COUNTY EDUCATORS TO MEET

Nebraska Superintendents Requested to Attend a State Convention.

HOW THE EXPENSES SHOULD BE SETTLED

As the Subjects to Be Discussed Relate to the School Room the County Commissioners Will Be Requested to Pay the Bills.

LINCOLN, Neb., April 26.—[Special Telegram to THE BEE.]—State Superintendent of Public Instruction Goudy has issued a call for a state convention of the county superintendents to meet at his office in the state capitol on May 15 at 8:30 p. m. for a conference on the following topics: (1) The Public Schools. (2) The Department of Public Instruction. (3) The Annual Institute. (4) School Boards and School Patrons. Other matters of interest and importance will probably come up for discussion and county superintendents are cordially invited to write to Superintendent Goudy and suggest other topics for consideration. With reference to the important matter of expense, the call for the convention says:...

DEWITT'S SARAPARILLA CLEANS THE BLOOD, WILL LET VOTERS DECIDE IT.

Commissioners Practically Agree to Submit the Nebraska Central Proposition.

It is announced semi-officially that the members of the board of county commissioners have accepted the proposition of the Nebraska Central Railway company, and that when the session is held next Friday morning a resolution to submit the question of voting \$500,000 of county bonds to aid in the construction of the bridge at the foot of Cass street will be adopted. Everything having been done to such an extent as to merely for the purpose of putting the matter in legal form. Tuesday's meeting was a very satisfactory one to the railroad officials, as well as to the county commissioners. It was proposed to have the committee on the arbitration of differences that might arise consist of one member from each of the counties, one member of the city council and one of the district judges. The railway officials objected to such a committee, arguing that the member of the Board of County Commissioners and the member of the city council would be interested parties. Such being the case it was decided to have the arbitration committee consist of three judges of the district court. The proposition to incorporate in the contract a clause which would allow the county not sell any portion of its road without the consent of the Board of County Commissioners was defeated.

THOSE FEDERAL INDICTMENTS

Advices from Topeka are to the effect that the federal grand jury has found indictments against C. S. McJury, late traffic manager of the Union Pacific, J. A. Munroe, general freight agent; B. Campbell and J. G. Woodworth, assistants at Portland, and W. S. Barr, agent at Saina, Kan. They are charged with violating the interstate commerce law. Mr. Munroe when interviewed yesterday said he had no more definite information than that the indictments were for conspiracy. He understood, however, is that the charges grow out of the fight between the interior jobbers and those on the river. It began with the sugar rate. The committee on charging interior points the rate from California to the Missouri river plus the local rate back to the Kansas point of destination. The railroad transmission through the interior jobbers with punishment and the river jobbers got injunctions restraining the interior jobbers from advancing rates that had been reduced under the terms of the commission. The case now is very badly mixed up.

There are said to be seven counts against the officials, but the specific charges are not known until the jury, which was not to return its bills until this evening.

UNION PACIFIC CHANGES

The annual meeting of the stockholders of the Union Pacific railway will be held in Boston at 10 o'clock this morning. The results will determine the future management of the road. At headquarters in this city it is conceded that Gould and Sage are the under dogs in the contest and that there will be a change of management. It is assumed that Captain R. S. Hayes will be chosen president and that General Manager Clark has decided to remain with the Missouri Pacific. The latter, if report be true, has even gone so far as to tender his resignation in order to relieve the new board of directors from embarrassment. This has started speculation as to his successor, and naturally rumor flies upon Assistant General Manager Edward Dickenson as the likely candidate. It is believed in railway circles that General Freight Agent Monroe will be made traffic manager and the present operating force will be retained.

The directors, who will be elected at the 10 o'clock meeting, will probably organize to elect a committee to investigate the case of the depot company which they will give the proposed depot compromise a speedy consideration.

NOTES AND PERSONALS

E. D. Branch of the A. B. & M. city ticket office has returned from two weeks' tour of the Pacific coast. He was in San Francisco during the recent earthquake, and was awakened the night by the rattling of his bed and the rattling of the windows.

The B. & M. is planning an excursion to Lincoln for May 7 to take conference delegates on a visit to the western university. Another excursion on May 14 will bring 1,000 Sunday school children to the conference meeting in Omaha from points between Lincoln and Plattsmouth.

DEWITT'S SARAPARILLA DESTROYS SUCH POISONS AS SCURF, RHEUMATISM, ETC., AND CURES MANY DISEASES. IT USES UP SAVES MANY LIVES. DID NOT KILL HER BABY.

The Coroner's Jury Relieves Mary Swanson of the Charge of Murder.

An inquest over the body of the infant found in an outhouse at Central Park was held at Man's undertaking rooms yesterday morning.

City Physician Somers corroborated the story of the mother of the child, Mary Swanson, that the baby was still born. All of the other witnesses testified that they knew nothing of the child.

Mary Swanson swore without hesitation that John Smith was the father of the infant and John Smith, who is a church member and a quiet-looking young man undertook to cross-question her but was baffled out.

A verdict of natural causes was accordingly rendered.

Later to be held early to raise and shorten the road to a home in Omaha, and early to bed and a "Little Early Riser" the pill that makes life longer and better and wiser.

IN POLICE CIRCLES.

Harry Baily, a 10-year-old lad, was arrested at midnight, a rumor on his attempting to rob Eriehor's grocery store at Eleventh and F streets. He was discovered by Inspector Rhode, who happened to pass at the time, and taken to the station. His parents live on Tenth street between F and G streets. When brought before Judge Waters this morning the little fellow explained that his father had sent him for a package of smoking tobacco and finding the door closed he slipped a window and crawled in to get his desired article. Owing to his tender years the judge released him with a reprimand.

George Johnson took a midnight pleasure jaunt to West Lincoln last night with a horse and buggy which did not belong to him. He found the horse on F street and without notice he returned the owner drove away with it. Finding the inclemency of the weather unfavorable to the enjoyment of the ride he spent a hard day with the horse and drove in out of the rain. He was intoxicated at the time, but he will be arraigned for horse stealing just the same.

LINCOLN IN BRIEF.

The police injunction case was continued until next Saturday. A rumor on his attempting this afternoon, to the effect that Mayor Weir was willing to compromise the whole matter, was refuted by the court.

The Lincoln Packing company has resumed operations for the summer and will consume six car loads of hogs per day for the season.

John Coffey, an incorrigible Lincoln youth, was committed to the reform school at Kearney this morning.

The Lincoln Athletic club will play a practice game with the university team on the college campus tomorrow afternoon at 3 o'clock.

Judge Tuttle has rendered a judgment in Wright a judgment of \$100 to Mrs. Clara B. Colby for real estate commission.

Health Officer Hartman quarantined a case of scarlet fever at 813 F street today.

Mr. Darius Waterhouse, Chattanooga, Tenn., says: "I could not but be very much convinced of the truth of that which you have said, and I am sure that it will cure her."

Mr. Paddock's Pet Scheme Nipped During His Absence From the City.

There will be fun at the court house when County Commissioner Paddock returns from New York in a few days. He is to attend a meeting of the board of directors of the Union Pacific railway. Just what this fun will be and what it will consist of no one around the building will venture an opinion, though several parties who are on the inside do not hesitate to remark that some of Mr. Paddock's co-workers have broken faith and gone over to the other side. It is pointed out but democratically to county positions. They also say that there was an implied understanding that no appointments would be made without the consent of the board. Monday when the board re-elected Mike Leahy to the position of superintendent of the court house the knowing ones state that the board had a secret understanding that that act would be with Mr. Paddock the attacking party.

The Lincoln was not Paddock's man, simply because Leahy was not a democrat, but he aided Van Camp and Timme, so with the aid of Berlin he got what he went after. Mr. Paddock and his associates are now in a bad way, with Mr. Paddock the attacking party.
