the rampage at this city. The water has risen nearly three feet during the past twenty-feur hours, and the lows bottoms are flooded. A great deal of water is going down the all records and the low a down the old river channel, but it will take a rise of several feet to make the river change its course. A heavy rain, accompanied by violent winds last night did much damage in this locality. The packing house damage in this locality. The packing house dam gave way, awelling South Table creek and carrying everything before it. The wind lifted James Perrin's wagon shed, sixteen foot square, to a heighth of twenty-five feet over his barn, where it landed right side up. All along the river bank is spread wooden paving blocks, evidently from some inundated city up the stream. River men say they look for higher water than in 1881.

#### READY TO RUN AGAIN.

Union Pacific Bridge Approach Repaired-

B. & M. Still Blocked. Traffic has been resumed over the Union Pacific bridge. The first train to g t over the bridge was Union Pacific No. 2, due from the west at 6:50 Tuesday evening. It went over to the transfer at 9:20 yesterday morning, fourteen and a half hours late.

The repairing of the bridge approach put the Union Pacific on its feet again, so to speak, and unless further damage is reported Its trains will soon be running as usual.

The Milwaukee train which should have gone east Tuesday evening remained at the depot until 1 o'clock, and went east on time as the regular afternoon Unleave limited.

The Rock Island failed to put in an appearance vesterday. Even No. 22 due at 2 o'clock Tuesday morning that was wrecked at Abright that evening had not been pulled in at noon. A dispatch was received at B. & M. headquarters at noon from General Passenger Agent Sebastian of the Rock Island announcing that owing to washouts on the Beatrice branch and high water renerally throughout the state, Nos. 21 and 23 had been abandoned until further notice. That virtually does away for the time being with the Rock Island's Omaha-Beatrice service and its Council Bluffs connection with its south line, the Chicago, Kansas & Nebraska.

The B. & M. track is still blocked at Gib-The water at Deerfield is subsiding, and although the ground is soft, it is believed that no further inconvenience will be caused at that point, other than the slow running time rendered necessary by the condition of

The Fremont, Elkhorn & Missouri Valley suffered a 600-foot washout at Scribner yesterday, but it was repaired. The bed is soft, however, and all trains are run very slowly from Washington to Arlington.

A landslide at Briggs on the Chicago, St. Paul, Minneapolis & Omaha late Tues day afternoon blocked that road between here and Blair, and last evening's 6 o'clock train was sent out over the Fremont, Elkhorn & Missouri Val-ley to Arington, thence around to Blair. This company is still patronizing the Eik-horn tracks.

The Missouri Pacific was given a taste of the provailing upheaval during the heavy rain when a lot of earth near Sulphur Springs was washed down, covering the tracks to the depth of several feet. The Missouri Pacific transferred its trains to the Elkhorn tracks and now gets in and out of the city in that way.

Incoming passengers report heavy rains and high water in every direction. A Deadwood man stated that it snowed in the Black Hills on the first fourteen days of May, instead of raining us it seems to have been doing everywhere else.

#### KANSAS CITY AGAIN IN DANGER, High Water in the Missouri and Kaw

Rivers-Reports from That Section. KANSAS CITY, Mo., May 18 .- From present appearances it would appear that the floods of last week are about to be repeated. Heavy rains in this city and vicinity and in Missouri and Kansas have caused a constuerable rise in the Missouri and Kaw rivers, and it is probable that the rivers at this point and just across the state line will continue to rise for the next day or two, for the present high stage is due to local rains

During the twenty-four hours prior to 7 o'clock this evening the Missouri river had rose 1.35 feet and now registers 26.35 feet. This is only one-tenth of a foot lower than the high water mark of last Sunday, People in the lowlands on both sides of the river seem to fear a ropetition of their revent unpleasant experiences and are getting matters in order to move to higher ground at a mo-ment's notice. No additional damage to

property is reported. Dispatches from points up the river report a rise and the consequent flooding of growing crops which escaped the recent flood. The nage is not stated, but will be large.

The river at Armourdale has risen about fourteen inches and the sewers in the town are pouring water into the streets at a very rapid rate and flooding many houses. people who were forced to leave their homes last week had returned and begun scrubbing the mud from the floors and walls their houses. However, the damage both from a pecuniary and a hygenic standpoint will not be so great as that of last week, as the proper officials had some of the sewers plugged up and floodgates were put in at the sewer outlets today.

Many of Armeurdale's manufactories have

been damaged by the flood on account of th defective sewers. The same condition of af-fairs applies in a general sense to Argentine. Summed up, the situation is about this: Both rivers will probably reach as high a mark as they did last week, but the additional damage caused will not be creat, both because the people are prepared for a second flood and not very much more damage can be done to the growing crops, unless the rise proves to be much greater than is now an-

The Kaw river is also rising. It has risen one foot during the past twenty-four hours and people living along its course love for a continuation of the flood. Heavy winds are reported throughout the central and northeastern parts of Kansas and a big rise is

At Lawrence the Kaw lacks only a few inches of being as high as it was last week, and is still claim. A vast volume of water fell in that vicinity today, accommunied by a terrific wind. Much damage of a mnor character to trees, signs, fences and out-

#### JOINED THE HOSPITAL.

New Brick Barn at the County Hospital Wrecked by the Wind.

The county commisssioners are beginning to think that the elements propose to claim all of the buildings on the Douglas county poorfarm for their own. First, the rain wrecked the hospital, and Tuesday night the wind laid violent hands on the new brick barn. For a time this structure withstood the force of the gale, but at last it succumbed and one half of the slate roof, together with boards and rafters. went tumbling down toward the Sarpy county line. Then the wind caught hold of the north gable and in a moment had leveled it down to the main wall.

At the hospital the situation is practically unchanged. None of the employes closed their eyes Tuesday night, as they expected the building to collapse at any time, yesterday morning it was apparent that the wind had got in its work, as the east wall of the north wing resembled a rambow in form, but was still standing. The break in the corretor coilings of the south wing had opened, but the iron reds recently placed through the building prevented it from tailing apart.

Great Damage at Lemars. LEMARS, Ia., May 18 .- (Special Telegram to THE BEE | - Floyd river is one foot above high water mark. At 12 o'clock last night a terrific rain fell all over this part of the state. Streams already swollen by the rains emptied their waters into Floyd until that stream was swollen beyond all previous records. Lemars, being situated on high rolling tand, was out of reach of the flood and suffered no damage. At 7 o'clock the river was still at high water mark and falling but littie, if any. The Omaha track north is damaged considerably and about two miles of track washed out to the east between Lemars and Remsen and considerable damage between Lemars and Sioux City. No trains have passed since 6 o'clock last night.

Telephone messages received from Alta, a town about fifty miles east, reports heavy

WATERSPOUT IN TEXAS.

It Sends the Choctaw and Red Rivers Over

Their Banks. DENISON, Tex., May 18.-Almost a waterspout visited this section vesterday. Thou sands of acres are flooded. The railroads are washed out. The Choctaw river is two miles wide and hundreds of head of stock have been drowned. The Red river rose ten feet and is still rising rapidly. Not half a crop of corn or cotton will be raised.

Preparing for the Worst. KEONUK, In., May 18 .- The Egyptian leves is still firm, but may break within a day if the rivers continue to rise. People living in districts protected by levees can do nothing to prevent them being cut into by the currents, but are merely waiting and preparing for the worst. The Des Moines river is reported rising its entire length, the rise rang-ing from half a foot at Alexandria to three feet at points above. The Mississippi is also rising. Rain fell at intervals all day and the wind is blowing a gale. Rock Island trains are delayed indefinitely by a washout at Grand Junction.

Terrible Water Fall. Spences, In., May 18 .- A fearful wind and rain storm from the northwest is raging here. Such a fail of water in similar length of time has never been known.. The river Sioux has raised two feet and continues to rise. Three hundred to 400 feet of the Chi-cago, Milwaukee & St. Paul trock was washed out at a creek two miles east of this city, the track being carried entirely off the right-of-way. The entire country along the river is under water.

Much Stock Killed.

Iowa City, Ia., May 18.- | Special Telegram to The Bee. ]-Last night a lively whirlwind occurred here and a heavy rain did great havoc just east of the city. Buildings were blown down, stock killed and the country laid baro. There was no loss of life, but many parrow escapes are reported. The loss will be very heavy. The storm has bee raging all day and trains are abandoned.

Along the Arkansas River. MORRILLTON, Ark., May 18 .- The Arkan sas river at this point is higher than ever known and still rising. Fully 10,000 acres of corn and cotton are overflowed, fences and houses washed away and tenants are deserting the lowlands. Special efforts are being made by planters to save their stock. Many hundred farmers will be bankrupted. The damage cannot be estimated.

Still Raining at Marshalltown Marshalltown, Ia., May 18 .- A veritable empest has prevailed throughout central lowa for several hours, coming from the northwest. Trees and outbuildings have been blown down all over the city and much damage wrought. It is still raining.

Condition of the Missouri, Sr. Louis, Mo., May 18.-Reports from the Missouri river from Kansas City to the mouth say it is failing slowly, but the recent rains in Kansas it is expected will cause a rise which will carry it above the recent

St. Louis, Mo., May 18.-The great Bowman dyke at East St. Louis is now under water. All the railroad yerds are flooded and the freight depots deep in water. The damage will be enormous.

Ottumwa in Darkness. OTTUMWA, Ia., May 18 .- Water in the Des Moines river has reached the highest point since the great flood of 1851. The electric ight plant has shut down, leaving the city

A defective flue in Caroline Munger's house, Seventh and Marcy streets, was the cause of the starm of fire at 3:15 o'clock yesterday afternoon. Loss on building and contents, about \$75. While working at the house of Mrs. Weimer,

1805 Chicago street, two coured carpet cleaners named Rice and Austin stole a gold watch and two chains valued at \$50. The matter was reported to the police and last night Detectives Savago and Dempsey arrested the mes and recovered the property The regular monthly meeting of the Union Woman's Christ an Temperance Union will be held in Young Mon's Christian association pariors Thursday, May 19, at 3 p.m. All members and visiting sisters and friends are cordially invited to be present. Mrs. A. B. Henderson, chairman; Mrs. M. H. Rhoads,

secretary. The committee from the Buitders and Traders exchange, appointed to revise the building ordinance of the city and report a new ordinance to the city council for passace, held its first meeting last night. The new ordinance will be completed in about ten days and will differ very materially from the ones now in force.

The annual missionary meeting of the Nebraska diocese of the Episcopal church was held in Trinity cathedrat, Bishop Worthing-ton presiding. Rev. Mr. Sparling read a re-port of the work during the past year and was followed by Dean Hart of Denver, who delivered a very interesting address on mis-sionary work. Quite a large sum was pleaged to carry on the missions for another year. E. E. Crane, who lives at 1502 South

Phirty-third street, was sandbagged in his own yard late last night. Mr. Crane went out to the hydrant to draw some water; just as he stooped to turn the fauset he received a stunning blow on the back of the head, which knocked him down. His assailant ran rapidiy to the park and was soon lost rain raphuly to the park and was soon lost among the frees. The injured man could not give the police any description of the thug, neither could be assign any reason for the assault. He was considerably stunned by the blow, but not seriously hurt.

Hastings.... Plattsmouth. Games Today.
Western leaguer Omaha at Indianapolis.

St. Paul at Columbus, Minneapolis at To ledo, Kansas City at Milwaukee. National league: Boston at Brooklyn, Baltimore at New York, Washington at Philadelphia, Cleveland at Chicago, Cincinnati at Pitts-burg, St. Louis at Louisville. State league: Plattsmouth at Hastings, Fremont at Grand

NEW arrangement of the schedule has been made for the Western league and the Omahas will be home Saturday for three games -Saturday afternoon, Sunday and Monday, with the erstwhile St. Pauls. The latter team has been strengthened since its appearance

pere and is putting up as tight a game as any team in the league. The Omahas have been strengthened also by the addition of Bob Westlake and Joe Visner and are playing in much improved form. In fact the general opinion now is that they are as strong as any club in the circuit. The opinion is sustained by the emphatic way in which they sat down

With favorable weather a large crowd will undoubtedly turn out to welcome the Rustlers home Saturday, and as victory is very apt to replace the old line of defeat they should do well in these at home. Joe Visner was a big acquisition to the team, and the boys now go into a game with a confidence they were strangers to at the commencement of the season. Jimmy Collopy is playing National league ball and your Uncie David has found his eye. He led the team on the recent trip, making eleven hits in seven games. Sheibeck, Kelly, Gilks and Visner are also hitting and fielding finely, and three rattling good games may be confidently coked for.

on Milwaukee in the last two games played

Columbus Won Another. COLUMBUS, O., May 18.—Columbus defeated St. Paul again by bunching hits on Keefe in the first inning. Motz was the only St. Paul man to make a hit. The game was nterrupted by rain. Attendance, 500. Score

Indianapolis, Ind., May 18.—Omaha game postponed on account of rain. Tolepo, O., May 18 .- The Minneapolis vs. Toledo game postponed; rain.

Mil.watker, Vis., May 18.—Milwatkee vs Kansas City postponed; wet grounds. Billy Alvord is Manager.

Columbus, O., May 18.—[Special Telegram to The Bre.]—President Williams, at the direction of the Western League of Base Ball clubs, tonight removed Mr. Thompson as manager of the St. Paul club and Captain Billy Alvord will have charge of the team until further arrangements are made. No word was received from Denver today by President Williams relative to the proposition made by the league, and it is probable the St. Paul club will be transferred to Fort Wayne tomorrow. Of the seven clubs in the league Columbus, Indianapolis, Toledo and Minnea, olis are said to favor the transfer to Fort Wayne. If the matter is not settled tomorrow, the St. Paul club will go to Omaha for a series of games, transferring those scheduled for St. Paul.

Phil Dwyer Causes Some Disgraceful Scene at Gravesend.

GRAVESEND, L. I., May 18 .- When the bugler called the starters for the first race to the post this afternoon there were fully 10,-000 people on the grounds. A strong breeze blew from the occan. The program bore the names of a host of high-class racers. As the track was as dry as a bone fast time and exciting finishes were looked for. The pleas ure of such matters was sadly marred by a series of disgraceful scenes that were en-acted by the Pinkerton detectives. After acted by the Pinkerton detectives. After the first race for some unknown reason Phil Dwyor instructed Chief Pinkerton to eject all the newsboya from the track and in future to prevent them from selling newspapers inside the gates of the track. Those boys were handcuffed together, dragged into the secretary's office, their badges taken from them and they were thrown off the from them and they were thrown off the

Bolivar Buckner (10 to 1) won, Jim Dunn (4 to
1) second, Patrick (2) to 1) third. Time: 1:48%.

The Roadsters' Postponed Opening. Owing to the long continued spell of in element weather the Gentlemen's Roadster club has postponed the date of their in augural matinee from Saturday next unti June 4, when they hope that favorable condi tions may be safely counted on. casion of this opening session the Musical Union band will be on hand and an open air concert given during the races.

SPARKS OF SPORT.

Arrangements Made for the Slavin Jackson Mill.

[Copyrighted 1872 by Janes Gordon Brane2, ( London, May 18 .- | New York Herald Cable-Special to THE BEE. |- The directors of the National Sporting cub today fixed Monday, May 30, for the Jackson-Slavin fight. Hall and Choyuski will second Jackson, and Mitchell and Jack Slavin will look after Stavin. The price of admis ston for nonmembers is \$125, which sum is being freely put up. Members are obliged to pay \$10 to \$50 for reserved seats. There is not much betting. Parson Davies has taken Hall to London, where he proposes to back Hall and Choynski against all comers.

Dr. Birney's Catarra Powder for cold in head. For sale by all druggists. 50 cents. \$125.00 upright pianos at Hayden Bros.

Report of an Expert Committee. NEW YORK, May 18.—(Special Telegram to The Bre.)—The American Newspaper Publishers association is composed of about 150 of the leading newspape s of the United States and Canada. A comm thee of experts was recently appointed by this association to decide upon the vest typewriter. The com-mittee has reported unanimously in favor of the adoption of the Remington, stating that it finds it superior to all others in all imper tant respects and that it is generally regarded as the standard. The placing of orders of several hundred machines for the use of the members of the association has been await-ing the decision of the committee.

Dr. Birney's Catarrh Powder for tonsiletis. For sale by all druggists. 50 cents. Back Bros. sell Union soap.

A Good Thing

Imitators.

So great has been the success of Hellman's administrator's sale that peop'e are coming from every direction to buy, and being pleased with their bargains they come again and bring their friends with them.

### Hellman

Was in business

40 Years

And all that time he never sold a shoddy suit or part of a suit. All his goods were reliable, and now that the administrator is closing out the stock Imitators are liable to spring up in the hope of stealing some of his thunder; But

## Hellman's Clothing

Is being sold by the Administrator

## Cheaper than Shoddy \_\_

And the quality, style, fit, make, etc., is something of which you will not be ashamed.

All the \$7.50 suits are put in one lot and go at

All the choice business suits that used to go for \$18 are \$9.50

All the \$12,00 suits good enough for you go at

Just as Fine a suit as you can get anywhere for \$20 \$14.50

There are thousands of other bargains, but we say nothing about them here because the prices are so ridiculously low that you will appreciate the goods more when you see the goods with the price mark on
