Disease never successfully attacks a system with pure blood. DeWitt's Sarsaparilla makes pure, new blood and enriches the old.

Some Facts About Sargent's Shoes. Sargent's is no high priced shoe store and when he says cheap shoes he means shoes cheap.

Remember it is the amount of business a store does that makes the price. It costs no more to do a \$75,000.00 business than a \$30,000.00 business, and that is the reason why Sargent can sell you shoes cheaper than any other house in the city.

I have the largest and best selected stock of shoes in the city, bought direct from the manufacturers for cash, thus saving the discount, and when I say I will sell you goods cheaper than the cheapest and guaranteed every pair I mean what I say, and will do it every time. Come and see me. My motto is good goods, lower than the lowest.

NEWS FROM COUNCIL BLUFFS

Interesting Litigation Involving the Western Normal Institute.

SHENANDOAH CITIZENS WANT A RECEIVER

They Fear the Present Managers Will Not Conduct the School According to Their Ideas—Financial History of the Institute.

A case was on trial in the district court yesterday in which the people of southwest Iowa are considerably interested from the fact that the Western Normal Institute, which was founded at Shenandoah last winter, is involved. H. C. Redison and a number of other residents, who have at one time or other assisted the college in a financial way, are the plaintiffs, and T. H. Reed and the other members of a citizens' committee, which now has possession of the site on which it is proposed to erect the new building, are the defendants.

Prof. W. L. Croan, the ex-president of the school, received about \$30,000 worth of subscriptions on the condition that the school should be operated for ten years. When the building burned the ten years were not up, but Prof. Croan announced that he was unable to fulfill his share of the contract, and suits were brought which resulted in judgments against Croan. Although the citizens of Shenandoah have the judgments they are not satisfied, but want to take it out in judgments against Croan.

The citizens of Shenandoah have the judgments they are not satisfied, but want to take it out in judgments against Croan. Although the citizens of Shenandoah have the judgments they are not satisfied, but want to take it out in judgments against Croan.

They have accordingly filed a petition in the district court asking that the board of trustees which is now trying to manipulate affairs be dissolved and that a receiver be appointed to take charge of the institution until a final decision of the questions involved can be made. This motion was granted by Judge Bremer yesterday afternoon and was taken under advisement. C. S. Keenan of Shenandoah represents the plaintiffs in the suit and James McCabe of this city and G. B. Jennings of Shenandoah the defendants. The citizens of Shenandoah and vicinity are greatly interested in the suit, to restrain and a large number of them were present in the district court yesterday to watch the proceedings.

Last evening Prof. Croan and his wife, together with the defendants in the suit which was on trial in the court yesterday, were served with a notice by Sheriff Hazen of the commencement of a suit to restrain them from disposing by quit claim deed or otherwise of the property on which the new institution is to be erected until the difficulty shall have been settled satisfactorily.

Society in the Slums.

When Judge McGee got down town yesterday morning and opened police court he found a large and varied assortment of humanity waiting for the wheel of fortune to turn that should decide whether they were to have \$5.00 or a lecture. The police had had a busy time of it for the forty-eight hours preceding, and the result of their searching around in the back alleys had been to fill the city bustle to overflowing with people of different ages, sexes, colors and degrees of degradation.

PLAIN, PRACTICAL COMMON SENSE.

See if This Has Not Been Your Experience, and if It Has, Profit by the Lesson It Conveys—A Little Frank and Straightforward Talk.

The following are a few words to sensible thinking people:

They are addressed to those who have been troubled more or less for years with catarrhal affections of the head, throat or chest. They are words of sound counsel and disinterested advice, quite apart from any question of the space they occupy as an advertisement.

In 99 cases out of 100 catarrh is directly or indirectly the result of colds, which are more than liable to cause the original trouble to be converted into consumption.

The season of the year most favorable for the successful treatment of catarrh is in the season when the patient is less liable to take cold. That season is the early spring and summer. Nature then lends her aid to the work of the patient, withholds the influences which cause and increase the disease and affords a fair opportunity for complete recovery.

This is simple, sound, sincere and straightforward advice.

The time for you to take treatment for any catarrhal difficulty is now.

Now that the spring is here, with its sunshine upon you, and the disease does not cause you serious trouble, you immediately neglect yourself utterly and new troubles are invited to come with its same old round of colds, sore throats, aggravated catarrh, weariness and discouraging treatment and unsatisfactory results.

In view of these facts, would it not be prudent and wise for you to act in the matter NOW?
