

AFTER THE SUGAR TRUST

Object of a Resolution Recently Introduced in Congress.

ENORMOUS PROFITS OF THE COMPANY

Consumers Regularly and Systematically Robbed by the Manipulations of the Capitalists—How Democrats Differ—Gossip from the Capital.

WASHINGTON BUREAU OF THE BEE, 513 FOURTEENTH STREET, WASHINGTON, D. C., April 17.

The resolution introduced in the house on Saturday by Congressman Owen Scott of Illinois, calling on the attorney general for information regarding violations of the anti-trust law by the giant Sugar Trust, opens up a field which is likely to produce important results.

"The whisky trust is being prosecuted, and I cannot see," said Mr. Scott, "why it is more criminal to raise the question of cornering it than it is to allow the sugar octopus to rob the consumer of sugar of \$2.03 on every barrel used."...

How Democrats Differ. The idea prevails among democrats in Washington that Representative Bryan has received a very liberal reception...

Mail Records of the Confederacy. The postmaster general has refused to endorse the purchase of the so-called confederate record, covered by postal contracts...

AMERICAN TRACT SOCIETY. Extent and Character of Its Work Shown at the Annual Meeting.

WASHINGTON, D. C., April 17.—The annual meeting of the American Tract Society was held tonight in the Metropolitan Presbyterian church.

It would be very interesting to know just how many bills have been introduced in the present house of representatives to remove the charge of desertion against the military records of ex-civil war soldiers...

They are very largely introduced by democrats, many of whom are in a republican house. Twenty times as many bills to remove the charge of desertion from military records have been introduced in a republican house...

They Want Penalties. He felt that it was enough to create suspicion, and he always made it a point never to question that soldier about his army career.

lest he might embarrass him. The senator's idea was that when an ex-united soldier found that his name was on the list of deserters...

So many bills to give ex-united soldiers straight military records have been introduced in this house that Grand Army of the Republic posts throughout the country are taking up the subject...

Very few of these bills ever become laws. Not one in a hundred are reported from committee and there must be a wagon load of them stored away in committee rooms.

One of the grossest instances of false evidence, as one that should disgust all honest business men, is found in the refusal of the present house, led by Holman of Indiana, to provide sufficient vault room at the national mint...

CONGRESSIONAL FORECAST. Measures That Will Engage Attention During the Present Week.

WASHINGTON, D. C., April 17.—The program of public business in the senate this week does not promise anything more than that the senate will pass a bill to amend the act of March 3, 1879, relating to the appointment of judges...

Senator Hoar, who is about to leave this country for Europe, is desirous that the senate should act upon the bills reported by him from the judiciary committee...

Silver is likely to figure in the desultory fashion recently displayed in the senate during speeches in the morning hour during the discussion of the proposed restriction bill...

EASTER SUNDAY IN OKLAHOMA

How the Day Was Observed by the Gathered Throngs of Homeseekers.

EXPECTANTLY IMPATIENT BOOMERS

Arrangements for the Opening of the Arapaho and Cheyenne Agency—Swelling Crowds Await the Day—Characteristic Scenes.

EL RENO, Okl., April 17.—Easter Sunday was a day of great promise to the boomers gathered about the Cheyenne and Arapaho reservation, which will be thrown open to settlement next Tuesday.

The day was bright and sunny, exemplifying the boomers' expectations, and the weather was generally of the type of the day.

It is not a general feeling which pervades the speculating throng. The feeling there is one of bitterness against everything. The speculators are "kicking, and kicking hard."

With the legitimate boomer, however, the case is much different. He is in no way a speculator, and he is not a speculator.
