BILLS CONSIDERED

Philadelphia Will Not Get a New Mint Built There This Year-Bills Reported and Referred-Proceedings in

the Senate.

WASHINGTON, D. C., May 11 .- There were wo surprises in the house today. The first was the striking from the sundry civil bill the appropriation of \$620,000 for the purchase of a site and the commencement of a new building for a new mint at Philadelphia, and the second the sudden springing in the house of the silver question by Mr. Bland in the shape of an amendment to the same bill requiring the coinage and issue and payment or appropriations in the suver bullion now in the treasury. The amendment was ruled out, but Mr. Bland said he would renew the amendment.

After a few senate bills were appropriately referred Mr. Caruth of Kentucky was so fortunate as to secure the passage of a bill authorizing the treasury department to adjust the claims of the sinking fund commis sioners of Logan and Simson counties, Kentucky, and Louisville, Ky., and the counties of Sumner and Davison, Tennessee. Both were passed after being amended.

Urgent Deficiency Bill. Mr. Sayres of Texas presented the conference report on the urgent defletency appro-priation bill. Mr. Sayres explained that the bill as agreed to appropriated \$150,000 more than it carried when it passed the house. Mr. Dingley said that was true, but that \$250,000 was made up principally of two items which, had they been brought to the attention of the house, would have been incorporated in the measure when it was origunder consideration Mr. Beltzhoover of Pennsylvania demanded

the regular order.

Mr. Watson of Georgia appealed to him to withdraw that demand in the interest of fairness. There seemed to be some under-standing between the two sides that recognition should alternate. But the third part received no recognition, although none of its members made objection to the unanimous consent. He waited to get an opportunity to call up the resolution requesting the ways and means committee to report on the sub

treasury bill, Mr. Beltzhoover said that he had called for the regular order without reference to any one or any measure. He thought that the house should go on with its regular business Mr. Watson gave notice that hereafter the alliance members would object to all requests

for unanimous consent. Under the call the following bills were re By Mr. Whiting of Michigan of the ways

and means committee: The silver lead ore bill. Referred to the committee of the By Mr. Long of Texas, from the agricul ture committee, to encourage agriculture. Referred to the committee of the whole. The house then went into committee of the

whole (Mr. Lester of Georgia in the chair)

on the sundry civil appropriation bill. Philadelphia Will Not Get a New Mint. Mr. Holman moved to strike out the appropriation for \$620,000 for the purchase of a site and commencement of a building for a new mint at Philadelphia. He did not think the work need be entered upon at this time. The old mint would answer every purpose

for the present. The expenditure of this money could be well postponed. Mr. Otis of Kansas favored striking out the clause. Why not build the mint out west! According to the proposition taken by Pennsylvania members on the silver bit they were not in favor of free silver. The mint should be built where the people were in favor of free silver. There was so need for this new must at present. We had noth-ing to coin but gold, and that is growing

less every year.
Mr. Bingham and Mr. O'Neili spoke against Mr. Holman's motion. Mr. Bland of Missouri agreed with Mr. Otis that if a new mint were to be built should be located in the west, where the bullion was produced. He moved to amend the clause in the bill by saying that all silver bullion now in the treasury, the property of the government, or hereafter purchased, by becoming the property of the government shall be coined into standard silver and the seignorage or gain arising therefrom converted into cash and paid out,

Mr. Tracy made a point of order against the amendment. Mr. Cockran moved to further amend by suspending the further purchases of silver

The chairman of the committee of the whole ruled Mr. Bland's amendment out of

Mr. Cockran withdrew his amendment. Appealed from the Chair. Mr. Bland appealed from the decision of the chair. Mr. Bland subsequently with-drew the appeal, stating that there was an-

other place in the bill at which he would offer his amendment. After further debate Mr. Holman presented a letter which had been received from a person in Philadelphia, saying that a suitable site for the mint could be secured at one-third what it was proposed to pay for the

Mr. Breckinridge commented rather se verely upon Mr. Holman for having kept that letter in his pocket until the tail-end of the depate. He should have presented it to the committee.
Mr. Holman said he understood it was on

the flies of the committee. Mr. Tillman of South Carolina was opposed to a new mint until we had something mint. "Give us," he said, "a free coinage and we will give you a mint." Mr. Reilly of Pennsylvania advocated the

prection of a new building, and the vote was The vote stood 91 to 85. Tellers were ordered and the motion to strike out the mirt appropriation was agreed to by a vote

Bingham gave notice he would demand a yea and nay vote. In speaking to a verbal amendment, Mr. Townsend of Colorado read the Associated Press dispatch stating that Mr. Goschen had announced that England would accept the invitation to take part in the international conference to discuss the silver question. reading of the cablegram was received with loud applause. Pending further action the committee rose And the house adjourned.

Resolutions from the Methodist Conference

Read-Other Proceedings. Washington, D. C., May 11.-The vice president having gone to New York as a pall bearer of the late Mr. Astor, the chair war occupied by Mr. Manderson, president pro te-a., who laid before the senate the resolution of the general conference of the Methodist Epicopal church assembled at Omaha, (representing 2,500,000 members), heartily approving the World's fair appropriation, but "providing, expressly, that it be conditioned on closing the exposition on Sunday. Mr. Sherman from the committee on for-sign relations reported two amendments to be offered to the consular and diplomatic appropriation bill—one being to increase from 25,000 to \$80,000 the item for the national bureau of the American republics and the other to insert an item of \$65,000 for payment of the United States' share of the expense of the preliminary survey for the interconti-nental railway, recommended by the interna-tional American conference.

Bills Reported and Passed.

A bill appropriating \$100,000 for a public building at Joliet, lil., was reported and placed on the existed ar. Also a bill for the adjustment of sales of land on the reservation of the confederate Otoc and Misseuri tribes of Indians in Nebraska.

The following bills were passed: House bill to provide for a term of United States elecut and district court at Evanston, Wyo. House bill authorizing the construction of

House bill authorizing the construction a wagon and motor bridge over the Missouri river at St. Charles, Mo.

Senate bill authorizing the Aransas Har-bor Terminal Railway company to construct a bridge over the Corpus Christi canunal,

MR. BLAND HAS A SCHEME known as the Morris & Cummings ship canal, in Aransas county, Texas,
Senate bill authorizing the secretary of war to cause a survey to be made for a ship canal connecting Lake Erie and the Ohio river from Connaut harbor, or from Lake Erie to Pittaburg, and appropriating \$10,000 for the establishment of fish hatcheries in Montana, Texas and on the guif coast (appropriating \$15,000 each for the first two and Wash., Widows a Village.

\$10,000 for the last).

Appropriating \$10,000 each for the first two and \$10,000 for the last).

Appropriating \$100,000 for a public building at Pierre, S. D.

The presiding officer laid before the senate a message from the president, transmitting the seventh annual report of the commissioner of labor.

After an executive session the senate ad-Dr. Birney's Catarrh Powder cures catarrh. For sale by all druggists. 50 cents.

WILL MOVE ON TIME. Judge Dundy's Program for His Court-A Prectous Ball Bond.

propriating \$15,000 each for the first two and

There was blood in Judge Dundy's eye when he opened court yesterday morning and the first thing he did was to gently intimate to the clerks and other officials about the federal building that they would be expected to be in their places when the hour for the court's opening arrived, "for," said he, "you know when 10 o'clock comes as well as I and I don't propose to refer to this matter again during this session of the court," which he emphasized with a bang on the docket beforehim.

The judge had read in The Hee that

he had taken an active part in the proceed-ings before United States Commissioner E. S. Dundy, jr., in which Benjamin Jones and William Walker, the eye witnesses to the killing of Ray and Champion by cattlemen in Wyoming, were charged with selling liquor to "Black Horse and Yellow Bird, two Sioux to "Black Horse and Yellow Bird, two Sloux Indians of the Sloux tribe and wards of the United States government." The judge was emphatic in his denial of participation in the proceedings and thought the newspaper man had gone out of his way to implicate him in

When young Mr. Dundy was asked to produce the bail bond given by Jones and Walker he commenced to sing "tarara-boomde-ny," and while denying that the men had been released on their own recognizance, intimated that the bond was not to be seen by the "gentlemen of the press," because it was necessary for the present to securely keep it under lock and key. "The men did not desire to be examined at this time and my only duty was to admit them to bail, which they gave satisfactory to the district attorney. What became of the men after they left this office I do not know; when they were released from custody my participation in the case ended."

After listening to motions and entering do crees of foreclosure in a number of cases, the case of Guthrie against Scott, a suit in ejectnent, was brought before the petit jury. In the case of George S. Pepper against E. H. Sherwood and others, pending in the court for some time, a decree of foreclosure of mortgage on the three-story brick buildng on Thirteenth street between Farnam and Harney, was entered.

The case of Lane against Cox, involving

ome timber land in Seward county, brought nto court a tail, broad shouldered man of 60 or thereabouts, with a bushy head of frosttouched hair, very like the pictures of Andrew Jackson in the school renders. He stated to the court that he was the defend-ant in the case, but was too poor to employ a lawyer, and would, with the permission of the court, try, in a common sense way, to show his right in the cause and why an injunction restraining him from cutting timber on the land should be dissolved. Mr. Cox's reference to "a common sense way of conducting a law suit' caused a broad smile to mantle the faces of the half a hundred lawyers present. Mr. Cox was given an opportunity to put a "common sense" motion on file so that the other side might plead.

The grand jury is grinding away upon the cases brought to its attention by the district ttorney, but as yet no indictments have

Dr. Cullimore, ocurrst. Beabuilding BROWNELL HALL.

Excellent Showing Made by This Seat of Learning and Culture. The sixteenth annual meeting of the board

of trustees of Brownell hall was held Tuesday afternoon at 4 o'clock in the directors' room of the Commercial National bank, the ollowing members of the board being pres ent: Bishop Worthington, chairman; A. P. Hopkins, J. N. H. Patrick, Colonel C. S. Chase, O. M. Carter and Dr. Doberty, rector of the school. Dr. Doherty read the report, which was largely historical, reviewing the growth of the hall from its humble begining to its present position in the school

world. Among other things Dr. Doherty said: "The school now has a property in buildings and furniture, exclusive of the site, representing an outlay of over \$115,000, on which including the site, worth say \$50,000 (\$165,000), there is a debt of \$10,000, or about 6 per cent of the value.

"The school has now eighty-four graduates, soventy-four of them having been graduated in my time. Of the seventy-four all are spaced and occupying useful and influential positions in their respective localities Nearly 1,300 girls have been in attendance at the hall during my incumbency. The number of scholars in attendance this year is 136, seventy being boarders. There are eight in the graduating class to whom Mrs. Worhington will present a gold cross with their

diplomas,
"St. Matthias church paid \$30 toward the board, washing and tuition of a ciergyman's child. The alumna association gave one scholarship of \$70 and Mrs. J. M. Woolwerth a scholarship of \$55, which she generously desired should be placed to the credit of the atumna association "The aggregate of salaries paid was \$5,000,

besides board and washing, room, heat, light, service, etc. The total increase is \$21,434."
In closing the excellent report the rector said: "We have now a building where any person so disposed can deposit anything which may be helpful to the young women who come there in pursuit of learning and culture. Books, pictures, scientific apparatus, optical instruments, collections for a museum, appliances 101 We live in a printing press, a telegraph. We live in a printing pressive age. Woman's work is printing press, a telegraph. We live in a rapidly progressive age. Woman's work is multiform and rapidly multiplying. Hers is a swiftly growing sphere. Will not the peo-ple of this church be ambitious to guide her footsteps into every opening avenue of use-ful knowledge which by holy religion and high moral worth she may consecrate by her esence into ways of pleasantness and paths

of peace. No Wall Paper Trust.

New York, May 11 .- The current rumors concerning the formation of a so-called wall paper trust, alleged to have been sirea dy formed, are denied by several large manufacturers of wall paper, who were seen to

A Terrible Explosion of Gas Near Roslin,

HORRIBLY

Second Horrible Accident in the Slope in Two Months-Mournful Scenes at the Mine.

SEATTLE, Wash., May 11 .- A special from Roslin, Wash., says a terrible gas explosion occurred yesterday afternoon in the slope of mine No. 2 of the Northern Pacific Coar company at that point, in which the loss of life has exceeded in number that of any other disaster that has ever been chronicled in the northwest. The explosion occurred about half past I, just after the afternoon shift had gone down. The driver had just come out of the slope when a tremendous explosion took place. The shock upset his car, knocked the mules and driver down and bruised a man standing 100 feet away. The report was heard all over town, a mile away. The mouth of the slope was soon surrounded by a curious crowd which grew in size every min-ute. A hard rain was pouring down but the crowd heeded it not. The number of men in the slope was not actually snown but it was known to be from 44 to 50. There is scarcely a possibility that one of them escaped death. One body was recovered in about two hours. another an hour later, two more at 7:30. All are terribly bruised and indicate that death was instantaneous. These men were working nearest to the opening and at some dis-tance from the point where it is supposed the explosion occurred. Most of the men were from 1,500 to 2,000 feet farther in the slope and in the immediate vicinity of the

The Roslin mine is one of the largest in the state, supplying the western divisions of the Northern Pacific and Union Pacific rail roads with coal and has a capacity of 20,000 tons a day. Two boys who were in the tunnel escaped. They are the only ones from either gang so far recovered. Reports so far received indicate that the

explosion has closed up the shaft, that the mine is on fire and that it is impossible to recover the bodies. The company forwarded he coffins from here by the midnight train Persons who were at the opening the slope pronounced the concussion ns terrible, it being sufficient to throw a coal car some distancefrom a point where it was standing near the entrance. Great volumes of after-damp and smoke rolled from the entrance, making the approach usngerous. As soon as it was possible to enter, men set to work, but progress impeded by smoke and damp, the tunnel continued to The first bodies reached were emit. those of John Bone and John Campbell. After the work progressed more rapidly, and those whose bodies were recovered are Tom Brennan, Tom Reese, A. Pollard, John Bowen and Campbell and William John Bowen and Campoel and William Hague. As progress was made the frightful execution of the explosion became more manifest. Timbers were torn out for hundreds of feet and the whole interior was fearfully wrecked. It is thought a fire was started in the lower levels, and arrangements are being the lower levels, and arrangements are being the lower levels. made to turn on water as soon as the fact is developed. Air fans are working to their full capacity and overy effort is being made to recover the bodies of the imprisoned men. All miners in camp who are able to work

have volunteered their services, and men are working constantly in shifts. The lower floor of the city bail has been converted into a morgue. Most of the pron-able victims leave large families. Work had been very scarce for the past few months and the men had just got to work steadily, Men, women and children are standing about in a dazed condition. Pitiful lamentations

of negroes add to the horror. The following is an authentic list of the men who were at work on the three levels that were affected and their conditions as to

being single or married men: Thomas Homes, married. John Foster, wife and baby. Philip Davies, large family.

Thomas Rees, large family. John Ross. Robert Graham, wife and two children. George Moses, leaves an orphan 10 years

A. Pollard (colored), married. Jack Ferguson, large family. George Brooks, tamily at Streator, Ill. Joseph Ellsworth, sr., large family.

Joseph Elisworth, jr. John Lafferty, single, aged 65, owner of considerable property.

Dan McC ellan, wife and three children. Richard Forsytne, family. George Forsythe, son of above, single.

F. R. Cooper, married. Lishe Jackson (colored), married, Scott Giles (colored), married. Pruss Living (colored), married. Andrew Erlander, wife and four children. Charles Palmer, wife and child.

Mitchell Hale, single, Mitchell Ronald, large family, brother of ex-Superintendent Ronald. Winston Steele, family. Steele's son was working with his father, but came out on the

last trip and escaped by jumping out. He was knocked down by the force of the ex-William Cague, single, only support mother and crippled sister. Eben Olsifer, large family.

John Danks, Italian, with family.
Jake Weatherby, late mine bess at No. 3, large family. Joseph Brewell, family.

SMOKED FOR OVER TWENTY-FIVE YEARS.

Has been popular with smokers everywhere for over twenty-rive years.

It is Just as Good Now as Ever

Its FLAVOR, FRAGRANCE and PURITY have contributed largely to the growing popularity which pipe smoking enjoys. Pipe smoking is growing in favor because finer, sweeter and better tobacco can be had in this form and at much less cost than in cigars.

DURHAM, N. C.

OO SUITS

Every year, as regularly as the month of May puts in its appearance, we hold a special sale of Men's Suits. These sales are looked forward to by the majority of our patrons with unusual interest, they having found by past experience that nowhere in this wide damp world do they get such extraordinary values as these sales put forth. Our May Sale for "92" begins today. We have cleared all our front tables of their usual loads, and placed on them about eight hundred special suits. As fast as the assortment gets broken, it will be replenished from the third floor, where great piles of the same sorts of suits are waiting to be led to the slaughter.

They're made in All wool cheviots. All wool flannels. Allwool cassimeres, All wool homespuns.

They come in Square cut sacks, Round corner sacks, Frocks, Cutaways.

There are dark colors, light colors, medium colors. There are plaids, there are checks, there are pin heads, there are plain colors. There are suits for young men, middle-aged men, old men. There are suits for rich men, suits for poor men. There are suits for men in every station in life from a railway station to a police station. In this grand offering are suits positively worth fifteen and sixteen dollars; the majority of them are worth thirteen and fourteen dollars, while not a single solitary suit in the entire lot was ever intended to be sold for less than twelve dollars and fifty cents. No matter how we bought them or what they cost us, you can walk into our store any time between now and ten o'clock Saturday night and take your choice of the entire grand assortment for seven dollars and fifty cents. Included in this sale will be about three hundred blue uniform suits, for G. A. R. or railroad men, made of the very best all wool indigo blue flannel, colors guaranteed absolutely fast, coats cut either single or double breasted with either G. A. R. or buttons to match, at the same price.

If It took 12,000 yards of goods to make these suits, and there's not a thread of cotton in the entire 36,000 feet.

Following cases su coessfully treated and cured, given up by other doctors:

To Whom it May Concern.

I have been a constant sufferer for many years with Rhommatism and Dyspejoia, and after trying all the doctors I knew of and received no help. I heard of Dr. C ties Wo in the papers and concluded to try his medicines, which cared me in a short time. My ramily were also sick but the doctor cured them all right, thave sites sent him a number of friends, whom he cured also and of various troubles. Call on me for particulars.

THOMAS COUGHLAN,

4512 Harney Street, Omaha.

Owalla, Neb., March 39, 32, To Whom it May Concern;
I have been a long time sufferer with stomach fro uple and general debility, and could find no relief from any of the declars I treated with. I was so hadly run down that I thought it impossible to live a mouth. My treen's half given mo up to die, and I had lost all courage myvel? A triend told me of Dr. Cless Wo as he was sured also, and advised me to rath and see him without delay as there was no time to lost. I had tried all the declars could find and all the patient medicines, but with chinese declar, and from that moment dates in recovery. I account is terms and placed mysel under his cure. I am now entirely well and owen;

under his care. Lain now entirely well and own my are to Dr. C. Gee. Wo., and take great pleasure is recommending others to him. THOS, CULVERT, Northwest corner Twelfth and Farnam streets, un-der Iron Bank, Omaha, Nob.

POCATELLO. limbo. April 2, 1892. To Whom it May Concern:

I have been a constant sufferer for right years with a discribered stymach, blood poisoning and indigestion, and tried a great many doctors and remedies, but got no help. My case it considered hope less. A friend salvised me to call on Dr. C. Gee Wo which I made no dolay in doing. The doubter examined me and told me he could cure me, and I now stand completely circuit, a living witness to his great skill as a healer of the sick, and am pleased to be able to recommend him to all suffering people.
