ing burning between 12 and 1 o'clock, and it was thought by some that it might have started from coal accidentally dropped in a no. 14 of ashes. How it should reach smoldering for three or four hours is a mystery, however, and the general opinion is that it was the work of incendiaries that have been getting in their work for the past two or three weeks.

SOUTH OMAHA. Rev. Dr. Grandison Piously Entertains a Large Audience. The First Methodist church was crowded last evening, the occasion being a lecture by Rev. Dr. Grandison, president of a college at Bennett, S. C. His subject was "Negro Moods and Tenses." Dr. Grandison is an eloquent speaker, and his remarks were interspersed with humorous bits of the side-splitting variety. He reviewed the history of the negro and his advancement in the civilized world. The audience was in an optimistic mood as found everywhere in a white house, in the courts of law, in paradise and in lakes. He wondered that the negro was not a member of the white race, and uses a hot iron to take out the ink in his hair, the white people are using the same iron to acquire curls.

THE BIG FAIR. Plans of the Dormitory Association for the Entertainment of Women. The board of lady managers of the World's fair have decided to provide comfortable quarters for the vast army of women wage earners who desire to visit the exposition unaccompanied by escorts. Besides securing reduced fares for women, it is proposed to erect on the fair grounds four dormitories, to be supplied with comfortable beds and toilet conveniences and a restaurant. Room and board will be furnished for the first two weeks of the fair at a rate of \$1.00 per week, and thereafter at equally low prices. To accomplish this a stock company has been organized, known as the World's Fair Dormitory Association, with a capital of \$100,000. The certificate of incorporation has been filed in the state of Iowa. The association will be organized at the dormitories, and if not exchanged the holders will share in whatever profits may accrue.

The Philadelphia North American says: "To those who want to see a farce or to those who expect a conventional comedy, the exaggerated stage effects, 'The Witch' will be an appeal. To those who care for graceful language, for impressive but not sensational incidents, and to those who enjoy and appreciate the impersonation of a natural character it will be a treat, a rare treat, for Miss Whelan is especially natural. The rest of the cast is more than adequate. Gustave Frohman has surrounded his star with players of excellence. It is a thoroughly good performance. 'The Witch' comes to Boyd's theater the last three nights of next week."

J. C. Stewart's reconstructed comedy, "The Two Jews," will be presented at the Forum street theater for one week, concluding with a matinee on Monday. The object of the play is to make theatergoers laugh, and in this the author has been successful. The play is a comedy, and the five years' continued success the comedy has enjoyed. New specialties and taking features have been introduced into the play this season, making it brighter and more vivacious than ever.

AMUSEMENTS. The song recital given by Mrs. Corinna Moore-Lawson last evening under the auspices of the Ladies Musical society at the Linger gallery was absolutely flawless. Mrs. Lawson's singing was a very large majority of the large audience present and left the impression of every person who heard her in a program which was delightful.

OUT OF THE DEPTHS

A Well Known Omaha Lady Relates an Unusual Experience - A Notable Case and Cure. In a certain neighborhood in this city there is at present much comment upon the remarkable restoration to health of Mrs. G. W. Andrews, of 214 South 24th street, who is the wife of a well known conductor on the Union Pacific railway. There was a woman whose sufferings had continued for years, and who had been treated by the best medical skill in Omaha. She had been treated by the best medical skill in Omaha. She had been treated by the best medical skill in Omaha.

Catch it in the hands of the skillful and thorough specialist who is provided with the necessary mechanical and chemical appliances for treating this disease. It will yield to a comparatively reasonable time yield to proper treatment, but when catched is complicated with severe asthmatic trouble it is a difficult matter to effect a permanent cure, and a successful result in a case of this kind is the best possible test and demonstration of the superior skill and faithful care of the physician. An instance of this kind is afforded in the case of Miss Jennie Galvin, of South 14th street, between Spring and Valley streets. She says:

"I caught a bad cold about four years ago, which was followed by a succession of colds until it developed into chronic catarrh. I had severe pain in my head, eyes, nose and throat, and my heart my nose would close up and discharge a secretion into my throat from behind the palate."
