I do not want to find fault with the umpire, but Colonel Snyder was more responsi bie vesterday for Omaha's downfall than the whole Columbus team together. By rights the score should have been ex-

actly the reverse of what Snyder made it. The majority of his close decisions were

tinted as beautifully as a yellow chrysanthemum, and he was remorselessly severe on young Darby, who pitched the best game of hall seen on the Omaha grounds this year.

Snyder may be all right, but yesterday he St. Paul was unequivocally all wrong. He must bear Omaha. The Omaha club pays its full quote of his expenses and salary, and uled for in return it simply wants what is fair and are: just.

Delight for the Cranks.

Like the initial struggle with the Obio aggregation, yesterday's was a bute. It fairly scintiliated with beauties and blemishes, with the glories and gaucheries of our great national pastime, and after a fashion the crowd enjoyed it. Still, too much of this same kind of enjoyment is apt to grow irasome,

The variety and diversity of chemical and physical phenomena is nomething your Uncle wants to study.

But here is the way we were unloaded yesterday: Walah stopped Sherbeck at first, while the

Count took care of Bobby Gliks. Charlie Abbey made a muff, in fact a full set of furs, out of Kel's fly, but as no evil came out of the blunder he was satisfied. "Dime a Doz" was in the right spot when

Here he anchored, for Big Lally tore three gaping fissures in the atmosphere.

#### Omaha Was Bustling,

In the second Uncle Dave came within an ace of dislocating his collar bone by reaching for Clausen's curves. It was something like the old burnt cork

gag about two trains passing each other on the same track. Camp was just like Uncle, only he was

different. He wouldn't hit at anything. Freddy presented him with a base just to get rid of him.

He stole second, and third too, and the crowd gave him the hand. Also the mouth. Then Hayes rolled one down to Breckenridge and Fitz struck out with the most

Plattsmouth Wins Two from Fremont Quite

Easily. PLATISMOUTH, Nob., April 28.- |Special Telegram to THE BEE. ]- The local base ball season was opened here yesterday before a small crowd who watched Plattsmouth's new State league team make mince meat out of Norman Baker's Freaks. The pal work of the game was done by Kennedy at third. He fielded like a Denny and his work with the stick was su-perb. Robertson pitched a line game for Fremont, but was miserably supported. Recres pitched in fine form for the locals during the fore part of the game, but weak-ened and allowed the Freaks to score five runs in the sixth inning. Yapp took his place and finished the game in great shape. The locals showed up well considering that they were short on practice. The score was

12 to 5 in favor of the home team. This afternoon Baker pitched for Fremont until the seventh inning, when he was knocked out of the box, Wilding succeedi Perrine pitched four innings for the bim. locals, when he, too, gave out and Myers re-lieved him. Kennedy at third again dis-tinguished himself by his fielding and heavy hitting. Both teams showed up in far better form than yesterday. The score:

It is now nearly twelve months since he assumed command there, and during that time not a single day's shore leave has been given the apprentices.

On Sunday last four boys got away, but were quickly published as deserters. One of them was recaptured on Monday and re-turned to the station. A second one was taken in Fall River and brought here yesterday by a police officer of that city, who con-ducted his prisoner to the office of the executhe officer on the upper floor at the south end of the gymnasium building. From here the officer started to go with the boy up to the captain's office in the old war collego building, and in passing around the large coal bin on the east side, a large gang of naval apprentices assembled and stoned the police officer unmercifully.

nouncing Mosely for using the party machinery to secure his own re-election. The delogates to Minneapolis were uninstructed.
