A serious accident occurred on the Broadway bridge Sunday afternoon, a motor train colliding with a carriage in which were seated a gentleman and two ladies. One of the ladies was supposed to be quite badly hurt, her head bleeding profusely, as if from some ugly wounds. Mr. L. Harris of Coun cil Bluffs was in his buggy and going the opposite direction when the two teams met in a narrow place and came to a stop to allow the motor to pass. The other team was rest-less and in backing placed the carriage in front of the motor, which was running at a pretty good speed. Mr. Harris did not learn the name of the injured lady.

A Heavy Will,

A pondrous document was filed with the county clerk yesterday. It consisted of thirty-one pages of type-written matter, setting forth in legal phrase the wishes of William Lawrence Scott of Eric, Penu., in regard to the disposition of his fortune, which is counted by the hundreds of thousands of dollars. The filing of the will in this county is necessitated by the fact that there is quite a large amount of property in this county, especially in Avoca and Walnut, which be-longs to this estate.

THE OMAHA BEE. NEWS FROM COUNCIL BLUFFS

Afterelap of an Election Circular is Promising Some Interesting Things.

SENATOR GRONEWEG WANTS HIS SAY

He Will Produce the Records of the School Board and Show Up Some Other Man's Clerical Delinquencies While in Office.

The inflammatory handbill flung to the breeze of popular projudice and passion on the morn of the recent school election has aroused not only the righteous indignation of Mr. Schoentgen, who was the target aimed at, but of his partner, Senator Groneweg, whose name was also dragged into the miry charges. Mr. Schoentgen fired back at his assailants a libel suit. Senator Groneweg purposes to have bimself set right, too, be fore the public, and he is preparing to make a move at the next meeting of the school board which will result in arousing fresh interest in school affairs, and especially in the way some of the books and records have been

kept in the past. It is claimed that an examination of the records will show not only that Senator Groneweg, when treasurer, had prompt, complete and satisfactory settlements with the school district, but that other records beyond his control, and for which he was in no way responsible, were kept in such a careless way as to be of almost no value. In citing imperfect and ill-kept records, it is claimed that those who thus attacked Grone weg and Schoeutgen have unintentionally led to the disclosure that there has been a good deal of carelessness in the official cir-cles interested. The next meeting of the school board is therefore looked forward to with more than the usual interest.

An Interviewer Interviewed, L. L. Kleinfelter of Mason City was in the Bluffs yesterday looking after some real estate interests. "I had an interesting experience in regard to advertising some years ago," said he. "Perhaps you can adorn the tale and point the moral. I was owner of a paper which I wanted to dispose of. I advertised it for sale in some of the trade journais, and as I did not want the folks in my town to know I was going to sell I had the answers directed to a Chicago type house. who forwarded the answers to me. One of these answers was from an Omaha man. got mislated on my deak some way, and I could not for my life find it again, nor could I remember the man's name or any other address than Omaha. How to get at it was a puzzle. Finally I thought I would try Tuz Bez. I wrote out a little special advertisement, asking the party who wrote to the Chicago firm in regard to the purchase of a printing office in Iowa to write again as the address was lost. It was only one chance in a million, but it cost me only

50 cents to try it. I was enough of a news

Mr. Kleinfelter has since engaged in the publication of the Farmers' Institute, which he is making a great success. He has been very active in securing the passage of the law providing for the holding of farmers' in-stitutes in Iowa. According to this plan, which has become a law, any county in the state in which a farmers' institute is held is entitled to draw \$50 from the state treasury to meet the expenses of the same. The advantages claimed for this mode of cultivating the farmer are that each county controls it own institute, the time and program is more likely to be especially adapted to the peculiar needs of the locality where such institutes are held and the scheme is not tiable to be be the case where there there is a central state organization controlling ail.

Their Third Anniversary.

The Woman's Relief Corps No. 180 calebrated their third anniversary in a brilliant social manner in Grand Army hall last evening. They extended a public invitation to their friends and the hall was filled with a happy throng. The room was tastefully decorated and the rostrum was almost hidden by flags and flowers. The fore part of the evening was devoted to a literary and ical program and the remainder refreshments and dancing. The nusica! former was especially pleasant and enter-taining. Mrs. H. J. Bublitz sang two solos, "Marguerite of Long Ago," and Scatlan's gem, "Gathering the Myrtle with Mary." Mrs. Roberts sang with good effect, "We Were Comrades Together," and was heartly encored. Miss Mamie Field, a bright young elocutionist, read with exquisite taste a humorous selection entitled "The Toboggan Side." Dr. G. W. Crofts read an original poem, written yesterday afternoon and called out by the recollection that the anniversary of the relief corps was also on the eve of the anniversary of the firing upon Fort Sumpter. It was one of the poet-preacher's best productions, and called forth the heartiest applause. It was an impassioned panegyric of the flag. Hon. George Carson responded to the opening address of the president of the corps in a ten minute speech that contrasted the heroism of the mothers and wives who gave up their sons and husbands with the soldiers on the field. A humorous song by Mrs. J. A. Roff, in costume, entitled "They Grafted Him Into the Army," concluded the first part of the program, and the remainder of the evening was devoted to the banquet and dancing

Brigadier General Thomas W. Sweeney Passes Away in New York, New York, April 11.-Brigadier General Thomas W. Sweeney, retired, is dead.

Thomas W. Sweeney, retired, is dead.

General Sweeney was known by his companions as "Fighting Tom Sweeney." He was born in Ireland, but came to America in early life. He was second lieutenant of a New York regiment during the Mexican war and lost his right arm at the battle of Churobusco. He fought through the war and from 1855 to 1861 was stationed in Nebraska engaged in fighting the Indians. When the civil war broke out he was appointed brigadier general of volunteers. His career throughout the war was most honorable, and at its close he was presented with a sword from the city of Brooklyn. He retired from the regular army in May, 1870.

WILL USE THE MILITIA.

Wyoming's Governor Instructs the State Troops to Prepare for Action. CHEVENNE, Wyo., April 11. - [Special Telegram to THE BEE.] - News from the seat of war received today and tonight is of a conflicting character. The news that went through from Johnson county this morning was to the effect that the cattlemen were surrounded at the ranch; that Jack Flage had been hanged; that the sheriff of Johnson county, with a posse of seventy-five men, had olned the rustlers, and as the stockmen would not surrender, nobody knew how the thing would turn out. The impression created here was that the stockmen were getting the worst of it. This was in a measure verified by the appearance of some leading cattlemen here. While they would are shealestely each the stockmen. would say absolutely nothing, they were downcast. Several men it is known were offered a chance to go to Johnston county and aid in the stock war, but whether or not there is a really organized movement to out-ilt another party cannot be discovered. Governor Barber today, at the request of the acting mayor of Buffalo, issued an order

to the captains of the militia at Douglas and Buffalo respectively, notifying them to hold their commands in readiness for immediate service, but to exercise extreme discretion in ordering their troops into the field. military authorities and the governor have been in consultation all day. Advertisements for fifty saddle horses and equipments will be published here in the morning.
At some point north of Douglas the line has been corralled. Some commercial mes-

sages have been coming in today, but very little general news is allowed to pass by the telegraphic press censor.

It is now pretty well established here that Jack Flagg was hanged as early as last Friday, at which date the first news of the in

day, at which date the first news of the invasion reached Buffalo, "Finge," said a gentleman from Buffalo today, "was the brains of the gang, while Nat Champion furnished most of the nerve. There are probably fifty men engaged in rustling in Johnson county, but of these, if from six to twelve were put out of the way, the rest would desist or leave the country."

DeWitt'sSarsaparina is reliable. MAY DAY IN CHICAGO.

Socialists Preparing for a Big Demonstra tion-A Fiery Circular.

CHICAGO, Ill., April 11 .- A grand International eight-hour demonstration will take place May 1. It is estimated that members of trades' unions, socialistic societies and their sympathizers to the number of 20,000 will mach through Chicago streets that day The great crowd will gather at the lake front after it has paraded the city and speakers will orate in English and German on the wrongs of society in general and the benefits of the eight-hour day in particular.

The latter arrangement hinges, however on one proviso, if Chief of Police Mc Claughrev will permit speechmaking or the lake front. He will also have something to say as to the color of the flags carried. On neither subject has he yet been approached by the leaders and they are somewhat in doubt as to his willingness to allow the demonstrations in those particulars. The committee having in charge the ar

rangements has issued a circular in German and English to the trades' unions of the city calling upon workingmen everywhere to furnish a practical illustration of solidity and union. The English portion of the circular is particularly mild in tone, but the one in German is decidedly anarchistic. Translated a portion of it reads:

"In no city of the world is the working man treated as he is in Chicago, Capital and the police have secretly conspired to give labor its death wound. All efforts on the side of labor to better its condition will be violently opposed. All means are in the hands of our enemies, but we, the working classes, resting our strength in the national constitution, vote to incorporate an eight-hour law in the constitution of Illinois, in order to secure an eight-hour day as was done in 1886, when they shot us down like wild beasts, or if we celebrate a day in honor of our failen brothers, then will they strike us down and shrink back from no bloodshed They provoke the working classes to the last extremity, and it is only attributable to the apathy of the workingmen of Chicago that in the last five months the blood of men and children has not been shed.

"The demonstration this year will, there-ore, be two-fold in character—in advancement of the eight-hour day and an open pro test against the oppression of the working men of Chicago by the police. "Therefore workmen, rise on masse-free dom from the police can only be obtained through your efforts."

THEY JUMPED HIS DAM SITE. This Made Captain King Mad and a Bloody Scrimmage Followed. PHENIX, Ariz., April 11 .- A serious shoot-

ing affray took place ten miles from this city. Six months ago a company of Minneapolis capitalists jumped the dam site of Captain John King's claim and began a series of improvements, working a force of twenty-six or thirty men. Yesterday King ordered the party to quit work at the point of a rifle, which they did. Later he insisted that they have the claim. On their refusal, he dred soveral shots. The camp returned the fire, hitting King in both legs. He was brought to this city in a precarious condition but it is thought he will recover. It is likely a feud will follow.

The Fire Record.

LONDON, April 11.-A fire broke out in the printing establishment of Page & Pratt, limited, 5 to 7 Ludgate buildings, E. C. The flames spread to the adjacent building and destroyed the establishments of Davis & Timmins, metal workers and merchants, No. 24 Charles street, and seven other firms. The loss is immense. The fire was the largest that has occured in London since Captain Shaw left the fire brigade. His succe sor, Captain Simmonds, managed admirably. and Promptly Found It-Catarrh of the Lungs, or Bronchitis-Early Treatment Pays.

(Catarrhal bronchitis is often mistaken fo insumption: and, if neglected, may result i at dread and fatal malady. Cough, pair the chest, soreness of the lungs, shortnes of breath, loss of appetite and flesh, debility, chills and fever, sweats, though slight, are all warnings that cannot safely be ignored. Prompt and early treatment is importative. In such cases prograstination is the thief of many precious lives.

In a recent interview Mr. Christian Jensen a resident of Babbett Place, Council Bluffs.

I had a rough that distressed me greatly and made me weak and sore. My throat became dry and sore, in your large that of itself it was enough to make me a very land headache all the time, and so severe that of itself it was enough to make me a very sick man. I could not sleep well no rest and feit badly eich morning, and had no anibition to do anything. My appetite was very poor, I did not rel sh food and did not get hongry, on eating I felt sick and wanted to vomit. This nausea I also had when my stomach was empty. I became very weak and finally got so bad that I had to stop my work and try to recover my health. For three months I was treated by ene of our leading dectors but in spite of all his efforts I got worse every day. I saw my discisse was rapidly becoming seated and I began to fear there was no hope for me.

"Finally, I decided to try Drs. Copeland & Shepard's system of treatment. I had neard of some bad cases they had cured, but had little faith that I could be helped. I feel it is due them will be an to get better at once and now am rapidly improving. In fact, I feel well and strong, and am rateful for my recovery. Every bad symptom is gone and it is many months since I have felt so thoroughly well as I do today. Drs Copeland & Shepard treat their patients with great care and in my case the results have been truly remarkable.

An intelligent young woman lives at 1445 South 27th street. Her name is Miss E ma Hutzfeld, and she tells a story of suffering and relief that will interest many. "For

ory was great. I had agonizing pain in my head that nearly made me wild. It was worse by spells but was present nearly all the time. My eyes ached terribly and I could not bear the light. When I tred to read they would get watery and pained me severely. I had to constantly hawk and spit mornings and large masses of bucus came from my nose and throat. My hearing was very dull and had been growing worse for at least one year. At times I heard pretty well but a slight cold would affect my hearing. Each cold made me worse and when IDrs Copeland & Shepard began my case I was getting deafer every day. I was very tired mornings and rested poorly at night. My stomach was in a had state. After cating I always had a heavy pain in the stomach which would last for several hours. Then it would return upon my eath; azaln. I was often billous and had mausea with bloat ng and tenderness over the stomach and bowes. "I have steadily improved under Drs Copeland & Shepaid's treatment and each visit to their office has been of great benefit. Their treatment is mild and easily taken, and so effective that these restored my hearing given me a blessed cellef from pain, and improved me so much that I do not seem the same person I was a few weeks ago. I cannot say too hauch for them and what they have done for me." MISS ELMA DETEFIELD
