Wyoming Cattlemen Contending for the Pessession of Important Witnesses..

WALKER AND JONES STILL AT CHADRON

By Consent of all Parties the Case Was Continued Until Monday-How the Men Escaped from Johnson County.

CHADRON, Nob., May 7 .- (Special Telegram to THE BEE. |-This city is all excitement over the arrest of Ben Jones and William W. Waiter, the two witnesses against the stockmen, together with Oliver P. Witt, a liveryman of Douglas. The two witnesses, with Witt as guide, left Douglas on horse back at midnight May 4 and arrived near Harrison at 2 p. m. They then waited for the castbourd train, boarded it, and came to Crawford. Before reaching that point, however, old man Jones got into a row with the parties who came on the train to conduct them east, including several stockmen and an attorney for Harvey of Douglas, and refused to leave the train. His companions, however, pulled him off, when Jones flashed his six-shopter.

At this point Marshai Morrison came up and inquired what was wrong. Harvey informed him that Jones was insame and that they were taking him east and requested Morrison to alsarm him and assist them in

getting him to the B. & M. deput. Morrison, although ne had instructions to look out for these parties, started to do so. but smelling a mouse placed both Jones and Walker under arrest. He then learned their

identity. He also arrested Witt. The telegraph wires west of Harrison were cut and that is the charge these parties are being held under. Yesterday a writ of habcas corpus was issued, commanding Mar-hial Morrison to release the prisoners. He refused to do so and a special train was sent to Crawford which brought the prisoners, together with Morrison under arrest, to this The best legal talent was engaged on city. The best legal talent was engaged on both sides and by mutual consent the case was continued until Monday next. The men was continued until Monday next. The men under arrest are the only witnesses against the stockmen, they having witnessed the Champion and Ray fight. They refuse to make any statement until after their trial, but say they were not to

receive any money to leave as stated by the rustlers. Plenty of money is being used on rustlers. both sides of this case.

Deputy Sheriffs Frank Kimball and Jim Parker of Douglas are here acting under in-structions of Charles H. Maurer, prosecuting attorney of Converse county, Wyoming, in endeavoring to have the prisoners held.

CASPER PEOPLE EXCITED.

Change of Heart in Editor Wheeler Causes Serious Trouble

CASPER, Wyo., May 7 .- [Special Telegram to THE BEE, |-Excitement is worked to a white heat here over M. P. Wheeler, editor of the Tribune, going to Cheyenne last week a settlers' friend and coming back a cattle man. A stormy meeting of the stockholders was held this afternoon, and he will un-doubtedly have to resign. Wheeler's paper was to publish the resolutions passed at the mass meeting, and he instructed his printer to put them in, but when he arrived at Chey enne telegraphed not to put them in the paper. Instantly the stockholders held a meeting and ordered them inserted. This and spiriting Witnesses Jones and Walker has worked up a terrible feeling.

C. H. Toneray Under Arrest.

FREMONT, Neb., May 7 .-- | Special to THE BEE, |--C. H. Toncray was arrested this even ing here on complaint of Ira Nickerson, charged with obtaining money under false pretenses. This is the outcome of a series of alloged defalcations and crookedness of Toncray, who for several years was one of Fremont's most respected business men and who more than a year ago was accused of assisting to wreck the Neoraska Mort-

and Investment company, which a capital of \$250,000, and of h he was manager. Nickerson

MUST CLOSE ON SUNDAY.

Omaha Saloonkeepers Will Be Closely

Shall the saloons be allowed to keep open

on Sunday, was the question which bothered

the fire and police commissioners at their

usual amount of routine, Mayor Bemis read

a letter from Chief Seavey asking for in-

structions regarding the saloons found run-

ning with back doors open on Sunday. The

chief requested the mayor, in case he issued a formal order to tightly close all drinking places, to also instruct City Prosecutor

Cochrane to push the cases in the courts. After the reading of the letter every com-

mayor rapped Messrs. Hartman and Gilbert to order and gave the chief of police a chance

Mi. Sonvey said that it was useless to ar-rest violators of the Sunday law under the

ordinance as the prisoners were invariably

discharged, and that in order to secure con-victions and close the saloons on Sunday it

would be necessary to have the hearty co-operation of the mayor and the prosecutor.

"More saloons are keeping open after hours

Assisting Alaska's Inhabitants,

While Secretary Rusk has severely "sat " the proposition to start an Anlown upon gora goat farm, it looks as though congress would appropriate about \$25,000 with which to repleals the supply of domesticated reindeer in Alaska. It appears from investiga-tion that the inhabitants of Ainska have not only no means of transportation except the few reindeer in their possession, but they are suffering from want of fool and elothing. Until a few years ago they lived upon seal and walrus flesh, those animals abounding in profusion. The seal fishers of into years have so raided the seal and walrus that it is almost impossible for the antives, with their little boars, to get enough to supply them special meeting last evening, After the with food. During the past year or two they

have gradually eaten their few reindeer and dogs The domestic reindeer of Alaska are docile. hardy, and can travel with a sled or other wise from twelve to twenty miles an hour. They average in a day many more miles than a horse. It is necessary if the mines of Alaska are to be worked that there be means of travel. The natives have no vessels. They navigate the waters with canoes and small row boats. With reindeer they could transport immense loads on carts and steds. Some of the gold fields are hundreds, if not thousands, of miles in the interior, and the matter of transportation of food and tools is a big item. It is not often that the federai government enters into the live stock busiiess, but this appears to be an instance where it will do so.

Miscellaneous. Henry T. Ornard of Grand Island is in the sity. Mr. Oxnard does not believe that a re-

SAYERS' 'CUTE COMPARISON.

Misleading as a Democratic Flatform - Tom Reed on the "Inaccurate Combination." WASHINGTON, D. C., May 7.-In view of the fact that the regular annual appropriation bills remain in such condition as to warrant an estimate of the total expenditure which will be authorized at the present seasion of congress, Mr. Sayers of Texas, a prominent member of the appropriations committee, in conjunction with the clerk of the committee, has prepared for the use of the speaker a statement of the appropriations made by the house bills. Mr. Savers today made the following explanations of this statement: Fue appropriations at the first session of

the Fifty-first congress aggregated \$492,951, This did not include a sugar bounty ap propriation of \$100,000 and another of \$46, 307,605 for dependent pensions, making \$40, 467,605, which the present congress must provide for because of the laws which were enacted during the first session of the Fifty

first congress. "Our estimate of the appropriations to be made at the present session of congress," said Mr. Sayers, "is \$455,820,409, None of the regular appropriations have become laws, and but two urgent deficiency bills, amount-ing to \$1,068,305, have passed; but it may be assumed that this total may be increased or diminished before the several bills become laws.

They Had No River and Hashor Bill. "The appropriations at the short session of

last congress amounted to \$551,441,602. There was no river and harbor bill passed during that session, while the pending river and har-bor bill involves an appropriation, as re-ported to the house, of \$21,200,975. My reason for adopting as a basis of comparison with the expenditures of this congress the appropriations made at the short session of the Fifty-first congress is that it became nec essary then, as now, to appropriate \$16,367, 605 on account of pensions and sugar bounty which were not provided for in the appro-priations of the last seasion of the last congress. Supposing that the appropria-tions of the short session of the present congress do not exceed those of the senate proportionately, they will aggregate, excluding the river and harbor bill, \$400,520,-499, as compared with the appropriations of the short session of the Fifty-first congress, aggregating \$541,441,672.

"The statement which I have prepared shows that the total appropriations to be made by the present congress will be less by about \$63,000,000 than those of the Fifty-first congress. The estimate of revenue for the next fiscal year, as submitted by the secretary of the treasury, is \$155,000,000, which will mean a deficit in revenues as compared with the expenditures of about \$30,000,000. The estimate of our appropriations for this session, \$485,320,490, includes a provision for the sinking fund of \$45,020,000. Of course, in view of the expected deficiency in revenue, the operations of the law gelative to the sinking fund must be suspended during the next year as it has been already during the pres out year, to the extent of about \$10,000,000."

Mr. Reed Dispels the Illusion. Mr. Reed commented on the above statement in his characteristic manner, as fol lows: "All the above estimates are as mis leading as a democratic platform. cover only the items passed upon by Thev house and are arrived at by pinching the house and all arrives of the government in such a fashion as makes even democrats smile among themselves, for they know that the senate must increase them or starve the government. The senate is a co-ordinate branch and not to be ignored, happing for the country. After the needs of the country are really provided for, that is after the bills

really passed with the sanction of With the shake of the state of the source of the state of both houses, when that time comes we shall know where we are. Until then there is no real reason why Governor Say-ers should not put forth any guesses he may want to make, but the tice upon each other. he may want to make, but the public should not mistake them for facts. The illusion which it is sought to create is very old. One of the commonest devices of democracy for years has been to pinch the appropriations in the house on necessaries and then make an outcry when the enate does its duty. This interlude before the appropriations are actually made is now being employed to give the country a faise idea of economy. In the end when we get through everybody will see that this is a

ful to have Harrison's assistance. Witness

said he would be glad to have Harrison's assistance. Two or three days afterwards

Waters said that he was going to get Russell Harrison to help the association for a hundred shares of its stock, payable in

dividends. Witness replied that the associa-tion had never gone into anything of that

kind, and, besides, it would be necessary to consult the directors. Witness told of the meeting of the directors at which the letter

of Waters and the certificate of fifty shares of stock in the name of Koreus came up, Witness told the directors of his conversa-

tion with Waters, and that Waters had acted without authority, and the directors

Mrs. L. R. Patton, Rocatori, Ill., writes: "From personal experience I can recommond DeWitt's Sarsaparilla, a cure for impare-blood and general debility." Judge Dundy Sustained. The supreme court of the United States in a case appealed from this district fully

sustained Judge Dundy's invariable holding that an attorney fee should be taxed to a complainant foreclosing a mortgage in that court. Judge Caldwell had always held to the contrary and in so erule a manner as to be insulting to Judge Dundy even when both great, country, and that even the parsimony (except as to Indiana) of Mr. Holman cannot lessen the expenses of a rapidly growing were on the bench.

> RINIDAD SHEET ASPHA PAVEMENT.

Material Taken Direct from the Asphalt Lake in the Island of Trinidad.

Class "B." - Ten Years' Guarantee. - Class "B."

The attention of those selecting material for the paving of their streets, under Ordinance No. 3006, is invited to our bid of May 2nd, submitted in compliance with advertisement of the Board of Public Works for Trinidad Lake Asphaltum. This form and class of pavement recommends itself to owners of property because of its many superior qualities.

ASPHALT IS CHEAP, because it is moderate in its first cost, the company caring for it ten (10) years from date of completion without further cost to the property owner.

ASPHALT IS DESIRABLE, because it is clean and noiseless; is a luxury to drive on and live by; a perfectly sanitary pavement, easily, quickly and perfectly repaired; desirable, because in the near future the city will cease to vote bonds for intersections, and Asphalt is in repair forever, consquently your property can never be assessed for the repaying of your street, as is the case with wood and cheap brick.

ASPHALT IS THE RECOGNIZED STANDARD PAVEMENT OF AMERICA. Six and one-half million yards of this material having been laid during the past twelve years. Not a yard of the *Genuine Lake Trinidad Sheet Asphaltum Pavement* has ever been replaced by any other material. Following is our bid:

0,	523-Sixth street, Pierce street to Hickory street \$2	3	07
0.	434California street, 15th street to 16th street	5	07
	441-39th street, Farnam street to Davenport street		
о,	443-40th street, Davenport to Cuming street 3	\$ 11	07
о,	430-Cass street, 22nd street to 24th street	3	07
0.	428—Burt street, 15th street to 16th street,	3	07
о.	436-Parker street, 24th street to 29th street	\$.	07
о,	442—Davenport street, 39th street to 40th street	3	07
о,	450-St. Mary's avenue, 26th street to 27th Street	3	07
