WORLD'S CHAMPIONS AT DES MOINES

Allerton and Delmarch Will Start for Ten Thousand Purse-Williams' Great Meeting at Independence-To Be Seen at Knoxville and Mason City.

DES MOINES, Is., May 30.-[Special to THE BRE.]-Within the past fow years lown has become one of the foremost horse-raising and horse-racing states in the union. Her blue grass pastures are acknowledged to be unrivaled even by the famous blue grass of Kentucky, and for speed lows horses have all but eclipsed the world. For many years the race track was a conspicuous feature of every county fair in the state, but the purses were too small to attract any but very or dinary speed, and it was not until C. W. Williams struck a lucky streak in the purchase of Axtell and his subsequent establishment of Rusb Park at Independence, that Iowa people had any pretensions in the horseracing world. Now Rush Park is the fore-most track in the state and is acknowledged to be one of the fastest in the world. Will-iams has forged ahead in a remarkable mannor, and with Allerton and quite a string of other good horses is cutting quito an er-viable splurge. Hundreds of borses are now trained at Rush Park every year, and some remarkable records have been made on the famous kite track. This rainy spring has demonstrated the necessity of a covered track for training purposes, and it is said Winiams will supply the wantnext year. A great program has been arranged for Rush Park at the August meeting and over \$100,000 will be distributed in purpose. The ner, and with Allerton and quite a string of

\$100,000 will be distributed in purses. The between Axtell and Allerton for a purse of \$10,0%0, and negotiations are pending for other meetings of Allerton and Axtell on other tracks. After the Independence meeting Allerton will come to Des Moines and meet Delmarch for a \$10,000 purse, and and meet Deimarch for a \$10,000 purse, and these two will also meet at St. Joseph, Mo. In his training at Rush Park this spring, despite the soft weather. Allerton has trutted eighths in 15% seconds, a 2:06 gait, without apparent effort. Besides Allerton Rush Park has about twenty other horses in trutted eighthe the soft weather being Canase Bidd

training, among them being Cauary Bird, B-year-old, record 2:1914. She is very fast this spring and is expected to be a good one in the 4-year-old class this year. If all goes well she will be started with Allerton later in the season to beat the double-team record. A 2-year-old pacer by Director bids fair to be another Direct, as she has already shown a 2:20 clip. A 2-year-old trotter by Axtell and one by Red Wilkes also promise to be fast

The yearlings by Allerton are Mr. Williams' especial pride, and he has about a dozen of them in training. They are very promising, several of them having gone eighths in from twenty to twenty five seconds. Their actions would indicate that

Allerton will prove to be a great sire. In addition to Mr. Williams' horses there are several other strings of trotters at the track. Charles Thompson of Keno F. fame, has a very strong string of green horses, several of which can show a 3:20 gait or better. They are liberally engaged in valuable stakes at all the big meetings. John Hussey, formerly C. W. Williams' right-hand man, has a string of fast youngsters, about fifteen in all. J. W. Mercer who drove Incas to a in all. J. W. Mercor who drove Incas to a mark of 2:1434 last season, bas, besides this horse, several others in training. J. F. Martindale, well known to the theatrical world as Frank Howard, author of 'Only a Pansy Blossom," etc., is engaged in the breeding business here, and has a number in training. One of them-a pacer-goes under the name of Female Pirate, but she can pace close to a two-minute clip.

close to a two-minute cup. Great preparations are being made for the two weeks meeting in August. A new \$15,000 grand stand with a seating capacity of 10,000 will be erected at the driving park, an electric street railway is now being built to the grounds, and a \$40,000 hotel is in pro-cess of construction. Mr. Williams is back of all these enterprises. The present season promises to be more successful than any of the past in the history of Rush Park. Next to Rush Park in point of age and im-

Roonways at Latonia.

CINCINNATI, O., May 31 .- After the tremendous crowd of yesterday there was only small attendance at the Latonia park this afternoon. There were six races and only two of these were won by favorites. A heavy shower fell just before the last race, making the track a triffe slow. In the first race Daring, the favorite at 21% to 1, ran race Daring the favorite at 2½ to 1, ran away, going nearly two miles before he could be stopped. When the start was finally made be was all but left at the post. In the last race Dyana and Sir Robert ran away, but neither went over half a mile. The horses Ida Pickwick and Balgowan were sent to St. Louis this afternoon.

Close Finish at St. Louis.

Sr. Louis, Mo., May 31,-The racing at the fair grounds this afternoon furnished several hair splitting linishes. In the first event John Francis won by a nose. The fourth furnished the second exciting finish of the day. Annie Race, C. B. Willingham and Burt Jordan made a brushing wind-up from the last furlong pole and finished necks apart. In the concluding event Content and Newcastle locked horns about 100 yards from home and made a dead heat, the run-off being won by Newcastle. The weather was threatening and the attendance fair. The track was beavy and mud iarks were in clover. The talent's judgment went wrong in four races. Adrienne and Pennyroyal were the only favorites to land their backer money.

Longwinded Watking Match with a Little Fighting on the Side-Adjourned Until

This Eicening - How Slavin Lock Gat the End. .

SAN FRANCISCO, Cal., May 31.-Billy Murphy of New Zealand and Johnuy Murphy of Boston fought to a finish at the Pacific Athletic club tonight for a \$1,350 purse. Johnny Murphy, who is the boxing "instructor of Harvard college, was something of an unknown quantity here, it being his first battle on the coast, and the betting favored his namesake at odds of 29 to 12. Billy's victories over Johnny Griffia and Ike Weir and the memorable draw with Frank Murphy of England, in which the Australian broke an arm, being still fresh in the minds of the sports. Moreover, Johnny Murphy was believed to be handl-

capped in everything but weight and pluck. The men have been carefully trained close to the 116 pound limit. Several pre liminaries preceded the contest. Alec Graggains and Dan Fitzpatrick seconded the Bos tonian, Martin Murphy and Sol Smith seconded Bill Murphy. Mike Sullivan was the referee. Time was called at 9:25.

Billy scored the first blood with the long left in the wind, which he repeated a few seconds later, Johnny essaying to counter. The Australian looked life a full grown man beside Johnny. He secured a left in the wind and caught a left in the chin, but a long swing landed on Johnny's chin and he staggered, slipping to the floor. The second clip near the end of the round sent Johnny

spinning. Billy's long left now looked as an unsurmountable obstacle for the Bostonian Second Round-John landed a good left on the New Zealander's mouth and some clever dodging followed. The Bostonian swung hu

couging followed. The Hostonian syving his right a couple of times, but was too abort. He countered on the head hard and Billy reached him, and the spectators cheered. John dodged lefts, but received a smash in the mouth as the round closed. Third Round-Billy's left found the ribs; John ducked right swings and scored a left

hook, Billy giving away several chances in aiming for the ribs, and the light Bostonian took advantage of them. The cheering was great at every stage of the fight. The fourth, fifth, sixth, seventh, eighth

and ninth rounds were only a repetition of he preceding ones. In the tenth round 'Billy scored two hard smashes which looked for a time like a fin

isher. Nothing was accomplished in the eleventh and twelfth rounds. In the thirteenth the Bostonian staggered

his opponent with a right cross and smashed him with both hands until it looked as if Billy out, Johnny failed of an upper at a critical moment and Billy was cut came back hard with his right. The New Zealander was in bad shape, however, and had the Bostonian more length of arm he

would undoubtedly have finished the fight in the round. In the fourteenth, round Billy landed on the Bostonian's cheek with a right-hander drawing blood; some light sparring and a

rally near the ropes followed. The fighting commenced again in the sev-enteenth, when Billy pinned the Bostonian in a corner, hampering him with both hands until the short enders feared for their man. After that the walk around act was the

He stayed down nine long seconds and the Bostonian's friends claimed Billy should have been counted out. Billy rose and made several wild rushes, but Johnny, as cool as ever, stabbed him with left and right, sending him helpless to the ropes.

counted for the betting being in favor of Siavin before the fight. Jacason invariably nailed his opponent as the latter came, thus securing a blow of double impact. The frequent visitations on his nose and mouth nearly choked Slavin, the blood trickling down bis throat troubling him greatly. The sports in attendance upon the fight, while applauding Jackson's magnanimity in we the approximately accesses is magnatimity in not finishing of his opponent earlier in the contest, think he would have been more hu-mane had he done so. Jackson is not a sav-age fighter, and when in the tenth round, though blind and dazed. Slavie pluckily de-clined to lie down and admit his defeat but held up his gory head to receive blow after blow. Jackson, in a belploss, dogged manner, stopped and looked around the ring as much as to say, "Have not I done enough !

He Witted at Last.

His adherents warned him to continue his plows, and again they were rained upon the simost defenseless man before him. Slavin swayed feebly, stood up ngain, but finally in response to a terrific blow sank in a heap on the floor. In the opening round Slavin fool-ishly played for his opponent's head, while Jackson's deadly play was at Slavin's stomach. In the face of the punishment administered Slavin's staying power was won-derful. Although he received the most pun-ishment he made the greater number of leads and made such game stands that Jackson's admirers sometimes feared for the result. There was a strong American conlingent present and also a liberal sprinkling of actors who paid their twenty-five sovereigns to see what proved to be a marvelous exhibition of skill and endurance.

portance, probably, is the Iowa Driving Park association's place at Knoxville, where a fine mile-track of the oval shape is located and where some good racing was had last year. The entries for this year are all closed and among them appear some of the best known horses from all over the country. The purses are liceral and a successful meeting is looked forward to in August, the weather permit-

ting. The next track in point of importance and age in Iowa is the mile kite-shape at Mason City, where some good speed was shown at the meeting last year. Your correspondent has not seen any announcement for a meet-ing this year, but there will probably be a

good one. The horsemen of this city have been slow about getting around, but have at last got to work and organized the Des Moines Driving Park association. A strong effort was made last year to have the state agricul society construct a mile-track on the state fair grounds, but it failed. The Des Moines society has now provided for the long felt want by the construction of a mile track of the kite shape within the city limits and not over a mile from the business center. A programme for a summer meeting, August 5 to 20, has been arranged, at which \$60,000 will be distributed among a couple hundred entries. The chief feature will be the contest between Allerton and Delmarch noted above. The track is on low land and has been submerged during the late high water, so that training has not yet com-monced, but will soon. The chief mover in the organization here is F. M. Huobell, who has ample capital and will not is the associ-ation become hampered in its incipiency for want of funds. Among the horses expected here is the great California yearing. From East (9.851/) who will second the california the second to be a state of the second test the mediate here is the great Cautorate Scattage, 1 rot From (2:25%), who will go against the world's record as a 2-year-old. J. D. McKercher of Denver will be here with a string of twenty horses, and C. A. Thompson of Independence has engaged bararoom for his large string. Then there will be a nacing race for \$5,000 has engaged bararoom for his large string. Then there will be a macing race for \$5,000 between Roy Wilkes, Guy and Manager. Roy Wilkes has a mark of 2:08%, Guy 2:09% and Manager holds the world's record for 2 and 3-year-old pacers. H. L. and F. D. Stout of Highland stock farm, Dubuque, Ia., (the home of Nutwood) have several very fast ones entered. fast ones ontereo.

The speed ring program for the state fair, the first week in September, provides for \$10,000 in purses. All the races will be mile heats over the half-mile track. It is not likely the association will put in a mile track n, now that the want has been supplied at

this point. The new Davenport association is the latest to some to the front with a big prize for a stellar attraction for the first meeting on their new track, which will be held tho first week in Soptomber, and Williams has signified bis acceptance for Allerton on the conditions specified for the other events.

Black Hills League Teams Ready to Start

the Race Today.

LEAD CITT, S. D., May 31 .- [Special to THE BEE.]-The Black Hills league will begin the season tomorrow with four clubs in the race, Lead City, Deadwood, Hot Springs and Chadron. Rapid City and Fort Meade-Sturgis may come in, making the circuit complete, but, if not, the four clubs named are organized on a basis, and with sufficient backing, to play the four month's schedule out. The championship of last year was won by Lead City, with such players as Brott, Purcell, Hart, Thompson, Barnes brothers, McElroy, McLaughlin and Keys, Jack G arrigan also played with the team the latter part of the season and did good work at second. This year the team will be under the management of Bud Barnes, who has

about signed, the team wanted, with a few exceptions, and those places will be filled by local talent until the men desired can be se-cured. Deadwood has given full con-trol to Billy Traffley, who is gathering a fight was over. When Slavin had officially been declared "out" and Jackson had been announced as the victor, the negro walked away without any assistance from his seconds and was ap-parently able to continue the struggle much longer. He appeared to be not greatly the strong team. Hot Springs and Chagron an actively at practice in the field and the latter bids fair to make trouble. Williams and Bettinger will be their main battery. A couple of good in and out fielders can secure positions with the Lead City team by applyworse for the encounter. It is not too much to say that no other match ever excited an equal amount of interest, although there was little actual money wagered until the night of the contest.

Hiswatha park at Lead City, the floot equipped bail park in the state, has been placed in excellent condition and overything bids fair for an excellent season's sport.
