Business at the Union Stock Yards Likely to

Be Largely Increased.
L. Allen, an extensive ranch and cattle owner of St. Clair, Neb., was a visitor at the Union stock yards yesterday, and his mission was one of importance. Mr. Allen has for a long time had his eyes upon the South Omaba market, and is desirous of sending his cattle this way. His visit to the yards yesterday was for the purpose of investigating the practicability of carrying out

The ranches in Nevada are covered with cattle, and a profitable market is what the owners are in search of. In the past shipments have either been made to San Francisco or the cattle taken over the trail to the northern ranges and then sold as feeders. A limited number of shipments have been made to South Omaha and were attended with satisfactory results. The cattlemen in that state are seriously handlcapped by the that state are seriously handicapped by the excessive freight tariffs, and especially does this apply to the territory tributary to the tentral Pacific system. It necessarily follows that prices on this market must be very high to make it profitable for shipments to be made to this point. Mr. Allea, however, is very favorably impressed with South Omaha as a stock market, and is of the original that the Nevada cattle will be the opinion that the Nevada cattle will be shipped here. Manager Babcock of the stock yards and

all the packers have been laboring indus-triously to induce the Nevada cattle owners to send their marketable stock this way. There is reason to believe that their efforts in that direction will be successful and if they are an important acquisition will have

been made.

At the present time but a comparatively small number of southern cattle come this way, and the Nevada stock must be so classified. For about one month during each year the receipts at this market are very small and the packers are unable to find any desirable stuff among what does come. The reason is plain and the lull is due to the fact that the com-fed cattle are all in and about thirty days must clarse before the grass fed thirty days must elapse before the grass fed cattle are ready for the market. The Nevada grass-fed cattle are ready for

market about one month earlier than those of the west and northwest districts and if the cattlemen of that state are induced to

ship to South Omana notice.
or falling off in receipts will occur.
If this territory is opened up the benefits
levived will be large. During the present derived will be large. During the present time the packers find it exceedingly difficult to secure a sufficient number of suitable cattle at this market for killing purposes during the time which elapses after the corn-fed stock is in and the time the grass-fed cattle begins to come. The securing of ship-ments from Nevada will remove this difficulty and place the South Omaha packers on an equal footing with those of Chicago and Kansas City.

MINNEAPOLIS, Minn., May 26,-[Special Fologram to THE BEE.]—Darby kept the few hits well scattered until the ninth inning. when the locals jumped on his curves and batted him right and left. It was a cold day and the Millers put in Cornett, a Minneapolis amateur, and barring his unsteadiness he pitched a good game. The batting and fielding of Katz was the feature.

Minneapolis scored her initial run in the second on hits by Carroll and Shinnick and a passed ball. In the third Parrott reached first on a fielder's choice, went to third on Dixon's hit, crossing the rubber on a wild

Dixon sacrificed and Carroll came to bat for the second time and was given his base. Little Graham cracked out a double and Carroll was put out at the plate,

Big Events at Brooklyn Marked by Severa Serious Accidents.

GRAVESEND RACE TRACK, L. I., May 26 The Great American stakes, worth \$17,000 to the winner, \$2,000 to the second horse, \$1,000 to the third, was run this afternoon before s large crowd. The track was fast and the weather fair. The feature of the race was the delay at the post, an hour and a quarter being wasted before Starter Rowe succeeded in getting them off well bunched. The crack Morris filly, Minnehaha, threw her jockey, Littlefield, at the post and stepping on his face, cut him quite seriously. Mike Bergen was substituted for Littlefield, but the filly was prominent on every false break and finished last, Garrison landing Sir Walter winner in clever style by a neck from Don Alonzo. The western colt, Allen Bane, made all the run-ning in the second race, but was caught on the post by Banquet in a dead heat. Both owners decided to divide the purse and bets were paid accordingly. Judge Morrow was withdrawn from the Brooklyn cup, leaving Longford, who had not been out of the stable for a month, to run for second money. It was simply an excercise gallop for Longstreet. The executive committee suspended Jockey Bender indefinitely for the question able riding of Leonawell, a contestant in the second race.

The third, fourth and fifth races were won by favorites, but in the last race the greatest part of the money was about evenly divided between Orrville, Hardee and One Dime.
