caused the car to overturn. People from the city flocked to the scene and cardina was since was cheap the injured

#### Mr. Sebrowski Talks About Baron De Stears.

CHICAGO, Ill., March 24 .- Regarding the report that Baron de Steurs holds that the di vorce recently obtained by his wife in South Dakota will not be valid in the Netherlands, Elliot Sebrowski, the husband of the former baroness, today said; "The so-called baron knows better thad" to waste his fortane in any effort to prove a native born Amer-ican to be a Dutch woman, or that a bona fide American decree of divores invalid the whole world over, when defended tooth nail, and with and without diplomatic aid -which means up little to those who have trampled through its mire. My advice to the so-called baron's seemingly many friends would be to stand off and not bring their "baron" so frequently before the American people through the mealum of our great press. We are not educated up to the so-called barons diplomatic tactics and some one might misjudge him and then ---." Elliot Sebrowski, tap husband of the former

The Shamrock.

In Ireland only one shamrock is known. It is an indigenous species of clover, which trails along the ground among the grass in the meadows. The trefoil leaves are not more than onetrefoil leaves are not more than one-fourth the size of the smallest clover in America, and are pure green, without any of the brown shading of white and pink covers.
