Officers Compelled to Fire Several Shots at the Desperate Man Before He Would Surrender-He Pleaded Not Guilty.

LINCOLN, Neb., May 31.-[Special Telegram to THE BEE.]-Green Gaffney, alias Graveley, was arraigned before Judge Waters at 4 o'clock this afternoon for the murder of Charlie Thomas in this city last Saturday night. Ben Cashian, another colored man, was arraigned with him on the charge of being an accessory after the fact. Cashian's connection with the case is accounted for by the fact that he harbored Gaffney while the latter was eluding the vigilance of the officers.

It became known to the police yesterday that Gaffney and Cashian had both been members of the same troop in the Ninth cavalry and were close friends. It was at once suspected that Cashian might be keeping Guffney in biding. Officers Carnahan and McWilliams went to the barn where Cashian was employed as a hostler. Cashian denied all knowledge of Gaffney's whereabouts, but when the loft was reached Gaff ney was found secreted in the hay. He was ordered to come out, but only did so after four or five shots had been fired, one of which grazed his shoulder

Both Pleaded Not Guilty.

Both Gaffney and Cashian pleaded not guilty. A motion to dismiss the case against Cashian was overruled, but his preliminary hearing was deferred until Thursday. Ten or fifteen witnesses were examined, their testimony agreeing in all important particu-

The sum and substance of the testimony was that Gaffney was soated in the billiard room when Thomas entered and at once ac-cused him of pulling a gun en Clara Thomas. Gaffney denied it and hot words passed. Gaffney arose to his feet and drew a re-volver. Ben Corneal, another colored man, stannad perturbant the parties and horse mash stepped between the parties and began push-ing Gaffney backward toward the door. Thomas followed haif way across the room, then stopped and leaned against a billiard table. While standing in the door Gaffney fired the fatal shot and sprang down the states into the downase. At the conclusion of the testimony the at

torney for Gaffney asserted that his client bad clearly acted in self defense and asked his dismissal. Judge Waters held the prisoner to the next term of court without bail

OPPOSED TO EDUCATION.

Jenoa Indian School Pupils Yearn for Rest From Brain Exercise.

Eighteen of the copper colored pupils of Genoa Indian school became suddenly home sick Saturday evening and packing their traps started for Arizona op foot.

They took with them all their belongings and the next morning Station Agent Sam Russum of Fullerton ran across the entire outfit, bucks, squaws, pappooses and all. They had covered the intervening fifteen miles between that place and Genoa during the night. Russum could not understand what was up when he encountered a part of the lot, until he inquired of the tourists who told him where they were going and that there was a lot more over on the fair grounds. Investigation revealed the others of the eighteen and the whole batch was locked up in the baggage room of the depot, where they were kept until Assistant Superintendent Perrigo went down to take them back to the school.

Routine Business Done.

The cruel war is over, and the city council and the Board of Public Works will endeavor to dwell together in harmony henceforth. Each body receded a step or two from posttions previously taken, and once more life assumed a rosoate hue. The board sent its ultimatum to the coun-

cil last evening and the latter body wheeled into line with a graciousness and promptitude only equalled by the readiness and reckless abandon with which it wheeled out

a few days ago. A communication from the board stated that the board had passed a resolution rescieding the action hitberto taken regarding paying specifications insofar as they related to the ten-year guaranty on stone, which was changed to one year, and providing for two sets of bids on other material with a five and ten-year guaranty respectively, and allowing property owners to choose.

The communication was placed on file Bechel introduced a resolution instructing the Board of Public Works to at once re advertise for bids for the paving to be done advertise for bids for the paving to be done this year, and to award the contracts for same to the lowest bidders, allowing pro-perty owners thirty days in all cases for selection of material, and in case of asphalt to express preference for pitch-lake, land, overflow or California asphalt. It was adopted and the board will readvertise. Superintendent Mathiesen of the city hall submitted the appointment of John Saun-ders, Peter Johnson and K. J. Stevens as janitors for that building. The appoint-ments were confirmed.

ments were confirmed. Vetoes Not Sustained.

The mayor vetoed the resolutions ordering more gas and gasoline lamps on the ground that the general fund would not justify so great an expenditure at this time. He further stated that so great an outlay had been rendered necessary by the heavy rains that an overlap would be created unless great care was exercised. The veto was over-ridden, Edwards alone voting no.

The mayor also vetoed for the same reason the ordinance ordering arc lights placed around Hanscom park. The council again disagreed with the mayor, and the lights will be furnished. A handsomely engrossed and framed copy

of the resolution adopted by the Methodist conference, acknowledging their appreciation of the treatment accorded them while in the city, was received and ordered hung in the mayor's office. The mayor approved several paving or-dinances and recommended that hereafter the clerk furnish the chairmen of appraise

ment committees with cartified copies of all petitions and walvers of damages touching their work in order to assist them in such matters.

Lowry insisted that this meant the employment of another clerk in the clerk's office The communication was referred.

Last fall, previous to Mr. Hellman's death, he bought \$40,000 worth of spring and summer goods, of which \$15,000 worth was delivered prior to his death. The balance, \$25,000 worth, the estate refused to accept on the ground that they were closing out the business. But the manufacturers went to law and the consequences are that we find ourselves saddled with \$25,000 worth of new spring and summer goods that we had not calculated upon. There's no use to cry over spilled milk, however, so the best we can do is to get them off our hands, and as you know this is not a money-making sale, you will have the most astounding bargains placed before you ever heard tell of. The estate must be wound up, and the prices we will quote you will astonish and please you. The goods are brand new and the styles the latest in the market.
