of the most active and prominent real estate dealers here. In 1881 the daughter was married to James H. Hutton, as was the son moved to her new home in Mooroville, O., where she remained until the death of her husband five years ago. When she returned to Council Bluffs and again made her home with her widowed mother here. The two have lived a mutually dependent and almost inseparable life. The loss of her daughter is therefore a peculiarly heavy blow to her, and her loneliness excited the tenderest sympathy.

unreconciled in favor of the renomination of President Harrison and that of my ex-mentor, Mr. Morton, as well. In fact, I am for the old ticket of 1888 from top to bottom, and I not only hope and expect to see the old ticket elected, but I expect to see a larger majority than before. There has been no concealment or doubt as to my feelings in this matter, and I am surprised that such a foolish story should be given space in any paper.

REGULAR Army and Navy PENSIONS: Soldiers in the Regular Army and Sailors in the United States Navy, since the War of the Rebellion, who have been discharged from the service on account of disabilities incurred therein while in the line of duty, are Entitled to Pension

This Was the Question that Puzzled the Minds of Many Medical Men. The important thing in cases where cough, pharyngeal trouble, loss of flesh and strength, and a general debility, is to place the patient at once under the influence of a medicine which will restore the defective nutrition. The reason that so many people die of consumption, which kills about nine out of ten of all who die of disease, is that the warning signs are not heeded. People are not sufficiently informed on this subject, or else do not give heed to the warnings that they have, and allow the catarrh to extend until it has become incurable. Two-thirds of the deaths from lung troubles might be avoided if the proper treatment which led to its cure were used. I have cured five or six years I had a constant and distressing cough. It worried me day and night. Between my shoulders and back I had a great soreness and pain. I raised enormous quantities of thick, yellow mucus, and it is yet a wonder to me how I stood it.

Entitled to Pension at the same rates and under the same conditions as persons rendering the same service during the War of the Rebellion, except that they are not entitled under the new law or act of June 27, 1890. Such persons are also entitled to pension whether discharged from the service on account of disability or by reason of expiration of term of service, if, while in the service and line of duty, they incurred any wound, injury or disease which still disables them for manual labor.

Widows and Children of persons rendering service in the regular army and navy since the War are Entitled to Pension. If the death of the soldier was due to his service, or occurred while he was in the service. Parents of Soldiers & Sailors dying in the United States service since the War of the Rebellion, or after discharge from the service, from a cause originating therein, leaving no widow or child under the age of sixteen years, are entitled to pension if now dependent upon their own labor for support, whether the soldier ever contributed to their support or they were dependent upon him at the time of his death or not.

FRAIL AND WEAK. She Had Been Ill for Years—Her Parents Did Not Think She Could be Restored to Health—There Are Many Such. The disease of children are often difficult and obscure. Many cases resist treatment because the true condition is not recognized. Children may inherit a tendency to certain diseases or may acquire them. In cases of weak constitution, the blood forming process is retarded. Weakened children are often ill-fated to mature, become scrofulous, and men and women. Of this fact we see abundant evidence in the lives of many of our people. Mr. and Mrs. W. H. Richards, of 605 North 27th street, speak as follows concerning their 5th year old daughter, Lillie Mae Richards: "Our daughter Lillie had been ill for over three years. She was never very strong or robust, but during the past three years her condition had been bad indeed. She was very nervous and rested very poorly at night. Her sleep was fitful and broken. Her appetite was poor and variable. She would eat well at times and then would eat nothing. Her taste was so weak, craving food that was not proper for her to eat.

DISEASES OF WOMEN A SPECIALTY. Women FREE. We have lately had a young lady in our hospital who had been ill for several years. Her condition was such that we did not expect to raise her. We took her to several physicians who each treated her for a different disease. But she got no better. We were glad to say that under the treatment of Drs. Copeland and Shepard she has improved from the start. After two weeks she was much better, and she has steadily gained until she is now fully recovered. She is robust and hearty, and eats, sleeps, and plays like other healthy children. We are very grateful to Drs. Copeland and Shepard for saving our healthy child. MR. AND MRS. W. H. RICHARDS.

In the district court yesterday some equity cases and motions were being heard by Judge McGee. The hearing of the motions may be well judged by the fact that one attorney had to serve also as witness and cross-examine himself. A delegation of Council Bluffs members of the Order of the World went to Omaha last evening to take part in the banquet given by the Omaha lodge in honor of the opening of their new quarters on the seventh floor of The Her building. They were royally entertained, and have decided that a return banquet must be arranged to be given the Omaha lodge on the 21st inst. John Sancke, the well known, Chinaman, feels that an injustice was done by the newspapers that have criticized him for renting some rooms on North Main street to improper parties. The parties complained of signed a lease as man and wife, and the landlord had no means of knowing that they were not such. Sancke is a Chinese, a church member, and would not be the means of intentionally permitting a wrong. When Harry Egan closed up his saloon and cigar store at midnight Thursday night he left \$5 in change in the cash drawer in the bedroom and a couple of hundred dollars near by in the office. The money was scattered around the rear part of the room. An entrance was effected by climbing over a transom over a door leading from a hallway on the second floor and then following an interior staircase into a small hall in the rear of the saloon.
