Vic Keller, who was appointed to a position in the police court several days ago, has resigned upon a request from the mayor. The reason, as stated by the mayor was that a committee of citizens had called at the office of the mayor and remonstrated against Keller's appointment on the ground that he had not been a resident of Council Bluffs for over eighteen months. Keller states that although he left the city eighteen months ago he has always considered it his residence, and he knows of no reason why he should not be allowed to retain his position.

ther Being Captured He Coolly Pointed to His Fleeing Companion and Explains That They Had the Wrong. Man.

A bold burglary took place yesterday after noon at the residence of L. C. Empkie, 618 South Sixth street. Mrs. Empkie was alone in the house at the time, and the front door had been left unlocked. She heard a noise unstairs, but thought nothing of it at the time. Later she proceeded to investigate, and when she got in sight of the door of one of the rooms upstairs she saw a man in the act of ransacking a bureau drawer. The man saw her about the same time, and started to run down stairs. She intercepted him, however, and catching him by the coat

followed him down stairs, crying for help.
At the same time another burglar appeared and joined the procession. When the trio got to the front door the man who was being steered by Mrs. Empkie succeeded in getting away and struck off down street. A

"I'm all right: there goes the burglar down the street. Go for him."
He accordingly let go, and the burglar who had been blessed with the necessary nerve to play this trick, lost no time in maging his escape. He has not been heard from since. In the meantime F. H. Evans and another gentleman, who had been attracted to the scene by Mrs. Empkie's cries, had intercepted the first burglar, and he was handed over to the police scoon after. He gave his name at the police station as M. Rock, and appearances indicate that he is a crock of no appearances indicate that he is a crock of no small caliber. So far as known nothing was stolen from the house, but had it not been for Mrs. Empkie's pluck both men would probably have escaped. The one who got away was seen and a good description of him has been furnished the police, who have great hopes of landing him alongside his comrade in a day or so at most.

SNATCHED A PURSE.

Jim Smith Charged with Robbing Mrs. Amsworth on the Street. Jim Smith, a half-witted colored man who is well known in police circles, "turned a trick" in Bayliss park yesterday afternoon that is likely to have serious results. Mrs. Ainsworth, who lives on Third avenue near the corner of Eighth street, was passing through the park when Smith approached her and before she knew what he was about had deftly cut her purso from her arm and made off with it. He was traced to a vacant house near the Grand hotel and an officer made a search of the premises.

Smith was found tucked away in a small closet where he had evidently hoped to escape the eagle eye, and was very much chagrined when he saw that his plan had not worked. The money which the purse had contained, about \$6 in all, was found lying on the floor at his feet. He was locked up in the city jail on the charge of larceny from the person. Report had it that he had done up a couple of young laddes just a few minup a couple of young ladies just a few min-ntes before in the same way, but if the re-port was true the young ladies had disapbeared and did not make their loss known at the police headquarters.

Wants \$5,000 Damages. Mrs. R. B. Cook, wife of Dr. A. J. Cook, has decided to get a portion of the wealth of C. R. Hannan as the result of an attachment suit which was commenced in the district court a few days ago and of which mention was made in the papers at the time. The suit referred to was begun to collect about \$300, claimed to be due as rent for the Grand hotel annex from Dr. Cook and his wife, and C. R. Hannan, as receiver for the Kimball Champ Investment company, was the plaintiff in the case. A petition was placed on file in the superior court yesterday in which Mrs. Cook alleges that the attach-ment was sued out wrongfully and maire-jously, when Hannan knew that she was not liable for the rept, and that it was done for the purpose of humiliating her and dis-tressing her mentally and financially. Mrs. Cook alleges that the writ of attachment was issued by the clerk of the court on a fulse statement of facts, and for the pain which she has been caused by the sueing out of the writ and the suesequent legal proceedings to which it gave rise she thinks \$5,000 would be a proper compensation. She ac-cordingly demands a judgment for that sum. Mr. Hannan has retained attorneys who will fight the case. He regards the beginning of the suit as a mere piece of spite work for the purpose of making him trouble.

TORN FROM HIS FATHER'S ARMS.

Cruel Separation of a Child from His Dying Parent.

CHAMBERLAIN, S. D., April 1. - A Mrs. Lyon came here a few days ago in search of her 6-year-old child, which the father had taken with him when he left the mother. The mother located them in a farm house on the Nebraska side seven miles from bere. On a rude bed in the midst of the greatest squalor lay the wasted form of her husband in the iast stages of consumption. The father had been ill for many days and the child, but 6 years old, had striven to assist him as much as possible. The little fellow had regularly kindled the fire and waited on his father. The wife is well off financially, and pro-losed to the husband that if he would give up the child both he and the boy could re-turn with her to her home, where she would care for them the remainder of their lives. The father spurned the offer and replied that no would keep the child and remain where

After considerable parleying the mother and her excert attempted to take the child by force, but were repelled by a fleres watchdog which was set upon them by both the boy and his father. After the vain attempt to secure possession of the child, the mother returned to town and telegraphed for her brither-in-law, who lived in Huron. He arrived the next day and noth went to her husband's house, where they took the child away by force. The father's grief was over-whelming when he saw the child taken from him. The parting words of the little fellow

Medical aid has been sent to the father, but
there is no hope of his recovery.

OFFICE OF WEATHER BUREAU, OMAHA, April 1. Owing to the extraordinary storm many eports are missing tonight, but enough are on the map to locate the great cyclonic disturbance. The parometer has been uncon monty low and the result was a wild and con tinuous inrush of air. The storm is now central in South Dakota, and the high south westerly winds which prevailed in this secion during the day are now in the upper Mississippi valley.

Freezing weather prevails in western Ne

braska, and snow is reported from Valentine Steep barometer gradients exist in the Mis souri valtey and continued brisk winds, bu from the west and northwest, and colder weather is therefore likely.

are "Treated with Carbonate of Soda, Magnesia, Petash or Bicarbonate of Soda." To partially supply the loss of natural flavor and color caused Ly this treatment, fragrant gums

and dyes are used. Dr. Sidney Ringer. Professor of Medicine at University College, London, and Physician to the College Hospital, periaps the greatest English authority on the action of drugs, states in his "Handbook of Therapoutes" that "the sustained administration of alkalies and their carbonates renders the blood it is said, nearer in solids and in red corpuscies, and impairs the naturition of the body." Of ammonia, carbonate of ammonia, and spirits of ammonia, he says: "These preparations have many properties in common with the alkaline, potant, and soda group. They possess a strong alkaline reaction, are freely soluble in water, have a high diffusion power, and dissolve the animal textures. If administered too long, they excite catarrh of the stomach and intestines.

FOUND AT LAST

After Years of Unsuccessful Search for Cure, Martin / nd rson Gets Relief from the Chinese Declar - Voluntary Tona Омана, Neb., Jan. 18, 1892.

To whom It May Concern: This is to certify that I have been a constant sufferer for many years with catarch, asthma and bronchial affections of the threat, and tried all the patent medicines and remedies I ever heard of, but with no success. I treated with doctors in various parts of the country, but none of them could do ma any good further than giving me shor temporary relief. I suffered night an day, and continued to grow worse not withstanding all the medicine I had taken. I had almost given up my case as hopeless when I was informed by a friend of Dr. C. Gee Wo, the Chineso doctor, and advised to go and see him in the hope of getting relief at least, if not a permanent cure for my trouble. I was slow in making up my mind to make such a radical change to my treatment. as I knew a trial with the Chinese doctor would bring me, but I finally con-cluded to give him a trid, so I called at his office with that intention. I found the doctor a clever, entertaining gentle man, thoroughly posted on my coalition, and it took only a very short time to convince me that he was the party I was so long in search of. He told me my case was curable, and that he could cure me, and prepared me a special treatment to suit my condition, and in two weeks I was so much better that I had the fullest confidence in the doctor's ability and committed my case to his treatment. I continued to grow batter rapidly and am now enti ely well. I owe my cure to D. C. Gee Wo, and am not ashamed to admit it. I advise all who want relief from their troubles to call on Dr. C. Gee Wo, and they will be cured. For all particulars apply or write to MARTIN L. ANDERSON, 3121 Cuming St., Cmaha, Neb.
